An official announcement of the capitulation of Callao has been made.

The claim of Maj. Jesse J. Yeates, who contests the seat now held by Martin, Republican, from the First North Carolina district, has been endorsed by the House Committee on Elections.

There was a big row in Atlanta over the census reports for that city. At first the population was given at 34,398, but a misplaced return has been found which puts it at 37,421. In 1850 Atlanta was a mere village.

The reorganization of the New York City Democracy is about completed and it is believed that the plans agreed on will give satisfaction to the various factions. The district committees are to be done away with and joint primary elections are to be held.

The recent snow storm seems to have been exceptionally heavy in South Carolina. From all that we can hear it does not seem to have penetrated into the Western part of this State. At all events our information is to the effect that it did not reach far on the line of the C. C. R. R.

Secretary Sherman was before the Senate Finance Committee yesterday on the funding bill. He favors bonds redeemable after five years, and payable in twenty years from date of issue, and to bear interest at a rate not exceeding 3 1/2 per cent, the rate to be fixed in the discretion of the Secretary of the Treasury.

Here is something pleasant to read. It is from the *News and Observer*, and is one of the milestones in the road to the prosperity which looms up ahead of us:

Col. T. M. Holt, president of the State Agricultural Association, is now refurnishing his splendid mills on Haw River with improved looms, spindles and other machinery. These mills are already famous for their excellent products, and their enterprising proprietor seems determined that they shall be second to none, not only in equipment, but in the quality of their products. He is doubtless the most thorough-going and successful business man in the State, and is setting a noble example to capitalists in fostering home industries, manufactories, agriculture, &c. Only two years ago Col. Holt put \$32,000 worth of machinery in his mills, which are among the finest in the South.

The report of the progress of the work for the two years ending December 1, 1880, on the Western Insane Asylum, says the *News and Observer*, has been laid before the Assembly. The commissioners, in their part of the report, state that there is a balance of the appropriation of \$4,891.83. This amount, however will be appropriated to paying for work that is yet in progress on the walls of laundry building and slate and tin roofing. They further say that \$80,000 is required for the completion of the "wings" extending southward from the centre building, together with the centre building, the boiler house, laundry room and workshop. With the connecting passages, heating, ventilation and drainage, to which add \$20,000 for the purchase of the necessary furniture and other incidental expenses, in preparing for occupancy, and it appears that the total sum of \$100,000 will be needed to make this institution available in caring for the insane of the State. The building will then accommodate 250 patients.

The debris of the old Market is being removed.

The cotton receipts at this port to-day foot up 151 bales.

You can now buy Improved Heating and Cook Stoves at factory prices at Jacob's.

St. Valentine's Day is almost here and the crop of comic, semi-sentimental and heart-tugging valentines has arrived.

How to be your own painter: Buy the N. Y. Kameal Paint, ready mixed and warranted at Jacob's.

The corn solvent advertised for sale by J. D. Nutt & Co., is guaranteed to cure corns. Ye sufferers would do well to try it if you are desirous of ridding yourselves of the pests.

There was a regular black frost visible hereabouts this morning.

The city clock has failed to do its duty for the past four or five days.

The wood of the old market structure is being sold at fifty cents per dry load.

Schooner *W. A. Dubosque* sailed from Baltimore on the 22d for this port.

Schooner *Cocheo*, Seward, from this port, arrived last Monday at Baltimore.

Steamship *Benefactor*, Capt. Jones, arrived here this forenoon from New York.

Early this morning the thermometer in the open air at this office registered 28 degrees.

Schr. *A. F. Ames*, Achora, from this port, 10 days out, arrived at New York on Monday.

We learn of several marriages which are to take place in this city in a very short time.

The City Clerk and Treasurer says he has received no bids yet, sealed or otherwise, for demolishing the City Hall.

In the Senate, on Monday, the bill to provide for the erection of a hospital in the city of Wilmington passed its second and third readings.

Schr. *Jessie Elizabeth*, Weaver, from this port, 15 days out, 10 days of which was passed off Hatteras, arrived at New York on Monday.

A very interesting communication, relative to the iron and coal deposits in Chatham and Moore counties, will be found on the second page of this issue.

Schr. *Addie E. Snow*, from Providence, R. I., for this port, in going into Dutch Island Harbor 21st, touched on the reef south of the lighthouse at 9 a. m., but got off at high water without damage and came to anchor in the harbor.

The wind is from the West to-day, and the temperature has moderated very materially. The sun has shown bright and the snow is rapidly disappearing. It can only be found now in places where the sun has not penetrated.

J. N. BICK, of Toledo, Ohio, says:—My father, before wearing the "Only Lung Pad," could not sleep nights on account of his violent coughing; since wearing it he has slept soundly every night—See Adv.

