What a relief it is to turn from the political editorials in exchanges, to the calm, dignified statements to be found in the local notices of patent medicines. There is no lying in patent medicine advertisements.

CITY COURT.

Georgiana Gause, a colored woman, and A. Bockhard, a colored man, were arraigned before the Mayor this morning upon the charge of disorderly conduct. The testimony of officers Gordon and Everitt, who made the arrest, was in substance that last night about 10 o'clock they heard the cry of murder several times proceed from a house on Dickenson's Hill, in the northern part of the city, and that upon hastening there they found the door fastened or held fast from the inside and that upon forcing it open they discovered the man pressing against the door to impede their entrance and the woman lying stretched out upon the floor apparently drunk. But she soon got sober, raised up and spit a mouthful of blood from her mouth. The two were then taken to the guard house and locked up. The woman made a statement and said that the man had been drinking and struck her, but not hard enough to cause her mouth to bleed; that what the officers thought was blood was nothing but tobacco juice. The man, it seems, had never been before the Mayor before, while the woman was recognized as an old offender and a frequent attendant at the Mayor's levees. His Honor therefore discharged Bockhard and sent the other defendant below for ten days.

Chapped Hands.

The raw winds often produce in the hands of those who are much exposed to them that roughness and cracking of the skin known as chapping. If nothing is done to prevent, and the person is obliged to have his hands frequently wet and dried, the cracks will often get deep and be painful. As both a precaution and cure for chapped hands, the following is said to have been used with great benefit: Wash the hands, and the face also, if it is inclined to chap, with borax water, and afterward rub with an ointment made by melting mutton tallow (for suet), and then gradually adding an equal quantity of glycerine, stirring the two together until cool. For the hands this mixture can be best applied at night, using it freely, warming it in by the fire, after which an old pair of gloves can be put on to keep the bed clothes from being soiled, and also make the skin of the hands softer. An excellent glycerine ointment for chapped hands is made by melting, with a gentle heat, two ounces of sweet oil of almonds, half an ounce of spermacetti and one drachm of white wax. When melted, remove from the stove, and add gradually one ounce of glycerine, and stir until the mixture is cold. The ointment can be scented with any perfume to suit the fancy. Keep in wide-necked bottles.

Water street merchants will keep their feet dry in Winter by wearing ROSENTHAL'S boots and shoes.

The Changes in Schedules.

The change of schedule on the Wilmington & Weldon and Wilmington, Columbia & Augusta Railroads, necessitated by the putting on of the fast through mail train, goes into effect to-morrow, at 3:40 p. m., at which hour the first fast train going North will leave. The run from Weldon to Wilmington will be made in 4 hours and 50 minutes and the run from Wilmington to Weldon in 5 hours and 39 minutes.

There are to be three daily passenger trains on the road. The schedule will be altered, as we understand it, only by the addition of the new fast train. This train will leave Wilmington at 4:15 p. m. and arrive at 10:10 p. m., just 15 minutes behind the present fast train. The mails will be taken here by the fast night train on the W. C. & A. R. R. which will become a part of the new fast schedule to the South.

The changes to be made on the Carolina Central, as has been already stated, will go into effect early next month, not later than the 10th. A fast day train will be put on. This train will leave Wilmington at 9 A. M., and arrive at Charlotte at 6 P. M.; returning will leave Charlotte at 6:40 A. M. and arrive in Wilmington at 3:40 P. M., thus making the run of 188 miles in 9 hours.—This train will connect here with 8:20 A. M. train from the North and with the 4:15 P. M. fast train for New York.

Those who have an itching head should use Hall's Vegetable Sicilian Hair Restorer to stop it.

There are 28 vessels over 80 tons burthen now in this port, 17 of which are foreigners. There are also bound here at this time from foreign ports 39 vessels, all foreigners.

To-morrow is known in the Church Calendar as Advent Sunday, the first of the ecclesiastical year. There are always four Sundays in Advent, coming directly before Christmas.

