Very ill.

We regret to learn of the extreme illness of Mr. Adolphe Bear, a brother of Mr. Sol Bear, at his brother's residence in this city. We trust Mr. Bear's illness is no as precarious as his family fear.

Two Items.
Our lady readers will find some very attractive news in the advertisement of Messrs. Brown & Roddick, which is renewed to day. There are two items there which will also attract the masculine eye, one of which is that two button kid gloves are selling at 25 cents a pair and the other, calicoes are offered at 6 cents a yard.

"Old Reliable."
There are many reputed remedies for that very prevalent disease, Chronic Nasal Catarrh, but none which have given general satisfaction and become acknowledged standard preparations, except Dr. Sage's Catarrh Remedy. It continues to enjoy an unprecedented popularity. This reputation has been earned through its permanent cures which it has wrought having proved itself a specific in the worst forms of the disease. In fact so reliable is it that its former proprietor offered through all the newspapers of the land a reward of \$500 for a case of Catarrh that it would not cure. Sold by druggists.

Another Counterfeit.

Another dangerous counterfeit has appeared. This time it is a \$20 counterfeit treasury note. It is of the series of 1875, letter C, and is printed on imitation fibre paper. The shading under the words United States is darker than in the genuine; otherwise it is very good, in fact difficult to detect even by persons in the habit of handling money.

Last Night at the Opera House.

Professor Macallister closed his engagement in this city to night. His illusions have given general satisfaction and the people of this community will ever remember his performances with a feeling of pleasure. The capital gifts last evening, \$15 and the china tea set, were drawn by gentlemen of this city. To-night the cash gift will be \$25 in addition to the usual number of useful articles.

City Court.

Thomas Brown and Hector Eagles, two colored men, were arraigned before the Mayor this morning, charged with an affray at the dance house of Isham Scott, colored, in Brooklyn last night. After listening to the evidence in the case the Mayor decided that there was not sufficient proof to convict the parties and dismissed the case at the cost of Isham Scott, the prosecutor and proprietor of the dance house where the alleged disturbance is said to have taken place.

Next Week.

To-morrow is Palm Sunday, the last Sunday in Lent. Its celebration is commemorative of Christ's entry into Jerusalem, when the multitude cut palm branches and spread them in His way. Holy Week follows and it will be observed strictly, every day, by the Roman Catholic, Episcopal and Lutheran churches, with services every day in each of the churches of those denominations. The Lenten season will close with next Saturday and on Sunday Easter Day will be celebrated as commemorative of the resurrection of Christ from the grave and His victory over Death.

You can buy No. 1 Cooking and Heating Stoves at almost any price at JACOBI'S Hardware Depot.

Map of Fire Risks.

Mr. Edwin S. Buchanan, of the Sanborn Map and Publishing Co., No. 117, Broadway, New York, is in the city, engaged in taking diagrams of buildings for the purpose of determining insurance risks and other matters of importance to insurance companies. From the diagrams taken by Mr. Buchanan accurate maps are made by which insurance agents may determine at a glance the amount and character of the risks upon any building within the city. By this means maps are being made of the fire risks in all the cities and principal towns in the country, which are of almost incalculable advantage to insurance companies and their agents.

Magistrate's Court.

Mary Mack, colored, swore out a peace warrant against Frank Mack, colored, and brought defendant before Justice Mills upon the charge of threatening her. A peace bond of \$25 for ninety days was the decision of the Justice.

The same plaintiff and the same defendant were then brought forward in another case. This time the charge was assault with a deadly weapon. The evidence in the case seemed conclusive and the defendant, Frank Mack, was bound over to the Criminal Court in the sum of \$50.

A third case was then made up against the same defendant upon the charge of carrying a concealed weapon in the shape of a pistol. Upon this charge the defendant was also bound over in a sum of \$50 for his appearance at the next term of the Criminal Court.

Mr. John D. Sprunt, formerly of this city, but now doing business in Brunswick Ga., left here to-day for New York, at which point he will take steamer for Europe next week.

Mr. Ludwig Vollers, of Flat C. as well as an old friend and subscriber, paid us a short but very pleasant visit this forenoon. He is en route for New York, where he will buy goods and, as possible that he may take a trip across the water for a visit to the Federalist, before his return to North Carolina.

The Crazy Oars.

In reference to the statement made by us a few days ago in regard to three lunatics having escaped or been turned loose from the Poor House, we are requested by Mr. West, the Assistant Superintendent, to state that Phillis Moore was discharged by the Board of Physicians several months ago and only a few days since has been returned to the institution; Sarah McKenzie, Mr. West, says, escaped, as we have stated, but was captured and was the next day returned to her quarters; the third lunatic, Crazy Nathan, escaped a month or two ago, and is now confined in jail by order of the Board of Commissioners as too dangerous to be allowed at large.

Confirmation Services.

