Tawny flushes; God is in the burning bushes And the vision on us rushes Like the rosy heights of hope:

Crimson, yellow, Misty, meilow; How the forests bow and billow! Maple, ash and oak and willow shed the trophies of the year, Thus we render

All our splendor, Less by leaf in sad surrender, Pomp and pride and pleasure tender when our days are in the sear.

Down they shiver! Quake and quiver! On the swift and silent river, Where the current glides forever To the wide and windy sea!
Sifting, sowing,
Drifting, blowing,
Now they're floating—gaily going Like the lives of men a-flowing

To the life that is to be, -Modern Argo.

Traveling Etiquette.

The fashionable girl now lays her head on the shoulder of her male companion when traveling, according to a Cincinnati Equirer writer, who 88y8: 'The nicest girls do it, and they are so demure, so innocent, so unconscious in their manner, that nobody could deem the practice harmful. They have the unconcerned air of using a pillow. This would have been reprehensible a year ago; now fashion and mothers permit it. But the man hug the girl. If he does, she pops all. bolt upright and will lean to him no more forever. That is new but aps proved etiquette.

Hall's Journal of Health Facts About Heart Disease.

When an individual is reported to have died of 'disease of the heart,' we are in the habit of regarding it an inevitable event, as something which could not have been foreseen or prevented, and it is too much the habit, when persons suddenly fail down dead, to report the 'heat' as the cause; this silences all inquiry and investigas tion, and saves the trouble and incon. venience of a repulsive 'post mortem.' A truer report would have a tendency to save many lives. It is through a report of 'disease of the heart' that Magnolia, N. C., Aug 18, 1880. many an opium eater is let off into the grave, which covers at once his folly and his crime; the brandy drinker, too, quietly slides round the corner thus and is heard of no more; in short, this 'report' of 'disease of the heart' is the mantle of charity which the poli. tic coroner and the sympathetic physician throw around the graves of 'gen. teel people.'

At a late scientific congress at Strasburg it was reported that of sixty-six persons who had suddenly died an immediate and faithful post mortem showed that only two persons had any heart affection whatever; one sudden death only in thirty-three from dis-ease of the heart. Nine out of six ysix died of apoplexy-one out of eva ery seven-while forty-six-more than two out of the three-died of lung affections, half of them of 'congestion of the lungs,' that is, the lungs were so full of blood they could not work; there was not room for air enough to get in to support life. It is, then, of considerable practical interest to know some of the common, every day causes of this 'congestion of the lungs,' a disease which, the figures above being true, kills three times as many persons at short warning as apoplexy and heart disease together. Cold feet; tight shoes; tight clothing; costive bowels; sitting still until chilled through after having been warmed up by labor or a long, hasty walk; going too suddenly from a close, heated room, as a lounger or listener or speaker, while the body is weakened by continued application or abstinence, or heated by the effort of a long address; these are fruitful cause of sudden death in the form of 'cougestion of the lungs;' but which being falsely reported as 'disease of the heart, and regarded as an inevitable event, throws people off their guard, instead of pointing them plainty to the true causes, all of which are avoid abie, and very easily so, as a general rule, when the mind has been once intelligently drawn to the subject.

ing a New Discovery.

The mortality statistics of this country show that a great proportion of deaths arise from Heart Disease. But aside from the fatality which attends it, the inconvenience and suffering which even the first stages bring, make it necessary to take prompt measures for relief. Undoubtedly the greatest remedy of modern times for curing diseases of the Heart is "Sedatine. de India," which is accomplishing such wonderful results and attracting so much attention. This great remedy possesses ingredients specially designed for all the numerous troubles of the Heart. The combination is the result of long and care. ful experiment, and it can be safely asserted that when taken in time it will cure in every case. Do you ever have Nightmare, oppressed feeling in side and breast, Irregular Action, Throbbing, Jumping, Fluttering, Momentary Stopping, Slow Circulation of the Blood? These are all symptoms of Heart Disease. Those who

are suffering and have never tried it do so at once; those who have ever tried it do not need to be urged to do so again. If your Druggist has not got it send \$1.50 to our address and it will be mailed to you. Sole Agents in America, Lobdell Chemical Co., St. Louis, Mo. je 11-ecd&w-6m.

Around the World

A fame that is world-wide and acquired in the short space of a few years, must have true merit for its support. Dr. Pierce's Family Medicines have gained such fame and the foreign orders for his Golden Medical Discovery—the greatest blood purifier of the age, for his Pleasant Furgative Pellets (little sugar-coated pills) his Favorite Prescription-woman's best friend-and others remedies became so great, that a branch of the World's Dis pensary has been established in London. England, for their manufacture. From this depot they are shipped to every part of Europe, and to the East Indies, China, Japan, and other countries. Their sale in both North and South America is per fectly enormous and increases yearly. I have suffered from a kidney difficulty for the past ten years, accompanied with nervous spasms. Physicians gave me but temporary relief, but after using three and one half bottles of Warner's Safe Kidney and Liver cure, my nervous spasms were entirely relieved. My age is 77 years. I recommend this great remedy to all suffering from nervous troubles. MRS. MARY REESE. Easton, Pa.

Miscellaneous.

The accumulated evidence of nearly thirty years shows that the Bitters is a certain remedy for malarial disease, as well as its surest preventive; that it eradicates oyspepsia, constipation, liver complaint and nervousness, counteracts a tendency to gout, rheumatism, urinary and uterine disorders, that it imparts vigor to the feeble, and cheers the mind while it invigorates the body.

Valuable Land for Sale.

WHEREAS CALVIN BLACK and wife, eson and State of North Carolina, on the 1st day of October, 1875, made and executed a formations in the joints), Chronic Rheumamortgage to the North Carolina State Life tism, Insurance Company of the city of Raleigh and State aforesaid, to secure fifteen hundred dollars due by note dated October 1st, 1875, bearing interest from date at 8 per cent, interest due on the 1st day of April and October of each year, and payable two years after date, which mortgage was duly recorded in the Register's Office in the county of Robeson and State aforesaid, in Book Q. Q. page 78, on the 11th day of October, 1875, which (note) said mortgage with the power of sale therein contained, and said note was on the 5th day of January, 1880, duly transferred and assigned to the subscriber, who is now the owner and holder thereof, and the full amount of the said note secured by the said mortgage is now due, except the interest up to the 1st day of October, 1878, and whereas default has been made in the payment of the said note secured by the said mortgage, the said mortgage will be foreclosed by a sale of the said premises by virtue of the power contained in the said mortgage, which sale will be made by the subscribers at public auction, for cash, at the Court House door, in the town of Lumberton, county and State

aforesaid, on the 25th day of October, 1880, at 12 o'clock, noon. The following is a description of the said mortgage premises: A tract of land lying and being in the county of Robeson and State of North Carolina and bounded on the North by the lands of Neill McNeill, on the East by the lands of M. McNeill, the heirs of Henry McNeill, deceased, and Daniel McCallum. on the South and West by the lands of Daniel McArthur, J. C. McLachin, Hugh Johnson and Col. P. P. Smith, and containing about eight hundred acres, more or less, the boundaries of which will more fully appear by reference to the said mortgage recorded as

The said tract of land will also be sold at the same time and at the same place and on the same terms under a mortgage executed by the said O Black to John A. Gilchrist, on the 4th day of September, 1877, to secure a note of \$679.92 which mortgage is now held and owned by J. C. McCaskill, and is record ed in the same office in Book T. T., page 945, on the 21st day of February 1878.