Indications.
For the South Atlantic States northerly winds and clear or fair weather, nearly stationary temperature and barometer during the rest of Wednesday.

To Night.
This is beautiful weather for those who may attend the unique and attractive entertainment to be presented this evening at the Opera House. The indications are that there will be a very full house presents. The ladies and gentlemen who are to take part had a full rehearsal last night and everything worked harmoniously. It promises to be one of the most pleasant affairs ever known here, and those who do not go may regret it.

Common sense will indicate the certain tendency of a neglected cold to the Lungs; prevent such a termination by using Dr. Bull's Cough Syrup for that cough. Price 25 cents a bottle.

Picked Up.
One D. and D., i. e., one drunk and down, was taken to the Guard House last night to keep from freezing which would probably have been the case if the poor devil had been left to sleep in the frozen street where he was found by the policeman who made the arrest. There was nothing could be made out of him, so he was allowed to depart in peace this morning, if not a wiser, at least a soberer man than when he entered the city's quarters.

Water street mercantile will keep their feet dry in Winter by wearing ROBERTS' boots and shoes.

News on the River.
The steamer *D. Murchison* brings a report of a fall of 12 feet in the water in the river. The last freshet, the same account says, increased the depth of water about 37 feet. Captain Roberts, of the *Murchison*, informs us that while the water near Fayetteville is subsiding pretty rapidly that such is not the case lower down. For instance, at Evans' landing Capt. Roberts reports the river at least a mile wide and the country around pretty well deluged. It never rains but it pours in these days, it seems. Last Summer there was no water at all, now there is enough to float the Great Easterns.

Good Luck.
A party of fishermen from Beaufort, who are now in camp on Myrtle Grove Sound, near this city, caught in one day last week seventeen hundred large, fine drum. The fishermen have been at Myrtle Grove for about two weeks and have been very successful.

Boyd's Directory.
We have received from Mr. Thomas, the Agent here, a copy of Boyd's City Directory for 1881-82. It is the first issue of a directory had here in several years and the need of one has been felt. There are 24 pages more in this than in the last issued. It will be found on sale at Heinberger's, price \$2.50 a copy.

Go to Jacob's for Doors, Sash and Blinds, pure White Lead, Oils, Varnishes, Window Glasses, all sizes. All at the lowest prices.

Where the Old Market Stood.
And now the talk is for making the site where the Old Forty Legs stood, commonly known as the Old Market House, a sort of park or public square. It is proposed, we hear, to beautify the vacant place by sowing grass in the centre and making a grass plat there, to be surrounded by marble posts, which are to be erected at a distance of ten or fifteen feet apart, to be connected, or linked together, by means of iron chains extending all around the grass plat. On the edges, around the place, is to be constructed a curbstone walk.

We advise our friends to call at Jacob's for Household Hardware of every description. There you get the lowest prices.

Supreme Court.
In this Court, on Monday last, cases from this district were disposed of as follows:

State vs. William Murphy, from Pender; argued by Attorney-General Keenan for the State, and D. J. Devane for the defendant.

C. P. Mebane vs. Martha C. Mebane, from New Hanover; argued at last term; court took the papers.

Harper Williams vs. Mary C. Williams et al., from Duplin; argued by D. J. Devane for the plaintiff, and H. R. Korngay for the defendants.

Jas. M. Williams vs. Robert Teachey, from Duplin; set for hearing at the end of the district.

Eliza Boyce vs. R. J. Williams, from Duplin; argued by K. R. Korngay for the plaintiff; no counsel for the defendant.

The Dawson Bank vs. George Harris et al., from New Hanover; argued by E. S. Martin, in person, and Geo. Davis, Junius Davis and A. T. & J. London, by brief, for the plaintiff, and Duncan K. McRae for the defendants.

Pending the arguments in the last named case, the court adjourned until Tuesday morning.

A masquerade skating carnival will be had at the City Hall on Friday evening next under the direction of Prof. E. M. Cushing. We understand that twenty-seven knights and quite a number of ladies have entered.

Answer This.
Did you ever know any person to be ill, without inaction of the stomach, liver or kidneys, or did you ever know he who was well when either was obstructed or inactive; and did you ever know or hear of any case of the kind that Hop Bitters would not cure? Ask your neighbor for this same question—Times.

Twenty Years a Sufferer.
Dr. E. V. PIERCE.
Dear Sir—Twenty years ago I was shipwrecked on the Atlantic Ocean, and the cold and exposure caused a large abscess to form on each leg, which kept continually discharging. After spending hundreds of dollars with no benefit, I was persuaded to try your Golden Medical Discovery, and now in less than three months after taking the first bottle, I am thankful to say I am completely cured, and for the first time in ten years can put my left heel to the ground.

I am, sir, yours respectfully,
WILLIAM RYDER,
