Rev. Dr. Patterson, of this city, was in New Orleans last Sunday.

Nav. brig *Ragnhild*, from this port, arrived at Rotterdam on the 4th inst.
Receipts of cotton at this port to-day foot up 291 bales, and rosin 1 573 barrels.

Don't swear when you step on the icy sidewalk. Think of a little prayer instead—Now I lame me, for instance.

Its curious fact that from vice to virtue the road is a long and hard one, while from virtue to vice the road is very short.

Go to JACOB'S for Doors, Sash and Blinds, pure White Lead, Oils, Varnishes Window Glass, all sizes. All at the lowest prices.

The article of cabbage has become suddenly scarce, and there is barely enough to be had for slaw.

It almost passes belief that any one could be found mean enough to counterfeit a ten cent piece, and yet there's lots of 'em round.

The meeting called by the President of the Duplin Canal Company, to meet at 11 o'clock to-day, was postponed on account of the absence of stockholders and one of the directors.

Having used Dr. Bull's Cough Syrup for the last few days, to my gratification I find it did me a great deal of good. I had a very severe cold which it cured in a very few days. C. C. ROBERTSON, 139 Main Street, Lynchburg, Va.

Venus is evening star and is moving eastward. On the 20th instant she will reach her greatest point from the sun and begin to retrace her steps. At midnight of the 31st instant Venus will be in conjunction with Jupiter. She now sets at 9 o'clock.

J. N. BICK, of Toledo, Ohio, says:—My father, before wearing the "Only Lung Pad," could not sleep nights on account of his violent coughing; since wearing it he has slept soundly every night.—See Adv.

Landlords of summer resorts are already preparing for next season. One is having built an old-fashioned set of furniture that Washington once used; another is blasting out a cave that will be occupied by a hermit as soon as warm weather comes, and a third is having a medicinal well dug. Summer resorts are to be both romantic and healthy next year.

The Fire this Morning.

About 4 o'clock this morning the alarm of fire was sounded. It was caused by the burning of a small frame dwelling house on the corner of Second and Mulberry streets, owned by Col. Roger Moore and occupied by Mr. Robert R. Taylor. When first discovered the flames had made such headway that nothing could be saved from the burning building. Mr. Taylor and his wife barely escaping catching up their clothing as they ran, Mr. Taylor says he was first awakened by the barking of a pet dog and that when he opened his eyes he found the room full of smoke. He immediately awoke his wife and they had barely time to gather their clothes together and escape from the burning building. A few moments after some of the neighbors had gathered but it was impossible to enter the building and so all it contained was destroyed. Mr. Taylor was insured for \$700 on his furniture, which will probably about cover the loss. He had \$300 in the Home, of New York, represented here by Mr. Norwood Giles, and \$400 in the Petersburg Savings and Insurance Company, represented by Messrs. DeRosset & Northrop. Col. Moore had insurance on the building for \$700 in the Phoenix of Brooklyn, N. Y., represented by Messrs. Atkinson & Manning. This will fall several hundred dollars short of the actual loss. The house is thought to have caught under the roof and through some defect in the chimney.

Hundreds of men, women and children rescued from beds of pain, sickness and almost death and made strong and hearty by Parker's Ginger Tonic are the best evidences in the world of its sterling worth. You can find these in every community.—Post. See advertisement.]

From Up the River.

The Cape Fear is moderating considerably, there being now only six or eight feet of water on the shoals. Captain Skinner with his force and steam pump commenced work in earnest on the *Gov. Worth* yesterday and it is thought by this time the sunken steamer is afloat once more.

To be Uniformed.

The messengers of the Western Union Telegraph office of this city are to be uniformed with the regulation uniform of the Company, viz: blue coat with red trimmings and brass buttons, blue pants with red stripe down the seams, and blue cap with red trimmings. The caps have arrived and the suits are expected in a day or two.

By Special Train.

D'Oyly Carte's Troupe, of forty members, who are to perform the *Pirates of Penzance* in this city to-morrow evening, will arrive to-morrow about noon by special train from Charleston where they were booked for last night and to-night. No troupe has been on the road this winter of whom our exchanges speak more highly than of this company.

Personal.

Dr. A. B. Burr, formerly a practising physician in this city but now filling a position with Gen. Newton on the river and harbor works around New York, is here on a short visit to his father, Col. Jas. G. Burr. It is nine years since Dr. Burr was last in Wilmington. We are glad to see him here and trust that his visit may prove as pleasant as his anticipations of it were.

Shooting Scrape.

Joseph Harris was shot by Chas. H. Davis in Federal Point township, yesterday. The parties, who are both colored, were engaged in an altercation when Harris was shot. We could learn no particulars or extent of the injuries sustained by the wounded man. A preliminary examination of the case will be had to-morrow before Justice Horne, of Federal Point township.

The Aggregate Rents.

The stalls in the three markets, rented yesterday at public auction by Messrs. Cronly & Morris, aggregated the following amounts:
Market corner of Fourth and Campbell, 8 stalls, \$111 per month.
Market corner Fifth and Castle 3 stalls, \$9 per month.
Market on Front street, 10 stalls, \$849 per month.
Total, 21 stalls rented for \$969 per month, being \$11,628 per annum.

