Mr. Jewell is only following in the
footsteps of the illustrious Garfield when
he denies a fact which he knows to be
a fact. Mr. W. F. Ely, in a card to the
New York Sun, proves most conclusively
that Jewell did send out repeaters to
Florida. He states as a fact, and he
stands ready to prove it if Jewell dare
deny it, that some days before Mr. Jewell's
telegrams to Florida were published by
the Democratic Committee, he was
told by an employe of the Company that
the City of Texas took out one hundred
men, of the worst character, all of whom
were fully armed. They were so drunk
and disorderly, fighting among them-
selves, that the Company, afraid that the
cotton on the dock would be set on fire
by them, caused the vessel to sail before
daylight. Furthermore, Mr. Ely states,
the tickets for every one of those men
were bought at the same time and paid
for by the Republican Committee. These
facts, as we have stated, Mr. Ely stands
ready to prove if Mr. Jewell dare deny
them.

WILMINGTON, N. C.

LOW BATES—For all kinds of Printing,

The Norwalk (Conn.) Hour,

heretofore Republican, has come out boldly for Hancock. It objects to Garfield because "he requires too many certificates of character."

If we know anything of the temper of the Floridians, the climate of their State will be apt to prove rather unhealthy for Radical bulldozers and repeaters from New York City.

The Sixth Avenue R. R., in New York, is endeavoring to bulldoze its employes into voting for Garfield. These men work sixteen hours out of the twenty-four and are paid from \$1.50 to \$2 per day.

Gen. Mahone denies most emphatically that there is any truth in the report of a bargain between himself and the Republicans. He says that the Read-juster electors, if elected, will certainly cast their ballots for Hancock.

The Radical programme in Louisiana is plain enough to see. They are endeavoring to force a conflict there with the State authorities. Without the slightest show of justice they are interfering, though their deputy-marshals, with the registration laws in that State. If they think that they will repeat the rascality of 1876 they will find themselves mistaken. If Hancock is elected he will take his seat, no matter who stands in the way. Hancock is the man to take what is his own and there are lots of good, honest men in this country, many of them old soldiers, the gray as well as the blue, who will not see him robbed in open daylight by footpads and thieves.

Marching On.

We are pleased to learn, as we do from a prominent citizen of Pender county, residing at Point Caswell, that his section will do its duty next Tuesday. Mr. Shackelford has done much good by his presence in Pender county and the people have become aroused to the important issues at stake and the necessity which exists for every man in the party to do his full duty at the polls.

At the Opera House Last Night.

Well, the bald-heads were disappointed last night with the Rentz-Santly performance. The house was packed with men who left home to attend the Ward meetings, Lodges, etc., but they were so much disappointed that they were ashamed of the deception practiced on the "other half." There was nothing more "attractive" about the performance than one would see in a performance given by Oates, Chapman Sisters or the Holman Sisters. The singing was good and some of the dancing very fine. Take it all in all the performance was very creditable. We have seen better, though some of the characters were a little above mediocrity. The Rentz-Santly Combination have abolished the Dizzy Blonde feature of their entertainment.

Bellevue Cemetery Company.

Pursuant to announcement the semi-annual meeting of the Bellevue Cemetery Company was held last night in the office of Mr. John D. Bellamy. The Treasurer's report, which showed the condition of the company to be good, was received. Twenty-seven interments and one reinterment were made during the past six months. By vote a per capita tax was levied upon each lot owner for the proper keeping of the lots during the next six months. Nothing further appearing the meeting adjourned.

Board of Aldermen.

The Board of Aldermen, Board of Audit and Finance and committees from the Chamber of Commerce, Produce Exchange and Board of Underwriters, met yesterday afternoon for a consideration of the question of a system of water works for the city. Mayor Fishlake presided at the joint meeting.

Alderman Foster, the committee of one from the general committee, submitted the following report:

To the Mayor, Board of Aldermen and Board of Audit and Finance of the City of Wilmington, N. C.

GENTLEMEN:—The undersigned, a special committee appointed to examine fully as to the practicality of establishing water works in our city, begs leave to make the following statements, the same being based upon past experience of other cities:

1st. Wilmington is in great need of a first class water works system for sanitary purposes and for protection to property against fire.

