O. E. JEVENS,
Near the Postoffice

Here is an industrial item of real interest: In 1870 there were employed in the manufacture of cotton seed oil and meal in New Orleans only 180 persons, and the annual product was worth \$322,200. At the present time the number of persons employed is 1,526 and the annual product is worth \$2,741,150—an increase of over 800 per cent.

Arkansas has the distinguished honor of claiming the only colored member of the next Congress. As was the case here in 1868, the Democrats in the first district permitted themselves to be caught napping, and before they found that the Republicans had a candidate in the field a colored barber slipped in and won the race by about 1,000 majority. The district is overwhelmingly Democratic. In 1876 and 1878, the Democratic candidate was elected without opposition. This year he was defeated simply because thousands of Democrats failed to take the trouble to go to the polls and vote.

There seems to be really some doubt as to whether Joseph E. Brown, the newly elected Senator from Georgia, will align himself with the Democratic party. The Radical members of both Houses voted solidly for him, and it has been charged that he gave the Republican caucus assurances that he would act in harmony with the administration. This is, however, denied by Mr. Brown's Democratic friends. At all events, the new Senator's past record is not such as to inspire very great confidence as to his course in the future. His defection would throw the Senate into the hands of the Republicans.

The New Orleans Democrat truly says that the Republican majority in the next House was secured by Democratic apathy and by party dissensions in several Southern districts. The loss of the first Arkansas, the third Louisiana, the second Virginia, the ninth Kentucky, the tenth Tennessee, the eighth and other Missouri districts are to be ascribed to these causes. In all these districts, from which Republicans have been chosen, the full and combined Democratic vote is overwhelming. The five districts named would have secured the next House to the Democrats by a fair majority, if the party had held together and the full party vote had been polled.

There is another silly paragraph afloat which doubtless had its origin in the fertile imagination of some such voracious sheet as the Federicksburg Star, edited by a latter-day "Bourbon." It is to the effect that a scheme is on foot among certain Southern leaders, to have the electoral vote of the South cast for Grant. The story runs that there are enough Grant Republican electors who will be willing to join the South in this scheme to secure Grant's election. The only thing there is in the statement is the libel upon the loyalty of Southern Democrats. It is best answered, as it unquestionably will be, by casting 138 votes for Gen. Hancock.

Ladies, the best fits and the easiest shoes for the little ones are at ROSENTHAL'S.
Duplin Superior Court convenes next Monday with Judge Gudger on the Bench.

The days are so short now that it is a difficult thing for a man to put in a good day's work between sunrise and sunset.

The State Sunday School Convention will be held in Salisbury on the 19th, 20th and 21st instant.

Rice birds are about played out. Not so with those Scotch soles at ROSENTHAL'S. They last for ever.

The Wilmington Light Infantry were ordered out this afternoon for general parade, but owing to the inclemency of the weather the drill was postponed.

The Grand Lodge of Free and Accepted Masons of North Carolina will commence its ninety-fourth annual communication at its hall, in Raleigh, on Tuesday, December 7, at 7 1/2 o'clock p. m.

The newest, latest, best and cheapest at ROSENTHAL'S

It is rumor here that Hon. A. M. Waddell will remove soon to New York with his family where he will engage in the practice of his profession, the law, in company with a gentleman now located in that city, whose name has not transpired.

Any and everybody can now do their own painting, as N. JACOB is the agent for the N. Y. Enamel Paints works, and the prices are low.

Fire!

The fire alarm was sounded this morning, about 1:30 o'clock, caused by the burning of an old cooper shop on Harnett, between Third and Fourth streets. The fire department turned out promptly but the shop was consumed before the engines arrived. The origin is supposed to have been incendiary.

By its innumerable cures, made under all possible conditions, Dr. Bull's Cough Syrup has secured for itself a most enviable reputation for great usefulness. Price 25 cents.

Unmailable.

The following unmailable matter remains in the Postoffice in this city: Sandy Brown, Florence, S C; Charlotte Murray, Duplin co, N C; Jas Corner & Sons, Baltimore, Md; Cloey Smith, Fayetteville, N C; E E Smith, Goldsboro, N C; Eliza Howell, Howellsville, N C.

Dancing lessons given free at ROSENTHAL'S. Pump sole boots and shoes for the ball room.

Meeting of the Library Association.
The annual meeting of the Wilmington Library Association will be held at the rooms of the Library on Market street this evening at 8 o'clock.

A President and Directors for the ensuing year are to be elected, and other business of importance is to be considered by the association. A full attendance is earnestly desired.

Another Fire.

A fire occurred last night, about half-past 1 o'clock, in the engine room of Mr. Alex. Oldham's Grist Mill, on the corner of Nutt and Walnut streets. The flames were first discovered by a party of sailors from their boarding house across the way, and they immediately went for it with basins and buckets of water, working all the while like Trojans, until the flames were subdued. To-day they are jollifying the result of their labor over as many glasses of lager as they can drink, which is Mr. O's treat. The origin of the fire is supposed to have been sparks from the furnace dropping among the shavings and sawdust used for fuel. Ten dollars will pay the damages, Mr. Oldham says, including the lager beer.

