THE FINEST OF the season. By the Dozen, Quart or Gallon, at

JOHN CARROLL'S, Market.

Gen. Grant is expected soon in Washington. He really, it is said, wants to be Secretary of War.

There are several Tennessee ex-Confederates living at Knoxville who witnessed Gen. Morgan's death at Greenville, while he was endeavoring to escape from a raiding party of the enemy, as mentioned by us yesterday.

The next House of Representatives will be undoubtedly Republican by a small majority. The Senate is Democratic provided David Davis, who was since his election affiliated with the Democrats, may be relied on and provided also that Tennessee and Nevada send in each a Democrat.

Dr. Mary Walker tried to vote at the polls in Oswego on the plea that she was a female, and when refused threatened the poll holders with prosecution. Some one in the crowd suggested the propriety of bringing all of the women to the polls, dressed in men's clothes, when Dr. Mary turned on him sharply and said, "I don't wear men's clothes; I wear my own clothes."

The Washington correspondent of the New York Sun says that it is openly announced that the Republicans mean to recruit their small majority in the next House of Representatives by unseating several members from Southern States upon various pretences. The preparations for carrying out this programme have already begun.

If the Republican majority does not do this it will be untrue to itself and its past record. We have never known it to halt at any means to attain its own infamous ends.

We have just received from the publisher, Mr. Presley Blakiston, 1,012 Walnut street, Philadelphia, through Mr. Heinsberger, of this city, who has them for sale, three little volumes which should meet with a large and rapid sale. Two of these, "The Skin in Health and Disease," by Prof. Bulkley, and "School and Industrial Hygiene," by Dr. Lincoln, are of a series of twelve volumes entitled American Health Primers, recently published by this house. The third volume to which we have alluded is entitled "Management of Children" and is by Annie M. Hale, M. D. The books may be had of Mr. Heinsberger, price 50 cents each.

Newspaper men must have more time than wit at their disposal when they talk now as to what may be best—or worst—for the Democratic party to do in 1884. Let us assure these gentlemen that the rank and file of the Democratic party have not, as yet, given one serious thought to 1884. "Sufficient unto the day is the evil thereof"; and so they have found it; they have not as yet recovered from the disaster of 1880 and do not look forward—or backward—any more than they can help. As the said rank and file of the Democratic party are not office-holders, but farmers, mechanics and business men, they want a little breathing time allowed them; a little time, too, in which they can turn out and look to their own affairs and gird up their loins for a continued and persistent struggle or a livelihood for themselves and their wives and their babies.

The market is well supplied with oysters.

The election excitement is on the "subside."

The cotton receipts at this port to-day foot up 2,356 bales.

Roe-mullets sold for twenty-five cents per bush yesterday.

This has been about as pleasant a day as November generally favors us with.

Mrs. M. P. Taylor is the organist at St. John's church, as we should have stated correctly yesterday, but did not.

The first hop of the series to be given by the L'Arioso Pleasure Club will take place at Germania Hall to-morrow evening.

A firm in Magnolia has shipped to Northern markets nearly two hundred bales of vanilla (dog-tongue) within the past six months.

Capt. L. Thomas, of Washington, D. C., is in the city getting up a directory of Wilmington. He is doing everything in his power to have the directory correct and complete and will no doubt furnish us with the best we have ever had.

Water street merchants will keep their feet dry in winter by wearing ROSENTHAL'S boots and shoes.

The sixty-seventh Presbyterian Synod of North Carolina convenes in Raleigh to-morrow. Rev. Jos. R. Wilson, D. D., B. R. Hall, Esq., Rev. C. M. Payne and Alex. Sprunt, Esq., delegates from the two Presbyterian Churches in this city, will leave to-morrow.

Rice birds are about played out. Not so with those Scotch soles at ROSENTHAL'S They last for ever.

County Taxes.

Sheriff Manning turned over to the County Treasurer on Monday last \$4,370.35. Of this amount \$3,329.79 belonged to the General Fund and \$1,040.56 to the Special Fund.

Where is that crowd going? To ROSENTHAL'S, to buy boots and shoes.

The Steamship Raleigh.

This fine steamship, commanded by that clever old salt, Captain D. J. Price, formerly in charge of the steamship Foley, of the Baltimore line, arrived at this port from New York this morning with a cargo of salt. The steamer, we believe, is consigned to Messrs J. R. Blossom & Evans.

To-Night.

The Old Plantation Minstrels will give another of their entertainments at the Opera House to-night. We have seen the programme and we doubt not that the performance will be all that could be desired. The troupe is composed of young men of this city. Those of our citizens who wish to spend a pleasant evening should not fail to drop in and see the boys.

