A calf's tongue is to be preferred to a bee's stung.
Watermelons and cantaloupes are still plentiful.
Shrimps have been scarce for the past two or three days.
Quantities of fish are being caught at the fisheries at New Inlet.
No City Court to-day, owing to the Mayor's absence from the city.
Save your money and buy your Building Supplies from Altaffer & Price.
When the world comes to an end, what will be done with it? The end, we mean.
One hundred and seventy-five bunches of fish were sent out of market this morning.
Raising a structure is like raising a baby—great care should be used in the underpinning.
You can buy No. 1 Cooking and Heating stoves at almost any price at JACOBI'S Hardware Depot.
The market was well supplied with watermelons and cantaloupes this morning but vegetables were scarce.
There were a good many pears, peaches and apples in market this morning. Who was it that predicted this would be a bad fruit year?
People talk of moneyed responsibility! There is no responsibility like a Baby. How important then that its health be maintained by the use of Dr. Bull's Baby Syrup. Price 25 cents a bottle.
Are the private premises in this city properly policed? We take it they are not, judging from the stench which is emitted from some of them.
The regular August regatta is the theme in yachting circles. There will doubtless be at least two regattas next month and possibly two or three challenge races.
Customer—"Why are 'Malt Bitters' so popular?"
Druggist—"Because, as a Food Medication, they enrich the blood, harden the muscles, quiet the nerves, perfect digestion."
African Parrot.
Mr. S. Jewett has at his store on Front street, a grey African parrot. The bird is very pretty, besides being able to talk and sing nicely. This species are said to be much more apt than the common green parrot.
To Make a Visit.
We understand that Mr. Fletcher Manning, who has been travelling with the Mahu Opera troupe as basso, is expected in this city in a few days on a visit to his family. Mr. Manning has achieved a reputation for himself which any young man might feel honored to wear. He is a member of the celebrated "Orpheus Quartette."
New City Hospital.
We saw this morning a very handsome design for a new City Hospital, drawn by Mr. J. H. Vaughan, architect of the new Market House. If the building is ever erected it will be quite an addition to the city. The ground plan provides for all the modern improvements and conveniences, and the roof will be what in architectural circles is termed a ventilation roof.

Gov Jarvis at Clinton.
Mr. Ed. T. Boykin, Chairman of the Sampson County Democratic Committee, informs us that the Democrats of Sampson will hold a grand ratification meeting at Clinton on Saturday, July 31st. 1880. Governor Jarvis and other speakers have been invited and are expected to be present.

Arrested.
Lou Myers, a colored damsel, was arrested and taken to the Guard House last night, charged with disorderly conduct. Spencer Faison and G. W. Harsey, two colored "gemmen," were also taken under the protecting wings of a policeman and given a night's lodging in the C. P., for engaging in an affray on the streets last night. They will have an audience with the Mayor to-morrow morning.

Full Supply.
The scarcity of sugar-cured meats in this city, which was painfully evident on Saturday, exists no longer. The New York steamer which arrived on Saturday night brought in a full supply and in stalments have been received by rail. We learn that the prices of meats have advanced in the northern and western markets.
Full Metal and Walnut Show Cases, all styles and sizes, at ALTAFFER, PRICE & CO'S.

A Commendable Undertaking.
The Young Men's Christian Association, connected with St. Paul's Evangelical Lutheran church, of which the late Captain W. A. Ellerbrook was an exemplary member, have appointed a committee to wait upon the business men of the city to solicit funds with which, added to the amount already donated by the Fire Department of the city, to erect a suitable monument over his remains. The gentlemen of the committee are Messrs. F. E. Hashagan, Chairman, E. P. Bailey, Secretary, H. L. Vollers, G. W. Borneman, C. H. Stemmerman and Charles VanKampen.

The people of Wilmington remember the sad incidents connected with the death of Cap't. Ellerbrook; how with unflinching heroism he stood at the post of danger and duty until he fell a victim to his own devotion, and it will be a mournful satisfaction to our people to perpetuate his memory and heroic death in enduring marble.

Everybody can get suited with a Pocket Knife, also Table Cutlery, at JACOBI'S Hardware Depot.

Good for Point Caswell.
A friend at Point Caswell sends us the following report of a Democratic rally and the formation of a club at that place on Saturday last:
At a large and enthusiastic meeting of the Democrats of Caswell Township, held here to-day, a Hancock, Jarvis and Shackelford Club was formed with the following officers: President, J. R. Paddison; Vice-Presidents, J. C. Stuckey, Thos. H. Woodcock, E. A. Hawes, J. B. Croom, Lu Vollers; Secretary, J. N. Henry; Treasurer, H. A. Colvin.

The Club has a beautiful banner and a fine long pole, but owing to the inclemency of the weather the raising of the pole was postponed until the 7th day of August, at which time a large crowd is expected, and as good speakers will be on hand to entertain and enlighten the people on the important political issues of the day it is hoped that all will attend who can.

The popular and efficient Sheriff, A. H. Paddison, being present, was called on for a speech, and responded in a few well timed remarks, urging the importance of thorough organization and predicting a triumphant victory for the nominee of the Democratic party on the 2d day of November next. Thus the good work goes bravely on.

