Spring fever is quite general in the city. Window Glass—all sizes at Altaffer & Price's.

Breach of promise is now regarded as contempt of court.

What is better than a promising young man? A paying one.

Spring openings are generally ahead of the opening of spring.

There are few breasts that do not throb in unison with a circus band.

The prices of early vegetables are kept up to astonishingly high figures.

Winter fruits are very scarce; those of summer will soon claim our undivided attention.

Salvation is free for all. Contribution boxes are generally passed around for incidental expenses.

You can buy No. 1 Cooking and Heating Stoves at almost any price at JACOBI'S Hardware Depot.

It is said that when General Sherman goes to a ball he kisses all the misses and never misses a kiss. Or words to that effect.

Tobacco chewing has increased 8 percent in the past year, and yet the girls say the boys are too sweet for just anything.

Capt. Walter Furlong, who has been confined to his bed for a long time, has so far recovered as to be able to appear on the streets again.

Don't forget that Judge Cantwell will lecture this evening before the Historical and Scientific Society. It will be well worth hearing.

This is the ladies' leap year conundrum: "When will the alphabet contain only twenty-five letters?" And then, after they have given up, the blushing answer is "When U and I are one."

The coming summer hat for women is to be of straw. It will be knocked in on the front, jammed in on the back, shoved in on each side and kicked in on top. Then the rim will be jammed up all around to make the whole effect harmonious. It will be trimmed with strips of sheet tin, turkey wings, old fruit cans and debris generally. It is an economical kind of hat, as it can be made by taking a boy's old straw hat, running a wheelbarrow over it a few times and hitching on whatever comes handy.

Window Glass of all sizes, Doors, Sash, and Blinds, Builders' Hardware, &c. Low prices at JACOBI'S.

Nobody should go to church, or public meeting, backing away and disturbing the preacher or orator with their Cough. Use Dr. Bull's Cough Syrup at once; it costs only 25 cents a bottle.

Some very fine Duplin county beef, choice cuts, is offered elsewhere as for sale to-morrow at Mr. Melton's beef shop, on Second street, at 10 cents per pound. We thank Mr. Melton for a roast of this beef, sent in to us to-day, and we can therefore state, from personal knowledge, that it is all that is claimed for it.

Personal.
Mr. Samuel Blaisdell, of Chocoma, Mass., a leading cotton spinner in that large manufacturing town, is registered at the Purcell House. Mr. Blaisdell is accompanied by his wife and we learn will remain in our city for a day or two. We wish the gentleman and his lady a pleasant sojourn during their stay in our city and trust that they will carry away with them and back to Massachusetts agreeable impressions of the South and its people than possibly they probably might have had if they had never ventured this far down into this benighted and uncivilized country.

Never mind about the cool weather, I is always Spring-time at this season of the year at Shrier's, where will be for the most elegant and the cheapest assortment of clothing in the State of North Carolina.

An infallible remedy for Fever and Ague is AYER'S AGUE CURE. Wholly vegetable and containing no poisonous ingredients, it is harmless and sure.

On the Line Again.

The steamer A. P. Hart, of the Cape Fear and People's Steamboat Line, put in an appearance here this morning for her regular trips, after an absence of several months, during which time she has received an entire new summer outfit. The *Gov. Worth*, of the same line, is withdrawn temporarily.

Everybody can get suited with a Pocket Knife, also Table Cutlery, at JACOBI'S Hardware Depot.

Burglary.
An unsuccessful attempt was made about 1 o'clock yesterday morning to burglarize the dwelling of Mr. A. V. Sykes, on Seventh, between Market and Dock streets. Mr. Sykes says he heard the thief at his back door and by looking out of the window could see him standing there. The fellow was frightened off and as he ran Mr. Sykes fired at him and shouted for the police.

Congressional Executive Committee.
The Democratic Executive Committee for this, the Third Congressional District, meets in this city, at the Purcell House to-morrow at 12 o'clock. The business before the meeting first in order is, we believe, to fix a time and place for the assembling of the Congressional Nominating Convention. As yet it is not known, we apprehend, what particular place will be selected. This could only be ascertained by a canvass of the committee-men, all of whom have not yet arrived in the city. We incline to the opinion, however, that Wilmington, Magnolia or Fayetteville will be the place.

Ready mixed Paints, strictly pure White Lead, Colors, Brushes, Window Glass, &c., at JACOBI'S.

It Should be Done.
For a year or two past Col. Roger Moore, Chief of the Fire Department, has been trying to get the city authorities to place a floodgate over the creek which crosses Market street near the corner of Twelfth, so as to cause an accumulation of water, which could be drawn on in case of fire in that neighborhood. Had there been any means of backing the water up during the fire which consumed Mr. Harman Hintze and Dr. T. B. Carr's residences the engines could have gotten water on the fire much earlier, and at least \$2,000 worth of property might have been saved. If we mistake not there is no fire cistern on Market street east of Seventh, and if a floodgate were fixed over the creek plenty of water could be gotten by dropping the gate, and no doubt much property in that portion of the city could be saved from destruction by fire.

Mr. Nath'l Jacobi having been appointed agent for the Atlas Plow, parties in want of this celebrated Plow can now have their orders filled at JACOBI'S Hardware Depot, No. 10 S. Front st.

