If the salt in the ocean should spread over the land it would cover it to the depth of 900 feet, but it would kill business. So let's just as well perhaps to leave it where it is.

The Editor of the Fayetteville Examiner finds it convenient to use matter from the REVIEW but inconvenient to give credit for his extracts.

Window Glass of all sizes, Doors, Sash and Blinds, Builders' Hardware, &c. Low est prices at JACOBI'S.

The Wilmington Market Company, we understand, claim to have filled their contract with the city and will now expect the city to fulfill its part of the agreement.

We don't often have to complain of the Charlotte Observer but in this instance we must call Bro. Jones' attention to the fact that the article in his editorial columns yesterday in reference to the battle of Williamsburg appeared originally in the REVIEW.

But Little Water.

Capt. Worth, of the steamer A. P. Hurt, reports the river as very low and yet falling, the rains which have been so frequent and copious in this section not having extended farther up the Cape Fear than Whitehall.

You can buy No. 1 Cooking and Heating Stoves at almost any price at JACOBI'S Hardware Depot.

A Quick Response.

Mr. C. W. Yates, photographer in this city, wrote a letter to General Hancock under date of the 17th inst., making enquiry as to what house in New York had the best likeness of himself. This morning the reply came from Joe S. Wharton, Secretary, in a courteous reply giving the desired information.

Floral Fair Hop.

Thanks for an invitation to attend the Floral Fair Hop, to be given in Crowder's Hall, Wadesboro, next Wednesday evening, the 28th inst. Messrs. W. L. Steele, O. M. Little, R. E. Little, Jno. Darguin, and Saml. C. Alexander, Jr., are the Committee of Invitation and Messrs. W. O. Hardison, W. L. Parsons and J. A. Leak, Jr., are the Floor Managers.

Military Matters.

We learn, through General M. P. Taylor, that the Adjutant-General of the State has determined not to designate any special companies as the escort of His Excellency Gov. Jarvis, to King's Mountain. General Jones thinks the whole corps should be his escort, as they undoubtedly will be on that occasion. His Excellency will meet the troops at King's Mountain, because he will be on his canvass of the State at that time, and could not designate where he would be the day the troops start.

Young Democrats in Arms.

Pursuant to notice a large and enthusiastic meeting of the young Democracy of the city was held at the City Hall, last night at 8 o'clock, for the purpose of perfecting the organization of the 'Young Men's Hancock, Jarvis and Shackelford Club.'
Mr. P. Heinsberger was called upon to act as temporary chairman, and, taking the chair, explained the object of the meeting, after which the following permanent officers of the club were elected, viz:
President—J. L. Roberts.
Vice President—Geo. Harris, Jr.
Secretary—J. A. Taylor.
Assistant Secretary—W. N. Jacobs.
Treasurer—A. H. Zeller.
Captain—O. H. Keen.
Committee to draft by-laws—Messrs J. D. Kelley, J. N. Anderson, J. B. Munson, H. H. McElhenny, J. P. Shelley and C. H. Keen.
Messrs. P. Heinsberger and Josh T. James were elected honorary members of the club.

The purpose for which the meeting was called had been accomplished, the club then adjourned, after giving three rousing cheers for Hancock, Jarvis and Shackelford.

The club is composed of excellent material—young men who will work most heartily for the success of the party in November. The membership is already large, but we trust that it will rank among the hundreds at the next meeting.

Columbus O. K.

We had the pleasure of a very brief chat with Capt. V. V. Richardson, of Columbus county, today, and he informs us that the crops in his county are as flourishing as could be reasonably desired and that the true-hearted people are wide awake to the importance of the present political campaign and that Columbus, always a strong Democratic county, is going to astonish somebody with the big majority she will poll in November for Hancock, Jarvis and Shackelford.

See a woman on horseback in another column, riding near Speer's Vineyards, with a bunch of Grapes from which Speer's Port Grape Wine is made, that is so highly esteemed by the medical profession for the use of invalids, weakly persons and the aged. Sold by Druggists.

City Court.

Cain Washington, colored, and Mary Susan Franks, who was of the same delicate hue, were arraigned this morning before His Honor upon the charge of disorderly conduct and engaging in a disturbance on the streets last night. The Mayor gave the colored 'gemmen' fifteen days in the C.P. to cogitate upon the ways that are dark, and told the sable hued damsel she could be released upon payment of costs, in default of which, however, she went below, and the Court adjourned.

Growing Enterprise.

Yesterday afternoon the steamer *Eliza*, both towed up to this city five large shad boats loaded with dressed sturgeon. They were consigned to Mr. John Carroll who had them carried to his packing house and packed in ice for northern shipment. Two tons of ice were used in packing the sturgeon and the shipment is said to be the largest ever made from this city. The season is fully a month in advance of last year, and we are told that between now and the first of November at least \$5,000 will be paid out to fishermen engaged in capturing and slaughtering the sturgeon.

