BROWN & RODDICK,
5 & 10 Cent Store.
(N. E. CORNER OF MARKET AND SECOND STREETS.)

WE TAKE THIS OPPORTUNITY of thanking the general public for their very liberal patronage in the above branch of our business and desire to state that at no time since our first opening have we ever carried such an assortment as at present. Having anticipated the recent great advance in such goods, we are now fully prepared to offer the

Largest and Cheapest assortment ever shown in this section at any time. We can with truthfulness assert that our stock is more than double the size of any other of this kind south of Baltimore. It is a very easy matter to call in and verify the above statement.
We would also add that we have of late added several new departments to the above, which we retail at higher prices, consisting of many useful articles in Housekeeping, &c., such as we have a demand for, and in future it will be our endeavor to keep adding any and everything we can buy useful and below value. Our intention is to make this THE Store of the South for

Bargains of all Kinds.
The following is a very imperfect list but our space will admit of no more.

The young man who is not called for in leap year may consider himself as a dead letter.

Spring divorce suits are cut lower in the neck than usual, with a sandal en traine.

Clara calls her husband, when he takes her in his arms to kiss her, a self sealing envelope.

The best time to gather apples is in the dark of the moon—when the farmer is in his little bed.

If you do not want to be robbed of your good name don't have it printed in your umbrella.

Smythekin's idea of window gardening is to sit in a window and watch other people do the gardening outside.

Some influential papers announce that they are entered at the postoffice as second class matter, and they do not lie.

Almost any family can make enough in a year by selling rags and old paper to pay for all the reading matter.

Starch is said to be explosive. It causes explosions in the family when the old man finds it left out of his collars.

The average public man cares nothing for the lies that may be told about him. It is the truth that cuts him to the quick.

A gentleman refusing an offer of marriage during leap year is expected to present the young lady who proposes with a new dress.

Much charity that begins at home is too feeble to get out of doors, and much that begins out of doors never gets into the home circle.

Don't forget the the Dime Party which is to be given at the residence of Mrs. J. A. Willard, this evening, for the benefit of St. John's Church.

The Spaniards have a proverb that a paper of cigarettes, a glass of fresh water and the kiss of a pretty girl will sustain a man for a day without eating.

That's the first hop of the season, remarked a dancing master as his young hopeful sat down on a tack. Then the music started and the brawl began.

True success results from true merit. Hall's Vegetable Sicilian Hair Renewer is placed before the public, resting solely on its own merits. Its success is already indisputable.

When a compounder secures a patent for a new brand of gin and bitters he announces that 'all respectable druggists keep it.' It follows, then, that the druggists who do not keep it are not respectable.

Notwithstanding the advance in Clothing and Gents' Furnishing Goods, SHARPER BROS. are selling beautiful suits from \$10 to \$12. The well known Diamond Shirt at \$1 a piece. It will pay all who have an idea of buying a suit to call and examine the immense Spring stock they are now receiving.

Badly Mashed.

Edward Stanly, colored, who was employed at the steam saw mill of Mr. A. Y. Wilson, had his leg badly crushed on yesterday by a large log which rolled on it from the inclined slides on which it was conveyed to the saw carriage. Upon examination it was found necessary to amputate the crushed leg. The unfortunate man is now doing as well as could be expected.

Sudden Death.

A middle aged colored woman whose name we could not ascertain, died very suddenly in an alley, running from Front to Second, between Wooster and Dawson streets, on yesterday morning. She, a few moments before her death, was standing near her house listening to the itinerant musicians who have been in this city for several days past and shortly after returning to her home she fell in the struggle of death and breathed her last in a very few moments. Coroner Hewlett was notified this morning and will investigate the matter this afternoon.

Don't.

Don't speak angrily to a child. Don't kick a dog when he is asleep. Don't go back on the friends of your parents. Don't often visit your neighbors at meal time. Don't neglect a cough thinking it will cure itself. (Thousands die of consumption by so doing.) Don't forget Dr Pierce's Golden Medical Discovery, for it cures a cough or cold in one-half the time required by any other medicine, and is the only medicine known that positively cures consumption in its early stages. Sold by druggists.

Prof Tice's Weather Forecasts for March.

First to 11th, very variable, generally a low barometer, and threatening, cloudy weather will prevail, with heavy rain and snow storms. If the temperature is high about the 6th, severe cyclones will occur in places about the 8th or 9th; 11th or 12th, clear or fair; 13th to 16th, cloudy and threatening weather, with rain or snow storms; 16th to 18th, clear or fair; 18th to 22d, clouding, threatening weather, with local storms; 22d to 30th, clear or fair; 30th to 31st, clouding, threatening weather, with storms in the lake region and Gulf States. The warmer days will be about the 3d, 8th, 14th, 20th, 25th and 31st. The comparatively colder days will be about the 6th, 10th, 17th, 22d and 28th.

Philomathean Literary Society.

