## Adjourned Meeting of Citizens.

The meeting of citizens of Wilmington, to consider the sale of the W. N. C. R. R., which adjourned on Friday evening from the rooms of the Produce Exchange to meet in the City Court room at 4 o'clock on Monday afternoon, met in adjourned session yesterday afternoon, pursuant to adjournment, to receive the report of the committee appointed to draft resolutions.

The meeting was called to order by A. H. Van Bokkelen, Esq., Chairman. The Chairman then stated the object of the meeting to be to receive the report of the committee on resolutions.

Col. Wm L. DeRosset, Chairman of the Committee, handed a series of resolutions to the Secretary who read them aloud before the meeting.

The resolutions were then discussed and an amendment offered to resolution No. 5, which was adopted.

Mayor Fishplate was in favor of the sale of the railroad now, and on the proper terms, but he opposed the sale on the Best proposition.

The Chairman then invited general discussion upon the subject, stating that although there were few present he thought they represented the interests of Wilmington. Col. Wm L. Smith opposed the sale of the road; he thought it was a disgrace to Wilmington and a disgrace to North Carolina that the road should be sold. The Secretary of State had written a letter calling the attention of the people to the taxes which they were compelled to pay to sustain this road. He didn't suppose that such a matter had ever occurred to the citizens of Wilmington, and he looked upon the whole thing as a political movement. He thought that Wilmington ought to be able to build the road. He had known of enterprises started here where \$150,000 had been lost and parties immediately squared up and began anew. He thought we might find possibly more capitalists here.

Col. Roger Moore followed Col. Smith and endorsed Col. S.'s position. Col. Moore said he objected to the resolutions because he thought they contained a covert meaning to sell the road to Mr. Best. He was not opposed to the sale of the road now, as it seemed to be a foregone conclusion, but he objected to the sale except upon the very best terms, with all the proper safeguards and guarantees that could be thrown around it.

Mr. Don MacLae, in reply to Col. Moore, said that he was in favor of the sale, because he thought it best to dispose of all the roads and get them out of the hands of politicians. He was not in favor of any particular proposition unless it was for the best interests of the State.

The Chair then stated, as there seemed to be such an objection to the name of Best, as well as the Best proposition, that he proposed an amendment to the resolutions which said that the road should be sold to the best advantage and that the phraseology should be so changed as to read that the road be disposed of on the most advantageous terms.

Mr. Junius Davis and Mr. A. T. London participated in the discussion of the resolutions and Mr. DuBrutz Cutlar advocated them warmly, making a speech in support of them.

Mr. O. G. Parsley, Sr., having just arrived in the meeting, requested that the resolution be read again. Col. DeRosset then read the resolutions over and Mr. Parsley thought that there ought to be an insertion to provide against any discrimination against any railroad in the State, and inasmuch as the Carolina Central was nearly completed and this the natural outlet of that road, he hoped that clause would be inserted.

Col. DeRosset substantiated his position of Friday in favor of the sale of the road, which he thought he made quite clear at that meeting.

It was then moved and seconded that the resolutions be adopted. Mr. Parsley then asked that the last resolution, No. 5, be considered first as he thought he could vote in favor of that.

Resolution No. 5 being put before the meeting for adoption was unanimously adopted. The other resolutions were put as a whole and were adopted with but two dissenting votes.

Upon motion the meeting adjourned sine die.  
The following is the report with resolutions as adopted:  
WILMINGTON, N. C., March 20, 1880.  
A. H. Van Bokkelen, Esq., Chairman of Meeting of Citizens.  
SIR—The committee to whom was referred the question of the proposed sale of the Western North Carolina Railroad, beg leave to report the following preamble and resolutions, which were unanimously agreed upon by the Committee, and recommended their adoption.  
Very respectfully,  
Your obedient servant,  
Wm L. DeRosset, Chairman.

WHEREAS, It is of the first importance, to the State at large, that the Western North Carolina Railroad should be completed at the earliest practicable moment; and  
Whereas, It seems to be improbable, if not impossible, that this can be done under the plans heretofore adopted, or which could be devised, under State control;

It behooves us, under the circumstances, as good citizens, not to throw obstacles in the way of accomplishing the desired object in completing said road, which would result in good to the State at large, though such sale might possibly not result in special benefits to some particular section thereof;

1. Be it Resolved, That our immediate Representatives and Senator, as well as the friends of our section in the Legislature, be requested to use every effort to secure the best terms possible in the proposed sale.

2. That, in our opinion, a sale in the manner proposed will be on much better terms than can possibly be obtained by a sale at public outcry.

