There is real danger in Ireland. The people of that unhappy land are fear- For ladies, children and men. Full stock, fully aroused and exasperated, and the British Parliament, as has so often been the case heretofore, seem totally unable to find a remedy, beyond that of force, for the disturbances at their very doors. Arrests are the order of the day, and large bodies of reinforcements are to

be thrown into the island in aid of the armed constabulary. A general rising in the South of Ireland now seems immineut.

Mr. Theron R. Butler is the President of the Sixth Avenue Street Car Company. There are nearly 500 men employed on the line. One Miller is the "starter," and said Miller has been trying to bulldoze the men into voting forGarfield. We published this yesterday. The New York Sun has interviewed Mr. Butler, the President of the line, and that gentleman, although a Republican himself, has given his men to understand that no

attempt at coercion or intimidation will be allowed. Good for Mr. Butler !

The Radical bulldozers in New York were at a loss for rascally expedients. The game now is to secure a large number of small bets, raging from \$1 to \$5, and then, when the Democrats who took the bets appear at the polls,

WILMINGTON, N. C., WEDNESDAY, OCTOBER 27, 1880.

Of course we know that the Territories do not vote for Presidential electors We so stated yesterday in a moment of thoughtlessness. It was a lapsus calami.

#### The River

Captain Green, of the North State. just in from Kelly's Cove, on the upper Cape Fear, reports the river still too low for navigation between here and Fayette-

ville. The rains of last week caused a rise of only two inches and even this has fallen off again.

#### Musical Recital.

Innovations are novelties and course something new with our staid going people. We have never known anything, however, that has given more satisfaction in a limited circle than Mr. E. D. Goodman's . musical recital a Heinsberger's music rooms last Friday. Those who heard Mr. Goodman were much pleased and desire a repetition.

# Assistance Needed

We are requested to call the attention of the charitable to a case of of real destitution in our midst. It will be remembered that last Spring a Mrs. Lumsden, living on Masonboro Sound, was struck and killed by lightning while in bed with her child, an infant a few days old. The three children left by Mrs. Lumsden were brought to this city and placed under the care of an aunt, who is now very sick and unable to provide for them. One of them has secured a home elsewhere but the others are in actual need. They live at the extreme end of Castle street. We make this statement by re-

# The Oyster Roast Yesterday.

The oyster roast yesterday at Macomber's Store was a very pleasant and a very successful affair. Tee attendance was large, many from this city having gone down. There was plenty of oysters -with the concomitants-far all and the speaking was spirited. Mr. Gerrett Walker presided and speeches were made by Mr. Walker Meares, Capt. A. A. Moseley, Mr. H. W. Mc-Laurin, Mr. W. M. Hays, Mr. J. H. Currie, Mr. R. H. McKoy and Maj. C. W. McClammy in the order named. It 1 wwas a feast of good things to hear as well as to eat. We understand, from good authority, that the fast train on the Wilmington & Weldon and Wilmington, Columbia & Augusta Railroads will be put on soon, probably between the 1st and the 10th of next month.