Any and everybody can now do their own painting, as N. JACOB is the agent for the N. Y. Enamel Paints works, and the prices are low.

Remarkable Passage.

The British clipper barquentine Mary Emily, Capt. Jones, from Hamilton, Bermuda, consigned to Messrs. Alex. Sprunt & Son, made the run from Bermuda light to Cape Fear bar in 96 hours, which is considered most extraordinary and about equal to steam time. Capt. Jones reports light winds only, and could have saved twelve hours with more favorable weather.

Dancing lessons given free at ROSENTHAL'S Pump sole boots and shoes for the ball room.

Canvassing the Vote.

Sheriffs S. H. Manning, of this county, and A. H. Paddison, of Pender county, met in the Court House in this city this morning at 10 o'clock and canvassed the vote for Senator for the Twelfth Senatorial district which is composed of the counties of New Hanover and Pender. The vote was canvassed in the presence of five citizens, as required by law, and is as follows:

Scott 3,356
Worth 2,264
Sheppard 596
Mr. H. E. Scott was declared elected and his certificate of election was made out and handed to him.

J. F. Newcomer, of Toledo, Ohio, says:—I have been greatly benefited by wearing an Excelsior Kidney Pad, and would recommend all persons troubled with weak kidneys to try it.—See Adv.

NORTH CAROLINA.

ALL BUT FIVE COUNTIES HEARD FROM.

Jarvis' Majority About 7,000

(Special to Daily Review.)
RALEIGH, Nov. 9—3:30 P. M.
Eighty-nine counties thus far heard from give Jarvis 6,595 majority. The remaining five counties, not yet heard from, gave Vance 1,291.

New peanuts are arriving very slowly. They bring from 50 to 70 cents per bushel, as per quality.

Wood is very scarce and high in this city and half a dozen flat loads would sell now very readily and at good prices.

There are about thirty inches of water now on the shoals in the river and the steamers run through. If there are not heavy rains in the interior, however, and that very soon, the bottom of the river will be on top again in a few days.

Has Left Us.

Dr. T. S. Burbank left here to-day for Martin county, where he will locate and engage in the practice of medicine. He goes overland from this city, but will return in a month or so and take his wife with him. He is a very clever gentleman and one with whom we are sorry to part. We trust that he will do well in his new home.

The Cotton from Kelly's Cove.

The steamer A. P. Hunt returned here last night with a load of cotton from the sunken flat at Kelly's Cove and started back for the scene of the disaster after discharging her load, returning again this afternoon. The steamer Wave also returned this afternoon with a lighter load of the same cargo. It is thought that the Marchison will bring the balance of the cotton in to-night.

For the Epizooty.

The Petersburg Index-Appeal has found out a rather strange remedy for the epizooty. It says: A gentleman of this city who had a horse suffering with epizooty, tried Dr. Bull's Cough Syrup as an experiment, and to his surprise found that it afforded almost instant relief to the animal. He mixed a tablespoonful of the syrup in some of the animal's food at night, and the same quantity again on the following morning. No more was needed, and the horse is as well able to work and travel now as before his sickness. As the epizooty is quite prevalent among the horses in this section, it might be well for the owners to try this remedy.

Board of Aldermen.

The Board of Aldermen met yesterday afternoon, at the City Hall, for the purpose of acting upon the report of the Committee on Water Works.

Alderman Hill moved that the report of the committee be adopted, and that the contract to supply the city with water works be awarded to Messrs J. A. Cloud & Co.

After a full discussion of the matter, the motion of Alderman Hill was unanimously adopted.

On motion, a gas lamp was ordered to be placed at the corner of Church and Third streets, and oil lamps were ordered to be placed at Dock and Eleventh streets and Dock and Twelfth streets.

A petition from John C. Bornemann for permission to erect a wooden building on Market street, was referred to the Committee on Fire Department, with power to act.

On motion, the Board adjourned.

Get out Doors.

The close confinement of all factory work, gives the operatives pallid faces, poor appetite, languid, miserable feelings, poor blood, inactive liver, kidneys and urinary troubles, and all the physicians and medicine in the world cannot help them unless they get out of doors of use Hop Bitters, the purest and best remedy especially for such cases, having abundance of health, sunshine and rosy cheeks in them. They cost but a trifle. See another column.—Christian Recorder

For diarrhoea, dysentery, bloody-flux, cramps in stomach, and colic, whether affecting adults, children, or infants, Dr. Pierce's Compound Extract of Smart-Weed is a sovereign remedy. It is compounded from the best brandy, Jamaica ginger, smart-weed, or water-pepper, anodyne, soothing and healing gums. For colds, rheumatism, neuralgic affections, and to break up fevers and inflammatory attacks it is invaluable and should be kept in every household. Fifty cents by druggists.