The alley running through from Front to Second streets, between Market and Dock, was covered with water to the depth, in some places, of nearly two feet during the rain this afternoon, in consequence of the drain which carries it being clogged. It soon ran off, however, and there was no damage done to any of the adjacent premises.

Unmailables.
The following unmailable postal matter remains at the postoffice in this city: Mrs. Ruth B Kelly, Adaline Kennedy, Blackwell Lucas, John McLaughlin, and Harry Moore.

Death by Lightning.
During the thunder storm which prevailed this afternoon Mrs Lumsden, wife of Mr. James Lumsden, living in a small house on Dr. W. W. Harris' place, on Masonboro Sound, was killed by lightning. Mrs Lumsden was in bed with her infant only a few days old, when the lightning struck the house and tore the bed to pieces and killed Mrs. Lumsden but without injury to the child. These particulars were received here by telephone this afternoon.

A Moore's Creek Melon.
Our young friend, Mr. I. Newton Alderman, sends us a large and luscious watermelon, weighing 41 pounds, which was raised on Mr. Owen Alderman's plantation, on Moore's Creek. It is of the rattlesnake variety, considered now, next to the Cuba, as the best melons that are grown. Mr. Alderman tells us that it was grown upon sandy soil, with a clay foundation, and manured with ashes from the fireplace, yard litter and kitchen slops, which he considers among the best of fertilizers.

Mr. Alderman further tells us that they have been having fine rains in that section of late, and that the crops are looking very well, especially corn and potatoes.

The Drowned Man.
The statement published yesterday in the Review to the effect that the body of the man who was drowned in front of Market Dock on Saturday night, while in bathing, had been ascertained to be that of David Mallett, a well-known colored man, has since been proven to be correct. Late yesterday afternoon the body was found floating in the river, opposite Market Dock, and was secured and taken into the dock foot of Orange street, where it was fully identified as that of David Mallett. A jury was empanelled to-day and a verdict rendered of accidental drowning.

The Campaign Club.
There will be a called meeting of the Hancock, Jarvis and Shackelford Club at the City Hall on Thursday evening, on which occasion it is hoped that there will be a full attendance. The Club now numbers about one hundred members and they are making active arrangements for a participation in the great events of the campaign hereabouts. They have succeeded in securing the necessary funds wherewith to purchase a full supply of the new lights and they will make an imposing show in the grand torchlight procession we are to have here the latter part of next month.

Belligerently Inclined.
Among the prisoners undergoing sentence for disorderly conduct in the City Prison are two women, one white and the other black, both of them well known for their ill-fame and frequent attendance at the bar of the City Court. Mary Eliza Lively is the sentimental name of the colored damsel, and Alice Kelley that of the white creature. They were ensconced in tolerably good quarters in what is known as the woman's room yesterday, when owing to the pugnacious tendencies of the white woman the Janitor felt constrained to imprison her in a cell. It might have been a regular hair-pulling festival but for the presence and interference of the Day Janitor, who is a mild-tempered, modest young man, until you get him roused, and then, well, any man who is bold enough to separate two women belligerents must be the incarnation of fearlessness and courage. Strange to say, the Janitor came off without a scratch.

The New Orleans Jubilee Singers give their farewell entertainment this evening at Brooklyn Hall.

The thermometer in this office at 3 o'clock to-day, during the prevalence of the rain storm, registered only 84 degrees.

We were visited this afternoon with another heavy rain storm which, although very pleasant to the feelings and cooling to the atmosphere, is yet bad for the cotton crop.

Up to 3 o'clock this afternoon the rain fall at this place to-day is reported from the Signal Office at 1.10 inches. There is no report of the fall since 2 o'clock, but we think that, as some of the hardest rain was since that hour, it will approximate in all some 1½ inches.

Insufficient Drainage.
Uncleaned cess-pools, filth of any character, exhalations from marshy lands, all this, poisoning the blood, bring on Yellow Fever. The sole and only remedy that will act directly upon the Kidneys and Liver—the cleanser of the blood—is Warner's Safe Kidney and Liver Cure, used in connection with Warner's Safe Pills.

TRIBUTE OF RESPECT.
At a meeting of Cornelius Harnett Council No. 231, Royal Arcanum, held on the evening of the 26th inst, the following report was unanimously adopted:
WHEREAS, The indelibly wise and merciful Creator, the Supreme Ruler of the universe, to whose divine behests we humbly submit, has seen fit to remove, by death, from all earthly scenes and associations, our beloved brother, Adolph Bear; and, whereas it is meet, right and proper, that we give expression to the feelings this sad dispensation of Providence has inspired, therefore
Resolved, That in the death of Brother Bear, this Council realizes the painful truth that a seat has been made vacant in our fraternal circle that can never be filled, and that as a memorial of the melancholy event, a page in the Journal be designated which shall bear the inscription of his name and the date of his decease.
Resolved, That we share in the affliction that has thus overtaken the relatives of the deceased and offer them the assurance of our sympathy and condolence in this hour of their bereavement and distress.
Resolved, That as a further mark of respect, we will wear the usual badge of mourning for thirty days.
Resolved, That a copy of these resolutions be forwarded to the family of the deceased, and that the Review and the Star be each furnished with a copy for publication.
Respectfully submitted in V. M. O.,
