Uncleaned cess-pools, filth of any character, exhalations from marshy lands, all this, poisoning the blood, bring on Yellow Fever. **Snakes! Snakes!**  
A water moccasin was holding high carnival on Front street, in front of Mayor Fishblate's house, on yesterday afternoon. Ladies and children were put to the run by it, but Mr. Geo. A. Warren put in an appearance in the nick of time and dispatched his snake-ship. It is supposed that the reptile came up out of the river to bask in the sunshine, but as the city ordinances do not allow anything of the kind he was dealt with rather summarily as he was without a buckster's license.  
You can buy No. 1 Cooking and Heating Stoves at almost any price at JACOBI'S Hardware Depot.

**A True Prophet.**  
Venner is a true prophet. He can discount Tice and all of the almanacs in the country. He promised cooler weather on and after the 20th and spoke of snow up in the mountains of the North. We had easterly winds here yesterday and consequently a cooler atmosphere—in fact it has been cooler during the entire week—and now the telegraph tells of snow on Mount Washington yesterday. We expect that the nights have been cool enough for overcoats and fires up among the mountains in the Western part of this State.  
If your hair is coming out, or turning gray, do not murmur over a misfortune you can so easily avert. AYERS' HAIR VIGOR will remove the cause of your grief by restoring your hair to its natural color, and therewith your good looks and good nature.

**Life of Hancock.**  
We are glad to know that the well-known publishing house of Hubbard Bros, of Atlanta, Ga., have in preparation and will soon issue the 'Life of Gen. Hancock,' written by his old time friend, Hon. John W. Forney. The career of the brilliant soldier who is soon to be transferred to the White House furnishes material for a volume which, in deep interest, has rarely been equaled in the annals of American biography. It is fortunate that its preparation has been assigned to Col. Forney, who for twenty five years has been known as one of the ablest editors and most brilliant writers in America. His known ability and his personal intimacy with Gen. Hancock, are a sufficient guaranty that the book will be full, complete and authoritative—a volume of permanent value, and in this respect widely different from ordinary campaign literature. It will be sold only by subscription, and must meet with a very large sale.

**Foreign Money Order Exchange.**  
In accordance with a recent arrangement with the Post Department of Great Britain, all money orders drawn in the United States on and after August 2d, 1880, for payment in the United Kingdom of Great Britain and Ireland will be issued in British money instead of United States money, as heretofore. It is believed that this modification will tend to promote simplicity and accuracy in the issue of money orders on Great Britain. The value of the present pound sterling is fixed at \$4.87.  
The exchange of money orders with Canada has likewise been simplified, which perfects the entire international money order business.  
Money orders can be sent to foreign countries as safely as within the United States and at a very small cost.  
The commissions charged for money orders are as follows:  
On orders not exceeding \$10, payable in Great Britain or Ireland 20 cents; in the German Empire, France, Algeria and Canada, 15 cents. Over \$10 and not exceeding \$20, in Great Britain or Ireland, 40 cents; in German Empire, Algeria and Canada, 30 cents. Over \$20 and not exceeding \$30 in Great Britain and Ireland, 60 cents; in German Empire, France, Algeria and Canada, 60 cents. Over \$30 and not exceeding \$40, in Great Britain and Ireland, 80 cents; in German Empire, France, Algeria and Canada, 60 cents. Over \$40 and not exceeding \$50, in Great Britain and Ireland, \$1; in German Empire, France, Algeria and Canada, 75 cents.

**Flag Raising.**  
A Weaver pole is to be erected in the First Ward. In November it will be in a waving way. It will take more than a Child to hold it up and a King's effort will be futile. A Gardner can Waler in the hole it makes, and we Wooten be surprised if Nobles would have to Black the party. The whole thing will be wound up singing H. O. M. C., Sweet H. O. M. C. amid the Russel(ing) of the Democratic wings.

