**J. M. McARTHUR, Prop.**—Bear it in Mind. BUTCHERS' COMPANY—Don't Forget it. P. HANNING—Sheet Music. JULIUS HAHN—Grand Fall Opening. YATES—Complete Stock School Books.

**Window Glass.**—all sizes at Altshoff & Price's.  
Oath by one the Summer absentees are returning to the city.  
Save your money and buy your Building Supplies from Altshoff & Price.  
The first Hop of the season was given at Germania Hall, on Wednesday night by the L'Arioso Club.  
At noon to-day the thermometer in this office registered 71 degrees, which is five degrees below Summer heat.  
The few incipient hairs on the upper lip of many of our youths look grand gloomy and peculiar—through a microscope.

**Full Metal and Walnut Show Cases,** all styles and sizes, at **ALTSHOFF, PRICE & CO'S**  
The masia now is for immense bouquets; some are so large as to be burden some to carry. This is well for the florists.

**Col. W. Foster French,** of Lumberton, is in the city to-day on one of his rare visits. We were pleased to see him looking so well.  
Little Annie is the daughter of one of our most prominent citizens. Yesterday she told us, in her way, what a good medicine Dr. Bull's Cough Syrup was, as it had cured her of a very severe cold.

You can buy No. 1 Cooking and Heating Stoves at almost any price at **JACOB'S Hardware Depot.**

Mr. Nath'l Jacobi having been appointed agent for the Atlas Flow, parties want of this celebrated Flow can now have their orders filled at **JACOB'S Hardware Depot,** No. 10 S. Front st.

There is a sort of betwixt and between age when it is surprising how much a person knows, self-estimated, and it is equally surprising how little the person knows, estimated by others. This is for the young from 17 to 22.  
There is a difference between land and water. A young man may be able to earn only a salary of \$12 a week, but put him in the surf, and he is a strong arm and knows how to swim, he is the king among the ladies, while the bloated millionaire hangs disconsolately and alone on the safety rope.

See a woman on horseback in another column, riding near Speer's Vineyards, with a bunch of Grapes from which Speer's Port Grape Wine is made, that is so highly esteemed by the medical profession for the use of invalids, weakly persons and the aged. Sold by **Druggists.**

The stockholders' meeting of the Atlantic Railroad will be held on the 16th inst. The **Goldboro Messenger** learns from a reliable source that both the R. & D. Railroad and the W. & W. Railroad have agreed not to press the lease matter at this meeting, and are willing that the matter shall be postponed to some future day. No action will therefore be taken.

Everybody can get suit-a with a Pocket Knife, also Table Cutlery, at **JACOB'S Hardware Depot.**

**City Court.**  
Abraham McKethan, colored, charged with vagrancy, was sent by the Mayor to the Work House for thirty days.  
David Mallett, colored, was arrested yesterday, while drunk and down, and carried to the Guard House, and this morning arraigned upon the foregoing charge. But owing to the recent very good behavior of the defendant, the Court was lenient in this instance, and released the accused without fine or imprisonment.

Last night was cool and "had kiver" was found necessary for comfort. This morning the wind is almost due North and fires and winter clothing were brought into requisition. Still, winter is not yet and we will probably have lots of warm weather yet.

**Window Glass,** all sizes, Doors, Sashes and Blinds, Builders' Hardware, &c. Low est prices at **JACOB'S.**

**Returned.**  
Mr. Thos. E. Bond, Agent of the New York and Wilmington Steamship Line, whose health was so precarious during the Summer that he went, by the advice of his physician, to the Warm Springs, in this State, has returned to the city, looking like himself again and with his health apparently entirely restored.

**The Mary Bear.**  
The schooner **Mary Bear** has recently had new masts and a new cabin placed in her. She is now considered an A No 1 sea craft and stands as a monument to the judgment of Mr. Sam'l Bear, who purchased her some months ago. She is a good vessel with a competent Captain, and we trust will prove a profitable investment to her far-seeing purchaser.

**Enlarging.**  
By reference to our advertising columns it will be seen that the Butcher's Company, corner of Second and Market streets, advertise a plenty of good things to eat tomorrow. They also propose in a few days to enlarge their market and to keep during the winter oysters, fish, venison, etc., and will be able to furnish anything in their line. They keep only the best of meats, etc., and persons calling on them will receive the best of attention.

**Useful Recipes.**  
An exchange says: If a bottle of oil of pennyroyal be left uncorked in a room at night, not a mosquito or blood sucker will be found there in the morning.  
Mix potatoe with meal and throw it into the holes of the collar, and rats will depart. If a rat or mouse gets into your pantry, stuff into the hole a rag saturated with a solution of cayenne pepper, and no rat or mouse will touch the rag for the purpose of opening a communication with a depot of supplies. These recipes are worth trying.

