## SPRING ANNOUNCEMENT!

**BROWN & RODDICK**  
45 Market St.

IT IS A WELL KNOWN FACT that the largest buyers are the cheapest sellers, and the public who are always keenly alive to their own interest, have, by their patronage and support, enabled us to offer them advantages which the most ardent supporters of co-operation would seek far to outvie. In point of choice and extent our stock is unrivalled in this section of the country.

### GENERAL DRESS GOODS DEPT.

Silks, Silken Fabrics, Fancy Dress Goods, in every conceivable material used for Ladies Dresses.

As we are in constant communication with the largest Importers and Manufacturers we are enabled to offer our customers the newest productions and Latest Novelties as soon as they appear in the Northern Markets.

### OUR MOURNING DEPARTMENT

Has long been one of the special features of our establishment.

### OUR TRIMMING DEPARTMENT

Includes Solid Colored Silks, Ratins, Brocades &c., to match any color, at prices that cannot fail to satisfy all.

### OUR BUTTON DEPARTMENT

Is really immense and contains from the common Agate to real works of art.

### OUR HOSIERY, GLOVE AND UNDERWEAR DEPARTMENT

Is stocked with Foreign and Domestic manufacture. No such display has ever been seen in this city.

### OUR LACE DEPARTMENT

Is replete with all the staples and contains many novelties.

We have not space to enumerate, but would simply add that our past history has convinced thousands that we are ever on the outlook for jobs, Extra Bargains, better known in our business as "Dry Goods Plums". We have been particularly successful in securing several Lots which will be offered on our counters this week. We are fully convinced that we can make this a season of interest to our customers and the public generally.

We will offer on WEDNESDAY, April 28th,

**250 Doz. Real Kids**  
**2 BUTTONS.**

The above is the GENUINE Article, NOT a Lamb Skin.

### 5,000 Fans!

We call particular attention to a Great Bargain in the above, at 10c, 15c and 25c; they are really not half the price of last year.

### Wholesale Customers

Will find it to their interest to give us a call as we certainly can do them good.

V. Q. JOHNSON, Gen'l Supt.—Change of Schedule on the Carolina Central Railway. Jno W Gordon & Bro—Insurance Agents. Yates—More's History. P HAINSBENGE—Out Door Reading.

Water colors—Green and blue.

Plenty of cucumbers in market.

Window Glass—all sizes at J. Hatler & Price's.

The storm signal is up again. The wind has been Northeast all day.

Thanks to Hon. Jos. J. Davis for repeated favors in the way of public documents.

Steamboatmen report the top and bottom too near together for real good heating in the Cape Fear.

Next Sunday being White-Sunday the celebration of the Holy Communion in St. James' parish will be at 11 a. m.

There are but very few vessels in port at this time. In all there are but six here, equally divided as barques, brigs and schooners.

The change of schedule on the C. C. R. W. goes into effect next Tuesday. Those who propose to take Horace Greeley's a vice next week should bear this fact in mind as time, tide and railway trains wait for no man.

Again we would remind our readers to call on Messrs. A. & I. Sherer and examine the immense stock of Men's, Youth's and Boys' Clothing, which they are selling at extremely low prices. They have also received a handsome stock of latest styles Straw and Felt Hats.

The Raleigh Visitor gets this off: It is said that a gentleman stepped into the Purcell House at Wilmington, yesterday, pulled off his hat and said: "How are you doctor," and about forty men pulled off their hats and bowed. The medical convention is in session there.

Indications.

For the South Atlantic States, slightly cooler northeast winds, increasing cloudiness, occasional rains, rising, possibly followed by falling barometer.

The best physicians assure us that Dr. Bull's Cough Syrup is a reliable and never failing remedy. All Druggists keep it, 25 cts a bottle.

The excursion complimentary to the visiting physicians, given to-day on board the *Passport*, was largely attended and that, too, despite the threatening aspect of the weather. There were many ladies on board and the strong probability, the certainty, in fact, is that it was a very enjoyable occasion.