3. That we recommend an amendment to the bill now before the Legislature by which, in case of non-fulfillment of the contract, and especially the provision for completing the Ducktown Branch, it will be made more binding on the purchaser than at present proposed by adding the words in sections 10 and 13 of the bill, 'by W. J. Best, his associates or assigns,' in reference to completing said road.

4. That in lieu of the proposition to reimburse the State for her appropriations (paid in cash to said road) by the delivery of \$550,000 of first mortgage bonds, that a sum in cash, or its equivalent in bonds of a marketable value, should be paid.

5. That we consider it unwise to have allowed the construction of certain railroad lines, whose only reason for existence was an injurious rivalry with established lines of traffic, and the completion of which has proven damaging to capital already invested without affording compensating facilities to the people at large; and we do hereby urge upon the Legislature the importance of checking the construction of further parallel roads, tapping our main lines, diverting that trade which legitimately belongs to them, seriously impairing the State's interest in the North Carolina Railroad, and destroying a system which would build up the East as well as the West. And especially do we oppose the extension of the 'Midland Railroad' from Danville to Statesville, and favor the defeat of that project by any legitimate means.

**Personal.**  
We were happy to meet upon our streets yesterday evening, just as we were going to press, with our esteemed friend, Rev. Wm. M. Kennedy, of Magnolia. He was here for the purpose of raising funds with which to build a Baptist Church at Fremont, and he informed us that he had been successful beyond his expectations, and the people had responded cheerfully and liberally to his call for aid. He left last night for his home in Duplin county.

Our good friend, Mr. Julius A. Bonitz, of that staunch old paper, the Goldsboro Messenger is in the city to-day on a short visit and favored us with a very pleasant call this forenoon.  
Mr. J. Dickson Munds, who has been taking a course of study at the College of Pharmacy in New York, has returned here to spend the vacation. He will pass another session at the Pharmacy and then receive his diploma.

You can buy No. 1 Cooking and Heating Stoves at almost any price at JACOBI'S Hardware Depot.

**The C. C. R. W. to be Sold.**  
We understand that a decree was made by Judge Avery, in Chambers, on Monday last, for the sale of the Carolina Central Railway. The sale is to be made under foreclosure of first mortgage and will take place in this city some time between this and the June Term of Superior Court, probably about the latter part of May. The Commissioners named for the sale are Messrs. Junius Davis and M. A. Stedman, Jr., and advertisement is to be made in Wilmington, Charleston, Richmond, Baltimore and New York.

**Immense Whales.**  
On Sunday last while the Revenue Cutter *Colfax* was cruising off Cape Roman, she encountered three immense whales. The course of the vessel had to be changed in order to get out of their way. The whales were supposed to be between fifty and sixty feet long and were heading up the coast.

## FIREMEN'S SUPPER.

**Temporary Organization of the Retired Members—A Supper to be Tendered to the Active Members.**

The Wilmington Steam Fire Engine Company No. 1 celebrated their Eleventh Anniversary on yesterday by an engine practice and wound up their anniversary with a supper at night. Their hall was beautifully decorated with garlands, festoons and illuminated motto. Over the rostrum at the South end of the building was suspended "A Fireman's Welcome to All" in the centre of the hall was hung a large frame containing the photographs of the members of the company and next to that was another motto "Our Boys, Little Giant, A. Adrian, Hook & Ladder, In Unity There is Strength."

Under the photograph of each deceased member, which were in separate frames, were placed by loving hands a beautiful floral offering. The Cornet Concert Club were in attendance and discoursed some of their very choicest selections. Capt. Edgar Parmelee, at about 9 o'clock, invited the guests to assemble around the festive board. The tables were forty feet long and were beautifully decorated with flowers and loaded with tempting viands. Mr. J. C. Stevenson, a retired member, welcomed the guests in a neat little address which did credit to himself and honor to the occasion. There were no regular toasts and serious inroads were soon made in the splendid repast. The members, as is always their wont, did everything in their power to entertain their guests and right handsomely did they succeed. During the evening the retired members effected a temporary organization with Mr. J. C. Stevenson, Chairman, and Mr. P. W. Gause as Secretary. It was decided by the new organization to tender, at an early date, to the active members a handsome collation. The meeting then adjourned, subject to the call of the Chairman. The "Old North State" was sung and the guests departed, expressing the opinion that the "Little Giant Boys" know as well how to get up a pleasant entertainment as they do how to put out a fire. Long live the Little Giant and may her shadow and strength never be on the wane.
