 FORMERLY RENT PAYERS, tired of landlord rule are now on my monthly installment list. Every dollar heretofore paid by them for rent now goes to purchase a home and not where the woodbine twine. Correct Time Wanted.
 Cannot some arrangement be made whereby we can have a standard time here in Wilmington? As it is, no two watches carry the same hour unless by accident. The correct Washington time can easily be had every day at the telegraph office here and if the authorities would have the necessary corrections made every day in the city clock in the tower of the First Presbyterian Church it would be greatly to the convenience of all.
Rocky Point Academy.
 By advertisement in this paper it will be seen that the Trustees wish a good male teacher to take charge of this school. We are informed that English studies and not the classics or higher mathematics are to be taught. A good teacher is the demand there, and this implies a good deal. An encouraging sign of the times is the increasing demand for better teachers in our primary and preparatory, as well as in the higher schools and colleges.

 Wm. Stevenson, colored, who was arrested last night in front of the City Hall, while the Radical powwow was going on, with rocks in his hand in the act of throwing, was arraigned this morning upon the foregoing charge. Sentence of the court, ten days in the C. P. This finished the docket, and the court adjourned.
 Purge out the morbid humors of the blood, by a dose or two of AYER'S PILLS, and you will have clearer heads as well as bodies.

Rail Road Combinations.
 We learn from a very reliable source that the Wilmington & Weldon and Richmond & Danville Railroad companies have effected a combination and fixed a freight tariff so satisfactory to the W. & W. R. R. Co., that this company will no longer desire to lease the A. & N. C. R. R., and that in all probability Col. Bridgers will exercise the right reserved by him to withdraw his bid before the meeting of the stockholders on the 16th of September.
 The above is from the Newbern *Nut Shell*. Below we give what Col. Pope, General Freight and Passenger Agent of the Atlantic Coast Line, whom we interviewed to-day, has to say upon the subject. In answer to our question if the above account from the *Nut Shell* was correct, Col. Pope replied as follows:
 While it is perhaps true that a co-operative traffic arrangement will be entered into between the Piedmont Air Line and the Atlantic Coast Line systems in the interest of improved revenues, and to assure dividends to stockholders, it is not the intention of the W. & W. to relax its efforts for obtaining, by lease, in honorable competition, the Atlantic and North Carolina Railroad. The W. & W. Company look upon that road as traversing a country capable of great development in all industrial pursuits, and of furnishing valuable traffic to said W. & W. Railroad by natural channels of transportation both to Wilmington, Norfolk and Richmond.

See a woman on horseback in another column, riding near Speer's Vineyards, with a bunch of Grapes from which Speer's Port Grape Wine is made, that is so highly esteemed by the medical profession for the use of invalids, weakly persons and the aged. Sold by Druggists.

James H Carraway, the popular barber, boasts that he shaved two Senators and one Governor all in one day last week. They were Senators Ransom and Vance and Gov. Jarvis.

We would again remind our people of the necessity of carrying lights in which is going to and from the Sound. There have been several collisions already for the want of them. The days are getting shorter, and many go to the sound in the afternoon who are caught in the dark before they get there.

The Law System
 The Law system of telephoning will soon be in full operation in this city. The material is here and the work of making the change will be begun next Monday and probably finished by the latter part of the week. There will be no interference with the operations of the telephons while the new wires are being put up and in.

Mr. R. E. Heide, of this city, Swedish and Danish Vice Consul at this port, with his two daughters, returned here safely last night. They landed in New York last Saturday from Hamburg. The flag at the Vice Consulate is raised to-day in honor of the return.

Mr. Heide and the young ladies have been absent from the city about four months, during which time they have visited not only Mr. Heide's old home but various other portions of Europe. They have had a delightful four months of it.

Another War Ended.
 The Wilmington & Weldon and Wilmington, Columbia & Augusta Railroads have recently changed the bills of lading in use over those roads. This action drew forth a protest from those who were supplied with numbers of the old blanks and bound volumes of the same. The protest was signed by nearly all of our leading merchants and was then submitted to Col. Pope, whereupon that gentleman, on behalf of the two railroad companies, rather than a loss should be entailed upon any one, generously agreed to furnish the new blanks to shippers free of charge.

Morbid Curiosity.
 It is astonishing to see how many people in a community are afflicted with the morbid desire to see a poor fellow creature dangling at the end of a rope with his arms pinioned to his side and his feet tied together, while the fatal noose around his neck is choking the breath of life out of his body.
 Sheriff Manning has distributed thirty-six tickets of admission to the execution grounds as required by law, and yet there are scores of applications more from white and colored for tickets of admission. Verily, some people have queer tastes while others have none at all, and some again are very brutish in their desires and inclinations. It takes a variety of different natures to make up a world of people, and here we have an exemplification of the fact.

Washington Republican
THE BEST EVER IN WASHINGTON.

Coup's Constellation Gone—The Verdict of the Public and Press.
 W. C. Coup and his constellation of new and novel features have come and gone. This is the third consecutive season that Mr. Coup has paid Washington a visit, and each season to an increase of business. We say the best show ever in Washington, and only repeat what the sterling press throughout their entire route have declared. The *Chicago Times* says, "The best show ever in Chicago;" the *Milwaukee Sentinel* says: "The best ever in Milwaukee;" the *St. Paul Pioneer Press* says: "The best ever in St. Paul;" the *Louisville Courier-Journal* says: "The best ever in Louisville," and this is the verdict of the entire press. W. C. Coup has gained a reputation from Maine to California as the most liberal caterer to the amusement-loving public in America. Liberal to a fault, untiring in his efforts to present something new, novel and startling, regardless of expense, this gentleman has in person visited the continent of Europe in search of features never before presented to the public. Music, mirth, novelty, pleasure and instruction have been artistically combined in one grand combination. In the proclamation issued by Coup for the season of 1880 he boldly made the assertion that his new united show should eclipse all his previous gigantic amusement enterprises. No promise ever made to the public by this gentleman has ever been betrayed. His "word is his bond," and the entertainment offered to our citizens this season has made the name of W. C. Coup more popular (if possible) than ever, and is positive proof that a meritorious entertainment is always appreciated by a discriminating public. Space will not permit us to make mention of all the novel features, museum, menagerie, aquarium and circus. The only baby seal ever born in captivity was also worth the price of admission. The wonderful \$100,000 bronco horses, the \$10,000 leaping horse Nettle, the gigantic devil fish (or which Mr. Coup has been offered \$50,000) beautiful ponies, educated dogs and a circus performance never before equaled. We have had Forepaugh, the Loudon and Barnum, and do not hesitate to say that Coup has the most complete and artistically arranged entertainment which has ever visited our city, and it is an admitted fact that W. C. Coup is the leading showman of America. The New York hippodrome, Gilmore's garden, and the New York aquarium are emanations of his fertile brain, and have been the most successful amusement ventures ever attempted. Miss Katie Stokes is the most artistic and accomplished equestrienne in America. Miss Emma Stokes, the queen of the sidesaddle; Mlle Belmont, the daring aerial artist; the Linton brothers in artistic groupings; Tom Barry, the jester; Dan Stone, the laugh-maker; the tribe of Iroquois Indians in realistic representations of Indian life, and every feature promised by the great Coup constellation is faithfully fulfilled. Come again, Mr. Coup; you will always be welcome.

When you visit or leave New York City, stop at the Grand Union Hotel, opposite Grand Central Depot. European plan. Rooms reduced to \$1.00 and upwards. Restaurant unsurpassed at moderate prices. Street cars, stages and elevated railroad to all parts of the city.