The fisheries are an industry worked up in this city in the past three years, and is one which brings a revenue to those who engage in it of at least \$12,000 during one season. No money is sent away but on the other hand, it is brought here and finds its way into circulation. There are but few persons in this city who have the slightest idea of the magnitude of the enterprise and how much good it does the working classes of the community.

Magistrate's Court.

Randall Jordan, colored was brought before Justice A. J. Grady, of Cape Fear township, charged with carrying concealed weapons, and upon the testimony was found guilty. In default of bail he was committed to jail to await his trial at the next term of the Criminal Court.

He was also arraigned before the same tribunal upon a charge of assault and battery upon his wife with a slingshot. The charge was proven, and in this case in default of bail he was committed to await his trial at the next term of the Criminal Court.

Jordan is the culprit whose arrest upon another charge was attempted several months ago by Officer Schriver, which resulted in the accidental killing by the officer of William Jones, colored, who at the time was assisting in securing Jordan's capture, the melancholy incidents of which were published in the REVIEW at the time of the occurrence.

All for Love.

Ralford Bryant, colored, was sent here to-day upon a commitment issued by justice K. F. Powers, of Holly township, Pender county, upon a charge of larceny. It seems that Bryant felt a strong desire to 'go a courting,' and not having a wardrobe sufficiently extensive from which to select a 'scrumptious' suit, he went to the house of a neighbor, (who was absent at the time) and finding the door locked with the key in the lock on the inside, he took a stick and pushed the key out upon the floor. He then inserted the stick under the door, and after some little trouble, succeeded in getting it outside the door. After getting the key in his possession, he unlocked the door, entered the house, donned the best suit of clothes he could find, then went to the stable, saddled and mounted a horse, and rode off to see his Glory Ann. After brisling for while in the sunshine of love and enjoying the fragrant odors of requited affection, he returned with the best and the clothing, but in the meantime the party from whom they had been stolen had returned, discovered the loss and taken out a warrant for the arrest of the lover, and now Ralford is sad while his jularkey mourns in her desolation.

That 'buzz saw' tobacco advertised in this issue by Messrs. Hall & Pearsall is a fine article, as we happen to know from having tried it.

The law against carrying concealed weapons does not apply to bicycles. They are revolvers, but they avoid cartridges, and never go off to themselves.

Neither failing teeth, nor the peeping wrinkles of time, so forcibly tell of advancing years, as your gray hair AYERS VIGOR restores its color and makes your appearance more agreeable to others, as well as yourself. With fresh, luxuriant hair, the infirmities of age are far less noticeable.

A modern philosopher says: "Never climb so high that you cannot get down without falling. On the other hand none should keep so low that they cannot fall."

Capt. Coney, in a card in this issue, makes a regular announcement of the fact that he has sold out to Mr. W. H. Styron his stock of goods and bespeaks for him the public favor.

Exhalations.

From the matter that creates malarial Fevers—Yellow Fever and its kindred ailments, are not cognizable by the senses, but imperceptibly locate in the blood, poison it, and originate the diseases named. Warner's Safe Kidney and Liver Cure, used in connection with Warner's Safe Pills, is the only blood purifier known.

The steamer *Regulator*, Capt. Doane, is expected here early to-morrow morning. She did not leave New York until the Wednesday of this week, instead of on last Saturday, the regular day.

Customer—"Why are 'Malt Bitters' so popular?"
Druggist—"Because, as a Food Medicine, they enrich the blood, harden the muscles, quiet the nerves, perfect digestion."

Business is now about at its dullest stage. Nevertheless, the merchants don't look at all blue, for the good news of the crops tells them that the fall trade is going to be the best we ever had.

Insufficient Drainage.

Unclean cess-pools, filth of any character, exhalations from marshy lands, all this, poisoning the blood, bring on Yellow Fever. The sole and only remedy that will act directly upon the Kidneys and Liver—the cleanser of the blood—is Warner's Safe Kidney and Liver Cure, used in connection with Warner's Safe Pills. jy 2.

WILMINGTON, N. C.

DISCOVERED VERY SOON after they commenced their remarkable career, that success in the Grocery Line did not consist in having and holding a HEAVY STOCK, as

- 5,000 Barrels Flour,
- 1,500 Hhds Bacon,
- 20,000 Sacks Meal,
- 10,000 Hams,

—requiring an immense and unnecessary outlay of capital and expense, and warehouse and store room, extravagant credits, a long list of employees, truck drivers, clerks, &c. The plan was to open direct personal communication with the best Grocers, where these articles were kept in best hands and immense quantities, out of all reasonable expectation of being needed here; make arrangements with the Railroad Company for transportation; connect the stores by telegraph with the leading grocery stores of the world; keep a Small but select assortment; put prices down to the Bottom Figure; have Small Profits and Big Sales, watch the markets for Speculations, guarantee every article sold, make prompt delivery, spend time and money in the Northern markets in personal selection, and await returns.
