Grateful Women.
None receive so much benefit, and none are so profoundly grateful and show such an interest in recommending Hop Bitters as women. It is the only remedy peculiarly adapted to the many ills the sex is most universally subject to. Chills and fever, indigestion or deranged liver, constant or periodical sick headaches, weakness in the back or kidneys, pain in the shoulders and different parts of the body, a feeling of lassitude and despondency, are all readily removed by these Bitters.

An Excellent Opportunity.

As will be seen by advertisement published elsewhere, Dr. M. J. DeRosset will remain in the city for a short time on his return from Texas to New York, and those who may require his services in the special branches of his profession—the eye and the ear—will have an excellent opportunity for consulting him. We honestly believe that there is no better oculist or aurist in the United States, and those hereabouts who are afflicted should not neglect this excellent opportunity.

Failed to Pass.

A bill to incorporate the Wilmington Telegraph Company is one of the bills which was introduced at the called session of the Legislature, and which failed to become a law. It passed the House and was probably pigeon-holed in the Senate, as it seems to have been lost somewhere thereabouts. Its incorporators are gentlemen residing in this city, and the object of the company is to facilitate the erection of telegraph lines in this State.

Likewise, the bill to incorporate the Wilmington Market Company failed. This bill passed the Senate, but did not get through in the House.

Counterfeits.

Dye's Government Detective for March gives minute descriptions of two new and dangerous counterfeits, one a hundred dollar bill on the National Exchange Bank, of Pittsburg, letter A, and one a ten on the new Treasury issue, series of 1876 (Webster head), letter C. There has also recently appeared a five dollar counterfeit of the same issue (Jackson head), letter C. Against all these business men should be on their guard. Dye's method of detecting counterfeits is a novel one. All genuine bills are printed, four bills at a time, attached together in a sheet, each bill containing one of the four letters, A, B, C, D. The counterfeiter prints but one; makes but a single plate; thus counterfeiting but one of the four letters. Then the redemption agency retires the genuine bills of the letter counterfeited on any bank. He then refuses all bills having on them that letter, and takes with impunity all bills having on them any of the other three letters.

Transfer of Real Estate.

The Wilmington & Weldon Railroad Company have long felt the necessity for more yard room, and for better accommodations for their workshops, and in these two particulars have been so much circumscribed that they have labored under many disadvantages. Recently, however, we learn that they have been negotiating for the purchase of real estate on the north side of the railroad, and have purchased all the property on the south side of Hanover street, between Second and Third streets, with the exception of one lot, and negotiations here so far progressed towards that remaining lot that the purchase will probably be consummated within a day or two, if it has not already been accomplished. Some years ago the company purchased a portion of nearly all these lots, which border on the railroad, for the purpose of increasing their facilities, but found that this acquisition did not meet all their requirements. The purchase now about completed will give ample room to supply all their present needs and will relieve them from the cramped condition in which they have heretofore been compelled to carry on their mechanical operations.

Personal.

We were pleased to receive a call yesterday from Mr. A. L. Henkel, of the firm of Henkel & Co., proprietors of the Shenandoah Valley, published at Newmarket, Shenandoah county, Va, a section rendered classic, for all time to come, as the scene of some of the most terrible events of the late war.

Lines to Georgetown.

We understand that an agreement has been entered into between the citizens of Georgetown, S. C., and the American Union Telegraph Company, by which the lines of this Company are to be extended from Kingstree, S. C., to Georgetown, the latter town paying the company \$5,000 towards the undertaking.

Harbor Master's Report.

Capt. Joseph Price, Harbor Master at this port, reports a total arrival, during the month of March, of 41 vessels, aggregating 14,964 tons; of these 33 were American and 8 foreign. Of the former 7 were steamers, tonnage 6,225, and 26 were schooners, tonnage 8,948. Of the foreign arrivals 5 were barques, tonnage 1,821, and 3 were brigs, tonnage 970. Vessels of less than 60 tons burthen are not included in the above.

The Festival Last Night.

The Festival given last night by the Mite Society of St. James' Church was a decided success in every respect. The rooms were well filled and that, too, by those who went to buy as well as to see. The tables were filled with things good to eat as well as good to see and the demand for refreshments was so steady throughout the entire evening that but little was left at the close. There were many pretty fancy articles displayed for sale and the Gipsy Tent, presided over by two beautiful young maidens, was a centre of attraction throughout the evening. The receipts were roughly estimated as somewhere in the neighborhood of \$150.

The Fire This Morning.

