The coming Damon and Pythias—Tom and Jerry.

The newest, latest, best and cheapest at ROSENTHAL'S.

The cotton receipts at this port today foot up 841 bales.

Pride has two seasons—a forward spring and an early fall.

That man lacks moral courage who retreats when he should retreat.

A husband is always a sensible man, he never thinks of marrying.

The thermometer stood at 79 degrees today at 8 o'clock in this office.

A large stock of children's school shoes to select from at ROSENTHAL'S.

Heliotrope satin ribbon is used for bows and belts of white muslin dresses.

You can buy No. 1 Cooking and Heating Stoves at almost any price at JACOBI'S Hardware Depot.

Pansy bows, formed of a half dozen shades of ribbons artistically looped, now beautify white dresses.

The end man of a minstrel troupe is the only genuine living skeleton—he has no flesh on his bones at all.

There was a very refreshing fall of rain here this forenoon, but hardly enough to lay the dust, so dry has it been.

The Registration books are now open. A list of Registrars, with places of registration, is published in full in our advertising columns to-day.

Any man of public spirit is supposed to be perfectly willing to lie about the population of any town he has lived three weeks in.

Water street merchants will keep their feet dry in Winter by wearing ROSENTHAL'S boots and shoes.

One thing why clerks in crockery stores can go a whole year and not break anything is because they have to pay for whatever they break.

Do not throw away your hard earned money for every new cough syrup advertised, when you can procure that standard remedy for coughs, Dr. Bull's Cough Syrup. Price, 25 cents a bottle.

Housekeepers may be glad to know that jelly covered with pulverized sugar, will keep without mould, if it is set away on a high shelf where small boys cannot get at it.

Ladies, the best fits and the easiest shoes for the little ones are at ROSENTHAL'S.

Messrs VonGlahn and Hasbagen, of the Postoffice, are both sick and the force of the office is therefore materially reduced. Those left on duty are working extra hours, however, in the effort to keep pace with the requirements of the office.

The finest stock of Ladies' Foxed, Balmoral and Button Boots at ROSENTHAL'S.

J. W. Kennedy, charged with the larceny of a beer glass from A. O. Wessell, which case was continued from yesterday, was acquitted.

A. O. Wessell, charged with retailing liquor without a license, was fined \$25 and costs. An appeal was taken to the Criminal Court and afterwards withdrawn.

An arrest for a disturbance on Second street last night was on the docket, but the matter did not come up for trial this morning. The officer who made the arrest has been suspended by the Mayor and his conduct is to be investigated by the Police Committee of the Board of Aldermen.

The Chicago Times says: Warner's Safe Kidney and Liver Cure is highly endorsed by ministers, judges, physicians, surgeons, by men of literary and scholarly distinction, and by individuals in all he walks of life.

Bad Accident.

We regret to learn that Mr. Peter Joseph, an engineer on the Carolina Central Railroad, while uncoupling or coupling some cars at Laurinburg, last night, got his foot fastened in a guard rail on the track and before he could extricate it the wheels of the car and tender passed over it, crushing his foot and leg and necessitating amputation. The wounded man is doing as well as can be expected under the circumstances.

Mr. Nathl Jacobi having been appointed agent for the Atlas Plow, parties in want of this celebrated plow can now have their orders filled at Jacobi's Hardware Depot, No. 10 S. Front st.

The American Union.

It is understood that the American Union Telegraph Company will reach Wilmington via Charlotte and the Carolina Central R. R. They have already, we understand, secured the right of way over the Richmond & Danville R. R. and will shortly be at work erecting their wires on the line of that road. The sooner they get to Charlotte and from Charlotte to Wilmington, the better will it be for all concerned.

Dancing lessons given free at ROSENTHAL'S: Pump sole boots and shoes for the ball room.

"Melton's Sausages."

The Butcher Company have removed their office to their market, and in the rear of their old office have built a large frame building, which, in connection with it, will be used as a sausage factory. They propose to go extensively into the manufacture of sausages, and the factory will be under the supervision of Mr. Melton, who has quite a reputation as a sausage maker.

St. Stephen's Church.

The corner stone of the new St. Stephen's A. M. E. Church, to be erected corner of Fifth and Red Cross streets, was laid yesterday with very imposing ceremonies and in the presence of a very large number of the colored people, and a goodly number of whites. The occasion was one of much interest to the colored people generally, as well as the members of St. Stephen's church. A number of articles, principally rare and valuable coins, were deposited in the cavity.

Rice birds are about played out. Not so with those Scotch soles at ROSENTHAL'S They last for ever.

More Horse Stealing.

The stealing of horses from the stables on the Sounds and driving them to this city seems to be very general. It is not confined to any particular Sound or locality, but seems to have spread along the coast from Topsail to Myrtle Grove. Yesterday a gentleman residing on Masonboro Sound had occasion to leave his home about 4 o'clock in the morning for this city and when within about two miles of the Sound he came upon a colored boy driving a horse, the property of one of the summer residents, back to the Sound. It was quite dark and the boy was either asleep or drunk and came near driving into the gentleman. The horse, which was a grey, was easily identified. The driver does not know even now who saw him, but there can be no doubt but that the boy had stolen the horse and driven him to town and was returning to the Sound with him after a night's debauch in the city.