Change of Schedule.

As will be seen by advertisement published elsewhere a slight change in schedule will go into effect on the C. C. R. W. on and after the 18th inst. By this change the passenger, mail and express train will leave Wilmington at 6 P. M. and arrive at 8:30 A. M.; arrive at Charlotte at 7 A. M. and leave at 7:25 P. M.

#### News at the City Hall.

Joe Burnett, colored, and Mag McKoy, a colored habitue of Paddy's Hollow, had a fracas last night which resulted in the latter named individual getting a cut or a blow on the cheek from the first named individual, from which the crimson tide of life flowed freely and profusely for awhile. The assailant was promptly arrested and taken to the guard house, and this morning the woman made an affidavit against Burnett, charging him with assault with a deadly weapon, which the aforesaid Burnett denies, stating that he only used his fist. The case will come up for Mayor Fishplate's consideration to-morrow morning.

Another arrest was made last night a party who was drunk and down. He was very drunk and very flat down on the sidewalk besides, falling frequently on the paving stones on the sidewalk while en route to the guard house. This morning it was thought that the poor devil had suffered enough and Captain Brock released him after giving him a first class temperance lecture and a strong admonition to go and sin no more.

#### Advertising Cheats.

It has become so common to write the beginning of an elegant interesting article and then run it into some advertisement that we avoid all such cheats and simply call attention to the merits of Hop Bitters in as plain honest terms as possible, to induce people to give them one trial, as no one who knows their value will ever use anything else.

#### Personal.

Capt. Geo. D. Parker, of Norfolk, Va., an old Confederate who identified himself with our citizens here during the war by marrying one of Wilmington's fair daughters, and afterwards by being one of our gallant defenders at Fort Fisher, is on a visit to this city.

Dr. George H. West, a Wilmingtonian who several years ago migrated towards the setting sun and located in Newton, Catawba county, is also on a visit to this city.

Messrs. Jno. L. Dudley, G. M. Altshoff and James W. Jackson, delegates from the lodges in this city to the Grand Lodge of I. O. O. F., in session at Raleigh this week, have returned to the city. Mr. R. J. Jones went on to Durham yesterday afternoon, from Raleigh, at which place his wife is on a visit.

Plows, Shovels, Pitchforks, Spades, Rakes, Trace Chains, Plow Lines, &c. For the lowest prices, go to JACOBI'S.

#### Cape Fear Light Infantry.

At an election for officers of this Company (colored) held last night, the following were chosen for the ensuing year: Captain—J. H. Carraway.

First Lieutenant—Henry McRae.

Second Lieutenant—Hampton Gray.

Junior Second Lieutenant—Jno. W. King.

\*You can buy No. 1 Cooking and Heating Stoves at almost any price at JACOBI'S Hardware Depot.

#### A Few Conventions.

Sampson and Duplin will hold their county conventions to-morrow. Cumberland County Convention will meet at Fayetteville on the 1st Saturday in the month, the 29th inst. The Congressional District Convention meets at Fayetteville, Wednesday, June 2d. The State Convention meets at Raleigh, June 17th.

Ready mixed Paints, strictly pure White Lead, Colors, Brushes, Window Glass, &c., at JACOBI'S

#### The American Union.

The American Union Telegraph Company have opened in Richmond for business. They reached that point with two good wires which can be duplicated or quadruplexed if necessary. Poles are being put up for an onward movement to Petersburg and Norfolk.

They were to have been in Wilmington by the first of June, now only about two weeks distant, but we will compromise on the first of July. They mean business, however, and it will not take very long for them to run their wires down from Weldon to Wilmington.

Everybody can get suited with a Pocket Knife, also Table Cutlery, at JACOBI'S Hardware Depot.

#### The Closing Scenes.

We resume our report of the transactions of the last day's session of the North Carolina Medical Society, where we were compelled to leave off yesterday.