There were a number of balloon ascensions this forenoon, from the corner of Market and Front streets, which attracted considerable interest among the juveniles. Two gentlemen from the North who are stopping over here to-day bought a number of toy balloons from a peddler and sent them up to the delight and wonder and admiration of a crowd of impecunious youngsters.

Quick Time.

Last Tuesday evening Capt. George Morrison, the veteran among railroad conductors in these parts, and Mr. John Riddick, engineer, made the time on the day passenger train from Florence, S. C., to this place, a distance of 110 miles, in 3 hours and 20 minutes. On the following (Wednesday) morning they made nearly the same good run from this place to Florence, it being accomplished the last time in 3 hours and 26 minutes.—This, be it understood, was the exact time consumed, including all stoppages. Where is the lightning express South of Baltimore that beats that?

Meeting of Conference.

The North Carolina Conference of the M. E. Church South will meet at Winston on Wednesday next, December 1st. Rev. Dr. Yates, of Front Street Church, left here this morning and Rev. T. Page Ricard, of Fifth Street Church, will leave on Tuesday morning. The lay delegates from this district are Capt. W. M. Parker, of New Hanover; Col. Wm. A. Allen, of Duplin; Mr. A. W. Johnson, of Sampson, and Mr. — Evans, of Brunswick. Capt. Parker expects to be in attendance, but we do not know as to the other lay delegates.

It is confidently hoped and believed that both Dr. Yates and Mr. Ricard will be returned to the churches in this city. They have accomplished much good while here and it is the earnest desire of their respective congregations that they be returned. We understand, also, that the reverend gentlemen both desire to remain here.

A Missing Girl Found.

Annie Knox is a young white girl, an orphan of good parentage, who was raised in the family of Mr. J. G. Branch, of Polkton, in Anson county. About two weeks ago she was missing, and as there was reason to believe that she had come to this city, the officers here were on the alert. It was understood that a reward of \$100 was offered for her apprehension and this stimulated the search for her. She was found to-day by Officer Carr at the house of one Jim Lassiter, alias Doc. Barnes, colored, on McRae, between Red Cross and Campbell streets, and was at once taken in charge by the officer and is now held until Mr. Branch can be heard from. The man is said to hail from Charlotte, where he is known as Jim Lassiter, while here he goes by the name of Doc Barnes. The relations of the girl with the man have not transpired.

Annie Knox is quite young, apparently about 18 years of age, which Mr. Branch says is her age, while she herself, we understand, claims to be 22. She is pretty and pleasant looking, with a good complexion, dark hair and bright, black eyes. Lassiter, or Barnes, whichever his name may be, was hailed on the street by one who was with the officer at the time when he at once put himself on the defence and drew a pistol, after which he suddenly took to his heels and escaped to the woods and is now at large.

When you visit or leave New York City, stop at the Grand Union Hotel, opposite Grand Central Depot. European plan. Rooms reduced to \$1.00 and upwards. Restaurant unsurpassed at moderate prices. Street cars, stages and elevated railroad to all parts of the city.

CHAS. L. ROSSITER, 195 Summit St. Toledo, Ohio says:—I would not take one thousand dollars for my Excelsior Kidney Pad, if I could not get another. I have gained in three months thirty pounds.—See Adv.

On Monday Night.

The box-sheet for the performance to be given at the Opera House on next Monday evening is now open at Heinberger's, and those who intend going should avail themselves of this fact at once. The performance is, as has been stated, the dramatization of Zola's great work, "L'Assommoir," and Miss Rose Eyttinge, the celebrated artist will appear, supported by Cyril Searle's excellent company. We have no doubt of the merits of the troupe, and believe that all who may attend will be pleased with the performance.

No remedy for kidney diseases heretofore discovered can be held for one moment in comparison with Warner's Safe Kidney and Liver Cure.—C. A. Harvey, D. D., Washington, D. C.
