BROWN & RODDICK,
5 & 10 Cent Store.
(N. E. CORNER OF MARKET AND SECOND STREETS.)

WE TAKE THIS OPPORTUNITY of thanking the general public for their very liberal patronage in the above branch of our business and desire to state that at no time since our first opening have we ever carried such an assortment as at present. Having anticipated the recent great advance in such goods, we are now fully prepared to offer the

Largest and Cheapest assortment ever shown in this section at any time. We can with truthfulness assert that our stock is more than double the size of any other of this kind south of Baltimore. It is a very easy matter to call in and verify the above statement.
We would also add that we have of late added several new departments to the above, which we retail at higher prices, consisting of many useful articles in Housekeeping, &c., such as we have a demand for, and in future it will be our endeavor to keep adding new and everything we can buy useful at a low value. Our intention is to make this THE Store of the South for

Bargains of all Kinds.
The following is a very imperfect list but our space will admit of no more.

The electric corset is the latest. Nothing is said as to whether or not it is a 'spring' style, and perhaps it is no man's business.

It must be good, for everybody recommends it, and the doctors prescribe it. We mean Dr. Bull's Cough Syrup. Price 25 cents.
No man wants to fill a drunkard's grave. And it may be safe to add that he don't want to fill any other grave if he can help it.

There will be a Penny Reading at the Rectory of St. Paul's Episcopal Church this evening. The proceeds will be devoted to the debt of the church.
Lots of young men will present a girl with a \$5 bouquet when her shoes are all run over and she is in sad need of a new pair. The young have no judgment.

Plows, Shovels, Pitchforks, Spades, Rakes, Trace Chains, Plow Lines, &c. For the low prices, go to **JACOBI'S**.
The advantage of 'Fifteen' over base ball is that it doesn't blister your hands, and there is no need of arnica nor court plaster, if you keep out of debate.

Prof. A. B. Chase, so well known in this city, is now engaged with the music house of Ludden & Bates, Savannah, Ga. We notice that he is to render 'Esther' there next week.
The *Charlotte Observer* says: Capt. June Gardner, of the Carolina-Central Railroad, is probably the oldest conductor in the State. He says he has been running on different roads in the State for thirty-five years.

Wealth is most envied but least enjoyed health is frequently enjoyed, but least envied—yet the poorest man would not part with his health for money, but the richest would gladly part with his money for health.
The people have been so much imposed upon by worthless Blood Purifiers, that we are glad to be able to recommend a preparation which can be depended on as containing invaluable medicinal virtues, and is worthy of the public confidence. **AYER'S SARSAPARILLA** cures when anything can cure, the diseases that require an alterative medicine.

Running to a fire is one of the undeniable privileges of an American. Run he will. And it doesn't make any difference whether he is lame in both legs, and wears a porous plaster and a chest protector, he's bound to get to the fire. We mention this simply to show that men have some advantage over women.

Personal.

Captain V. V. Richardson, representative to the General Assembly, from Columbus county, passed through this city last night, en route for Raleigh, to take part in the duties of the extra session. We had the pleasure of a brief conversation with him, and we are glad to know that he is in good health and, true in his devotion to the best interests of the State, is utterly opposed to the sale of the road under the terms of the "Best" proposition.

You can buy No. 1 Cooking and Heating Stoves at almost any price at **JACOBI'S Hardware Depot**.

CITY COURT.
Julia Miller, colored, was arraigned upon the charge of disorderly conduct in Paddy's Hollow, on Saturday night last. In consideration of this being the first of fence, judgment was suspended upon payment of costs.

David Mallett, a half witted colored youth, who is getting to be pretty troublesome to the police, was arraigned this morning upon the charge of being drunk and down on Saturday night. The Mayor said fifteen days this time in the C. P. and defendant went below. The Court then adjourned.

Everybody can get suited with a Pocket Knife, also Table Cutlery, at **JACOBI'S Hardware Depot**.

Prof. Vennor's Prophecies.
Vennor is prophesying again. In a letter to a newspaper he says: "April 1 sketch as entering cold and stormy, with snow up to the 4th or 5th day, after which cold rains may continue to about the 10th, the 3d and 4th days being probably the most wintry. Next, I foresee a cold storm ending in a heavy snowfall on the 15th, 16th, and 17th days of March, the 16th and 17th to be the days of snowfall. This storm period will in all probability reach both Boston and New York; but should cold rains replace snow in these last-named cities I shall not be surprised. The stormiest part of March is almost certain to occur after the 15th of the month, and my American friends must excuse me if I again include a moderate and reasonable portion of their territories in this last prediction."

The Census Takers.
We learn that Mr. Thos. O. Bunting, Mr. Nicholas Morris and Mr. Daniel C. Davis have been recommended to Mr. J. D. Stanford, Supervisor of the Census for this district, as competent persons for the position of enumerators in this city, and that Mr. Stanford has looked favorably upon the recommendations and will in all probability make the appointments as recommended. This will leave five or six more enumerators to be appointed for this city, computing the population according to the Meares census at 17,000 inhabitants. The census law, it will be remembered, requires one Supervisor for each congressional district and one enumerator to every 2,000 inhabitants.