Dr. J. P. Long, of Newbern, addressed the Society, taking for his theme the medical laws of California.

The President appointed Drs. S. S. Satchwell, George A. Foote, Jos. Baker, R. H. Lewis and John McDonald as a committee to memorialize the Legislature upon a law requiring that druggists shall have a license from the State Board of Medical Examiners as a requisite qualification for dispensing medicines. The same committee were also directed to ask in that memorial for a statutory lien law for the benefit of physicians in practice, and to prepare a bill for both these purposes, to be offered to the Legislature.

Asheville, after an animated discussion, was selected as the next place of meeting for the Society, and the last Tuesday in May, 1881, was selected as the day.

Dr. Haigh announced that Dr. Hicks, having removed to Virginia, had tendered his resignation as a member of the Board of Examiners, and that Dr. R. H. Lewis, of Raleigh, had been elected in his place.

Dr. McDonald was announced as essayist.

A resolution thanking Dr. Grissom for the able address delivered by him before the Society was adopted.

The thanks of the Society were tendered by resolution to the citizens of Wilmington for their generous hospitality, and the various railroads, etc., for courtesies received, and the Society then adjourned.

Full Metal and Walnut Show Cases, all styles and sizes, at ALTAFFER, PRICE & Co's.

#### Majority or Two-Thirds?

Will our neighbor of the *Star* allow us to correct him? He stated in his yesterday's issue that it required a two-thirds vote in the State Convention to nominate. Our impression, amounting to an absolute conviction, is that the majority, and not the two-thirds, rule has prevailed in our State Democratic Conventions for at least four years past.

#### The Crops.

The crops from Raleigh West to Hamlet and East as far as Goldsboro, and between this city and Goldsboro, are looking remarkably well, although somewhat backward, in some places. There is a general desire for rain as, although there has as yet been no suffering from dry weather, yet rain is needed to push the growing plants up and forward. The large cotton fields a few miles West of Goldsboro are looking especially bright and promising.

#### Excursion on the two Roads.

The merchants of our city, under the auspices of the Produce Exchange and Board of Trade, have made arrangements with the W. & W. and W. C. & A. Railroads for excursions on each of the above named roads from the 24th of this month to the 5th of June inclusive. This arrangement extends on the W. & W. Railroad the entire length of the road, but on the W. C. & A. R. R. Sumter is the farthest point from which any excursionists under the arrangement with the railroads will be permitted to come.

The Carolina Central had made previous engagements for their cars until the 5th of June, hence no excursion under the auspices of the commercial bodies mentioned above will occur on that road until after the date last mentioned.

Mr. Nath'l Jacobi having been appointed agent for the Atlas Plow, parties in want of this celebrated Plow can now have their orders filled at JACOBI'S Hardware Depot, No. 10 S. Front st. if.

#### Yesterday's Fish.

A large and pleasant party of jolly fishermen went down on the steam yacht *Passport* yesterday to the Grounds.—They were about 45 in number and some three or four watch alarm clocks were out of order were just in time to be too late. The party, which was composed largely of some of our most expert amateur fishermen, left here a little after 5 o'clock. They steamed out to the Blackfish Grounds and finally reached a point about twenty miles from the Bar at which point they fished, and it is said that it is the first time an excursion party from Wilmington ever fished that far from shore on the Grounds. There was a little swell on, albeit the day otherwise was a delightful one, and some fed the fish while others hauled them in. The gentlemen of the party were very well satisfied with their luck, and they returned to the city last evening with a large number of fish.

Window Glass of all sizes, Doors, Sash and Blinds, Builders' Hardware, &c. Low at prices at JACOBI'S.

