The first New River oysters of the season at the Mozart Saloon were opened there to-day. They are fine, fat and luscious. Mr. Haar has made ample arrangements for regular supplies during the season.

Why is it that the street hands are put to work on North Water street invariably during the busiest part of the day, and the dustiest day that can be found, and thus raise clouds of dust to the annoyance of business men in that locality? There are several of us who would like to know the why and wherefore of this.

Water street merchants will keep their feet dry in Winter by wearing ROSENTHAL'S boots and shoes.

Capt. N. H. Sprunt has returned from the North and with as many new and pretty things for the ladies as can well be crowded into the three floors he occupies. These are fast following in his wake and soon a grand opening will be announced.

By notice published elsewhere it will be seen that a general meeting of the Democratic voters of the several wards in the city is to be held at the City Hall on next Monday evening, for the purpose of taking into consideration a uniform plan of campaign in the different wards. A full attendance is expected as the occasion is a decidedly important one.

Cards Through the Mails  
The following order has been issued by the Postmaster General: 'The order of the Postmaster General, dated July 13, 1880, excluding from the mails at less than letter postage all card matter other than United States postal cards, is affirmed; but it appearing that its provisions have not yet received sufficient publicity, the date upon which said order will take effect is postponed until January 1, 1881.'

### Unmailables

The following unmailable matter remains at the Postoffice in this city: Letters for E. W. Forville, Buck Creek; Margaret E Spain, Goose Creek Island, N C; Thos L Goodwin, Cedar Island, N C; Lucilla Smith, Boston, Mass; Jerry Stocks, Wayne county, N C; a bluff envelope with an illegible address; papers addressed to Hon Wilson Cook, Greenville, S C.

### Will abandon the Case.

As was feared would be the result the American Union Telegraph Company have definitely decided not to pay the assessment made against them for damages to the Wilmington & Weldon and Wilmington, Columbia & Augusta Railroads. We have been shown a letter written to Messrs. Russell & Ricard, the counsel for the American Union, by Mr. D. H. Bates, First Vice President of the Company, wherein Messrs. R. & R. are instructed to take a non suit, pay the costs and dismiss the case. This is really a blow to the mercantile interests of our city and one which we must all regret. The only hopes now of getting the American Union lines to this city is by way of the Carolina Central R. R.

Rice birds are about played out. No so with those Scotch soles at ROSENTHAL'S They last for ever.

### "The Boys in Blue."

We learn that there was a gathering of Greenbackers last night at the corner of Sixth and Nixon streets, to have a pow wow, and for the purpose of listening to their orators upon the evils threatening the country, provided the Democratic party or the Republicans carry the November elections; and that while in the midst of this innocent pastime and amusement, the meeting was interrupted by an organization styling themselves the "Boys in Blue," which came marching in through the crowd there assembled with drums beating and torches flaming, disturbing the speaking and otherwise behaving in a disorderly manner. As we were not present we do not care to particularize, other than to say that we hear there were serious indications of a general row at one time, and it was all caused, as we understand, by the interference on the part of the Republican organization above named with the Greenback meeting. There were only two policemen on the ground, but they were powerless to do any good. One man was arrested, we learn, but escaped through the assistance of his political friends. We have heard in addition to the above statement, that one of the policemen was struck in the back with a missile of some kind. Now we would like to ask in all seriousness why such conduct is allowed? If the "Boys in Blue," or the Radical party are the only persons that are to be allowed to assemble and have their meetings without any interference, why then let us surrender the city at once to them and make no pretence of anything else. But if the Greenbackers and other political organizations are guaranteed the same rights under the Constitution that the Radicals have, then we emphatically say, let them have those rights if it requires the presence of every law and order citizen in the community to protect them. If the police authorities would show a little determination in this matter we believe such disturbances could be prevented. We well recollect that General Robert Ransom, while Marshal of this city directly after the war, single handed and alone, with an uplifted axe in his hand stayed the advance of a whole company of colored firemen on Second street, and thus by his courage and bold, determined front, prevented a breach of the peace which was threatening at the time between two fire companies of the city. It is true we don't have a Ransom every day, but still we think it is about time to have his example imitated in a small way at least, and a stop put to such outrageous practices and disturbances as is said to have occurred last night.