On Tuesday evening next, March 9th, Messrs G.H. Smith and M. S. Willard are to debate the question as to "Which was the greater man, considered as a reformer, Peter the Great, of Russia, or Henry the Eighth, of England. The contest is to be for the Debater's Medal of the Philomathean Literary Society, and will take place at the Hall over Munda's drug store, on Third street. Rev. Dr. Joseph R. Wilson, Dr. Thomas F. Wood and Mr. James Sprunt have consented to act as judges. The public are cordially invited to attend.

Dr. Bull's Cough Syrup is fast taking the place of all the old fashioned Cough remedies. It never fails to relieve the most violent Cough, and for Throat Diseases it is invaluable. Price 25 cents.

Run Into.

As the schooner A. & E Hooper was tacking down the stream this noon, she ran into the stern of the steamer North State and damaged the steamer's after railing and cabin. The damage claimed by the steamer is \$50, which Messrs Harris & Howell, the agents here, have agreed to be responsible for, the vessel having cleared for Brunswick, Georgia, which voyage, she had just started on when the accident above related occurred. The little steam tug Nycos, with Captain Green of the steamer North State on board, overhauled the schooner down the river, when the vessel dropped anchor and the pilot, who was at the wheel when the accident occurred, 'stepped' ashore and had not returned on board when we last heard from the vessel.

From a Prominent Drug House.

H. H. WARNER & Co., ROCHESTER, N. Y.—DEAR SIR—It is now only three months since we received your first shipment of Safe Remedies. We have sold drugs in this place for twenty years, and have never sold a proprietary medicine that gives such universal satisfaction as yours, especially your Safe Kidney and Liver Cure, and Safe Diabetes Cure. We could mention many who have received great benefit in cases of Kidney difficulties, Asthma, Rheumatism, Diabetes, Bright's Disease, etc. Respectfully yours,
SISSON & FOX,
Alexandria Bay, N. Y.

The New Market House.

According to previous advertised notice the choice stalls in the New Market House were put up at auction by Messrs. Croly & Morris in the new market building today at 12 o'clock. Quite a respectable crowd of people were in attendance, some of whom were drawn there out of curiosity, while others who were there meant business. The highest price realized was \$21 per month and the lowest figure for any stall was \$15. Twenty six stalls in all were rented, which leaves twenty-two yet to be disposed of by the market company. The terms stated before the renting commenced were as follows: note to be given for the rent of stalls until first day of October next. Payment of rent to begin from the day that the Wilmington Market Company shall notify the lessee of the stalls that they are ready for occupation; rent to be paid monthly in advance.

The three stores at the head of the market have been rented also; Messrs. Boatwright & McKoy have rented the first store in front to the North, Mr. R. J. Scarborough the middle store in front for an eating saloon and Mr. John H. Hardin the third and last store in front and towards the South, which he will occupy immediately, we are told, as a drug store. The room above these stores has been rented we learn by Mrs. Behen and will be occupied as a dining saloon.

The aggregate rent from the stores and saloons alone will reach \$900, the lowest rented for \$200 and the highest for \$250. We congratulate our friend, Mr. Lippitt, the President, we congratulate the Wilmington Market Company and we congratulate the citizens of Wilmington generally upon the success of the enterprise, and that they have at last got a decent and respectable looking market building, which is an ornament to the city, in place of the old, ugly dilapidated looking thing at the foot of Market street which has so long been a disgrace to our city.
We hope to see the remaining stalls in the New Market rented out at good prices just so soon as the building is completed enough to be occupied.

Canal Meeting.

There will be a meeting at the Produce Exchange in this city, at 3 1/2 o'clock tomorrow (Friday) afternoon to receive the report of the Committee appointed for New Hanover county to collect subscriptions to the stock of the proposed Duplin Canal, and to take such action as may be necessary to a representation at the canal meeting which is to be held at Magnolia on Wednesday, the 10th inst. for the purpose of effecting a permanent organization Messrs. B. G. Worth, Geo. W. Williams and William Calder are the gentlemen composing the above committee, and we learn from them that the first installment of 10 per cent. of the stock has already been paid in.

Magistrates Row failed us again to-day—"nothing doing" is the answer we get to our inquiry for news.

A man will wipe on a towel as filthy as rot at his office, and smash the furniture at home if he has to use one which is the least bit soiled. This is one of the inconsistencies of the race.

Schooner Georgie McFurland, Capt. Strong, from Wiscasset, Me, arrived here last evening with ice from Mr. J. E. Lippitt. She has been out a long time and Mr. Lippitt was forced, last week, to order a supply by rail from Portsmouth, otherwise we would have been iceless here.

Rev. Doctor Wilson's lecture will take place on Monday evening next, the 8th inst., at 8 o'clock, and not on the 10th inst., as was incorrectly stated by us yesterday. The mistake was made in the Review office, and we therefore take the first opportunity to make this candid avowal.

No Court.

There was no City Court to day, but two parties from the neighborhood of Paddy's Hollow were up charged with failure to pay their license tax. After an informal interview with the Mayor they were released upon condition that they plank down the necessary amount of 'spondulicks' for which they were in arrears.

Lower than Ever.

LARGE STOCK OF OAK, ASH, &c. &c. greatly reduced prices. Full stock of the best COAL in the city very low indeed.