#### A Persistent Tramp.

Tramps are pertinacious. When they make up their minds to take a free railroad ride, conductors may as well look sharp and, for certain, whenever a tramp crawls up on a truck or on the top of a coach he may look sharp in turn, as he is in acute danger of being disturbed in his stolen bliss. This was exemplified last night on the train which arrived here at 8:53 from the North on the W. & W. R. R. When a short distance this side of Rocky Point Capt. Borden found out that a tramp had boarded the train at that point and was then on the top of the forward coach. The train was stopped and the tramp made a jump to the ground. The train then started ahead again and so did the tramp, as it was found that he had regained his former position on the top of the coach before the train had fairly started. He was again ordered off and again plunged to the ground and the train was once more put in motion. Just as it got under good headway the tramp, who was a white vagabond, was found for the third time on top of the coach. They didn't stop for him that time but he was mildly told to jump again. Jump he did and landed in the ditch and that was the last seen of him.

There is no excuse for those who drag their weary and disordered bodies into our company, when a few doses of AYER'S SASSAPARILLA would cleanse their murky blood and restore their health and vigor. Ye muddy victims of bilious disease, have regard for your neighbors, if not for yourselves.

#### To Drop One Train.

We are sorry to learn that the management of the Wilmington & Weldon and Wilmington, Columbia & Augusta R.R.'s, have found it advisable to take off one of the mail and passenger trains on these roads. The train to be dropped is the day train on the W. C. & A. R. R. and the night train on the W. & W. R. R. The new arrangement is to go into effect, we understand, on or about the 23rd inst.

#### A Correction About Onslow.

We were a little in error yesterday in stating that the delegates from Onslow would go to the Congressional Convention unaccompanied; on the contrary, we are to know that the delegates are instructed to vote on the first ballot for J. G. Skett. But the same gentlemen aver that a later conversation with a number of the delegates, they firmly believe that McKoy is their second choice. *Per contra*, another gentleman, one who has just returned from Onslow also claims that half of Onslow will go for Stedman. We give our readers the benefit of our information, just as we have received it. Dr. C. Thompson and Mr. Hill E. King, we are told, were the secretaries of the meeting.

#### That Fast Train.

The plan for a fast through mail train from New York, South, via the coast line, is not yet an accomplished fact, although in a fair way of being so. The time proposed is 17 hours and 18 minutes between New York and Wilmington and 26 hours between New York and Charleston. It will be a 'big' thing and one which is calculated to ensure much benefit to the business interests of the people. The saving of one day's interest on the value of one-third of the cotton crop, and of the naval stores crop, and in the production or manufacture of fine lumber, and of general merchandise remittance, amounts to a large sum of money in one year and in a decade will amount to enough to make a good item in the accumulation of wealth.

A recent vote in the House shows that Congress is taking a practical view of the question. Those sections which heretofore possessed these advantages insist on retaining them. The East and the West, which have heretofore had the fast mails, knew the benefit to be derived from them. We trust that the Senate will concur in the action of the House and give these same advantages to the South Atlantic States.

There is another very important point besides saving the interest on remittances there will be a great saving of time in traveling. These benefits will not only extend to the larger cities but to the smallest postoffice, to the people of the entire country, and will produce a general hurrying-up everywhere.

This dispatch in traveling and business will extend to all the pursuits in life; it will produce a healthy stirring-up everywhere. Let industry, economy and dispatch lead in business matters; success will soon produce prosperity and abundance.

Then we will talk about what we have, instead of what we used to have. Old sumps will produce new sprouts, instead of dry rot.

We trust that the necessary appropriation may be made and the train run as proposed. A good fight is being made in its favor and, among others, Postmaster James, of New York, an official of large experience, has written to the Department at Washington City, strongly urging that the service be made.

#### A Losing Joke.

A prominent physician of Pittsburg, said jokingly to a lady patient who was complaining of her continued ill health, and of his inability to cure her, 'try Hop Bitters!' The lady took it in earnest and used the Bitters, from which she obtained permanent health. She now laughs at the doctor for his joke, but he is not so well pleased with it, as it cost him a good patient.
