A few years ago the greatest steamers did not exceed 350 feet in length, 45 feet in breadth, 3,500 tons in tonnage, or 4,000 horse power. Now the City of Berlin, of the Inman line, is 488 feet by 441 feet, and their new steamer, the City of Rome, building of iron at Barrow, will be still larger, having a length of 546 feet, a breadth of 52 feet and a gross registered tonnage of 8,000. The Cunard steel ship, the Servia, now building at Glasgow, is 500 feet by 50 feet, with over 10,000 indi cated horse power, and will doubtless possees a speed in advance of the very fastest ship at present afloat in the mercantile marine.

We don't know but that John Kelly's advice to the foreign-born Democrats in New York to resist by force the larceny of their papers by Davenport and his crowd of thieves and plug uglies is about the best that could be given. The Republican party in this country are witty and wise in their own conceits but the time will come, and that right soon. when much of this wit and wisdom will be knocked out of their heads and a little common sense, common decency and common honesty knocked therein. The people of this country have stood just about as much as they can stand and the big 8x7 steal of 1876 was the crowing act. When John Davenport, or any one of his imitative scoundrels, steals a citisen's naturalization papers the first law of FRED M. SCALES, of Guilford.

nature, to an honest man and brave man would be to knock the rascal down and recover his property. John Kelly's advice may or may not be taken. It would not be needed in this latitude.

There does not seem to be much alarm in New York and Brooklyn amongst holders of the different gas stocks in those cities on account of Mr. Edison's experiments for utilizing the electric light as a substitute for the lighting of streets or houses. At a sale by auction in New York on Wednesday of some gas stock's by executors of an estate the prices brought were as follows: Five hundred shares People's Gaslight Company, Brooklyn, \$10 each, 271; 44 shares Brooklyn Gaslight Company, \$25 each, 106; 18 shares Metropolitan Gaslight Company, \$100 each, 133; 50 shares Brooklyn Gaslight Company, \$25 each, 1081.

#### THE RESULT.

The news from Indiana received in last night's despatches is certainly no very encouraging. But just as we warned our readers yesterday, the press dispatche are manipulated by Republis cans and are therefore just about as reliabie as anything else that may pass though their dirty hauds. We believe very little that we have heard yet as regards the result. We are confident that there is better news yet to come from Indiana. The despatches thus far received look to us as though they were manufactured to order, and for the purpose for which they were sent the ballot-box had out, before been opened. The polls closed at 6 o'clock and there were twenty tickets to count at each polling place. Hence, it would seem absolutely impossible to get any definite indications of the result last night. We know that there have been very large frauds in Indiana, that 10,500 negroes have been colonized in that State and that more than a million dollars have been expended there to carry the State 1878, will of course have to register; and for the Republicans, but yet we will not believe that rascality and fraud have been allowed to triumph over the honor and virtue and manhood of the State. If, however, the result should prove that the State has really gone against us we will know very well how to account for it. The Republican party has never yet hesitated at any means, no matter how foul, whereby its ends may be attained.

The folly of pretending to know the result in Indiana or Ohio, and especially in the former, will be illustrated by the following facts, which we clip from the Indianapolis special in yesterday's New York Sun:

The ticket to be voted is long, and in some places, where there are inefficient boards of election, it will require a full day to complete the count. If the State is close, you may not look for anything to make a certain estimate upon the result before midnight on Wednesday: In 1872, when Hendricks was elected Governor by 12,000 majority, the result was not defi-nitely known until Friday noon. In 1868 when Barker was elected by 9,000 majority, the result was not known until the Sunday following the election.

#### THE DEMOCRATIC TICKET.

The following we clip from the Char. lotte Observer. It comprises the entire ticket which is to be voted on at the election in November. It is very important, and should be read very carefully by all:

The following is the Democratic ticket as it must be voted throughout the State. There are nine boxes, and one ballot must For Judge of the Fourth Judicial District. be deposited in each box. Voters must see to it that each ticket is placed in the right box. One ticket, for Presidential electors, is as follows:

FOR ELECTORS OF PRESIDENT AND VICE PRESIDENT OF THE UNITED STATES: JAMES M. LEACH, of the fifth congressional district.

FABIUS H. BUSBEE, of the fourth congressional district.

DISTRICTS. THOMAS JERNIGAN, of the first congressional district.

HENRY W. BRYAN, of the second congressional district. DANIEL H. McLEAN, of the third

congressional district. WM. F. GREEN, of the fourth congres sional district.

