Alive and Well.
 A report was in circulation in the city yesterday afternoon to the effect that Ransom Jones, a colored man, belonging to this city, and employed on a lighter plying between the city and the mouth of the river was knocked overboard at Smithville and drowned. How the thing originated we have not ascertained, but we do know that the said Ransom Jones was in the city to-day, alive and well, and with no immediate desire or intention of departing to seek the unknown bourne.

Capture of an Escaped Convict—His Second Attempt at Escape.
 Geo. Hill, an escaped convict from the penitentiary gang, who eluded the vigilance of the guard while at work on the Quaker Bridge road, near Newbern, a few days ago, was brought to this city last night by Messrs. Jas. O. Wilson and Jno. W. Garrett, of Federal township and lodged in jail. Hill, who was originally sent from this county to the penitentiary for six years, for the larceny of some sails, the property of the Messrs. Kidder, after making his escape wandered in the direction of the Sounds and was seen by a carriage driver of Capt. Southerland's while on the road to the Sound a few days ago, which fact the driver reported in this city and the Jailor, Dan. Howard, was out in search of the convict last night, when he was brought in by the parties above mentioned.
 The circumstances of the capture are simply these: The convict made his appearance on Myrtle Grove Sound yesterday, about 1 o'clock, and entered the premises of Mr. Jacob Horne, who resides in that locality, stealing therefrom a bucket of butter and a few other articles, and was discovered while in the act of leaving the place with these articles in his possession. The alarm was given and the thief pursued and finally captured in the swamp of a creek or branch near where he had committed the depredations and immediately started for this city under the surveillance of Messrs. Wilson and Garrett who conducted him safely to the city until they reached the corner of the First Presbyterian Church, where he broke and ran. One of the guards fired twice at the escaped prisoner without effect, but they both continued the pursuit and when they reached the corner of Fourth and Dock streets, succeeded with the assistance of a policeman in recapturing him. The convict was then taken to the jail and committed. Whether there will be another case of larceny brought against him at the next term of the Criminal Court or whether he will be sent on back to the Penitentiary to remain until his present term expires before he is tried upon the last count deponset saith not.

One of the greatest social problems of the day is to explain why there are so many marriageable women who never get married. It may be explained in the fact that there are so many young men not worth marrying.
 There is a big Sound party to-night given by the Comets Club. Nearly every available vehicle in the city will be pressed into service. They will have a splendid evening for it.

CINCINNATI.

THE DEMOCRATS IN COUNCIL.
 Only a Temporary Organization as Yet
JOHN KELLY SNUBBED.
 Adjourned Until To-morrow.

(CINCINNATI, June 22—2 P M)
 The Convention was called to order at 12.30 P M with Judge Hoadley, of Cincinnati, as temporary Chairman. The roll of States was called.
 Mr. Watterson, of Kentucky presented a petition from the territories for admission to the Convention.
 When New York was reached Mr. Kelly arose and was received with cheers and hisses. He protested against having members from New York taken for Committees. The Chairman declined to recognize him, as being out of order, whereupon great confusion ensued.
 The several necessary committees were then appointed, after which some discussion took place as to extra seats for the accommodation of the press.
 The rules of the last Democratic National Convention were adopted as those which should govern in this body.
 Judge Hoadley, in speaking of the third term heresy, stated that the newspaper reports to the effect that Grant's name would be considered by the Convention were utterly false and without foundation. The Convention has adjourned until 10 o'clock to-morrow.

The Race.
 The excitement in yachting circles is booming. Owners of yachts will only talk 'race.' Each yacht is being 'greased and heeled' for the regatta which will take place over the Wrightsville course on the fifth of July.
 Everybody can get suited with a Pocket Knife, also Table Cutlery, at JACOBI'S Hardware Depot.

Received a Gold Medal.
 Mr. Chesley C. Bellamy, son of Dr. John D. Bellamy, of this city, received a handsome gold medal from the faculty of Wake Forest College as a prize for the best orator in the College. We congratulate Me. Bellamy upon his success.
 Hall's Vegetable Sicilian Hair Renewer is a splendid dressing for the hair. No other like it. Try it and judge for yourselves.
Will We Get It?
 We understand that it is optional with the Postoffice Department in Washington, D. C., whether a city with 20,000 population has a free postal delivery or not. There are now instances where cities considerably under 20,000 population have free postal deliveries. We trust that an effort will be made to secure to this city the much coveted system.

Signs of the Times.
 If he puts his arms around her like a bear and stops her breath when he kisses her, they are not married but are likely to be. If he puts his hands on her shoulder, leans forward a little, snatches the prize, and falls back, they have been married two weeks. If he comes up with his hands in his pockets, looks out of the window, says: 'Well, good-bye,' gives her a tasteless smack, and rushes off, they have been married two years and life is a desert.
 Window Glass of all sizes, Doors, Sash and Blinds, Builders' Hardware, &c Low at prices at JACOBI'S.

Will you Assist Them?
 The census enumerators of this city are now busily at work transcribing the names of the inhabitants of Wilmington. As soon as this work is completed they will sit at the Court House as required by law to make corrections and alterations. The citizens are earnestly requested to visit the Court House and ascertain if they are properly enumerated and also to see that the names of persons, not members of their families, but boarders, and the servants living on their premises are enumerated. The enumerators are satisfied that they have missed some names, as the heads of families would often forget to give in the names of their boarders and relatives living with them.
 A valuable horse, the property of Mr. T. Edward Sprunt, has either strayed off or was stolen from Mr. Sprunt's residence, on Wrightsville Sound, a few days ago. See advertisement elsewhere.