2d. If water works are secured there will be a great saving of time lost by sickness, and the paying of doctor bills and funeral expenses caused by the use of contaminated well and cistern waters.

3d. The direct cost to the city for rent of hydrants (75 cents to \$1.00) will be many times saved to the citizens in reduction on insurance and saving on the present expenses of the city Fire Department.

4th. The city must soon have sewerage or water works. Water works are much cheaper than sewerage; without water works, sewerage is of little or no use. We cannot have both at a very near date. Our soil is a perfect sewer. Excepting cistern water, though it is more or less contaminated with poisonous gases, we have no pure water from wells. Pure water is insipid and tasteless. Contaminated waters are often referred to as good sparkling water, from the poisonous matter and gases absorbed through the soil and brick wall, which cause a putrid fermentation to take place, and if not too bad, it is rather pleasant to the taste than otherwise, yet dangerous and unhealthy for man or beast.

5th. To secure water works at an early date, the Board of Aldermen should well guard against accepting any bids from water works parties who are going around the country and making contracts that bind the cities and give no guarantee of the works ever being completed—unless they succeed in bartering off the said contract to parties who can build the works.

6th. The only correct system for our city is to have one or more stand pipes, 20 feet in diameter and 125 feet above the low-water mark in the river, with pumps, and pipes, hydrants and valves—all specified as to size, kind, &c.

7th. The Board of Aldermen should know the cost of the works.

8th. For about seventy-five fire hydrants, they should be furnished for about \$5,000 per annum, with free water to public buildings.

I herewith tender you all the bids and propositions coming into my hands, for your consideration and action.

Most Respectfully,
F. W. FOSTER,
Special Committee on Water Works.

Proposals to erect water works were received and read from Messrs J. A. Cloud & Co., of 18 Wall street, New York, and Mr. A. Wilkins.

Mr. A. Martin, from the Chamber of Commerce, and Col. W. L. Smith, from the Board of Underwriters, both spoke in favor of establishing the proposed works.

On motion of Alderman Foster a committee of three from each Board, including the chairmen of said boards, was appointed, to meet at as early a date as possible and take the bids now on hand into consideration, and report back to these boards.

The motion was adopted, and Messrs. Norwood Giles, D. G. Worth and R. J. Jones, of the Board of Audit and Finance, and Messrs. Divine and Foster, of the Board of Aldermen, were appointed.

The meeting then adjourned.

Respectfully Declines.

The nominee of the Republican convention in Pender county having declined and announced himself for another office, it has been decided, we understand, to vote for Mr. R. H. Murphy, of Moore's Creek, for that office. That gentleman, however, has declined the honor and in a card published elsewhere in this issue he gives forth no an uncertain sound, not only refusing to become an independent candidate but strongly urging his friends to vote for the nominee of the Democratic convention.

Mr. Murphy is an old-time Democrat and will do nothing, either by word or deed, to create dissension in the ranks of his own party. Two years ago he was the Democratic nominee for Coroner and polled a full party vote, but was defeated by his Republican opponent. May his example inspire the people of Pender to renewed exertions for the benefit of the ticket.

DIED.

STELLJES—On the 26th of October, 1880, JOHN DIETRICH STELLJES, son of Dietrich and Mary F. Stelljes, aged 8 years.

The relatives, friends and acquaintances of the family are respectfully invited to attend the funeral to-morrow afternoon (Wednesday) at 2 1/2 o'clock, at St. Paul's Evangelical Lutheran Church, thence to Oakdale Cemetery.

The funeral procession will form at the residence, corner Sixth and Queen streets, at 2 p. m., precisely.

"God forbid his longer stay:
God recalled the precious loan:
God hath taken him away
From our bosom to his own;
Surely what God wills is best
Happy in His will we rest."

A Card.

I HAVING BEEN RUMORED in Pender county that the Republicans have concluded to support me for the office of Coroner, the nominee of their Convention having announced himself for another office, I hereby declare to my friends that I am neither a candidate for that office nor do I desire to be voted for. I earnestly request all of my friends to vote and work for the nominee of the Democratic Convention.
