The Philadelphia police have just been assessed \$8,697 for Republican campaign purposes.

Nine states have voted since the first of August, and the republicans have made gains in one—Indiana.

There are thirteen million organized nihilists in Russia, according to Hartmann's figures. They ought to be able to make it mighty lively for the connubial old czar.

The Oregon legislature has passed a constitutional amendment to authorize unlimited woman suffrage. This will undoubtedly have to be ratified by the people before it becomes operative.

Capt. James B. Eads, the projector of the ship railroad across the Isthmus of Darien, says that there is every prospect of the success of the scheme, and that if the work was once started he could complete it within three years.

The State Fair at Raleigh has closed. It has been a very successful affair. The numbers in attendance were very large and the exhibit was very fine. There were very few exhibitors from this section and not many from this city in attendance.

Mr. W. W. Corcoran, of Washington, who is now tottering about in his eighty-third year, will probably soon rest in the magnificent cemetery which he presented to the capitol city. During his life he has given away \$3,000,000 in public benefactions, and \$1,000,000 in private charities, or about three-quarters of his entire estate. It was a fortune so well spent that none could envy him the peaceful enjoyment of a part of it.

Rev. W. S. Plumer, D. D., LL. D., one of the most eminent theologians in the country, died in Baltimore yesterday morning. His decease was not unlooked for as he had been suffering for some weeks past most intensely from an affection of the bladder. He was a clergyman in the Presbyterian Church and was 78 years of age. The remains were taken to Richmond for interment yesterday afternoon.

Col. W. B. Thompson, superintendent of railway mail service, has completed his annual report for the last fiscal year. It shows that there are now covered by this service 108,640 miles of railroad and steamboat routes, an increase of 5,329 miles since last year. The number of pieces of mail matter handled by the employes of this division during the year reached the enormous aggregate of 2,670,000,000. The report asks for increased appropriations to meet the constantly increasing demands of the service.

Mr. Garfield is very good at denying, and his ability in denying a thing is only equalled by his ready facility for swearing to it. Of course he has denied having written the letter to Mr. Morey on the Chinese question, published by us yesterday, but this is something like his Credit Mobilier denial; it will not avail him. There is no doubt but that he did write the Chinese letter, and Mr. Barnum, the Chairman of the Democratic Committee, is prepared to prove that he did.

The Utica Observer says that there are 300,000 more Democrats in this country than there are Republicans. There are really more Democrats in each of the Northern States of Connecticut, New Hampshire, New York, New Jersey, Indiana, Colorado, Nevada and California than there are Republicans. These Democrats can give Winfield Scott Hancock a splendid majority, and enjoy a Democratic administration, if they choose to do so.

The Raleigh News and Observer makes a resume of the situation in this State. It says that in the first district Latham's friends are confident of his election. In the second, while Hon. W. H. Kitchin is hopeful, yet the odds are so largely against him that we can only predict that Hancock and Jarvis will get better relative results there than Tilden and Vance did four years ago. In the third district we understand a great effort is being made against Shackelford, and that secret circulars have been circulated "intended to injure him," but, on the whole, his district is considered safe if the true Democrats turn out and vote for the nominee. The State and national ticket will hold its own there.

The fourth district will give Cox about 2,200 majority. We will carry every county in the district. Gen. Scales, Maj. Dowd, Col. Armfield and Gen. Vance will be elected by large majorities.

While we are certain of carrying the State and the Legislature, the majority is by no means determined. It will depend largely on how the people will turn out. If they will arouse themselves and make a great effort the figures will run up well in the tens of thousands.

Herr Lengel, the famous lion-tamer, whom so many of our readers will recollect, was torn to pieces by two Brazilian tigers in Courtney's Zoological Circus, at San Domingo, W. I., on Sept. 15th.

Can't we have one more grand "ratification" during the following week? What say the County Committee? A little stirring of the political pot at this time wouldn't hurt the cause.

Water street merchants will keep their feet dry in winter by wearing ROSENTHAL'S boots and shoes. †

The Greenbarkers.

The Greenbarkers had some talking last night in front of the Market House. Messrs. Geo. Shepherd and Tom Watson narrated. They were very much annoyed at the demonstrations of some distinguished members of the Republican party from the mills and stillyards, probably members of the "Boys in Blue" or some other "lawful" organization, who didn't want to hear them.

Look at our Glove Corsets, Nursing Corsets and Corsets of other kinds, at HAHN'S, 38 Market street. 1w

He is With Us.

Mr. Wilkin Roddick, of Brown & Roddick, who has been touring the Northern markets for more than a month past, has returned here. He tells us that he has lighted upon many rare bargains, all of which he will give his customers the benefit of. He has had two establishments to fill up and we imagine that his time North has been pretty well occupied.

Our Flannels are the cheapest ever brought to the city and twenty-five per cent less than any in the State. HAHN'S, 38 Market street. 1w

Death of Mr. Greenough.

We regret to learn of the death, in New York, of Mr. C. E. Greenough, son-in-law of Mr. James Dawson, of this city. Mr. Greenough died in the Windsor Hotel yesterday at 1 o'clock. We presume he will be buried in or near New York. It is only a few months—last Spring, we think it was—when the wedding bells were rung. Mrs. Greenough has been both wife and widow since the family were last in this city.

Our Dress Goods cannot be surpassed in the city. We have all shades and qualities. Prices exceedingly low, at HAHN'S, 38 Market street.

Carolina Rice Mills.

The Carolina Rice Mills, a full description of which we published a short time since, are now at work, having begun operations yesterday. Everything works satisfactorily. The rice threshed out in this mill is very superior, a fact which is admitted by all to whom it has been exhibited. A specimen of it is now before us and it is equal, it is said, to the best rice received here from the Charleston mills.

Shawls—Shawls.

Now they are daisies. All kinds, all colors, and all prices, at HAHN'S, 38 Market street. 1w

Vessel Ashore and a Total Wreck.

The brig Robert C. Wright, Captain R. H. Clark, of Baltimore, with cargo of coffee, bound from Rio Janeiro to Baltimore, we learn through the Signal Office here is reported ashore eight miles north of Cape Lookout on the coast. The vessel has since gone to pieces and the beach is strewn with wreck and cargo. There was something in the dispatch, the Signal Officer informs us, about the Captain and eight men in a small boat, but the line, Sergeant Watson says, is working so badly that he could not understand anything further in regard to the Captain and crew.

To take oil stains out of white cloth, make a strong solution of borax water—one tablespoonful powdered borax to a pint of boiling water; place the cloth on a clean board or table, and rub the oil stains well, using a clean brush dipped in the solution; if the spots are of long standing a very little soap may be used with the borax water, using the brush for that purpose; then rub dry with a soft cloth.

River News.

From private advices received in this city from Fayetteville to day we learn that there have been rains in the up country about Chatham county and that a freshet is looked for in a few days. The steamer D. Murchison, which arrived here this morning, cleared this afternoon with the hopes of meeting the freshet and being able to make the trip through to Fayetteville.

City Court.

The case of Julia Ford, colored, and Joseph Marshall, white, continued from Wednesday morning, was heard by the Mayor this morning. The testimony introduced in court proved that the defendant, Marshall, was on the woman's premises by her permission; that she was the aggressor, and made the first assault on Marshall, and that the blow he struck the woman which gashed her forehead, was in self-defence, and after the said Marshall had received several blows from the woman. The evidence convicted the woman of being intoxicated and assaulting Marshall without just provocation. The Court fined the prosecutor in the case, Julia Ford, \$10 and recognized her until Tuesday next at which time she is ordered to pay the fine. This being the only case on docket, the Court then adjourned.