FRANK C. ROBBINS, of the fifth congressional district. DAVID A. COVINGTON, of the

sixth congressional district. THEODORE F. KLUTZ, of the seventh congressional district.

JAMES L. GUDGER, of the eighth congressional district.

Then follows the State ticket as follows: For Governor-THOMAL J. JARVIS, For Lieutenant-Governor-JAMES L

ROBINSON, of Macon. For Secretary of State-WILLIAM L SAUNDERS, of New Hanover. For State Auditor-WILIAM P. ROB-

ERTS, of Chowan. Fot ! State Trea urer-JONATHAN WORTH, of Randolph.

For Attorney General-THOMAS S. KENAN, of Wilson. For Superintendent of Public Instruction-J. C. SCARBOROUGH, of John.

Next, the members of Congress for ther respective districts are to be voted for therein only-that is, each voter voting for but one candidate, in a separate box, as follows;

FOR CONGRESS, let District-LOUIS C. LATHAM, of Pitt. FOR CONGRESS, 2nd District-W. H.

KITCHIN, of Halifax. FOR CONGRESS, 3rd District-JOHN

W. SHACKELFORD, of Onslow. FOR CONGRESS, 4th District-WILL LIAM R. COX, of Wake,

FOR CONGRESS, 5th District-AL-

FOR CONGRESS. 6th District-CLEM-ENT DOWD, of Mecklenburg. FOR CONGRESS, 7th District-ROBERT F. ARMFIELD, of Iredell. FOR CONGRESS, 8th District-ROB

ERT B. VANCE of Buncombe. Another ticket, to be, like the Electoral and State Executive tickets, voted throughout the State, is as follows, re-

quiring a box, also: For Judges of the Superior Court: FOR JUDGE FOURTH JUDICIAL DISTRICT: R. T. BENNETT, of Anson.

FOR JUDGE OF THE FIFTH JUDICIAL DIS JOHN A. GILMER, of Guilford.

The fifth ticket, to be voted throughs out the State, is for or against a proposed amendment to the constitution of the State in relation to the public debt. This requires a separate box.

The sixth ticket, also general, and requiring a box, is on the proposed constitutional amendment relative to the deal mutes, the blind and the insane of the State.

The seventh ticket, requiring a box, is for Senator (or Senators) and Representative (or Representatives) in the General Assembly.

The eighth ticket, to be deposited in a separate box, will have on it treasurer (in counties having this officer), register of deeds, surveyor, ceroner and sheriff. In cases where the clerk of the superior court is to be elected to fill unexpired terms, this officer will also be voted for World. on this ticket ]

The ninth and last ticket is for town. ship constable, each township electing its own constable.

The following persons cannot vote: Minors, idiots and lunatics; persons who, after conviction, or confession in open court, have been adjudged guilty of felony or other infamous crime, committed after GRAY'S SPECIFIC MEDCINE January 1, 1877, unless restored to rights of citizenship by law.

Subject to the foregoing exceptions, all males born in the United States, or naturalized, who have resided in the State twelve months next preceding the election, and ninety days in the county, are qualified to register and vote in the precincts where they reside.

Those who shall have arrived at the age of 21 years since November 5th, all those who shall have removed from one precinct or township to another since that date, will have to register anew. Persons who registered for the November election, 1878, and have since changed precinct must, upon presenting themselves for registration, produce a certificate from the registrar in the precinct in which they registered, stating that their names had been erased from his book.

For the Review.

Democratic Love Feast. On the 1st inst the Democratic yeomanry of Carver's Creek, Bladen county, amid enthusiastic cheers unfurled to the breeze a Hancock, Jarvis and Shackelford flag. Immediately after the flag was raised Mr. David Robinson, that tried and true Democrat and President of the Club, introduced to the audience Col. L. L. Polk, our former Commissioner of Ago riculture. It would be useless for me to attempt even a synopsis of his speech. Suffice it to say as he said of Hancock as a statesman, it was 'superb.' Col. Polk should be kept in the field. He was followed by Capt. Chas. Allen, of Brunswick, in one of N. J. those pointed, yet eloquent speeches for which he is famous. We were then invited to partake of a repast prepared and supervised by Car-Creek ladies—of whom quite a number were present. The table was literally loaded with viands that would have tempted the palate of even an epicure. Here let me remark that for beauty and intelligence, in fine, for all the redeeming virtues of the pure North Carolina woman, Carver's Creek will rival any portion of our State. The Colonel could but wish 'that he were a boy again.' Col. D. H. McLean had accepted an invitation to be present, but was disappointed by the death of a near relative. Democracy is bloom. ing.
