Eight years or ten years for Mr. Best, s the way they put it at the Court House n w whenever the lookers-on hear the Judge sends a prisoner up for a term of years in the Penitentiary.

The sale of the Carolina Central Rails way will take place at public aucties, in this city, on Monday, the 31st of May, under the auspices of the Commissioners, Messrs. N. A. Stedman, Jr., and Junius

In our report of the proceedings of the Criminal Court yesterday we inadvertently stated that Ben Meore, celored. charged with larceny, was acquitted. Instead of being acquitted, however, the defendant was tonnd guilty and sentenced to eight years in the Penitentiary.

For Stedman.

It is rumored on the streets that Masonboro, Federal Point and Harnett townships instructed their delegates today to vote for Maj. C. M. Stedman in the County Convention. Other townships not yet heard from.

Criminal Court.

The attention of the Court was occur pied for the most part to day with the following cases:

State vs. J. Walker and John Merrick, charged with breaking int storehouse (tobacco factory). Verdict guilty. ers: The Court sentenced Walker to ten years in the State Prison. Judgment in th ease of John Merrick was not prayed by the Solicitor, there being other cases to come up against this same def ndant at the next term of this Court.

Capt. Paul Boyton

This famous navigator and aquatio voyager was in the joity thism ruing and favored us with a call His visit to Wilmington was with the intention of giving here one of his wonderful nautical exhibitions but we fear that we are not to have that pleasure. There is a plenty of water in the creeks as well as in the rivers but the difficulty is to get a place so situated that none but those who pay will be admitted within a certain en losure. C.ptain Boyton will return to Charleston, by thinks he may be able to make some ar rangements for an exhibition here to wards the last of the month.

Messrs. Hinson & Cumming

We were aware of the suspension of the above names firm from i s first autoquee ment to friends in this city, but sthe embarrassment was likely to be only tem porary, and as we were inform d that i was not due to any irregularity on their part, but wholly to the delay in remittances against a panic in the cotton mar ket, which their Southern friend's were slow in realizing, we deferred referen e to it, in the hope that they would soon be relieved. We are now glad to say, upon good authority, that this popular firm has sions! District, will meet at the Purceil every reason to hope for an immediate re sumption of their business, which we are sure will be hailed with pleasure by their many friends in this city, and, ingeed, throughout the entire Southern country. Stars in April.

Speaking of the stars in April the Providence Journal says: 'The interest of the month concentrates on the morning stars! for, after the 7th, Venus, Jupiter, Mercury and Saturn are all numbered on this list. Venus especially will be the herald of the sun throughout the month for, though in her distant phase, she still reigns as the brightest star in the heavens. She will form a lovely picture as a companion for the slender waning moon on the morning of the7th will divide her queenly favor between Mercury and Jupiter on the 15th, and will appear above the horizon line nearly at the same time with Saturn and Mercury on the 80 h. Jupiter and Saturn will become studies of peculiar interest from the present time till their opposition with the sun next October, when Jupiter, just after perihelion, will don his brightest colors, and Saturn will shine clearer lustre than he has done for many years.'

We noticed on the streets yesterday some handsome sui s of Spring Clothing, which were bought at the well-known Clothing House of Messrs. SHIER'S, 28 and 34 Market street.

Plenty of Snow. Reports from many points in the in terior tell of a heavy snow storm which prevailed yesterday. It seems to have extended all along the line of the Caroilna Central Railway, as far down as Lumberton, and must have been very general in this State, as there are reports of it from Pittsboro, in Chatham county. A gentleman who came down on the Charlotte train last night says that it was four or five inches deep at Rock. ingham. Ice had formed on the bare branches of the trees. A friend at Lilesville, in Anson county, writing at 5 o'clock yesterday afternoon, tells us that it was snowing hard there at that time and had been snowing for two hours. He says: 'It is at least two inches deep and is a most beautiful right, the trees and wheat fields being a bright green. The weather is warm and perfectly still, and unless freeze comes up to-night no danger is apprehended to the wheat or fruit. Many old weather-cocks predicted it a about this time and say now that it will be a repetition of the 8th of April, 1848. when it snowed for twenty-four hours. but as the atmosphere was warm then, as

by the crops.' We fear that those same old 'weathercocks' were wrong in one respect. In all likelihood there was a freeze last night in which case we fear that the creps have personal, of every kind and description, of suffered very much.