One Solution of the Puzzle.
A correspondent of the *Charlotte Observer* gives a good method of solving the 'Fifteen Puzzle,' which, while not answering the real requirements of the case, reaches a makeshift conclusion in fifteen moves. The correspondent assumes that the blocks are in the 'insoluble' position, that is, in regular order, save that the lower line reads 13, 15, 14.—He says: "Have the box stand toward you in this order, so that 13, 15, 14, will be nearest to you, now move 4 down, 1 to the right, 14 up, 8 to the left, 2 down, 5 to the right, 13 up, 11 to the left, 6 down, 9 to the right, 15 up, and you stand in consecutive order with the last line, 13, 14, 15, beginning with the 1 in the upper righthand corner."

Magistrate's Court.
Nancy Stocks, colored, swore out a peace warrant against Harriett Middleton, colored, and caused her to be arraigned before Justice Mills upon the charges set forth in the warrant. After due deliberation and a patient investigation of the case, Squire Mills put the defendant under a bond of \$25 to keep the peace for sixty days.

The same plaintiff in the foregoing case caused the same defendant to be a rested upon the additional charge of assault and battery. This question was adjudicated before the same Magistrate and the finding of the Court was that judgment would be suspended upon payment of the costs in the case by the defendant.

The *Charleston News and Courier* quotes strawberries at from 10 to 20 cents a quart in that city.
The work of paving the space between the old street car tracks, on North Front street, is about concluded.

There was an hour or two of sunshine yesterday afternoon and everybody fondly hoped that it would clear off, only to be disappointed.

Opera House To-Night.

Professor Macallister arrived in the city yesterday and is to-day getting things in readiness for his sleight-of-hand performance to-night. He comes to us well recommended and wherever he has shown the papers say he fills his obligations to the letter. Some of his tricks are described as wonderful and incomprehensible and most of them are new. His gifts are said to be good and substantial articles. He opens his engagement to-night and will no doubt be liberally patronized.

Keep Him Off.
A gentleman gives the following in relation to dogs: "If you enter a lot where there is a vicious dog, be very careful to remove your hat or cap as the animal approaches you; hold the same down by your side between yourself and the dog. When you have done this, you have secured perfect immunity from an attack. The dog will not attack you if this advice is followed. Such is my faith in this policy that I will pay all doctor's bills from dog bites and funeral expenses for deaths caused by hydrophobia."

Rev. Dr. Wilson's Lecture.
We learn that the Board of Directors of the Wilmington Library Association have written a letter of thanks to the Rev. Dr. Wilson for his able lecture on "Success," delivered for the benefit of the Association last week, and have also by a unanimous vote requested the reverend gentleman to repeat the lecture. But this we understand Dr. Wilson declined to do but kindly consented to prepare another lecture for the Association at some time in the near future.

Kicked to Death.
A sad and fatal accident occurred near Rocky Point to-day on the Walker plantation, situate about two miles from the village, and now being worked by Messrs. Westbrook & Bros. Henry Lewis, a white laborer in the employ of this firm, was the victim of the accident. About noon he went into the stable to feed the horses and while there was kicked in the side by one of the animals and died almost instantly. Deceased was about 35 years old and leaves a wife and three children.

Vessel sunk.
From Sergeant Watson, officer in charge of the Signal Station in this city, we learn that the schooner *William P. Cox*, Burgess, Master, bound from Washington, N. C., for New York, loaded with shingles, went ashore on the south side of Hatteras Inlet on Saturday, and sank this morning. The Captain and crew are safe. Arrangements are being made for assistance, and if it reaches the vessel in a short time she can be saved, otherwise she will prove a total loss. The *Cox* is owned in Washington, N. C.

Confined to his Bed.
We regret to learn that Major Jno. W. Dunham, the very efficient Clerk of the Criminal Court in this county, has been confined to his bed from sickness ever since the adjournment of the last term of the Criminal Court. We are happy to state, however, that Major Dunham is reported better to-day although not yet sufficiently recovered to sit up. We wish our friend a speedy convalescence and recovery, and trust that we may soon see him once more at his post in the Clerk's office.

Magistrate's Court.
Nancy Stocks, colored, swore out a peace warrant against Harriett Middleton, colored, and caused her to be arraigned before Justice Mills upon the charges set forth in the warrant. After due deliberation and a patient investigation of the case, Squire Mills put the defendant under a bond of \$25 to keep the peace for sixty days.

Business was never so brisk or profitable as now. Never were our patrons so numerous and so well satisfied. We built these Stores and started in the midst of the most tremendous panic ever known here. We have steadily increased the facilities offered by us, as a generous public have increased their patronage. To-day our cash receipts are larger than those of any similar establishment in North Carolina. We intend to go on until we have built up an establishment second to none in the South. It is not true that "Bridgers' success is due to Capital and Luck." There is no such thing as luck not the result of labor. All the money in the Banks next door to our princely establishment would be worthless if merely placed in our safe and on our counters. We owe a great deal to the printers. We pay them liberally and ask the circulation of the DAILY REVIEW has increased. We do not write the funny articles.
