Senate bill 100, to amend the law of attachment. Explained by Burwell. Passed its second reading.
Bill to amend an act establishing county governments was laid on the table.
House bill 241, Senate bill 323, to incorporate Big Falls Manufacturing Company. Amended by committee and amendment adopted. Passed second and third readings.
Senate resolution 404, to request our Senators and Representatives to use their influence in securing an appropriation for the benefit of our rivers and harbors was laid on the table.

HOUSE OF REPRESENTATIVES.

Petition with regard to the Clarendon Water Works in Wilmington was presented by Mr. Toon.
Bunting offered a resolution with regard to pensioning Mexican soldiers. Propositions and grievances.
Bills were introduced and referred as follows:
Tate—To protect employees of railroad companies by giving them claims against the property of the company to satisfy judgment obtained for injuries which shall supersede mortgages. Internal improvements.
Ward—To construct a highway in Oglethorpe county. Roads.
Sparrow—To regulate fishing and protect fishermen. Fish interests.
McCauley—In relation to clerks of the Superior Court. Judiciary.
McCauley—To prevent open drunkenness. Judiciary.
Webster—To prevent oppression by justices of the peace in the trial of cases before them. Judiciary.
Webster—For the protection of bankrupts. Judiciary.
Horsay—To protect sheep husbandry and raise revenue, by taxing dogs. Judiciary.
The following bills and resolutions were accidentally left out of Saturday's report:
Boe—To amend section 84, chapter 17, of the Revised Code, relating to the service by publication. Judiciary.
Turner, of Stanley—Relating to the duties of sheriffs. Judiciary.
Grainger—To make assault with intent to kill punishable by imprisonment in the Penitentiary. Judiciary.
Manning—To encourage immigration. Immigration.
Bigelow—With regard to Sabbath schools for convicts working on railroads. Penal institutions.
House bill 220, providing for the erection of a Supreme Court room and library, passed its second reading.
House bill 405, to restore to the common school fund the money expended for normal schools, passed its several readings.
Joyner moved to reconsider the vote by which the resolution with regard to the normal school fund passed. Motion continued.

IN CONGRESS YESTERDAY.

SENATE.

WASHINGTON, February 8.—The Vice President submitted the credentials of Philetas Sawyer, Senator-elect from Wisconsin, to succeed Senator Cameron, and the credentials of Arthur P. Gorman, Senator-elect from Maryland, to succeed Senator Whyte, for the term beginning March 4th, 1881. Read and filed.
Mr. Bruce, from the committee on Education and Labor, reported adversely a joint resolution to provide for the enforcement of the eight hour law. He remarked that he did not concur in the report. Indefinitely postponed.
Mr. Maxey, from the committee on Post-offices and Postroads, reported an amendment to the Postoffice Appropriation bill appropriating \$1,000,000 to be expended in the establishment of American steamship lines to foreign countries from Atlantic, Gulf and Pacific ports.
Consideration of the Pension Appropriation bill was resumed. After a long discussion, devoted principally to the management of the Pension bureau, and the best method of dealing with fraudulent claims, Mr. Plumb's amendment, appropriating \$200,000 for additional pensioners and clerks in the Pension office, was adopted—ayes 30, noes 21.
The committee then rose and reported the bill to the Senate, when the committee amendments were agreed to, with the exception of the Indian pension provision, which was stricken out, and Mr. Plumb's amendment was then discussed. The bill was finally laid aside without action, and the Senate adjourned.

HOUSE OF REPRESENTATIVES.

Mr. Reagan, of Texas, chairman of the committee on Commerce, reported back the River and Harbor Appropriation bill, and it was referred to the committee of the Whole.
Mr. Reagan stated that he would move to go into committee of the Whole on that bill immediately after the morning hour, but Mr. Atkins, of Texas, gave notice that he would oppose it with the Legislative, Executive and Judicial bill, which he thereupon reported from the committee on Appropriations, and which was also referred to the committee of the Whole.
A long and noisy discussion arose in the House this morning over the proposition to set apart a portion of the galleries for the accommodation of the families of members and Senators during the electoral count. After this a contest arose between Messrs. Atkins, Reagan and Cox as to the order of business, Mr. Cox desiring to call up his Apportionment bill, and Mr. Reagan wishing to go into committee on the River and Harbor bill. Mr. Atkins, however, was victorious, and at 1 o'clock the House

went into committee of the Whole on the Legislative Appropriation bill.
Mr. Reagan still endeavored to obtain consideration for the River and Harbor bill in committee of the Whole, saying that the action of to-day would probably determine whether or not that bill would pass. The speaker, however, overruled his point of order, and the committee refused either to consider the River and Harbor bill or to rise.
Mr. Atkins then proceeded briefly to explain the provisions of the bill. It appropriated \$17,181,000, a decrease of \$600,000 from the estimates and an increase of \$1,400,000 over the appropriations for the current year. The principal item of increase was one of \$517,000 in the internal revenue department. The bill was then read by sections for amendments, and after considering forty-eight of the eighty-two pages of the bill, the committee rose and the House adjourned.

