The latest "goak" of the season—the North Carolina System.  
North Carolina's Christmas present to Virginia—the North Carolina System.

The Czar has commuted the sentence of death passed upon three of the convicted Nihilists to imprisonment for life.  
In New York, last week, there were 139 cases of diphtheria, making 248 reported during the first half of this month.

The news from Paris at this juncture is probably very interesting to those who may be able to understand it, "one of which we are not."  
Hon. Joseph E. Brown has been elected by the Georgia Legislature to the United States Senate. His principal competitor was Gen. Lawton.

The Baptist Pastors' Conference, in session at New York, have protested most nobly and energetically against the proposed production of the Passion Play in that city.  
Dare and Watanga have been heard from. The former gave Jarvis 20 majority and the latter gives him 120.—This makes Gov. Jarvis' majority foot up 6,471.

It has been a difficult matter, as it is, to figure up Gov. Jarvis' majority. It would have been a still more difficult matter had the new "North Carolina System" been developed one month ago.  
It is reported that Jesse Pomeroy, the boy murderer, has been frustrated in an other scheme to escape from his cell in Concord, Mass., by sawing through a thick boiler-plate with a saw improvised from a knife.

Unmistakable evidence has developed that a new and more powerful combination has been formed in Chicago to manipulate wheat. The new syndicate is better organized, and have more money than they had last year, and there is said to be a large short interest in wheat in Chicago, a lively turn may therefore be expected in the combination to scare the shorts.

The season for disastrous fires is fairly opened now. It is harrowing to read of some of the fearful suffering and misery entailed. One wing of the State Insane Asylum at St. Peters, Minn., was burned on Monday night and many of the inmates perished in the flames. Others fled half-clad into the woods and a still further loss of life, and much suffering besides, is apprehended. The night was bitterly cold.

It is evident that the silver dollar will form an important factor for Congressional debate this winter. Secretary Sherman will, in his annual report, recommend in regard to the standard silver dollar that its coinage be discontinued, or if the coinage is to be continued, that the weight be increased, so as to make it equal in value to a gold dollar; and that the amount to be coined monthly be left discretionary with the Secretary of the Treasury.

Uncertainty may attend business ventures and enterprises but it never attends the prompt administration of Dr. Bull's Cough Syrup. Price 25 cents.  
Lemuel Bradford, sixty-seven years of age, for fourteen years Tax Collector in Plymouth, Mass., has been sentenced to three years in the House of Correction for misappropriation of town funds.

The livery and sale stables of Benj. Scott have been removed. See advertisement elsewhere.  
Mr. E. D. Goodman will give another of his musical recitals at Heinsberger's book store on Friday night.  
The Educational Society of Front street M. E. Church will give a Festival at the City Hall, to-morrow evening.

Jack Sweat, colored, who was picked up on the street the night of the storm and saved from freezing to death by being kindly cared for by the city authorities, was to-day sent to the County Poor House.  
The meeting of the Stockholders of the Wilmington & Weldon R. R., held yesterday, was the forty-fifth, and not the fifty-fifth, as erroneously reported by us. It was right in the copy, but wrong in the proof, and the error escaped us in the hurry of getting to press.

**Annual Meeting.**  
The Baptist State Convention of North Carolina will hold its fiftieth annual meeting, commencing to-day, at Goldsboro. The Rev. F. H. Jones, of Yanceyville, has been appointed to preach the Introductory Sermon, and Rev. J. B. Taylor, Pastor of the First Baptist Church of this city, to preach the Missionary Sermon.

**City Court.**  
Charlotte Green, Katy King, colored, and James Whittaker, a white sailor, were arraigned before the Mayor this morning for an affray or a general melee at the Long House yesterday afternoon. The testimony of Officer Everett, who made the arrests, rather implicated Charlotte Green as the instigator and prime mover in the matter, and she was sent below for five days. The two other defendants in the case were discharged.

**Frying Pan Lightship.**  
We learn from Captain W. J. Potter that a letter was received at Smithville from Captain D. W. Manson, of the Frying Pan Lightship, in which he stated that during the storm of Wednesday night last the gale was so severe at the anchorage of the Lightship, 20 miles outside of the bar, that the men could not walk the decks. The vessel being slewed around into the trough of the sea, rolled and pitched so heavily that there was not a man on board who could keep his seals on.

Water street merchants will keep their feet dry in Winter by wearing ROSENTHAL'S boots and shoes.  
**The W. L. I.**  
Captain A. L. DeRosset has ordered the Wilmington Light Infantry out for a full-dress parade to-morrow (Thursday) afternoon at 3:30 o'clock. We hope there will be a full turn-out. In olden times this Company used to be the pride of the citizens. Now, we hear that some of our merchants and other business men discourage their employees from becoming members. This is all wrong. Military companies are generally looked upon as a protection as well as an ornament to a city. We wish the same sentiment prevailed here.

Mr. Nath'l Jacobi having been appointed agent for the Atlas Plow, parties in want of this celebrated Plow can now have their orders filled at JACOBI'S Hardware Depot, No. 10 S. Front st.  
**Jupiter's Power.**  
It is difficult to realize the enormous power of the bright speck, Jupiter, shining so quietly in the sky. A recent writer has shown that the power which the sun has to put forth to hold Jupiter in his orbit is equal to the combined strength of 170,000,000 bars of solid steel, each one mile in diameter. Jupiter's pull upon the earth, according to the same authority, is equal to the strength of 23,000,000,000 bars of steel, each of them one foot in diameter. So, if the mere power of gravity were all that was required to make Jupiter's approach dangerous to the earth, evidently he is not lacking in the power.  
Rice birds are about played out. Not so with those Scotch soles at ROSENTHAL'S they last for ever.  
Dancing lessons given free at ROSENTHAL'S: Pump sole boots and shoes for the ball room.  
Christ Gerber, Wholesale Hardware, Toledo, Ohio, says—The Excelsior Kidney Pad has accomplished more for my wife in three weeks than all the medicine she has taken in three years. Refer all skeptics to me.—See Ad.

**The River.**  
The freshest is not as extensive as it was at first thought to be. Only about thirty rafts have arrived and we understand that there are but comparatively few on the river. There has not been a sufficient rise above the Falls, beyond Fayetteville, to bring rafts over, and unless there is a further rise but few more will be likely to arrive on this freshet.

Where is that crowd going? To ROSENTHAL'S, to buy boots and shoes.  
**Catarh Sometimes**  
commences with a cold, but its cure always commences with the use of Sage's Catarh Remedy. This old, reliable, and well-known remedy has stood the test of years, and was never more popular than now.  
**How Happiness is Secured.**  
Happiness is the absence of pain or annoyance, and wherever there is pain there is disease. A pain in the lower portion of the body indicates a disorder of some kind. If there is any odor or color or deposit in the urine it means disease and requires attention at once. We have heard many of our friends speak of the remarkable power of Warner's Safe Kidney and Liver Cure and are convinced there is nothing so certain and valuable for all disorders of the urinary system, both male and female.
