Christmas turkeys are not yet quite ripe.

The moon completed its first quarter this morning.

Fanny Davenport in "American Girl" to-night week.

The receipts of cotton at this port to day foot up 735 bales.

Fresh pork sold from carts this morning at 6 1/2 @ 7 cents per lb.

Christmas is just seventeen days off, boys, and then for your tin horns.

Turkeys are beginning to look mournful over their impending doom.

The market is well supplied with dressed poultry but the prices keep well up.

This bright, sunny weather is doubly acceptable after the storms and floods of November.

Only one boarder in the city prison, and he will leave when his month is up, having already given notice to that effect.

Steamboatmen report good boating water on the shoals and the river steamers are now running regular and on schedule time.

The steamship *Regulator*, Capt. Doane, arrived here this morning from New York. She brings lots of Xmas goods for our merchants.

Rev. Dr. Patterson returned to the city last night and we trust will remain with us during the holidays. He is the guest of Henry Nutt, Esq.

Philosophers say that affairs should always be conducted with a view to the greatest good of the greatest number. Dr. Bull's Cough Syrup has demonstrated itself to be of the greatest good to the greatest number of sufferers.

Mr. E. P. Covington has a consignment of pure oleomargarine. It is the genuine article and is said to be sweet and good.

The new Carolina Central schedule, heretofore spoken of by us, is to go into operation next Monday. The fast train, as we have stated, will be a day train.

The Superior Court was in session to day and was engaged in the trial of a civil case. There are no criminal cases to be tried this term, the only one before the Court having been continued for the term.

Ladies, the best fits and the easiest shoes for the little ones are at ROSENTHAL'S.

Fanny Davenport will play in this city next week for one night only, the 15th. She will appear with a good company in *An American Girl*, a piece which has had a great run in New York and other large cities. The box-sheet will be open at Heinsberger's to-morrow.

Messrs. W. P. Oldham & Co. have exclusive control of all douse and rice flour made at the Carolina Rice Mills of this city. The douse and rice flour is excellent food for horses and it is said that cows fed on it give more and better milk.

I have no more doubt of the beneficial effects of Warner's Safe Kidney and Liver Cure than I have that the Genesee river empties into Lake Ontario.—*Rev. J. E. Rankin, D. D., Washington, D. C.*

Indications.

For the South Atlantic States falling, followed by stationary or rising barometer, rising, followed by falling temperature, westerly winds and clear or partly cloudy weather.

We were pleased to welcome to our office this morning Mr. Gustave A. Mortimer, advance agent of the Fanny Davenport troupe. Mr. Mortimer is an old acquaintance and a very clever gentleman, too. Mr. Mortimer was here last season and the season previous with the Joe Murphy troupe and it is characteristic of him that he never travels without anything but a good company.

On a Cruise.

The repairs on the Revenue Cutter *Colfax* having been completed, after six weeks hard work, the vessel is now in good trim and has started on her winter cruise. Her station is between Body Island and Georgetown.

Rice birds are about played out. Not so with the Scotch ones at ROSENTHAL'S they last for ever.

Sorrowful Draymen.

Sergeant Davis has hauled up twenty-five delinquent draymen who have "anted" to Captain Fowler for back taxes. Some of them were in arrears for twelve months and it was often the case that they owed for from two to six months.

Water street merchants will keep their feet dry in winter by wearing ROSENTHAL'S boots and shoes.

Alarm of Fire.

Firemen complain of the inefficiency of our present fire alarm bell in the market house tower. The bell is not large enough, to begin with, and is located in the western extremity of the city. Let a tower be erected on the brow of the hill on Market street, near Fifth, and a larger bell be put in it and have both bells wrung in time of fire.

Stop your hair from falling out by using Hall's Vegetable Sicilian Hair Renewer, a sure prevention.

Fire.

The roof of the dwelling on Chestnut, between Second and Third streets, occupied by Mrs. Jno. W. Cameron, was discovered to be on fire this morning about 7 o'clock, by a gentleman who was passing. The fire was, fortunately, discovered in its incipency, and was soon extinguished. The damage was very small and was easily repaired.

We advise all in need of Household Hardware to first go to JACOBI'S. There you get the lowest prices.

The Old Landmark.

