Hotel accommodations for travelers are of the greatest importance to persons who have to move about the country on busi ness or pleasure. There was only one interment in the cemeteries hereabouts this week, which caused an officer of Cakd 1: to remark to one of our prominent physicins that, this Medical Convention may have been a very good thing for the Dectors, but it was death on the Cemeteries,' and, says the aforesaid officer: 'Why is it thus, Doctor' -or words to that effect-to which our ed, several of the performers appearing to friend, the Doctor, said in reply, he supposed the reason must have been because the Doctors were 100 busy to a tend to their patients.

The New North Carolina System. It is rumored here that Mr. Best, of Western N. C. R. R. fame, has found peace at last and an outlet for the super abundant productions of the Land of the Sky. It is said that he has made arranges ment, with the R. & D. R R, for a schedule ov ertheir line, the PiedmontAirLine, via Greensboro, Richmond and West Point to Baltimore. This seems plausible and is probably correct. Mr. Best will in this way be enabled to utilize every mile of hisrailway, as was probably originally intended, for the benefit of Richmond and Baltimore.

In connection with this matter the folunequalled by anything we have ever seen, lowing, which we clip from the Statesville

He is now in New York making his final sr. so long and so faithfully labored to ensure rangements. It is reported that Col. S. the result. McD. Tate, of Morganton, will be the new superintendent of the road, and that Maj. Wilson will have no further connection with it whatever.

For the Review. To the Democratic Voters of the Third Congressional District.

The Convention to nominate a caudidate for Congress has been called here in Fayetteville on the 2d day of June, 1880 and probably the gravest duty will rest on the delegates to that Convention which a Convention has been called to perform since the Democratic party was first successful in 1870.

The Third Congressional District is now known as the 'Lost District'-lost attending his brethren of the profession by the apathy and a want of interest Col. Waddell in the last campaigu.

Now it is highly important to the welfare of our State and District that thisthe 'Lost District'-must and shall be ure on the train this morning for his home | redeemed; and the question of its redemption appeals loudly to the wisdom and pa triotism of every good citizen.

Co'. Waddell's defeat was due, to a great extent, to the fact that he was from New Hanover county; and although the rest of the District had tried to oversome his nomination, he was repeatedly nemis nated, until the people saw resistance was in vain; and there is to-day very strong and decided opposition to the nomination John Burnett, colored, was arraigned of any candidate from New Hanever, and a very intense desire that the next candidate of the Democratic party should bail from some other county; and in order to insure success in the coming campaign, it behooves the Democratic voters to put forth as their standard baarer a man who is known by the people, and who can bring out the full s'rength of the Demo-

cratic party. So, then, in order to recover the lost strength of the Democraric party, it is highly necessary that the next nominee should come from a county of the District other than New Hanover; and in looking the cut, or injury, sustained was inflicted around among the public men of this District, no one is more prominent before the people than Judge A. A. McKoy. and his friends do earnestly believe that he can redeem this District more certainly for his appearance at the next term of the than any other candidate, and give the following as their reasons:

ters; the spirits you keep imprisoned in glass and tin appeared to be possessed, and were whispering together and jostling each other 1st. Because Judge McKoy is a native and resident of Sampson county. 2d. Because he is a man of ability and
