Their Twenty-Fourth Anniversary. The Heward Relief Fire Engine Company celebrated their twenty-fourth anniversary to day by a parade and engine practice In seven minutes and forty seconds after the engine left its house a stream was thrown. E even bundred feet of hose was lain before the engine commenced to pump. It is the opinion of those who know best that the engine was working fully two minutes before the water was forced through the nozzle. It must be remembered that in the time mentioned above (7 minutes 40 seconds) the engine had to be brought from its house, near the corper of Fourth and Dock streets, and placed on the fire wharf at the foot of Market street. We understand from competent authority that the "Adrian boys" made the quickest time to-day on record, in this fire department The Hall was beautifully decorated with evergreens and the Italian harpers

ing at Germania Hall. Mr. W. F. Lessman, in a well timed and very appropriate address called the members to order, and Mr. R. Litgen, the foreman of the company, took come remarks of Foreman Litgen, the members and invited guests assembled around the festive board and partook heartily of the repast prepared for them At this juncture Mr. John Haar, Jr. President of the Company, and Mr. A. Adrian appeared. Three cheers were proposed, and heartily given them, and the harpers struck up "Hail to the Chief."

were on hand to deal out music while

the feast of reason and flow of soul was

indulged in. The festivities of the day

will be concluded by a ball this even-

Mr. Haar was then called upon to take the Chair and did so amid a tumult of applause. President Haar made a few but well timed remarks and stirred the "Adrian boys' to activity on the occasion

The following gentlemen were called upon and responded happily to the call: Mesers. Jno. Haar, Jr., A. Adrian, T. H. Smith, Walter Furlong, M. S. Veney, and D. Litgen. A representative of the REVIEW was called upon and responded as all newspaper men do-with an excuse. Foreman Litgen and Mr. W. F Lessman, made speeches which were worthy of note. During their addresses they complained bitterly of the insuffi ciency of the fire alarm. They promise that if the city will only give the fire department a fire alarm that can be heard throughout the city, that at no time will their engine be second at a fire. They also state that their company is sadly in need of a horse, one of the pair they have, having been worn out in the service of the company, and that if they are supplied with these necessities they will al ways beable to do their duty and take a stand second to ne fire company in the city. It is to be hoped that their needs will be supplied, and the REVIEW stands ready to advocate their wants, as it has done in other organizations of the fire de partment. Since the organization of the company forty-one of its members have gone to their long homes, but the present members stand ready to sustain their credit and to maintain their honor. The festivities of the day were wound up by

singing the "Old North State," Our consumptive and youthful friend Mr. Walter Furlong, enlivened the oc casion by the rendition of an 'Irish-German Highland Fling," which brought down the applause of the assembly and niversary will be concluded with a dance to night, for particulars of which see another column. Long live the "Adrain boys," and good luck to the twenty-fifth anniversary.

Lawlessness.

The intolerable nuisance of throwing rocks at houses, tearing off palings and unhinging gates, perpetrated by a lot of cowardly young ruffains at night, has at last called for action upon the part of the city authorities, and to-day His Honor the Mayor, offers a reward of \$25 in this issue, for the conviction of any one guilty of such offenses.
