 Watermelon time is most here.  
 Who was it predicted a mild summer?  
 Just 196 dog badges had been sold up to 4 o'clock this afternoon.  
 It is estimated that at least 25,000 pounds of ice were consumed in this city yesterday.

**Health Officer James** sent ninety-eight bunches of fish out of market on Saturday.  
 The question is, if the *Passport* is taken off of the river will another boat be put on in her place?  
 The floating compress has been changed into a steam barge and will hereafter be known as the *Davenport*.  
 In some places in this city one cannot tell how hot it is because there are no thermometers in the neighborhood.  
 Everybody can get suited with a Pocket Knife, also Table Cutlery, at JACOBI'S Hardware Depot.  
 And now they tell us that the population of this city will have to reach 30,000 before we can have a free postal delivery.  
 Up to 4 o'clock this afternoon 1,705 persons had listed their city taxes and 1,435 persons had listed their county taxes.  
 What excellent weather for singing "Greenland's Icy Mountains" Come, brethren, raise the tune, and let's see if it won't make us feel cooler.  
 Really mixed Paints, strictly pure White Lead, Colors, Brushes, Window Glass, &c., at JACOBI'S  
 Cutting teeth is one of the hardest pieces of work the Baby does; why not then help it out by allowing it occasional doses of Dr. Bull's Baby Syrup.  
 The reason men don't follow the example of women and stop to look into the windows of millinery stores is because such windows don't contain fancy pipes and the portraits of burlesque actresses.  
 A slight change in the schedule of the through freight and accommodation trains on the Wilmington & Weldon and Wilmington, Columbia & Augusta Railroads goes into effect to-day, as per notice published elsewhere.  
**Finishing Up.**  
 The census enumerators in this city have about completed their work. Mr. Jno. D. Stanford, Superintendent of census for this district, is expected in this city on Wednesday to look over the papers, etc.  
 Our Spring and Summer Goods for Gent's, Youth's and Boy's wear is still large and attractive. Those who want the noblest, the newest, the latest, the best and the cheapest goods always go to Shrier's.  
 When you visit or leave New York City, stop at the Grand Union Hotel, opposite Grand Central Depot. European plan. Rooms reduced to \$1.00 and upwards. Restaurant unsurpassed at moderate prices. Street cars, stages and elevated railroad to all parts of the city.

**To-Morrow.**  
 Our friends of the Front Street Methodist Church will have an excursion to-morrow. As they know how to get such things up we are confident that those accompanying them will spend a pleasant day. See advertisement in another column.

**The Fourth this Year.**  
 The Galorious Fourth (hic!) falls this year on Sunday, just three weeks from yesterday. The absorbing question now is as to whether we shall all take Saturday or Monday. The latter is most appropriate but the old stagers argue that it must be Saturday so that they may have Sunday to sober off on. We are willing to please everybody by taking both Saturday and Monday.  
 Mr. Nath'l Jacobi having been appointed agent for the *Atlas* Flour, parties in want of this celebrated Flour can now have their orders filled at JACOBI'S Hardware Depot, No. 10 S. Front st. if.

**Personal**  
 We are glad to welcome back home again Major C. P. Bolles, of our city, who after an absence of two years and a half on the Pacific coast, has been ordered to Washington City for duty, with the privilege of a two weeks furlough before he enters regularly upon duty again. Major Bolles gives a very interesting account of his trip down the Pacific coast from San Francisco to the tropics on the coast of Central America, and is high in his praise of the gentlemanly officers of the U. S. man-of-war *Tuscarora*, with whom his lot was cast. We trust, however, that Major will be able to receive orders to report for duty at some point nearer home when he is again ordered on a surveying expedition.

You can buy No. 1 Cooking and Heating Stoves at almost any price at JACOBI'S Hardware Depot.

**To be Taken Off.**  
 There is a strong probability of the steam yacht *Passport* being taken from the river and carried North. She has been sold by Commodore Chesborough and purchased by Mr. Trowbridge, who is now in this city, accompanied by Capt. Simmons, who is to take charge of the steam yacht and carry her to New York. We understand that Mr. Trowbridge is willing to sell the boat. There are quite a number of our citizens who will be exceedingly sorry to see the little steamer taken off. Commodore Myers has done all in his power to run her in order to accommodate the citizens and give them the maximum amount of recreation for their fare, and Capt. Harper, by his uniform kindness and consideration, has made the *Passport* a household word in nearly every home in this city.

Full Metal and Walnut Show Cases, all styles and sizes, at ALTAFFER, PRICE & Co's.

**Protection From Mosquitoes.**  
 We copy from an exchange: Apply good verberna water to the skin, and you may rest and sleep in the midst of thousands with impunity. Mind, it will not drive them away, but they will not bite as long as a faintest trace of the perfume remains. The following is a recipe for a superior article; any druggist can put it up, and the expense is trifling: Essence oil verberna, (*Limonis Trifolia*) one drachm; cologne spirits, (not cologne water) ninety-five per cent., one pint; mix and agitate for twenty-four hours, then add distilled water, four ounces, and filter. Bathe the face, neck and hands well, and mosquitoes will not trouble you.