Where is Cinderella?

Perine's Juvenile Opera Troupe has failed to put in an appearance, hence there will be no performance at the Opera House to-night. Nothing definite has been heard from them. Report says that the agent had the troupe billed for Goldsboro and Wilmington last night and Wilmington and Charleston to-night, and that the troupe passed through this morning in order to fill their engagement in Charleston to-night, while another has it that the troupe busted in Richmond on Friday.

Special Tax in Pender County.

We understand that the public meeting of the citizens of Pender county, called through the columns of the REVIEW and the JOURNAL to be held yesterday at Burgaw, was well attended by leading and influential citizens. A free expression of opinion was had and it was decided that the special tax be asked for for the purpose of building a Court House and a Jail. Our information it somewhat obscure as regards that part of the proposed special tax which it was the desire of some to devote to the extinguishment of the debt of the county but we believe that it was the sentiment of the meeting that the tax be levied exclusively for the purpose of erecting the buildings, leaving the debt of the county to be paid by the Commissioners from the regular tax, which it is thought they will be able to do in two years. The official proceedings of the meeting are to be furnished for publication.

It is asserted that within 11 minutes after the alarm of fire was sounded this morning the *Little Giant's* hose was filled with water. This is a remarkable showing, for it is safe to assume that at 4 o'clock, when the alarm was given out, every member of the Fire Department was sound asleep.

Unavailable.

The following unavailable matter remains in the Postoffice in this city:
Mr. H. B. Newhall, 105 Chamber st., New York; Charles D. Jordan, Stag Park, N. C.; Ed. D. Hill, Morehead City, N. C.; Elizabeth Johnson, Dean Hall Plantation.

Opposed to It.

We understand that at the public meeting, held yesterday at Burgaw, on the special tax question, reference to which is made elsewhere in these columns, the County Commissioners united with the meeting in opposing the proposition to place the county in any Criminal Circuit which may be established by the Legislature. The people there say that they are satisfied to remain a rural county, and that the Superior court, as now constituted, with two terms a year for their county, is amply sufficient for the requirements of the county.

Complimentary.

The *Goldsboro Messenger* pays this handsome compliment to Capt. Jas. Barry, of this city, Roadmaster on the Wilmington & Weldon R. R. It is every word true:

While so many railroad accidents occur all over the country, owing mostly to the bad condition of the road beds, it is gratifying to hear expert railroad men speak in terms of praise of the road bed of the Wilmington and Weldon Road. The track is said to be in splendid order, and to much credit for this cannot be given too Capt. John Barry, the very efficient roadmaster of the road. He understands his business, and makes it a point every Fall to have his road bed in fine condition to stand through the winter and bad weather.

How to be your own painter: Buy the N. Y. Enamel Paint, ready mixed and warranted at Jacob's.

The Cape Fear Club.

The gentlemen composing this club have moved their headquarters from the Dawson Bank building to an elegant suite of rooms on the South side of Market, between Front and Second streets, on the second floor of the Carr building, and true to its generous past the club celebrated the removal on last Saturday by inviting a few friends to partake of its hospitalities, in a nice collation, to which was added a little good cheer to aid in digestion. The Cape Fear Club is a chartered organization and has long been one of the institutions of this city, and at different times has numbered among the list of members some of the most honored citizens of this community. The open-handed generosity and hospitality of the club in entertaining distinguished guests and visitors to this city is proverbial. Then here's to the old "C. F. C." Long may it live and prosper!

Board of Audit and Finance.

The Board of Audit and Finance met in regular monthly session yesterday afternoon for the transaction of business.

The ordinance providing for conveyance to the city of property sold for non-payment of taxes, and providing for the redemption of the same, adopted by the last meeting of the Board of Aldermen, was approved.

A communication from the City Attorney, asking for additional compensation, was received but deferred until next meeting.

Mr. Jones offered the following which was adopted:

WHEREAS, Ninety-eight thousand dollars of the bonded debt of this city will fall due during the year 1882, and as it will be impossible to meet the whole of this amount from our present or prospective resources, we deem it prudent and necessary to ask the General Assembly for authority to issue \$80,000 of new bonds to meet deficiency which may arise in paying the above \$98,000, therefore Resolved, That the Board of Aldermen be requested to examine the Treasurer's statement of bonds maturing in 1882, and if they think from the fact set forth that the reasons are sufficient that they be requested to join this Board in asking the General Assembly for authority to issue said bonds.

Mr. Jones also presented a bill to be sent to the General Assembly covering the above. Bonds to be sold or exchanged at par, bearing 6 per cent. interest.

A lease made by the Board of Aldermen to the Wilmington Light Infantry of their armory in the City Hall building from June 2d, 1879, for ten years at \$1 per year, was concurred in by this Board, said room having been fitted up prior to the war by the Wilmington Light Infantry at their own expense.

The sum of \$12.50 per month was allowed the Little Giant Engine Co, for feeding the horse used for pulling the hose reel belonging to the company.