**Good Crop Prospects.**  
With deep interest in the success of our agriculturalists, we have taken especial pains to ascertain the condition of the crops in the surrounding counties, and without an isolated exception the response to inquiries has been gratifying in the extreme. We questioned farmers of Bladen, Cumberland, Sampson, Wayne, Duplin, Robeson, Onslow, Pender and New Hanover, and in every instance the reply has been that the crop prospects were never better. We rejoice at this prospect of success to our agricultural people, and hope that no disaster may befall the crops between this and harvest time.

**A Regular Windfall.**  
We are rejoiced to learn of the good fortune which has fallen to the share of Mr. John London, recently of this city, but who was compelled, on account of his health, to remove to the great West. The good fortune we have alluded to comes in the shape of Mr. London's appointment as Post-Trade at Fort Laramie, Wyoming Territory, 97 miles North of Cheyenne. The appointment is made by the Council of Administration of the Post, which is composed of the three ranking officers of the army stationed there at the time the appointment is made. The position was made vacant by the death of the previous incumbent, and it is worth about \$10,000 a year. Mr. London does not take charge however, until October 1st, the interval being allowed to the administrators of the estate of the late incumbent to continue the business and settle up his affairs.  
Customer—"Why are 'Malt Bitters' so popular?"  
Druggist—"Because, as a Food Medicine, they enrich the blood, harden the muscles, quiet the nerves, perfect digestion."  
**Death of Mr. Geer.**  
It is with great regret that his many friends in this city will regret to learn of the death of Rev. Edwin Geer, which took place in Baltimore, yesterday afternoon, at 4 o'clock.  
Mr. Geer was about 64 years of age and was a native of this city, his father, Mr. Gilbert Geer, having at one time owned a large plantation on Masonboro Sound. The late Gen. Lewis H. Martell, whom so many of our readers will remember, married Rev. Edwin Geer's sister, and he himself married Miss Blount, a sister to Mrs. James A. Willard. The deceased gentleman was a regularly ordained Priest in the Protestant Episcopal Church and during his entire clerical life was attached to this diocese, although of late years he has not resided in North Carolina. During the war, he was assigned to duty here as Post Chaplain and truly may it be said of him he filled the high and sacred and onerous duties of his position most worthily. Truly, has a good man gone to his rest.

**Dangerous Driving After Dark.**  
Now that the moon light nights are on he wane and the Queen of the evening does not arise until the people in every community, or a majority of them, are wrapped in the sound embrace of morpheus, we will proceed to give out a few practical hints as to how the dangers of road travel between here and the different Sounds may be obviated by pleasure seekers after dark. But not wishing to take any undue credit to ourself for the originality of the idea, we will premise by saying that an elderly friend of ours—and if that be an objectionable term, we will say that a friend of ours whom we esteem most highly, and who is old enough to be a grandfather—has called our attention to the danger there is attending parties who drive on the turnpike after dark between here and the Sound without lamps, or without lights of some kind to guard against a collision between two vehicles going in opposite directions, and which are frequently being driven at a very rapid rate.

Our Grandfather friend suggests, the officers of the Turnpike Company require every buggy which travels on the road after night to be provided with lights so that its course can be determined by those coming an opposite direction. Very frequently the noise of one buggy while driving rapidly drowns the noise from the other so that the approach of a vehicle from a different direction cannot easily be discovered. Considering the number of buggies and carriages that are traveling over this road at this season, it is a mercy and a blessing that no such disaster as a collision between two vehicles, which must result in serious injury to life and limb, has not yet occurred. We will add another suggestion to the one above, viz: Why does not the Turnpike Company have a lamp placed at the bridge just two miles this side of Wrightsville? the road is very narrow there and the danger if two buggies or carriages should happen to meet at that point is bad enough in the daytime when you have an opportunity of seeing everything; it would be still worse at night if both drivers were travelling rapidly and there is no light to be seen on either vehicle. Newspapers are expected to do a great deal of good work for nothing, and consequently we furnish this advice gratuitously with the hope that it may be profited by.