We may refer to this subject again in a few days.

Day's length 11 hours and 43 minutes

Sunset to-morrow afternoon at 41 minutes past 5 o'clock.

You can buy No. 1 Cooking and Heating Stoves at almost any price at JACOBI'S Hardware Depot.

### Dr. DeRosset's Condition.

Information received here to-day from New York, relative to the condition of Dr. M. J. DeRosset, is not encouraging. At the last accounts he was speechless, but conscious. His entire right side is paralyzed, and grave fears are entertained that the stroke may end in apoplexy. Dr. DeRosset was seated in his office, conversing with Dr. George G. Thomas, of this city, when he felt the symptoms of the attack upon him. He knew what they presaged and Dr. Thomas, at his request, at once hurried off to bring Dr. Hammond to his assistance, but before Dr. H. could arrive he was paralyzed. We can only hope that the disease may take a more favorable turn.

Window Glass of all sizes, at the lowest prices at JACOBI'S.

### Not Much of a Joke.

The alarm of fire last night or rather this morning between one and two o'clock came from the box on the corner of Fourth and Harriet streets. The alarm was a false one, so we have been informed, but the fire department turned all the same and went away upon Seventh street to no purpose. We made inquiry of the Chief of Police at the City Hall who it was that gave the alarm, but we could not ascertain; we then asked who held the keys to the alarm box and were told several, but up to the time of our inquiries, 2 o'clock, no investigation had been made into the matter, as near as we could ascertain. If an investigation is had we will let our readers know the result, provided we can get the information. We should think our worthy firemen would be interested to know who it was that played such a practical joke upon the city at their expense.

### A Chance for Somebody.

A New Yorker, a gentleman of means, who was in this city a few days since, has left full authority in the hands of a citizen of this place to make for him the following bet:

\$500 even that New York will go for Hancock.

\$500 even that Maine will go for Hancock.

\$500 even that Indiana will go for Hancock.

\$1,000 to \$500 that Ohio will go for Hancock.

\$1,000 to \$500 that Pennsylvania will go for Hancock.

\$500 even that New Jersey will go for Hancock.

\$1,000 to \$500 that Connecticut will go for Hancock.

\$10,000 even that Hancock will be elected.

Here is an excellent opportunity for some Republican to illustrate his faith by his works. If anybody wants to take up the challenge let him apply at this office. All must be taken or none.

The receipts of cotton at this port to-day foot up 483 bales.

### Women as Lawyers.

Though *Old Mr. Foggy* has long questioned woman's fitness to practice law, and her opinions concerning legal matters, no one has ever questioned her opinion concerning Dr. Pierce's Favorite Prescription. For women freely affirm that the Prescription is a positive cure for those "dragging-down" sensations, and the many diseases and weaknesses peculiar to their sex. The Favorite Prescription is sold by all druggists under a positive guarantee.

PITTSBURGH, Pa., March 14th, 1879. DR. R. V. PIERCE, Buffalo, N. Y.: Dear Sir—I was treated by four different physicians without avail for disease of the liver and uterus. Some time ago I commenced the use of your Favorite Prescription and Discovery, being at the time, confined part of the time to my bed. At first my improvement was slow, but I now find myself well after the use of four bottles of each of the medicines. With many, many thanks.

I am, very respectfully,  
MARY E. GRACE.

See a woman on horseback in another column, riding near Speer's Vineyards, with a bunch of Grapes from which Speer's Port Grape Wine is made, that is so highly esteemed by the medical profession for the use of invalids, weakly persons and the aged. Sold by Druggists.