**How to get Sick.**  
Expose yourself day and night; eat too much without exercise; work too hard without rest; doctor all the time; take all the vile nostrums advertised; and then you will want to know

**How to get Well.**  
Which is answered in three words—Take Hop Bitters! See other column.—Express.

**The Only Outrage we Has Seen.**  
Mr. J. W. Hamilton, advance agent of Coup's circus, who declares that he is neither a Democrat nor a Republican, writes to the **New York Sun** relative to what he has seen in the South. He declares that the people are most kindly disposed towards the general government and the people of the North, that they are minding their own business and endeavoring to rebuild their waste places and the general desire is to forget all about the war. He was in Wilmington when the grand ratification meeting was held here, describes the crowd of ragged ragamuffins who followed the Democratic procession, howling and cheering for Garfield, and declares that if such a thing had happened in New York there would have been a riot. He also speaks of the rocking of the procession and describes this as the only Southern outrage he has seen.

**L. S. BURKHEAD,**  
Presiding Elder.  
Magnolia, N. C., Aug 18, 1880.  
My life was saved by Warner's Safe Kidney and Liver Cure.—E. B. Lakely, Selma, Ala.

Mr. J. McD. French, of Lumberton, who is in the city to-day, paid us a brief visit. He says that the Democracy of his county are fully alive to the situation, and are determined that old Robeson must and shall go Democratic this time.

**Yacht Race.**  
The next race of the Carolina Yacht Club will be sailed over the Wrightsville course on Wednesday, the 15th inst, commencing at 2 o'clock. The yachts *Restless*, *Flirt*, *Lizzie* and *Ripple* have entered for the race.

**Accidentally shot.**  
The young son of Mr. J. W. Barnes was accidentally shot this afternoon. He was loading or had just loaded a gun which was accidentally discharged, the lead taking effect in his right side. The attending physicians say his case is a precarious one, though may recover. The accident occurred about 3 o'clock this afternoon.

**Col. McRae.**  
We are glad to learn that our distinguished fellow-citizen, Hon. D. K. McRae, has consented to address the people of this city and section on the important issues of the day on Friday next, the 17th inst. The speaking will take place at the stand on Third street, at an hour to be announced hereafter. Our people will not be disappointed when they look for a splendid effort on this occasion.

**Lost! Lost!! Lost!!!**  
A newspaper reporter is supposed to be everywhere at the same time, and to be able to report everything that occurs. Last night, when the circus was out, a reporter of the REVIEW followed the crowd, to see what would happen and where it was going. In a short time the crowd dispersed, and ten different squads went in ten different directions. Well, we followed the largest lot, and after walking for some time, we brought up in a ditch near the Athletic Grounds. We sang out: "We are lost!" when the provincial small boy broke out in the melodious strains of, "Oh, Lord! Oh, Lord! I want to go home!" So did we, but how to get there was what troubled us, until we saw the tombstones in Oakdale, when it would have required Dexter or an express train to catch us. "Misery loves company," and we had plenty of it. Everybody was lost, and no one seemed to know where he was or where he was going. A young friend of ours who had "stepped out to see the animals" sang out: "My friend, please tell me where I live." He was carried to the Second Presbyterian church and was then able to get some bearings to steer by. Another young friend of ours, who deals in the understandings, walked his girl out to Hilton and had to pay a colored man and brother twenty-five cents to direct him to the Fourth street bridge.

We have heard of others who entered upon walking matches, who struck the railroad track and taking the wrong direction hauled up at Smith's Creek.  
**The Circus.**  
Coup's circus has come and gone. It is the first we have had here in two years and of course it drew well. The crowd was very large at both performances, afternoon and evening, and it is estimated that about 8,000 persons saw the show. It had been so extensively advertised and so many wonders were expected from the inducements held out that it is no wonder there was a feeling of disappointment among many who were there. Candor compels us to state that it was not by any means the best show of the kind which has visited the city since the war and we cannot understand how it is that our State and Virginia exchanges could have gone into such raptures over it. The riding was good, but not extraordinary, as was also the performance of the Japanese, the trapeze act, the performing dogs and the Broncho horses.  
The tumbling was ordinary and the clowns were poor, while the Indian performance was simply ridiculous. The display of animal, birds, &c, was, however, above the average. The electric light showered its beams for a time on the ring and on the audience but it was withdrawn when the performance was about half through with. The tents were pitched on exceedingly disagreeable place, difficult of attainments, and the promised electric lights which were to illuminate the approaches, consisted of the naphtha lights in front of the ticket wagon and entrances and which, instead of assisting, dazzled and blinded those who were compelled to stroll through ditches and bushes to reach the ground.  
The troupe, however, labored under

many disadvantages—here, among which may be reckoned the condition of the ring, which was very heavy in consequence of the recent rains. Excellent order was preserved throughout the entire performance and the care and attention shown to the comfort of the audience was more and better than we have ever known under a circus tent.