**Hot as—Blazes.**  
 As an evidence of the high state of the temperature of the atmosphere in this locality on Saturday last, a gentleman today informed us that on that day he sent in a box, where there was ample room, to the Sound eight fowls, one rooster and seven hens, and that it was about half-past seven o'clock when the cart containing the box was started, and by 11 o'clock when the cart reached Masabor Sound, the rooster and four of the hens were dead; all of which he says was owing to the excessive heat during the day, and yesterday was no cooler, and it is about the same thing to-day. Oh! for a lodge in some vast wilderness, away from the heat and dust of city life until the glorious golden autumn season once more returns to invigorate all animal life.

Plows, Shovels, Pitchforks, Spades, Rakes, Trae Chains, Plow Lines, &c For the lowest prices, go to JACOBI'S.

**The Escaped Prisoner**  
 Mingo Hill, superintendent of the Pine Forest Cemetery, (colored) reports that on the day after George Myers, the colored burglar, escaped through the iron barred cell and about three feet of brick and mortar, in the outer wall of the jail, that he discovered a man lying in the Cemetery about 5 o'clock in the afternoon, and upon asking his business, the aforesaid man begged not to be disturbed, as he was very sick and tired, and only wanted a few moments' repose. Yielding to his request Hill turned away and never saw him any more. That same evening the Review contained a full account of the break-out of jail, and old Uncle Mingo, when he heard of the news contained in the Review, exclaimed, "that's the man, he was in the Cemetery this afternoon," but it was too late for pursuit. By the way, has any effort been made to catch the escaped criminal? Has any reward been offered for him? It strikes us this is a matter worth the attention of the proper authorities and should be looked into.

Window Glass—all sizes at Staffer & Price's.

**Death of Capt. Beery.**  
 Capt. W. L. Beery, of this city, a gentleman well known here as a ship builder, and for many years of the firm of B. W. & W. L. Beery, died here yesterday afternoon, at 7 o'clock, of pneumonia. He had been sick for about two weeks. The funeral services take place this afternoon.

Window Glass of all sizes, Doors, Sash, and Blinds, Builders' Hardware, &c. Low prices at JACOBI'S.

**Alarm of Fire.**  
 The alarm of fire was sounded this afternoon, at 4 o'clock, caused by the boiling over of a pot of glue at the Union distilleries, in the southwestern portion of the city. A donkey pump on the premises was put into requisition and the fire was quickly extinguished. The fire department was turned back before reaching the spot.

**Sad News.**  
 We regret exceedingly to hear that a private telegram was received in this city to-day announcing the death of the wife of Mr. Thomas W. Brown, formerly of this city, in Brooklyn, last night. Mrs. Brown's maiden name was Lucy Empe. She was a daughter of the late Rev. Dr. Empe, and a sister of the late Adam and W. R. Empe of this city. The remains we learn will leave Brooklyn to-night. Further announcement, in regard to the funeral services, will appear in tomorrow's issue of this paper.

**Hot Enough?**  
 The heat during the past three days has been intense, although this afternoon, as we write, there is a delightful breeze which seems to mitigate the fierceness of the sun very materially. At 3 o'clock today the thermometer in this office stood at 90 degrees, the same point reached at the same hour on Saturday. Yesterday was fearfully warm during the forenoon and it is said that at one point on Front street the thermometer stood at 102 at 2 o'clock. As a very hot spell of weather, however, generally lasts with us but three days, and as this is the third day of this spell, we may reasonably look for a little more moderate term to set in to night or to-morrow.

Physicians freely prescribe the new Food Medicine, "Malt Bitters," because more nourishing, strengthening and purifying than all other forms of malt or medicine, while free from the objections urged against malt liquors.

**Silverthorn, the Maniac.**  
 The readers of the REVIEW have on more than one occasion heard from us relative to a young man by the name of Silverthorn, a maniac, and with but one arm, who a few weeks since kicked up such a terrible disturbance in his cell at the guard house, where he was confined for safe keeping and who recently made such a desperate attempt to escape from the Insane Department of the County Poor House where he is now secured. Capt. Brock, Chief of Police, hearing that he was from Bolydore, N. J., wrote to the Sheriff of the county (Warren county) for information and in reply has received the following letter, which probably explains itself and sets forth, almost beyond doubt, that Silverthorn is of good family. The following is the reply received by Capt. Brock:  
 Sheriff's Office, Bolydore, Warren County, N. J.  
 JUNE 12th, 1880.  
 H. C. BROCK, Esq.—  
 DEAR SIR:—Yours of the 10th inst received and there is very little doubt, but that the party you speak of is the son of our townsman, ex late Senator William Silverthorn. I handed him your letter and you will hear from him direct. I will say that Mr. Silverthorn is one of our most prominent citizens, and reliable. I am not at this time able to give you the young man's history, though you will doubtless receive it from his father, who is much cast down—though very thankful for your kindness, glad to have tidings of his lost son.  
 Very truly,  
 [Signed] B. F. HOWEY, Sh'ff.

**DIED.**
