the recent very heavy rains. Daily some  
new washouts is reported at Police Head-

work repairing the damages.

**Modern Improvements.**  
The work of erecting the new iron  
bridge over the railroad tracks at the head  
of Front street has been begun in earnest.  
All the parts of the new bridge are here  
and as soon as the buildings have time to  
settle the iron stringers will be laid.  
While workmen are engaged on the  
bridge these in the yard have not been  
idle. The old car shops have been torn  
down and a large new building is now  
being erected at the corner of Third and  
Hanover streets. The improvements are  
much needed and will no doubt be of  
great service to the company. In the  
meantime preparations are being made to  
build a new and almost exhaustive round  
house on the site of the old buildings  
which have been pulled down to make  
room for modern improvements. It is  
calculated that this new round house will  
hold all of the locomotives of the road at  
one time, should such be necessary. It  
will be supplied with all things necessary  
and convenient, among others a turn-table  
in the centre of the building.

Everybody can get suited with a Pocket  
Knife, also a Table Cutlery, at JACOBI'S  
Hardware Depot.

**Browned.**  
Saturday night Sergeant Green, of the  
police force, discovered several articles of  
wearing apparel on a flat at the foot of  
Market street. At the time several boys  
were in bathing but on passing about an  
hour afterwards he found the clothes in  
the same place. Everything was quiet  
about the wharf and flat, and taking for  
granted that the owner had been drowned  
he carried the clothes to the station house.

Yesterday they were identified by the  
mother of David Mallett, as being the  
clothes he wore. Mallett has been miss-  
ing since Saturday night and persons are  
well satisfied that he has met a watery  
grave.

Mr. Nath'l Jacoby having been appoint-  
ed agent for the Atlas Plow, parties in  
want of this celebrated Plow can now  
have their orders filled at JACOBI'S Har-  
ware Depot, No. 10 S. Front st.

**City Court.**  
Quite an array of cases awaited the  
consideration of the Mayor this morning,  
at the usual court hour, all of which—with  
one exception—were Saturday night fish,  
and the result, in most cases, of too much  
"ignite" poison or "kill-me quick Jersey  
lightning."

The first case disposed of was a sailor  
man, who bears the strange and unusual  
cognomen of John Smith. The charge  
against him was assault and battery, pre-  
ferred by the captain, who caused his sail-  
or's arrest for assaulting one of the other  
sailors yesterday on board of the British  
barquentine *Mary Frost*. An increase of  
\$5 in the City Treasury was the result of  
this investigation, and the man who goes  
down to the sea in ships was sent aboard  
of his vessel in a reflecting mood.

Dan Watson and Jim Roan, two colored  
lads, aged respectively about ten and  
twelve years, were arrested Saturday night  
by officer Ned Griffith, charged with  
throwing stones and watermelon rinds into  
the market carts and stores along Market  
street. The Mayor had a sentence of \$5  
fine or ten days in the City Prison,  
recorded against them, and the mischiev-  
ous little brats were taken below.

George Johnson, a man of suspicious  
looks and suspicious conduct, was arrest-  
ed by Officer Woebse on Saturday night,  
acting in a very peculiar and suspicious  
manner in the neighborhood of Washing-  
ton's boarding house, on North Water  
street. The Mayor told the defendant he  
would give him two hours to leave the  
city.

The next case called was George Dry-  
ant, colored, charged with disorderly con-  
duct, on Saturday night, in the neigh-  
borhood of the new Market. Officer  
Walker testified that defendant used loud  
and boisterous language, applying several  
profane epithets to another colored man,  
evidently seeking a difficulty with him,  
and refused to cease his abuse after having  
been admonished by the officer. His  
Honor said he was determined to break  
up this habit of cursing on the streets  
and ordered a sentence of \$10 fine or ten  
days in the City Prison to be entered  
against the defendant.

Edward Stanley, colored, was arrested  
on Saturday night on the corner of  
Twelfth and Market streets, charged with  
threatening to kill his wife and his mother  
in-law.

The foregoing was the complaint made  
at Police Headquarters by defendant's  
brother-in-law Shepherd, who caused the  
man's arrest, but the charge was alter-  
wards withdrawn and disorderly con-  
duct substituted by the prosecutor. Offi-  
cer Ned Griffith testified that he arrested  
the defendant on Saturday night about  
11 1/2 o'clock under instruction of the Chief  
of Police, that the prisoner at first  
said that he would die before he would  
allow any one man to arrest him, but af-  
terwards succumbed and came along very  
quietly. The defendant made an earnest  
appeal to the Court for clemency, urging  
that he never has been guilty of any mis-  
conduct nor brought before any court  
before. The Mayor remarked that as it  
was the first offence he would impose  
a fine of \$5 or give the defendant the al-  
ternative of ten days in the City Prison.

This closed the proceedings and the  
Court adjourned.

Why suffer sleepless nights when your  
Baby is not well? You can buy Dr. Bull's  
Baby Syrup at all Drug Stores for a quar-  
ter of a dollar.

Mr. J. A. Springer, who has been ab-  
sent from the city about a month past, re-  
turned here Saturday night. His holle-  
day this year carried him far into the  
West, away up into the Rocky Moun-  
tains. We are glad to see him looking  
better and stronger than when he left  
here.

Hon. A. M. Waddell on Wednesday  
last addressed the Vermont Democratic  
State Convention in session at Burling-  
ton. The reports say that he is doing  
splendid work for the party in that State.

