The men whose wives traded off their last winter's overcoats for plaster images are in a bad fix.

Unless he knocks his priming out before forty, a man is supposed to be in his prime at that age.

A Delusion Trap placed in the house will quietly catch a cunning mouse. Call at JACOBI'S for traps.

Tra La!

A rumor is current on the streets today to the effect that one of the parties said to be implicated in the cotton robberies has jumped his bond and skipped the town.

The poet says, "I would not die in spring-time." You don't know when you are going to die; therefore make haste and take a policy in the Union Mutual.

The Guv'nor.

Mr. M. V. B. Watchel is in the city making arrangements for the appearance on Monday and Tuesday nights next of Ford's Comedy Company. Monday night the play of "The Guv'nor" will be presented and Tuesday evening there will be "Fun on the Pacific" for those in attendance.

Progress of the Union Mutual Life Insurance Company is seen by the following figures:

Year.	In Force.	Total Assets.	Income during year.
1864	\$6,841,957.00	\$862,088.00	\$ 207,365.00
1879	28,915,130.00	7,035,483.00	1,305,085.00

A Little Walf.

We are informed that an infant about four days old was left last night on the front door steps of a gentleman's residence, located on Third street, near the railroad. We withhold the name of the gentleman as we are not thoroughly satisfied as to the truthfulness of the report or, in other words, we think our informant was trying to get off a joke on his friend who has not been blessed with children. Maybe he was trying to get off a joke on us but we lend ourselves to such jokes when news is as scarce as it is now.

Victims of wasted energies find sure relief in AYER'S SARSAPARILLA. It is the most potent purifier and a fountain of health and strength.

Cranberry Sauce.

Very many persons wonder why the cranberry sauce that they have at home is hard, thick and dark. A dish of cooked cranberries in the glass ought to be something very beautiful, light and delicate. To a quart of the fruit put one cupful of water and two cupfuls of sugar, in a porcelain-lined steppan. Place on the fire where they may stew very slowly for two hours. Do not dare to touch, much less to stir them with a spoon. That kills, solidifies and blackens them. So does too fast cooking. But cook very slowly or you will spoil the whole thing.

It has been well said, "In Union there is strength." Emphatically is this true of the Union Mutual Life Insurance Company of Maine. For thirty years it, has been making a noble history and disbursed to thousands the practical benefits of life insurance.

The Awful Mother Shipton.

As a matter of curious interest the fact recurs that next month will usher in one of the fateful years referred to by the venerable Mother Shipton, in her remarkable prophecy. In it she says that there will be a general and terrible visitation of pestilence, earthquakes, meteoric disturbances and convulsions of the sea, arising from unusual conjunctions of the great planets. These predictions may frighten the superstitious, but they have little or no influence on intelligent men. The genuineness of the date at which the predictions were made, however, have in a manner been vouched for, and the coincidences which have already occurred are a little curious to say the least of it.

W. A. TITUS, 62 Ashland Avenue, Toledo, Ohio, says:—My wife is now as strong as ever, her regained health being directly due to the use of the Excelsior Kidney Pad. We can heartily recommend it to all kidney troubled persons.—See Adv.

I have no more doubt of the beneficial effects of Warner's Safe Kidney and Liver Cure than I have that the Genesee river empties into Lake Ontario.—Rev. J. E. Rankin, D. D., Washington, D. C.

Music.

Two Italian organ-grinders have arrived and are doing up the town. They furnish camp-meeting, ball room, or horse racing music(?) by a simple turn of the wrist. Their most ardent admirers and followers are about a dozen little colored boys who stand about and beat bones as an accompaniment to the organ. They never see the hat, though, as it is passed around.

An exchange says: There are more puns made on Dr. Bull's Cough Syrup free of charge, than are paid for by the owners. A good thing deserves the notice of the press.

The Benefactor.

The steamship *Benefactor*, Capt. Jones, arrived here last night, a day or so later than usual, which is accounted for by the fact that she had head winds, all along the coast. She had a large cargo and so rapidly was the work of discharging her done that it was all out this forenoon. Ordinarily the *Benefactor* is very quick, leaving New York on Saturday and generally arriving here on Tuesday.

Rare and Curious.

A curious phenomenon is related to us by a gentleman resident here. He lives in the Eastern part of the city, and went out early yesterday morning, as is his custom, to chop some wood. While there a heavy fog came up suddenly, and it turned almost dark—so dark, in fact, that the chickens turned-in to roost again. He describes it as the heaviest fog he has ever seen. After a short time the fog lifted, almost as suddenly as it had fallen, and the sun shone out brightly. This is a rare and curious phenomenon in this latitude.

The Thaliens.

Our friends, the Thaliens, will appear at the Tilestone Upper Room, to-morrow evening, in Baker's thrilling drama, "Down by the Sea." Their cast has been strengthened by the addition of new members of the organization who will make their appearance for the first time before a Wilmington audience. The drama is an exceedingly touching one and has been in the course of preparation for some time past. The ladies and gentlemen who compose the organization are well up in their parts and promise the most pleasing entertainment ever given by them. They should be encouraged and we bespeak for them a larger audience, if that be possible, than they have ever had before.

The newest, latest, best and cheapest at ROSENTHAL'S.

The Davenport.

Fanny Davenport, supported by a good troupe, appeared before a large audience last night in her new play of "An American Girl." So little of the play was presented that a criticism of it could hardly be made. That portion of it which was enacted was very good but the play was so badly cut that the entire audience were disgusted. The manner in which it was presented was a simply outrageous. Fanny Davenport has twice received a Wilmington audience by cutting her pieces. It would be well for our citizens to give her the cold shoulder if she should ever come this way again. She has an established reputation and is a good actress but if she is striving to lose her reputation and the confidence of the amusement loving communities she is going about it in the right way.
