One of the best ways in the world to succeed and to make friends, is to mind your own business.

Everybody can get suited with a Pocket Knife, also Table Cutlery, at JACOBI'S Hardware Depot.

A nice little cottage has been built on the side of the Turnpike at the Masonboro turnout, \$4 miles from the city, at which place the Masonboro toll will be collected.

Was it a Dream?

A gentleman summering it on the Sound dreamed a few nights ago that a snake was crawling over his body. In the morning when he awoke he discover. el a "teach leaf" snake trying to crawl out of the blind door. What puzzles now, was it a dream or a reality? The beach leaf snake is said to be the most poisonous but it is certain that snake has crawled its last.

Merely a Suggestion.

We modestly suggest to the committee an item for the Grand Ratification next Tuesday night, that will make a handsome and attractive feature. It is that each State in the Union be represented by a young man on horsebak, carrying a ban. ner with the name of the State thereon. It would be no expense to the committee, as there are plenty of the young Democra cy who will be glad to assist in this way, and at their own expense.

University of North Carolina.

This institution was reorganized five years ago, under its present management and since then it has steadily increased in efficiency and propularity. Thoroughly equipped with teachers, apparatus and buildings, and maintaining a high standard of scholarship and discipline, it offers facilities for education of the very first order, at the lowest rates. Those whe leave North Carolina to be educated abroad at extra expense, waste money and lose opportunities not to be had e'sewhere. See advertisement in this paper.

The ladies of the Front Street Methodist church advertise an excursion down so near the full of the moon. The moon the river on Wednesday on the Passport. It is a well established fact that they never do things by halves and we feel at liberty in promising every one in attendance a pleasant time.

U pland Rice.

We have some specimens of upland rice grown on Mr. James G. Bagley's place on Masonbero Sound. The staks are fine and the heads are from six to nine inches long. Mr. Bagley tried rice plant ing at the Sound as an experiment and thinks that next year he can improve on his crop. His rice is the finest we have seen this season.

A Horribis Rumor.

A horrible rumor gained credence on the streets here this morning that General Bryan Grimes was waylaid near Washgion, in this State, on Saturday night last, and murdered. The report came here from Goldsboro by passengers last night. We sincerely trust the rumor is talse one. North Carolina can ill afford to spare such a worthy and loyal Carolinian as General Grimes has proved himself to be, both in war and in peace.

Nearly Completed.

The new iron bridge at the head of Front street, erected by the railroad authorities, is now very nearly completed The fleor has been laid and the scaffolding | week. s being taken away. The railing is yet to be put up and when this is done and the paint put on the job will be complete It is a handsome, as well as a durable structure and will prove a very great convenience to the travelling public.

City Court.

John Johnson, a man some 50 years of ther parley, age, who had every appearance of being a son of Neptune, was arraigned for being drunk and disorderly, Judgment suspended upon payment of costs, was the verdict of the Court.

Jno. R. Gooding, who has interviewed the Mayor frequently before upon the same charge, was arraigned for being drunk and disorderly. Thirty days, said the Court, unless defendant takes ship and leaves town, as he agreed to do.

An Old-Fashloned Muskmelon.

A correspondent at I ing Creek writes to tell us of an unusually large muskmelon raised by Mr. Samuel Orr on his farm in Columbia township. It weighed nearly 80 pounds and was 17 inches long, 82 inches in circumference and 10 inches in diameter. Mr. Orr, who is an old-fashioned Democrat, says that it was a genuine Hancock and Jarvis melon. He called in the young folks and together they had a good time eating musk melon and drinking swe it cider. Mr. Orr is 70 years old and bis wife is 75 and together they work their little farm.

See a woman on horseback in another column, riding near Speer's Vineyards, with a bunch of Grapes from which Speer's Port Grape Wine is made, that is so highly esteemed by the medical protession for the use of invalids, weakly persons and the aged. Sold by Druggists.

A Dangerous Dog.

This morning a vicious bull dog, in passing along the street, in front of Mr. James Dawson's residence, espied a small pet dog lying in the flower garden, under some of the bushes, and without any provocation whatever jumped over into the lot, grabbed the little dog by the nape of the neck, and then jumped back into the street with him, where he proceeded to 'chaw him up.' An old colored m n who attends to the garden, seeing the whole affair, hastened to the rescue, and after giving the bull dog a severe pummelling with a stick, succeeded in making him loose his hold on the unoffending puppy which hobbled under the house of Mrs. Freeman and has not been seen since, and is supposed to be dead.

The bull dog was found to be the prop- in the 20th year of her age. ket who, it is stated, tied the dog up in his stall after he had committed the above named depredation. It is also stated that the vicious canine was without a badge. He should be looked at er by the authori

It is unfortunate, perhaps, that the occasion selected for the Grand Ratification in this city, next Tuesday night, fall will rise on that night a little before 9 o'clock and we fear that torches and tar barrels will not be able to run much of an opposition to the rays of the full harvest moon.

A fine looking red cow was down with a broken leg on the turnpike, about four

miles from the city, on Saturday. The various Democratic Ward Clubs will meet on Thursday night for the purpose of making a-rangements in regard to the Grand Ratification.

Another large bill board has been erected en Front street, opposite the New Market House. Look out, beys, the chrc mos will go up this week.

The last blackfish excursion will be held on the steamer Passport tomorrow. Thanks 'General' for a handsome bunch. No hint, but a promise.

The Cape Fear Academy ill open its next session on September 27th. Capt. Catlett has secured commedious and cen venient school rooms on Third street, opposite the Uity Hall.

The Greenbackers.

The Greenbackers raised a very attractive banner to-day across the front of the old Market House, the attraction alluded to consisting, not in the names thereon but in imitations of two U. S. Treasury notes, one of the denomination of \$1, the other of \$5. Of course they are about fifty times as large as life, a very fair proportion between the promises of the party and what they are able to perform They are to have a grand speedification there to-night.

Accident to a Colored Gi I.

A little colored girl, about 10 or 12 years of age, a niece of Emanuel Hill, colored, a fireman on Engine 36 on the W., C. & A. R. R., met with quite a serious accident this morning by which one of her legs was broken. It seems that the little girl was gathering chips under the bridge, on the property of the W. & W. R. R. at the head of Front street, when a piece of scantling, on which she was walking at the time, turned, and falls ing on her leg fractured the bone. Med l'al assistance was summoned ot once and the sufferer is now doing as well as cou'd be expected.

Twenty-Bight Rattles.

A rattlescake was killed in Brunswick county, on Friday last, by Mr. Pate Mc-Keithen, of Middle Swamp township, which for its age and size gets away with all the snake stories we have heard of lately. His snakeship was only a little over six feet long but sported twenty eight rattles and a button, and of the old say ing, "a rattle for every year," is true then the reptile must have been twenty-eight years and six months old. Dr. F. W. Potter, of this city, has the rattles, which are about nine inches long. The snake must have been one if the small species or perhaps he was the dwarf of the family, but there is no telling hew many chickens the old sinner gobbled down after having gone hungry for a short time.
