There were six interments in Pine Forest Cemetery (colored) during the week—four children and two adults.

Rev. J. B. Taylor, Pastor of the First Baptist Church, has returned to the city, and will occupy his pulpit to-morrow.

The Register of Deeds has issued four marriage licenses this week—one to a white couple and three to colored couples.

When a man and a woman are made one the question, which one? is a bothersome one until it is settled, as it soon is.

It is not true that a married man can ever become a bird, although when he comes home at 2 in the morning his wife very often makes him quail.

There has not been a single white person buried here this week; and yet this is what the up-country people call the sickly time of the year in our City by the Sea.

Purge out the morbid humors of the blood, by a dose or two of AYE'S PILLS, and you will have clearer heads as well as bodies.

London Queen says that white bathing dresses are, for obvious reasons, not advisable, while stays are good. It adds that silk stockings and gold lace are out of place in the sea.

Mr. Goodman and Mrs. A. Liebman and son arrived safe at New York on their way from Europe last evening. They will remain in that city about a week before they return to Wilmington.

Cesar covered his bald head and gray hair with a laurel crown AYE'S HAIR VIGOR covers gray heads with the still more welcome locks of youth.

Mr. Jos. B. Worth has on exhibition at his doors two shirts which were done up in his steam laundry here, which those who have ever had anything done up in a steam laundry in New York are invited to call and examine and compare.

Never defer until to-morrow what should be attended to to-day. A slight cough ought never to be neglected when a 25 cent bottle of Dr. Bull's Cough Syrup will prevent it from becoming chronic.

A sprightly writer in London Life suggests for those complexions that are neither blondes nor brunettes, this pretty toilet: "Dress of brown and yellow brocade, made with a waistcoat of cream-colored satin, with yellow rose and brown leaves."

Everybody's wife and his sisters and his cousins and other female relatives, as recorded in the log book of the Pinafors, are preparing to rush back to town. They will come down like the Assyrians on the fold, when they read Hahn's advertisement in this issue.

You can buy No. 1 Cooking and Heating Stoves at almost any price at JACOBI'S Hardware Depot.

Large numbers of false turquoises have lately come from Vienna to London, and are still arriving. Their detection is difficult, the back of every specimen having been pecked out and filled with black cement, to imitate the matrix of the genuine stone.

Mr. Nath'l Jacobi having been appointed agent for the Atlas Flow, parties in want of this celebrated Flow can now have their orders filled at JACOBI'S Hardware Depot, No. 10 S. Front st. ut.

Unmalables.

Unmalable matter, directed as follows, remains in the postoffice in this city: Letters for Sargant Fioe, Fort Henry, Va.; Miss Mattie Hackett, Neuse, N. C.; William Evans, Pender co, N. C.

In Harness Again.

Capt. Joseph Price, Harbor Master at this port, has returned to the city after his summer outing at the Sound. He will take hold on Monday, we presume, relieving Capt. Walter Coney, who has filled the position very acceptably during his absence.

Jewish New Year.

On to-morrow, Sunday, evening, at 6 o'clock, our Jewish citizens will enter upon their next new year, Tishree Rosh Hashannah 5640. All Jewish stores will therefore, be closed this evening at 6 o'clock and until the same hour Monday evening.

The River.

Steamer *D. Murchison* arrived here to-day about noon, with a very full and valuable freight. She left Fayetteville yesterday morning at the usual hour. She did not have to pull over but Capt. Garrison says that the water is getting so low as to impede navigation.

County Commissioners.

The Board of County Commissioners meet in regular monthly session next Monday afternoon, at 2 1/2 o'clock. The coming meeting will be one of unusual importance as the Board will proceed to revise the jury list for the year and also appoint Judges and Registrars for the coming elections.

Window Glass—all sizes, Doors, Sash and Blinds, Builders' Hardware, &c. Lowest prices at JACOBI'S.

Personal.

Rev. Dr. Patterson, Rector of St. John's, has returned to the city after an absence of several weeks and will conduct the services as usual in his church to-morrow. We are glad to know that Dr. Patterson's health, which has for some time past been precarious, is better now than it has been for years.

Road Masters' Association.

The Second Annual Convention of the International Road Masters' Association will be held at the Matterson House, Chicago, on Wednesday next, the 8th inst. The questions to be submitted for discussion are many and of importance and it is likely that the Convention will be a prolonged one. Capt. John Barry, of the Wilmington & Weldon R. R., will be in attendance.

See a woman on horseback in another column, riding near Speer's Vineyards, with a bunch of Grapes from which Speer's Port Grape Wine is made, that is so highly esteemed by the medical profession for the use of invalids, weakly persons and the aged. Sold by Druggists.

Value Received.