The Game of Multiplication.

The 'game of multiplication' is an ingenious device, designed to make the study of the multiplication table a pastime. The idea came to Mrs. Foote, of Boston, last fall during the illness of her young daughter, and it has resulted in a game which is not wholly unlike the 13-14-15 puzzle in appearance, but is unlike it in the fact that it is intended for young school children, and can always be worked to a practical solution, while it affords amusement and clears away the horrors of multiplication. The apparatus consists of a thin tray about 12 inches square containing 12 smaller trays—one for each table. In each small tray are 36 numbered blocks, arranged in 12 lines, 3 in a line, the multiplier occupying the first position in every line the multiplicand the middle, and the product the right. The game is to disarrange the blocks, taking one out to give an opportunity to move the rest, and then move them about until all are in the proper order. It is said to have been adopted by the Boston School Board.

Full Metal and Walnut Show Cases, all styles and sizes, at ALTAFER, PRINCE & Co's.

Board of Aldermen.

The Board of Aldermen met in called session at the City Hall yesterday afternoon, together with the Board of Audit and Finance, for the purpose of receiving the report of the Committee on Water Works.

A majority of the committee—consisting of Mayor Fishplate, Dr. J. C. Walker, Messrs. W. L. Smith, Alfred Martin, R. M. McIntire and R. F. Hall—made the following report, viz:

Board of Aldermen and Board of Audit of the City of Wilmington, N. C.:

GENTLEMEN—A majority of the committee appointed from the Board of Aldermen, Board of Audit, Chamber of Commerce, Commercial Exchange, Board of Underwriters and Board of Trade, to consider the expediency and practicability of establishing a system of Water Works for the city, have duly considered the matter in all its various phases, and are fully convinced of the daily increasing importance, and we may say the absolute necessity of providing the city with a more abundant and more certain supply of water, as a protection against fire, and as a sanitary measure of perfectly pure water for domestic consumption.

Recent investigations have established the fact that a vast quantity of the water consumed in the city is exceedingly impure and therefore unhealthy, and as the population increases, it must of necessity become more impure.

The thousand or more advantages of such a system cannot here be enumerated, but will be readily apparent to every one who will seriously consider the subject. We have examined the reports of a number of municipalities where such works have been in operation for years, and some established more recently, and without further preliminary remarks cheerfully recommend the proposition of Mr. A. Wilkins and associates, who have recently completed a system of works in Charleston South Carolina, for your adoption, which proposition is embraced in the paper hereto annexed.

Respectfully submitted,
S. H. FISHPLATE, Mayor,
W. L. SMITH, Chm'n Board Underwriters,
R. M. MCINTIRE, President Board of Trade,
ALFRED MARTIN, Chamber of Commerce.

The committee submitted with their report a proposition from Mr. Wilkins.

At the suggestion of Alderman Divine, the Mayor requested Mr. D. McRae to give the Board any information he might have in regard to water works. Mr. McRae spoke briefly, recommending that the matter be deferred; or rather, that action should not be hastily taken.

Mr. A. H. VanBokkelen, by request, gave his views on the subject. He recommended that the water works should be resolved upon, but was opposed to haste in the matter, and thought that it should be postponed until propositions could be had from other parties.

Col. W. L. Smith, of the Committee, said he favored the report and opposed delay, for the reason that all his life he had heard water works talked of, but the matter had always been postponed and never heard of again. He desired to have water works and wanted them immediately; the proposition of Mr. A. Wilkins he thought a fair one, and the best ever made to the city.

Alderman Myers suggested that Mr. Wilkins be allowed to make a statement. Mr. Wilkins came forward and stated that he had just completed water works in the city of Charleston, and stated the condition of his contract with that city, and thought his proposition to this city a more liberal one.

On motion of Alderman Foster further consideration of the matter was deferred until the third Monday in October next, for definite action.

Mr. Wilkins, by permission, withdrew his proposition, and on motion the meeting adjourned.

Where is that crowd going? To ROSENTHAL'S, to buy boots and shoes.

The Country Saved—Greenbackers in Council.

Some twenty five or fifty persons, calling themselves Greenbackers, met in the Court House this morning for the purpose, as alleged, of making nomination for county officers from the ranks of the Greenback party. Captain Frank M. Wooten was called to the Chair and Harry Thomas appointed Secretary. When our reporter reached the scene of action a committee, appointed for the purpose, had retired to make the nominations which were to be submitted to the convention. In the mean time the meeting was being entertained by C. H. Strle, Greenbacker, and C. P. Locky, Republican, exchanging epithets of the vilest character, denouncing each other in unmeasured terms, and swearing vengeance against each other if they could only be let alone and

get together. Strode seemed to be the most belligerently inclined of the two and was making great demonstrations, but there was no fight, and at the time of this writing there have been no nominations. The committee were still out when our reporter left the meeting. Mr. Strode occupied the chair temporarily while the President or Chairman of the Convention had stepped down and out and gone across the street to see a man.

There will be a meeting of the Young America Hancock, Jarvis and Shackelford Club to-morrow evening, at 8 o'clock, at the usual place, which every member who can do so is expected to attend.