The flat has gone forth and the old "forty-legs," alias Market House, is to be sold at auction and removed by the first day of next January. The street will then be paved over and the most familiar landmark in the city will be gone.

There are many who think that the location of the old Market House is the best in the city, but this is a question which has passed beyond discussion.—Certain is it that its removal will create a blank on Market street that it will take a long time to get fully accustomed to.

A Suggestion.

Would it not be a good idea for the city authorities to issue numbers to draymen and require the numbers to be worn upon the drays and have a record kept of them at the City Hall? The numbers could be made of lead and stamped by the city, and put upon the drays by means of screws. If at any time the dray should be laid up the numbers could be returned and issued to some other. As it is now any one can take a marking brush and put a number on a dray and change the number to-morrow if he so desires.

How to be your own painter. Just buy the N. Y. Enamel Paint, ready mixed and warranted at JACOBI'S.

City Court.

His Honor, Mayor Fishplate, interviewed William Quince, colored, this morning, who was charged with insulting a police officer. The case was a trivial one and judgment was suspended.

Jno. Berry, a colored drayman, was up for an assault on one of the street force. The street force were engaged in putting down a plank on Water street as Berry drove up. He was told to stop until the men could get their hands from under the board, when he jumped from his dray and threatened to pummel the foreman of the force. The Mayor fined him \$25 or 30 days in the city prison and he went below.

Seeing is believing—without doubt you can buy Cooking and Heating Stoves at almost any price at JACOBI'S.

The N. C. Conference.

Capt. W. M. Parker, delegate from this district to Conference, is expected home to-night. We understand that Dr. Yates and Mr. Ricard have both been returned to their charges in this city, a fact which will prove very gratifying to their congregations. The Conference has adjourned but the list of appointments has not yet been received here.

We desire to call the attention of our readers to the Grand Holiday Offer of the Mendelssohn Piano Company, whose advertisement appears elsewhere. This Company offers an \$850 Square Grand Piano, 3 stringed, 7 1/2 octaves, in a handsome rosewood case, for only \$245, also many other styles of Pianos and Organs at great bar.ains for the Holidays, including sheet music at one-third price.

These Pianos, including Grand, Square and Upright, made one of the finest displays at the Centennial Exhibition, and were unanimously recommended for the *Diploma of Honor and Medal of Merit*. The Mendelssohn Piano Co. are the first to do a general business with the purchaser direct, saving him more than one half the price charged by other first-class makers. This saving is made by doing away with the Agency System, and giving the people the Pianos at Wholesale or Agency prices.

We would recommend any of our readers who have any idea of ever buying a piano or organ, to send for their Illustrated and Descriptive Catalogues, which will be mailed free to all.

Catarrh Sometimes

commences with a cold, but its cure always commences with the use of Sage's Catarrh Remedy. This old, reliable, and well-known remedy has stood the test of years, and was never more popular than now.

Foo Choo's Baisam of Shark's Oil.

Positively Restores the Hearing, and is the Only Absolute Cure for Deafness Known.

This Oil is extracted from a peculiar species of small WHITE FISH, caught in the Yellow Sea, known as a sharkodon moidell. Every Chinese Fisherman knows it. Its virtues as a restorative of hearing were discovered by a Buddhist Priest about the year 1410. Its cures were so numerous and many so seemingly miraculous, that the remedy was officially pronounced over the entire Empire. Its use became so universal that for over 300 years no Deafness has existed among the Chinese people. Cost, charges prepaid, to any address at \$1 per bottle. Only Imported by

HAYLOCK & CO.,
7 Day St. New York.

Sole Agents for America.

Its virtues are unquestionable and its curative character absolute, as the writer can personally testify, both from experience and observation.

Among the many readers of the Review in the part and another of the country, it is probable that numbers are afflicted with deafness, and to such it may be said: "Write at once to Haylock & Co., 7 Day Street, New York enclosing \$1, and you will receive by return a remedy that will enable you to hear like anybody else, and whose curative effects will be permanent. You will never regret doing so."—*Editor of New York Mercantile Review, Sept. 25, 1880.*

WE will be glad to receive communications from our friends on any and all subjects of general interest but
The name of the writer must always be furnished to the Editor.
Communications must be written on only one side of the paper.
Personalities must be avoided.
And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so stated in the editorial columns.
