Here is the full sum and substance of the situation as it now stands: In the eight States that have held elections this fall, the Democrats have carried five and the Republicans three. The Radicals got a set-back in Maine and the Democrats in Indiana.

Old Peter Cooper, now 91 years old, built the first engine that ran upon the Baltimore & Ohio Railroad in 1829-30. It was named the "Tom Thumb," and Mr. Cooper was his own engineer. The old locomotive looked like a chicken coop with a stove pipe.

Of the sixty-two bishops of the Episcopal Church now living, two; Bishops Williams and Seymour, are bachelors; and seven are widowers, Bishops Smith, Potter, Gregg, Bissell, Pinkney, Welles and Dudley, and two have been twice married, Bishops Potter and Dudley.

It is a long time between rains. Not only is the drought being severely felt in the west, but many large streams in New York are almost dry. Pedestrians can cross the Delaware river without wetting their feet, and the fish are dying off by thousands. Many mills and factories have been forced to suspend for want of power; the railway wells along the roads are empty, while farmers are obliged to drive their cattle in some cases several miles for water. A young deluge would not be out of place.

Nick Roberts has cancelled his date for the Opera House in this city because of not being able to reach here without the loss of a night. Nick Roberts has the boss pantomime troupe in the country and would have done a good business in this city.

Rice birds are about played out. No so with those Scotch soles at ROSENTHAL'S They last for ever.

How to See Jupiter's Moons.
An exchange, speaking of the four moons of Jupiter, says that to witness them it is not necessary to buy or borrow a field-glass. A looking-glass is all necessary, and by observing the reflection of the planet on a clear night the moons can be seen on either side of the golden disk of the planet. This plan has been tried successfully. As the moons revolve about the planet in short periods—the nearest making the circuit in less than two days—their relative positions are constantly changing. The size of these moons varies from a diameter of 2,352 miles to 2,929 miles.

The doctors are very much displeased over a competitor who is gradually stealing their best practice; we mean Dr. Bull's Cough Syrup, of which a 25 cent bottle does better work than a dozen prescriptions.

Where is that crowd going? To ROSENTHAL'S, to buy boots and shoes.

Remember that the old registration books which were used in the State election two years ago will be used at the Presidential election next month, and if you have changed your ward in two years you must transfer your name to the ward in which you are at present residing, as different registration books are used for State and national and city elections.

The New Grocery.

Capt. Boatwright threw open this morning, to his friends and the public, the doors of his new and handsome grocery establishment, on North Front street. He had many callers during the day, among whom were a number of ladies. The stock is new and fresh, and was purchased carefully by Captain Boatwright with an express view to the requirements of this market. We think that he will do a large business.

L'Arroso.

At a meeting of L'Arroso Club, held last evening, the following officers were elected:
President—Jas. G. Bradley.
Vice President—D. L. Evans.
Secretary and Treasurer—W. L. Smith, Jr.
Governing Committee—J. M. Cronly, O. P. Meares, Jr., Albert Gore and T. H. McKoy, Jr.

Arrested on a Capias.

Thomas Edens, a Garfield voter of the colored persuasion, who is some twenty-two or three years old, was arrested here this morning by one of Sheriff Manning's deputies upon a capias issued by A. C. Huggins, Clerk of the Superior Court in Onslow county, to answer to an indictment for larceny found against the said Edens at the last term of the Superior Court held in the above named county. The prisoner was committed to the tender mercies of Dan. Howard, Jailor, to await the requisition of the Sheriff of Onslow county.

Painful Accident.

Mr. Frank W. King, in the employ of Messrs. Westbrook & Bro., of Rocky Point, as superintendent of their cotton gin, met with a painful accident on Monday, the 18th inst., by which one of his arms was broken and one of his hands fearfully mangled. While working at the gin, the sleeve of his coat, while his hand was employed in clearing the "moat board," became entangled in the gin, and before he could extricate himself, the hand was drawn into the gin, lacerating it in a fearful manner, and breaking the arm, as we have described. Mr. King is a young man, unmarried, very much respected, and he has the sympathy of the community in his misfortune. It is thought that amputation of the arm will not be necessary, but the hand will undoubtedly be crippled for life.

Third Ward Meeting.

The meeting of the Third Ward Democratic Club, held at the Court House last evening, was largely attended. Captain W. S. Norment made a capital rallying speech and enthused new life into some of the most despondent Democrats hereabouts. Mr. H. A. Bagg, the nominee for Sheriff, and Mr. Walker Meares, nominee for the House and H. W. McLaurin, Esq., nominee for Register of Deeds, being called upon, each in turn made appropriate remarks, accepting the nomination which had been tendered them and promising to use every effort in their power to achieve a victory at the coming election. The meeting was quite a success and all who attended were gratified with the result.

The Fourth Ward is the next to hold a meeting, we believe, according to the plan agreed upon at a general meeting held in the City Court Room a week or so ago. Keep the ball in motion. Let all the Wards work in earnest and let the members of the different Wards attend all the meetings and in this way keep up the enthusiasm. Remember the time is short, not quite two weeks to election day.

Magistrate's Court.
D. L. Britt, colored, was arraigned before Justice Gardner this morning, upon the charge of assault and battery, and ordered to pay fine and costs, besides being required to give bond to keep the peace for six months.

Bloodshed in Paddy's Hollow.

This morning 5 o'clock, as the police officer on duty in Paddy's Hollow was making his regular rounds, he discovered Julia Ford, colored, a well known habitue of the classic precincts of the Hollow, in quite a scanty attire on the street bleeding quite profusely from a wound in the head, the blood having flowed down over the single garment which she wore, causing her to present quite a ghastly appearance. The complaint she made to the officer was that a white man named Joseph Marshall had stricken her with a billet of wood, in her own room, because she endeavored to put him out. The white man, Marshall, who is now locked up in a cell at the City Hall, avers that he was in the woman's room with her permission, and that she had been out all night on a raze and came home this morning, shortly before the hour above mentioned, intoxicated and struck him with a chair. The case will come up for the Mayor's consideration to-morrow morning, at half past 9 o'clock. The trial had to be postponed until to-morrow at the hour above mentioned, owing to the enfeebled condition of the woman. Marshall, who is a man with one arm, is not a resident of the city, having only a short time ago arrived in this city from New York on board of a steam tug and was accidentally left here when the tug took her departure. The prisoner claims to be an engineer, and willingly surrendered himself to the authorities this morning.

There will be a meeting of the Young America Hancock, Jarvis and Shackelford Club at 8 o'clock to-night, at the City Court Room. A full attendance is earnestly requested.