The Raleigh News says: The Connect-  
icut Fire Insurance Company, through  
its general agents, W. L. Smith & Co., of  
Wilmington, has paid the semi-annual  
tax on gross receipts for the six months  
ending June 30.

The sunset yesterday was simply grand.  
It was one that no artist could paint nor  
the skies of Italy could surpass. The  
tints were innumerable and the picture  
will long be remembered by those who  
noticed it.

In our report on Thursday of the pro-  
ceedings of the N. C. A. P. on the previous  
evening, we stated that Mr. Josephus  
Daniels responded to the address of wel-  
come. This was a mistake. Mr. Daniels  
is not a member of the Association, but  
delivered the annual address on an invita-  
tion to do so. We make this correction by  
request.

Judge Buxton has resigned his position  
as Judge in the Fourth district to ac-  
cept the nomination for Governor. It is in  
order now for Mr. Canaday, who wants  
to go to Congress from this district, to  
resign the Collectorship of this port.—  
Those who know Mr. Canaday best have  
no doubt that he will immediately—hold  
on.

We regret to learn of the death of  
Maria Mallett, a very worthy young  
colored woman, resident in this city, and  
a teacher in District No. 1 colored school  
of Wilmington. The deceased, we learn,  
was an exemplary member of St. Mark's  
(colored) Episcopal Church and also a  
member of the choir in that Church.

**To Return.**  
Mr. R. F. Eyden has received a letter  
from Capt. B. F. Latham, of the steam  
tug *Blanchet*, in which Capt. L. states  
that the tug is now in Philadelphia where  
she will remain until the latter part of  
August and then return to this city.

**Personal.**  
Rev. Dr. Patterson, Rector of St.  
John's Parish, will leave here to night  
for Sewanee, Tenn., to attend a meeting  
of the Board of Trustees of the Univer-  
sity of the South, of which he is a mem-  
ber, to be held there in a few days. He  
will be absent several weeks.

**A Remedy Worth Trying.**  
Those who have pet canaries or mock-  
ing birds can well afford to try the follow-  
ing experiment, which, it is said, has  
been successfully tried by a bird fancier  
in another part of the State: It is asserted  
that if you keep in your bedroom a canary  
or mocking bird you will not be  
disturbed by mosquitoes, flies, fleas,  
roaches or rats. It has been found that no  
insect will disturb a sleeper while the  
birds are singing. Try it for yourself.

**An Alligator in the River.**  
A large alligator, described as being  
some twelve feet long, as large as that  
brought down from Black River a few  
months ago by Capt. Paddison, is now  
sporting himself in the festive waters of  
the Cape Fear in front of this city. He  
was seen near Point Peter on Saturday,  
and was there shot at, and on yesterday  
afternoon, about 4 o'clock, he was found  
sunning himself on a raft in front of  
Mr. Taylor's mill, foot of Walnut street.  
The boys should be cautious about bathing  
in the river until his gatorship disappears,  
and in a manner that can be accounted  
for.

**Good Boating Water.**  
Telegraphic advices from Fayetteville  
to day indicate that there have been good  
rains in the interior and state that there  
is now a plenty of water in the river for  
boating purposes. For the first time in  
weeks, therefore, the steamers may be  
expected to run on regular schedule. We  
do not suppose that the freshet will be  
large enough to hurt any of the lowland  
crops in Bladen county, unless there  
should be continued rains. There was 2 1/2  
inches of rain at Raleigh on Saturday and  
there were heavy rains also, we under-  
stand, on that day, on Deep and Haw  
rivers.

ing Supplies from Altaffer & Price.

**A Sick Man and a Hot Sun.**  
A man giving his name as Charles Mc-  
Koy, who was once a sailor on the Br.  
barque *George Davis*, was brought to  
this city yesterday morning in a cart from  
Town Creek, Brunswick county, desper-  
ately sick with a fever and in a totally  
unconscious condition. The act was in-  
tended to be a humane one, no doubt, in  
sending the man to the city where he  
could receive medical attendance, but the  
time selected for conveying the invalid  
was a most inopportune one as the sun  
was shining with all the intensity of a  
midsummer's sun, which, as a matter of  
course, as there was no covering to the  
cart, accelerated the disease and increased  
the fever to a fearful extent, so much so  
that the sick man's pulse registered one  
hundred and forty when the cart  
reached the City Hall between  
ten and eleven o'clock yesterday  
morning. Dr. Walker, the city physi-  
cian, was immediately sent for and al-  
though the case seemed entirely hopeless,  
went to work with the same amount of  
assiduity that he would under any other  
circumstances for suffering humanity, and  
in the course of a few hours succeeded in  
restoring the man to consciousness. Dr.  
Wood, Assistant Surgeon in the U. S.  
Marine Hospital, in the meantime was  
called also, and made arrangements to  
have the sick man transferred from the  
City Hall to the Marine Hospital, which  
was done this morning, and there are  
now strong hopes entertained, we hear,  
of his recovery.

Capt. Jno. Cowan, Secretary of the  
Board of Magistrates, gives notice in this  
issue that a meeting of the Magistrates  
of the county will be held at the Court  
House, on Monday, August 2d, at 10  
o'clock, in accordance with the law, for  
the purpose of electing a Board of Com-  
missioners for the county for the ensuing  
two years.

Neither failing teeth, nor the peeping  
wrinkles of time, so forcibly tell of ad-  
vancing years, as your gray hair  
AYERS' VIGOR restores its color and  
makes your appearance more agreeable to  
others, as well as yourself. With fresh,  
luxuriant hair, the infirmities of age are  
far less noticeable.
