#### WILMINGTON, N. C., THURSDAY, NOVEMBER 11, 1880. VOL. V

Our opinion of Gen. Hancock is enhanced, if that be possible, by his refusal to countenance a contest of the New York returns.

It is said that Little Rock, Ark., is to have a cotton seed oil mill, employing 650 hands, and that will work up 350 tons of seed daily-the largest establishment of the kind in the world.

The Democrats make a net gain in New York of four Congressmen, providm. D. Corner Market & Second | ed Mr. Chittenden's successor, who is a Baptist minister, and who claims to be an Independent, will vote with them, which it is thought he will do.

> The following is the latest from the State elections-about similar to the special telegram published by us daybefore-yesterday. It is from the News & Observer:

As far as heard from (official and unofficial) eighty-nine counties give Jarvis 6,498 majority. The remaining counties NOT HALF THEIR VALUE! gave Vance the following majorities :-Cherokee, 109; Watauga, 375; Tyrrell, 295; Dare, 68; Carteret, 444-total,

> Gov. Jarvis cannot be reinaugurated as soon as his present term of office expires. His new term should begin on January 1st, under the amended constitution, but as it is imperative that the Legislature should canvass and compare the returns and as that body does not meet until January, the inauguration will hardly take place before the middle of the month. Gov. Jarvis will continue to exercise the duties of the office, under the provisions of the Constitution. The Legislature meets on the first Wednesday after the first Monday in January, which will be the fifth day of the

The next Congress, says the News and Observer, will be called on to make a new apportionment of members. The number in the present House is 293. It is possible that this number may be increased to 300, but if no increase be made, the five Eastern States will have 24, the four Middle States 62, the fifteen Southern States 108, the nine Western States 91, and the four Pacific States 8. New England loses 4, the Middle States 6. The South gains 3, the Western States 6, and California 1 In the South, South Carolinia gains 1 and Alabama loses 1. Texas gains 3 State, and our prices are lower than any. the other Southern States retain their present number. The basis of the apportionment would be 170,000 persons to one member; now it is 131,425.

How Happiness is Secured. Happiness is the absence of pain or annoyance, and wherever there is pain there is disease. A pain in the lower portion of the body indicates a disorder of some kind. If there is any odor or color or deposit in the urine it means disease and requires attention at once. We have heard many of our friends speak of the remarkable power of Warner's Safe Kidney and Liver Cure and are convinced there is nothing so certain urinary system, both male and female.

For the Daily Review

General Apathy MR. EDITOR: I read with pleasure in your daily your views on the cause of the defeat of the Democratic party in Pender and the great falling off of the vote in our State. In addition to those who staid at home on the day of election

and induced their neighbors to do likewise, it is a lamentable fact that there are those among us who are the chosen guardians of the party; whose duty it was to see that the old ship was kept in good trim and on the proper course; those who were conspicuous in our late conventions, who helped to nominate our various tickets and voted to make the nominations unanimous but who went to the polls and defaced their tickets and blurred their manhood by substituting the name of a Republican for some one of their own nominees. Some of those delegates. for the sake of thirty small pieces of Canaday's silver, actually cast their votes for him to the disgust of all decent men of both parties. There are others who conduct that they desired the defeat of Shackelford. Pender reminded one very much of the palmy days of Scherel, and Dockery. But for such unmanly conduct our gallant soldier, Capt. A. C. Ward, than whom the name of a better man was never on the ticket of any party in North Carolina, would have been elected by a good majority. Shame upon the treacherous fellows who will participate in the primary meetings and conventions of any party, and then go out and work or vote against its nominees. Capt. Ward, however, like the gallant
