

IN CONGRESS YESTERDAY

SENATE.

WASHINGTON, June 2.—On motion of Mr. Ransom, and notwithstanding Mr. Morgan's appeal for the consideration of the calendar during the morning hour, all prior orders were postponed, and the liver and Harb bill resumed.

The pending question was on Brown's amendment to increase the appropriation for improving Savannah, Ga., harbor, from \$65,000 to \$100,000.

After considerable debate Mr. Brown's amendment was rejected. It was generally admitted that the amendment was perfectly proper and necessary, but it was feared that if it should be agreed to other amendments would also have to be passed, and the bill would be so loaded down that it would fail entirely.

Two or three other amendments of similar character were offered, but were voted down or tabled without discussion.

The bill was then reported to the Senate without discussion.

The bill was then reported to the Senate, read a third time and passed.

The President pro tem, laid before the Senate a communication from the Secretary of the Treasury recommending the appropriation of \$150,000 for the light house board, for lighting the Mississippi, Missouri and Ohio rivers, instead of \$130,000. Referred.

Also a communication from the Secretary of War recommending an appropriation of \$400,000 to continue payment of land grants, and a set of March 31, 1879. Referred.

HOUSE OF REPRESENTATIVES

The morning hour was dispensed with, and the House at 11:20 went into Committee of the Whole, Mr. Whitthorne in the chair, on the General Deficiency Appropriation bill, the pending paragraph being that appropriating \$20,000 to enable the Secretary of the Treasury to provide storage for silver coin. To this was pending as a substitute the amendment offered yesterday by Mr. Bland, amended by Mr. Hodges, directing the Secretary of the Treasury to pay in standard silver dollars the amounts appropriated by this act; appropriating \$10,000 for the storage of so much of said coin as may be returned to the Treasury for certificates issued therefor, and providing that the salaries of members of Congress shall be paid in standard silver dollars.

A large number of amendments were offered and rejected, and Mr. Bland's substitute was finally rejected—yeas 12, nays 57.

Mr. Warner offered the following substitute for the original paragraph, and it was agreed to: To enable the Secretary of the Treasury to provide a more secure, and if need be, an additional vault room for coin and bullion, \$20,000.

Mr. Chittenden, of N. Y., remarked that the gold coin and bullion in the Treasury had, in three months, shrunk to the extent of \$18,000,000. It was being hoarded by the people because more valuable than silver, and it would be exported for the same reason, until our only coin currency would be depreciated silver.

Mr. Buckner thought there was no danger of silver driving gold out for a long while yet.

Amendments were adopted appropriating \$30,000 for maps and illustrations of the geological survey, and \$7,500 for detecting violators of the revenue laws.

Mr. Hiseock moved to strike out the proviso that no part of the appropriation for the expenses of United States Courts shall be used to pay deputy marshals for services rendered at elections. Rejected.

Mr. Page, of Colorado, moved to appropriate \$7,000 to pay deputy marshals for election services in Colorado last September. Rejected.

An amendment was adopted appropriating \$185,000 to pay judgments of the Court of Claims.

An amendment appropriating \$1,000 for the relief of the families of surfmen who recently perished at Aux Barques, Lake Huron, while acting under orders from the Life Saving Service, was adopted.

The Committee then rose and reported the bill to the House. The main question was ordered and the House adjourned.

Western N. C. Railroad.

Mr. Best, the newly elected president of the Western North Carolina Railroad, went up the road yesterday in a special train from Salisbury. He was accompanied by Col. A. B. Andrews, the vice president and superintendent under the new regime, and several others whose names we could not learn. Mr. Wilson, late president of the road, on Sunday turned the management of the road over to Governor Jarvis, and it was by him immediately turned over to the new directory, of whom it is said Maj. Wm. E. Anderson, of Raleigh is treasurer. Mr. Caddigan, who for some time has been Mr. Best's private secretary, is secretary, and G. P. Erwin is assistant secretary.

It is understood that no change is to be made in the other employees of the road for the present, but that the new arrangement is in the interest of the Richmond & Danville Railroad, and the appointment of Col. Andrews, who is now superintendent of the North Carolina Railroad, as well as the Atlantic & North Carolina Railroad, would seem to warrant this belief. Other developments are awaited by the general public.

A Household Need.

News and Notes.

There were coined at the Philadelphia Mint during May coins to the value of \$3,376,900. Of this sum there was in gold \$2,242,800; in silver, \$1,100,000, and in base coin, \$34,100.