The only man in America who has complete facilities for collecting national statistics is Hon. A. R. Spofford, Librarian of Congress. All the data which he secures during the year is carefully retained and has been put into a book. His last issue, 'The American Treasury of Facts,' has been sent us by Messrs. H. H. Warner & Co., proprietors of the famous Safe Kidney and Liver Cure, and it is really a cyclopedia in itself. In this busy age one can grasp national affairs only by statistical figures, and the work under consideration reflects much credit on Messrs. Warner & Co., who have secured it.

Everybody can get suited with a Pocket Knife, also Table Cutlery, at JACOBI'S Hardware Depot.

Lookout for September.

Astrologers say that some time during this month the earth will be in a direct line between the sun and Jupiter, the largest planet of the solar system, and this too when Jupiter is in that part of its orbit nearest the sun. We are told that this condition of the earth will produce great disturbance upon it. It will be as if it was pressed by two great orbs, the smallest of which is fourteen hundred times larger than the earth. We are told to look out for intense heat, earthquakes, destructive cyclones, terrific thunder storms and rain.

When you visit or leave New York City, stop at the Grand Union Hotel, opposite Grand Central Depot. European plan. Rooms reduced to \$1.00 and upwards. Restaurant unsurpassed at moderate prices. Street cars, stages and elevated railroad to all parts of the city.

We have had two very slight sprinkles of rain to-day.

Splendid weather this for growing and picking cotton, but a little rain would be more comfortable.

The thermometer in this office registered 91 degrees to-day at 3 o'clock. At 10 o'clock this forenoon it stood at 88.

The C. M. Stedman Fire Company and the Brooklyn Bucket Company have each been reinforced with a supply of new rubber fire buckets.

Mr. Frank H. Darby, Chairman of the County Executive Committee, has gone to the mountains to recruit his health. Capt. R. W. Price will act as Chairman of the Committee during Mr. Darby's absence.

Journalistic.

We have neglected to notice the fact that the *Newbernian*, heretofore a weekly, has made its appearance as a daily paper. It is still under the conduct of Mr. Carpenter and is doing good work during the campaign.

The *Enterprise* is the name of a new and very handsome weekly paper which comes to us from Laurinburg. It is published by Mr. McDuffie, late of the Fayetteville *Banner*, and makes an excellent beginning. We wish it substantial success.

The *Chicago Times* says: Warner's Safe Kidney and Liver Cure is highly endorsed by ministers, judges, physicians, surgeons, by men of literary and scholarly distinction, and by individuals in all the walks of life.

Lumber and Shingles.

The business done in lumber and shingles at this port during the past two years has been a remarkably good one. For the year ending August 31st, 1880, the total exports of lumber amounted to \$1,795,272 feet, of which 22,514,189 were coastwise and 9,281,083 were foreign, while the shipments of shingles for the same period were 3,822,800 coastwise and 3,925,375 foreign, a total of 7,748,175 shingles.

For the year ending August 31st, 1879, the exports of lumber amounted to 12,550,185 coastwise and 8,923,982, foreign, a total of 21,474,167 feet last year, as against \$1,795,272 for the year just closed. For the year ending August 31st, 1879, the exports of shingles amounted to 4,611,375 coastwise and 2,216,883 foreign, a total of 6,827,758 shingles in 1879 as against 7,748,175 in 1880.

The showing in favor of 1880, as will be perceived, is a very handsome one. The figures are correct, as they are taken from the books of the Secretary of the Produce Exchange.

How to get Sick.

Expose yourself day and night; eat too much without exercise; work too hard without rest; doctor all the time; take all the vile nostrums advertised; and then you will want to know

How to get Well.

Which is answered in three words—Take Hop Bitters! See other column.—Express.

Gen. Lane's School.

By advertisement in this issue of the REVIEW it will be seen that General James H. Lane, the gallant commander of Lane's brigade of North Carolinians during the war, is to open a first class male school this Fall in Wilmington. It is with peculiar pleasure that we recommend to our people this brave soldier and accomplished gentleman; many there are however, in this city and vicinity to whom General Lane is no stranger.

General Lane, although a Virginian, commanded North Carolinians during the entire war and like the brave old Early, when their record was wantonly attacked by Walter H. Taylor, a year or two ago, he came forward and in a manly way bore willing testimony over his own signature to their heroism and gallantry on near a hundred fields of battle.—General Lane has, we understand, the highest recommendations as a teacher and professor, from some of the most eminent men in Virginia.

Is It Possible

that a remedy made of such common, simple plants as Hops, Buchu, Mandrake, Dandelion, &c, make so many and such marvelous and wonderful cures as Hop Bitters do? It must be, for when old and young, rich and poor, Pastor and Doctor, Lawyer and Editor, all testify to having been cured by them, we must believe and doubt no longer. See other column.—*Post.*

My life was saved by Warner's Safe Kidney and Liver Cure.—*E. E. Lasky, Selma, Ala.*