Lippincott's Magazine.
Lippincott's Magazine for May opens with a copiously illustrated paper on Richfield Springs, which, besides an attractive description of this much frequented watering-place and much information that will be useful to all who think of spending part of the summer there, gives some interesting particulars about Fenimore Cooper and Judge Nelson, whose farms at Cooperstown lie within an easy drive from Richfield. A descendant of the famous novelist, Miss Constance Fenimore Woolson, contributes to this number a very quaint and touching story entitled "Miss Grief." The first of a series of "Studies in the Slums," by Mrs. Helen Campbell, gives a striking account of the mission in Water Street, New York. The concluding paper of Octave Thane's excellent discussion of the condition of "The English Workingman" deals with another and not less pressing social problem. "The Back woods of Guatemala" are graphically pictured with both pen and pencil in Dr. Oswald's "Summerland Sketches," which are now drawing to a close. Nena Sturges has an illustrated article on "Ancient Masks and Modern Carnival." F. M. Osbourne gives an amusing account of a "Funeral in a Chinese Fishing Village," and Phoebe D. Natt describes the methods of instruction in the various "London Art Schools." There are several short stories, including a lively sketch of negro life by Jennie Woodville; "Adam and Eve," by the author of "Dorothy Fox," grows in interest and the "Monthly Gossip" is full of good things. A poem by Longfellow will appear in the next number.

Given Up by Doctors.
"Is it possible that Mr. Godfrey is up and at work, and cured by so simple a remedy?"
"I assure you it is true that he is entirely cured, and with nothing but Hop Bitters; and only ten days ago his doctors gave him up and said he must die."
"Well—day! That is remarkable! I will go this day and get some for my poor George—I know hops are good."

A Hotel at Wrightsville.

We understand that Mr. F. A. Schutte has purchased that beautiful property on Wrightsville Sound known as the Dr. Wright place, and that as soon as the necessary arrangements can be made, he will erect there a neat little hotel for the accommodation of visitors. Mr. Schutte calculates to have his house ready for the reception of guests this summer.

Plows, Shovels, Pitchforks, Spades, Rakes, Trace Chains, Plow Lines, &c. For the lowest prices, go to JACOBI'S.

Colored Excursionists.
An excursion party of colored people from Goldsboro and intermediate points along the line of the W. & W. railroad, under the auspices of the Order of Good Samaritans, arrived in this city this morning, but owing to the inclemency of the weather they were obliged to remain under shelter nearly all day. This afternoon, however, they were on the streets on parade and made a very creditable appearance.

Election of Officers.
At a meeting of the Comet Star Light Infantry, held last night, the following officers were elected for the ensuing term: A. Jones, Captain.

Thos. Spencer, First Lieutenant.
Lewis McMillan, Second Lieutenant.
Nicholas Jones, Third Lieutenant.
By the way, we see that the Comet Stars will give an excursion to Wrightsville Sound on May 2nd. See advertisement in another column.

The Excursion To-morrow.

The official indications of this afternoon are to the effect that it will be warm and pleasant to-morrow and therefore those who have been closely scanning the clouds to-day with an eye to the excursion to-morrow on the steamer *Passport* need not fear unpleasant weather. The excursion will be had and ample preparations have been made for the entertainment of all who may go. The boat will visit Fort Fisher, Fort Caswell, Bald Head and Smithville and we are satisfied that it will be a pleasant affair. Refreshments will be provided, such as cakes, ice-cream, fruit, lemonade, sandwiches, devilled crabs and coffee and every care will be taken that will ensure to the comfort of those on board.

Death of Mr. S. L. Galloway.

We are sorry to learn, as we do from the *Goldsboro Messenger*, of the death in that town, on Wednesday night of last week, of the death of Mr. Samuel L. Galloway, a resident of Goldsboro and for many years preceding his death a railroad employe at that point. Mr. Galloway was aged 34 years and 8 months. He was a native of Brunswick county and was a brother of Capt. Swift Galloway, Solicitor from this District, and of Mr. John W. Galloway, of this city. He died of consumption. He was a most estimable gentleman and had many friends here who will grieve to learn of his death.

The Welcome Rain.

The long-looked for and much needed rain has come at last. It rained hard early this morning and has kept it up very faithfully throughout the entire day. For an April shower we must say that it has done well. It came just in the nick of time, too, as it was surely needed in this section. The hearts of the truckers are now glad and we may look for an abundance of vegetables next week. It is hoped, also, that it has extended into the interior and will there put more water in the river. The amount of the rainfall here to-day, as we learn from the Signal Office here, up to 3 o'clock, p. m., is 1.19 inches.

A Touching Bequest.

We have received from Capt. W. J. Calais, formerly of this city, but now resident at Old Fort, in this State, a letter with an enclosure of \$4, the amount which was raised by Capt. Calais' little daughter, Mellicie, just previous to her death, which was raised through her efforts for the Irish sufferers. The child was so disturbed at the continued accounts she heard of suffering among the Irish people that her little heart swelled with pity and she could not rest until she had done something herself towards alleviating their distress. Previous to her death she requested her father to send the amount she had raised to the Editor of this paper to be applied to the purpose indicated. The money has been handed by us to Alex. Sprunt, Esq., British Vice Consul, who will forward it at once to its proper destination. Little Mellicie was only eight years old when she died on the 23rd of last month. It is a touching bequest.