The premises owned and occupied by Mr. John R. Melton, on Seventh, between Bladen and Harnett streets, were discovered to be on fire at about 4 o'clock this morning. The alarm was immediately given, and the Fire Department was promptly on hand; but the flames had gotten under such headway before the engines could become effective, that the dwelling house, stable, sausage house, smokehouse and all the other outbuildings were totally destroyed, with all their contents, save the furniture in the dwelling house, which was nearly all saved. The property was insured in companies represented by Messrs. Gordon & Bro. as follows: Dwelling house, \$1,000; sausage house, \$350; machinery for making sausages, \$425; smokehouse, \$50; stable, \$50; other outhouses and fencing, \$70—total \$1,945.

The house just north of Mr. Melton's, occupied by Mr. Bowden, and owned by Mrs. Dudley, caught fire and was considerably damaged upon the roof. Insured for \$150 by a company represented by Messrs. Gordon & Bro. There was also an insurance on the furniture of Mr. Bowden, which was nearly all saved, to the amount of \$200, in a company represented by the same firm.

A small frame house, just south of Mr. Melton's, was also ignited on the roof, but the loss was inconsiderable. Insurance in a company represented by Messrs. Gordon & Bro. on the dwelling house, \$125; on the smokehouse, \$25.

The house situated northwest from Mr. Melton's, and owned by Dr. W. J. H. Bellamy, was also ignited and badly scorched on the roof and one end. Loss fully covered by insurance in a company represented by Messrs. DeRosset & Northrop.

The fire is supposed to have originated by a spark from one of the torches of the butchers falling among some hay. They had started at about 3 o'clock to slaughter beef for the market, and as the fire was discovered about an hour afterwards there are reasonable grounds for this supposition.

The Doctors Yielding.

Ever since Prof. Green wrote to the Medical Record advising physicians everywhere to use the Safe Kidney and Liver Cure with their practice, it has been gaining in favor with the profession. They can find nothing which is a substitute for it. R. Gaultkins, M. D., of Rochester, N. Y., says he would now prescribe it to all afflicted with any serious kidney and liver diseases.

Political.

By notices published elsewhere in this issue it will be seen that the County Executive Committee has called a Convention of the Democratic party in this county, to meet at the Court House in this city, on the 17th inst. The various wards will vote for delegates on next Friday evening, the 9th inst.

Capt. C. D. Myers, Chairman of the Executive Committee of this, the Third, Congressional District, has issued a call for a meeting of the Committee to be held at the Parcell House in this city, on Wednesday, the 21st inst. A list of the member of this Committee is published elsewhere.

Hasn't Arrived Yet.

The Charlotte papers tell us that Mr. W. J. Best, the new proprietor of the Western N. C. R. R., was in that city on Wednesday, and left there night before last, accompanied by his Secretary, Mr. Coddigan, on route for Wilmington. If such were indeed the case we fear that Mr. Best has got lost somewhere on the intricate network of railway between the two cities he has not turned up here as yet. There is a rumor afloat on the streets here, however, to the effect that Mr. Best is to be in Newbern this afternoon, at 4 o'clock, for a conference with the directors of the A. & N. C. R. R. when it is said that a proposition looking to the sale of that road will be made and discussed.

SCISSORS!

WE GIVE AWAY WITH EVERY Five pounds of Java Coffee roasted by Mulford's process, a pair of fine Lady's safety scissors and Pen-Knife combined.
Single pounds 25 cents; five pounds and one pair of scissors, \$1.75. The scissors and knife are worth at least 50 cents. The Coffee is roasted in New York, expressly for our customers, in large quantities, and sent us every week, and the difference between Coffee roasted by this Mulford machinery, recently invented, and supplied to us for our customers, and the Coffee turned out at the smaller Grocers is by those little old fashioned red-painted machines, a great deal, and now, is immense! We have a hamster on hand for sale. It will still do for one of the little cheap groceries, or for country use. We don't want it now, since we have gotten Mulford's Roasted Java, only 35 cents per pound, or five pounds and a pair of scissors for \$1.75.

Three to Five Car Loads a Month.

Each car load a hundred barrels of White Dove Flour. The immense increase in the sale of this splendid article of daily use, and price has ever been from 20 to 25 cents a barrel, and now average 30 to 50c. This Flour sells itself, and the sale is increasing.

Springfield Hams.

About two weeks ago we got the small lot of this delightful Ham and introduced it to the market. Nothing equal to it in flavor and price has ever been seen in Wilmington. Now watch; in two weeks more you will see all the smaller groceries selling as Springfield Hams all the present varieties. If you want the genuine article call on us.