Anniversary Supper.

The gentlemen of the Cornet Concert Club celebrated their Seventh Anniversary at the Mayor's office, in the City Hall, last evening. The Club and their guests assembled about 9 o'clock, and were welcomed in a terse little address by the Vice-President, Mr. L. J. Otterbourg. The repast was sumptuous and was heartily partaken of. Every one present enjoyed himself and will ever remember the Seventh Anniversary of the Cornet Concert Club. The festivities were kept up until a late hour.

We herewith publish a list of the original members, two of whom have gone to their long homes: Fred Metts, Wm. H. Alderman, E. O. Toomer, S. H. Burt, George D. Parsley, Rufus W. Hicks, Fred Hargrave, Miles Smith, Richard W. Andrews, H. G. Latmer, S. P. Gause, John L. Maffitt, George L. Johnson, M. Frank, John Davis, William A. Martin, Jas. H. Chadbourn, Jr., Owen L. Holmes, Jr., John L. Holmes, Jr., Edward M. Cushing, John McDougall, S. G. Hall, H. N. Latham, Wiley T. Johnson, Alvord V. Wood, W. C. Munds. Of the names above mentioned not one is now an active member of the band. What the young gentlemen, who now compose the band, have gone through to perpetuate their organization none but themselves know. We wish them many more anniversaries and the greatest success.

Board of Aldermen.

A called meeting of the Board of Aldermen was held yesterday afternoon for the purpose of receiving and ratifying the contract for a system of water works prepared by the Committee and approved by the Board of Audit and Finance. The contract was submitted. It is between the city on the one side and Messrs. J. A. Cloud, E. E. Burruss and associates on the other. The approval of the Board of Audit and Finance is certified.

According to the terms of the contract a full supply of water, fit for domestic use, is to be furnished within eight months after work is begun, said work to begin as soon as possible after execution of agreement. There are to be 60 double and 15 single hydrants, with 135 hose openings, not more than 500 feet apart, said hydrants to supply all water necessary in case of fire. The city is to select the points, along the line of the mains, where these hydrants are to be established. Additional hydrants are to be erected as required for city use at a cost of \$63 per annum for the first ten additional hydrants; \$55 per annum for the next ten and \$50 for each additional ten.

The city secures the right, at its own cost and expense, to build and extend the street mains in any direction and to erect thereon fire hydrants, gates, valves, &c., the contractors to supply water there free of charge, but the ownership of the mains, hydrants, &c., to become vested in the contractors, they to keep them at all times in good order.

The rate to private consumers is not to exceed five cents per day of 24 hours for one faucet or opening to one family of five persons or less.

The contractors are to see that the streets and alleys where the mains are laid are not left disturbed by the work done in laying the mains, &c.

The contract is to be void of benefit to the contractors if at any time they fail to furnish an adequate supply of water for fire purposes for a period of six months continuously and no rent is to be claimed or paid during any temporary derangement.

The contractors guarantee a pressure sufficient to throw at any time, from any five of said hydrants, through one inch nozzle, five streams of water to an average height of 100 feet and they are to pay all damages that may at any time arise to property by leaking or bursting of pipes.

The city shall have the right and privilege to purchase, if it shall so desire, the said water works when the same shall be completed, or at the end of each and every ten years thereafter, at a price to be ascertained and determined by the arbitration of two disinterested experts who are not residents of North Carolina.

Any failure to furnish an adequate supply of water caused by a riot, or the act of God, or the public enemy, shall not make a forfeiture.

In return the city grants exclusive water work privilege to the contractors, for purposes of maintaining, constructing and extending in any part of the city and also to erect, repair and remove a stand-pipe at the intersection of Market and Fifth streets; they are to pay annually and for and during a period of thirty years from and after the completion of the said water works as a rental for the use of the said 75 fire-hydrants for fire purposes, the yearly sum of \$5,250, to be paid in twelve equal monthly instalments of \$437.50 each upon the first day of each month during said period.

The city is to have free use of water at the City Hall and at all engine and hose houses, and for flushing the fire-hydrants; also twice a week—for fifteen minutes at a time—the use of the fire-hydrants on Front and Market streets, and for such "free" use the stocks, lands and property of the Company are in effect to be exempt from taxation. An assignment of interest or a change of organization is not to affect the contract.

The agreement is for thirty years after the completion of the water works. The contract was approved and signed and formally ratified.

Habit, if not necessity, makes a Hair Dressing such as Dr. Ayer's laboratory issues indispensable to many. The "Vigor" is one of the most delightful we have ever used. It restores not only the color, but gloss and luxuriance, to faded and gray hair.

Where is that crowd going? To ROSENTHAL'S, to buy boots and shoes.
