Grateful Women.

None receive so much benefit, and none are so profoundly grateful and show such an interest in recommending Hop Bitters as women. It is the only remedy peculiarly adapted to the many ills the sex is most universally subject to. Chills and fever, indigestion or deranged liver, constant or periodical sick headaches, weakness in the back or kidneys, pain in the shoulders and different parts of the body, a feeling of lassitude and despondency, are all readily removed by these Bitters.

The Cape Fear.

The water in the Cape Fear again threatens to become distressingly low, and unless there are plentiful rains in the interior within the next week it will soon be down to low water mark. At latest reports, dated yesterday morning, there was only seven feet of water on the shoal at Fayetteville and it was still falling.

To Be Laid Up.

The steamer *D. March* makes her last appearance at our port to-day for the present. On her return to Fayetteville she will be laid up for the usual annual over-hauling, repairing and cleaning up. This will take about six weeks and the work will be carried on under the personal supervision of her commander, Capt. A. Garraon.

Worth Knowing.

A tablespoonful of spirits of ammonia to a pail of warm water once a week, is said to be excellent for the flowers in boxes or pots and the young growing plants just starting to grow in spring. They should be syringed with it thoroughly, and will grow fast and keep clear of insects. It is good even in winter to brighten up the appearance of house-plants and keep them from languishing. Every housekeeper should have a bottle of ammonia in the kitchen. There are many ways in which it is useful.

Dr. Pritchard's Lecture.

The Rev. Dr. T. H. Pritchard, who is to lecture here on the evening of Tuesday, the 13th inst., before the Library Association, has selected as the theme of his discourse "The one thing necessary to the development of North Carolina." From the well known reputation of this eloquent divine, we feel assured that all who propose listening to his lecture may anticipate an evening of rare enjoyment.

Leap Year Privileges.

"Leap year gives young ladies a special privilege in making love." Perhaps it does. But no respectable young man will have anything to do with a young lady who takes a position on the street corner and winks at the gentlemen as they pass by. Nor would it look well for a dozen or more young ladies to loaf around in front of a church for an hour and a half on Sunday nights sparring and knocking one another's hats off, and dancing a tra-la-la on the sidewalk in order to kill time until the congregation is dismissed and then buckle up to a young man and escort him home. Not any.

We noticed on the streets yesterday some handsome suits of Spring Clothing, which were bought at the well-known Clothing House of Messrs. SHREVE'S, 28 and 34 Market street.

Be Gentlemen at Home.

There are few families, we imagine, anywhere, in which love is not abused as furnishing a license for impoliteness. A husband, or father, or brother, will speak harsh words to those whom he loves the best, simply because the security of love and family pride keeps him from getting his head broken. It is a shame that a man will speak more impolitely at times to his wife or sister than to any other female, except a low vicious one. It is thus that the holiest affections of a man's nature prove to be a weaker protection to a woman in the family circle than the restraints of society, and that a woman usually is indebted for the kindest politeness of life to those not belonging to her own household. Things ought not to be so. The man who, because it will not be resented, inflicts his spleen and bad temper upon those of his hearthstone, is a small coward and a mean man. Kind words are a circulating medium between true ladies at home, and no polish exhibited in society can atone for the harsh language and disrespectful treatment too often indulged in between those bound together by God's own ties of blood, and the still more sacred bonds of conjugal love.

The Doctors Yielding.

Ever since Prof. Green wrote to the Medical Record advising physicians everywhere to use the Safe Kidney and Liver Cure with their practice, it has been gaining in favor with the profession. They can find nothing which is a substitute for it. R. CAULKIN, M. D., of Rochester, N. Y., says he would now prescribe it to all afflicted with any serious kidney and liver diseases.

Fatally Burned.

Nancy Young, an old colored woman nearly 80 years of age, who lived about 4 miles from this city, on the Fayetteville road, in Brunswick county, while in the yard at her house about 11 o'clock yesterday forenoon, engaged in boiling clothes, had her garments ignited by coming in contact with the fire, and she was so horribly burned that she died at about 6 o'clock this morning. There was no one near her at the time of the accident except her husband, who was too old and infirm to render much assistance.

Departed This Life.

Mr. Philemon Taylor, of Fayetteville, the father of our fellowtownsman, Mr. J. H. Taylor, we regret to learn departed this life on yesterday, the 2nd inst., after a lingering illness in the town of Fayetteville. Mr. Taylor, we hear, was a consistent member of the Baptist Church and had been a communicant in that Church for a long number of years. His death will be regretted by the entire community in which he lived, where he was highly esteemed and respected by all who knew him.

We recently had the pleasure of seeing our friend, Mr. Theo. James, of the REVIEW, in the lobby of the Senate. We, however, did not presume that he was lobbying, but supposed that like other gentlemen, he was a mere looker-on in Vienna, attracted there by the interesting circumstances of the occasion. We hope we were not in error.—*Raleigh Observer.*

Our friend, Captain Ashe, of the *Observer*, can best answer his own question, as we had seats together (to which we were both invited by an officer of the Senate Chamber) just to the left of the President's chair, and while hweoccupied about the same length of time during the delivery of General Leach's speech in opposition to Mr. Dortch's amendment. The occasion referred to was our first and only experience in the lobby, either by invitation or otherwise.

Amusements Ahead.

The simple and unusual announcement of the fact that our people are to be treated next week to two excellent entertainments will be received with gratification by all. Hayes Juvenile Opera Troupe, under the management of Mr. W. T. Powell, are to be with us on Wednesday night and a matinee on Thursday afternoon, and Mrs. Scott Siddons, the famous "Queen of Readers," who is now on her farewell tour in America, will give one of her charming and delightful entertainments on Friday night. Tickets will be on sale, with reserved seats at Heinsberger's, on Monday, for the Pinafores' and for Mrs. Siddons' entertainment at the same place on Wednesday.

A Distinguished Visitor.

Professor O. S. Sargent, of Harvard University, at Cambridge, Mass., arrived in this city a few days since and, since his arrival, has devoted his time to examining the forests of the neighborhood to become acquainted with our trees, plants and shrubbery, and also gathering statistics in relation to our trade in timber, lumber and naval stores for the use of the Census Department. Professor Sargent is an accomplished botanist, is now in the employ of the Census Bureau and has been assigned to his present duty by Mr. Superintendent Walker, of the Census Department. He visits Burgaw, the county seat of Pender county, to-day, with the same object in view. It is expected that before his labors shall have concluded, he will visit and inspect the forests of the entire country.