Bishop Atkinson will visit St. Mark's church to-morrow morning at 11 o'clock, and will administer the Rite of Confirmation to a class of candidates. The seats will be free on the occasion and all are cordially invited to be present. At night, the Bishop will visit St. John's church and will confirm the candidates to be presented to him there. Services will commence at 8 o'clock and the seats in the church will be free to all.

On the evening of Friday next, Good Friday, Dr. J. Bernheim, Pastor of St. Paul's Evangelical Lutheran church, will preach and administer Confirmation. The services will commence at 8 o'clock. The seats will be free and all are cordially invited to attend.

The March Heavens.

Mercury is evening star for almost the whole month. He is in interior conjunction with the sun on the 28th, when, passing between us and the sun, he becomes morning star. Jupiter came in conjunction with the sun on the 15th, and sun and planet set at the same time. Uranus is evening star, and is now in his best position for observation. He comes to the meridian about midnight, and is high enough above the horizon to be seen plainly. Saturn is evening star, presenting nothing noteworthy in his record for the month. Venus is morning star, and is the only planet to be seen at dawn throughout the month. The occultation of Mars by the moon Wednesday night, was the astronomical event of the month.

An Honest Colored Man Finds a Roll of Money and Returns it to Its Owner.

Wesley Poe, colored, a laborer in the employ of the city as cart driver, discovered yesterday afternoon near the corner of Fourth and Orange streets, as he was driving along in his cart, something that looked like a roll of money. Halting his horse, Poe jumped off his cart and picked up the roll which proved to be a veritable roll of greenbacks, consisting of five \$5 notes and three \$1 bills. Near the roll of money was discovered a pocket book with the clasp unfastened. All of these the honest fellow carried straight to the City Hall and delivered over to Captain H. C. Brock, Chief of Police. Captain Brock examined the papers in the pocket book to find out the owner if possible and on doing so discovered a good many valuable receipts for money paid out and also one note of hand to the amount of \$300. These papers disclosed the fact that the book and money were the property of Captain R. P. Paddison. Capt. Brock then started out in search of Captain Paddison, and soon came up with him, but strange to say Captain P. had not up to that time discovered his loss, having had no occasion to use his pocket book. Captain Paddison's theory about the loss of his pocket book is that while riding on horseback yesterday afternoon the book gradually worked out of the pocket in his pants commonly known as the pistol pocket. Captain Paddison has not yet seen the worthy man who returned him his property, but declares his intention of rewarding the honest fellow in a becoming manner.

Fifteenth Anniversary.

The 15th anniversary of Wilmington Steam Fire Engine Co., No. 1, falls due on Monday next, 22d inst, and it will be celebrated by engine practice in the afternoon and a supper at night. Messrs E. G. Parmelee, W. C. VonGlahn, A. D. Brown and E. W. Manning are the Committee of Arrangements and to them we tender our acknowledgements for an invitation to "assist," not in wetting the streets in the afternoon but in wetting the whistles at night.

Change of Memorial Day.

The Ladies' Memorial Association held a meeting yesterday afternoon at which an important change was decided upon. Heretofore it has been the custom in this city, and in others, to pay the annual tribute to our dead heroes on the 10th of May, the anniversary of Stonewall Jackson's death, but our ladies have long felt the necessity for a change. This is rendered important for more reasons than one. The 10th of May is rather late in the season in this climate and flowers are by that time becoming remarkably scarce, even when the season is a late one, and then, again, the day is as a rule so warm that it is not only uncomfortable but dangerous to the health of those who march in the broiling sun from the city to the cemetery. For these reasons, the ladies of the Association though loth to make the change, have yet felt that it was absolutely necessary and at their meeting yesterday, the 26th day of April, the anniversary of Johnston's surrender, was fixed upon as Memorial Day. This is the day which has been celebrated for years past in Georgia.

The officers of the Association, desirous of ascertaining the views of others relative to the change, have been in correspondence with Memorial Associations in other cities. Numerous replies have been received and some agree to the change, while others do not.

Homicide in Onslow.

A few days since, in Onslow county, a white man, evidently laboring under mental aberration, called at the house of another white man and requested assistance to go and get his wife who, he claimed, was at the house of a neighbor near by. The occupant of the house declined to go to his assistance, upon which the insane man seized one of the children, who was in the room at the time, and threw it out of doors. Upon this the mother of the child and wife of the man who occupied the house screamed for help, when a colored man, employed upon the premises, came into the house with a pitchfork in his hand and attempted to drive the insane visitor out of doors, but the latter seized the weapon and wrenched it from the hands of the colored man. After getting possession of the pitchfork he attacked the occupant of the house, and inflicted quite a severe wound upon his face and nose. He then attacked the wife with the same weapon, but before he could strike a blow the husband drew a revolver and shot the insane man, killing him instantly. Our report of the affair is very meagre, and although we have made every effort, we have been unable to obtain the names of the parties, but as soon as we can gain the information we shall give all the particulars of the unfortunate transaction.