A Nashville dispatch says that the Government will shortly bring suit against the Nashville, Chattanooga and St. Louis Railway for the past due coupons, amounting to \$153,000, on bonds issued in aid of that road and endorsed by the State. The bonds are held in trust for an Indian tribe.

A San Francisco dispatch says: A notice of an appeal to the Supreme Court has been filed, from the order of the Superior Court, sustaining the demurrer to the complaint and dismissing the proceedings instituted to remove Mayor Kallach from office.

Robert Bell & Sons' library at Asheville was burned Monday. The loss will be over \$10,000.

William and Richard Jefferson, of New York, met with a sad accident Monday night by falling over a bank near the New Suspension Bridge, on the Canadian side at Niagara Falls. William was instantly killed and Richard badly injured.

High water in King's grist-mill pond at Egawamin, Mass. caused the draw to give way yesterday, sweeping off a part of the mill, four bridges and part of the dam of the Agawam Water Company's mill below, besides making great gaps in the highway. The damage will amount to nearly \$10,000.

While the colored post G. A. R. was going to Laurel Cemetery, near Baltimore some of the negroes following went into a saloon near the cemetery and called for beer, for which they refused to pay. The proprietor attempted to eject them, when they raised a row. The police were summoned and found the raiders were among the saloon. The police officers and a woman were assaulted with stones. They tried to force their way into the saloon, but were repulsed, killing Charles Mosel and wounding several persons, among whom was a woman. The rioters then came to the city.

CABLE NEWS

LONDON, June 1.—Mr. Strathairn, a well known London publisher, has sailed for the United States. The London correspondent of the Manchester Guardian says he understands that one of the objects of his journey is to ascertain whether American publishers are not willing to agree to some better compromise than any of those which have been submitted in America relative to international copyright. It is hoped that at the next session a successful attempt will be made to settle this vexed question.

The Berlin correspondent of the Times says that the report that Russia has exacted a protective customs duty on German protectionists. Several journals which themselves advocate a protectionist policy as far as Germany is concerned, publish articles concluding as follows: "It is, of course, difficult to exercise any influence on the decisions of the Russian government, but it may be affirmed that our neighbor's commercial hostility is a bad means of promoting universal peace."

Vigorous opposition will be offered in the House of Lords to the bill brought forward by the government to permit the burial of dissenters in all churchyards and cemeteries without the Church of England service. The rejection of the bill will be moved on its second reading. The British foreign office has lately had under consideration a proposal laid before it that England should co-operate in the proposed international Polar expedition, but no promise to support it has been made by the government.

PARIS, June 1.—M. Henri Rochefort has accepted the challenge of M. Koe hin, a brother-in-law of the Prefect of Police, M. Adrien, to a hostile meeting, and has named M. M. Schreyer and Clemenceau as his seconds.

LONDON, June 1.—A Calcutta dispatch says that intelligence from Burmah states that the numbers of the insurgents are increasing, and the movement has now extended to Mandalay.

CAPE TOWN, June 1.—The Ex-Mayor Eugene arrived on the 28th of May at Stoyce, Zululand, near the spot where the Prince Imperial was killed.

Chatham Record: The farmers of this county are now busily at work harvesting their grain, which has ripened somewhat earlier than usual. We are pleased to hear such favorable reports of the wheat crop, which is said to be the best we have had in many years.

Greensboro Patriot: Mr. W. S. Moore, a dry goods merchant of this city, found in his store at the junction of East Market and Davie streets, on yesterday, a live king snake measuring three feet in length. His snake-ship was behind the counter moving around with all the majesty and grace of the modern clerk, patiently waiting for customers.

Charlotte Observer: Mr. Tom Ritch exhibited at this office yesterday a bunch of cotton stalks which measured each about eleven inches, and were of a very strong and healthy growth. The cotton was planted on the 22d of April. The crop in this county hardly ever looked better at this season of the year. —Rev. N. Aldrich left the city yesterday for Newport, Va., having accepted a call

from the Lutheran Church of that town.

Raleigh News: It was raining at Neuse river when the train from Weldon passed there last night. The druggists of North Carolina are taking steps to form a State Pharmaceutical Association. All of the leading druggists have signified their adhesion to the plan, and a meeting to organize the Association will probably be held in Raleigh on the 11th of August.
