Don't forget the moonlight excursion on Friday evening next. The Passport will leave her wharf promptly at 7.30; returning will reach the city at 12.30, sharp. Remember, the number of tickets is limited, and if you wish to enjoy a delightful trip, apply early for tickets, which

"Surgeon's Call." Mayor Fishblate is confined to his bed from sickness, but it is nothing of a serious character, we learn ; still it is enough to be uncomfortable to the sick man. Chief of Police Brock is still unable to be out, though his condition is much improved as he is able to sit up to-day.

#### **Duplin Superior Court.**

This tribunal convened at Kenansville on Monday last, His Honor Judge Avery was done. presiding. The State docket is very light, and the cases are mostly unimpert ant, but there is quite a large civil docket which will undoubledly claim the attention of the court for the entire week. In the legal profession, aside from the members of the Duplin bar, the counties that Prof. Agostini was expected to leave of Greene, Lenoir, Wayne, Sampson, Onslow, and New Hanover were repre-

sented. The "press gang" were out in full force, and the Raleigh Observer, News, Farmer & Mechanic, Hale's Weekly, the Goldsbore Messenger, the Wilmington Star and the REVIEW and the JOURNAL were represented.

Again we would remind our readers to family. The prisoner is believed by some call on Messrs. A. & I. Shrier and examine the immense stock of Men's, Youths and Boys' Clothing, which they are selling at extremely low prices. They have also received a handsome stock of latest styles Straw and Felt Hats.

The Duplin Canal.

We regret to learn that a difficulty, which may result in uppleasant complications hereafter, has occurred between the force employed on the Duplin Canal and some of the citizens who live in that immediate vicinity.

It seems that in constructing the cana it became necessary to place obstructions across a creek which the people use in transporting their products to market. At this the citizens were incensed, and a number of them gathered together and

removed the obstructions. The creek was again obstructed and again they were removed. Since then, however, proceed. ings have been suspended, and the case is to come up before Judge Avery, now holding court in Duplin county, on

Thursday, the 19th inst., to determine the rights in the case.

#### News at the City Hall.

A white man who gives his name as John Silversmith, was arrested by Officer Woebse, yesterday afternoon, and taken to the Guard House for entering the premises of a citizen who resides near Boney Bridge and insulting his wife and family and acting otherwise in a very disorderly manuer. The husband of the lady was absent from home as the time, but he appeared at the City Hall this morn ing and expressed himself in very indignant terms about the matter, stating also that if he had been at heme, the pelice would not have had the chance or trouble of arresting the insulter of his to be demented, as he acts in a very singular and violent manner for one possessed of a sound mind. The case did not come up for trial this merning, ewing to the indispesition of the Mayor. 'I'wo colored boys were arrested and taken to the guard house this morning by Health Officer James, charged with forcible trespass in that they persisted in making their bed underseath the house of Eliza Alfriend, a colored woman, residing on Fifth, betwen Church and Castle streets, after they had been repeatedly warned not to do so.