Another Battle in the Transvaal.

LONDON, Feb. 7.—The following official report has been received, dated Pretoria, Jan. 10: "The troops captured a Boer laager on the 6th. The loss of the Boers was heavy. The British loss was also heavy in consequence of the treachery of the Boers, who, after hoisting a white flag, fired on the British. The Boers are inciting the natives to rise, but without success. Numbers of loyalists have been forced to join the Boers. Some natives have been murdered."
LONDON, Feb. 8.—A despatch from Newcastle, Natal, to the Standard, reports that the Boers are throwing up entrenchments on Laingsnek, scarping the face of the hill and setting wires to entangle men and horses.

King Coffee's Declaration of War.

LONDON, Feb. 7.—In the House of Commons this afternoon the Right Hon. M. E. G. Duff, Under Secretary for the Colonial Department, read a telegram confirming the statement that the Ashantees intend to force hostilities upon the Gold Coast.
The London Daily Telegraph this morning says: "As there are three months of war and two gunboats off the west coast of Africa no immediate fear for the safety of the British residents is entertained in consequence of the threatening hostilities by the Ring of Ashantees."

Chicago and the "Passion Play."

CHICAGO, Feb. 6.—Telegrams have passed to-day between Salmi Moses, author of the "Passion Play," and Frank R. Gardiner, manager of a theatrical combination, with reference to another attempt to produce Moses' work in New York. Mr. Gardiner says he has been guaranteed \$20,000 by Chicago parties to pay the expense of the production in New York. He will start at once to make the necessary arrangements.

Business vs Stanley Matthews.

NEW YORK, February 8.—A telegram was forwarded yesterday by the President and Secretary of the New York Board of Trade and Transportation in behalf of eight hundred business firms, members of the Board, to the Judiciary Committee of the United States Senate protesting against the confirmation of Hon. Stanley Matthews as judge of the Supreme Court.

Victory for Dr. Carver.

LONDON, Feb. 7.—The pigeon shooting match at Hendon to-day between Dr. Carver and Mr. Scott, each shooting at 100 pigeons for £200 a side and the championship, was won by Dr. Carver by four birds, although Mr. Scott was leading at the fiftieth round. The score was: Carver, 66 birds; Scott, 62 birds. The betting this morning was 11 to 10 on Scott.

Tobacco Tax.

WASHINGTON, Feb. 8.—At a meeting of the Ways and Means Committee of the House this morning Representative Tucker of Virginia, presented a bill to repeal the stamp tax on exports of tobacco, and the committee was instructed to report it favorably to the House.

CAROLINA.

Raleigh Visitor: The cotton receipts for this season in this city up to date are 37,000 bales.—Mr. A. J. Holt, living near Merry Oaks, slaughtered a hog on the 4th inst., which weighed 613 pounds.
Newbern Nut Shell: At present the pump in front of Trenwith's shop, on Middle street, is being bored and a strata of tough rock has been reached. Yesterday, among the borings from this well, several large pieces of bit and mica rock to which were adhered particles of copper ore as large as pin heads.

Charlotte Observer:

A series of protracted meetings will be held in the Second Presbyterian church next week. They will be conducted by the pastor and Mr. Drew, a noted revivalist. The timbers are being prepared for the erection of a handsome passenger shed over the platform of the Richmond & Danville and Charlotte, Columbia & Augusta roads. It is to be first class in every particular and will be pushed to completion as rapidly as possible. It is to cover the present platform and a track on each side. The waiting rooms, ticket offices, &c. will be fitted up in the most approved style.—The large saw and grist mills of E. W. Stubbs & Co. near the depot at Lincolnton, were destroyed by fire at an early hour Sunday morning. Two men who were sleeping in the mills made a narrow escape with their lives. It is thought that the fire was the work of incendiaries and two arrests have been made of men suspected of implication in the burning. There was, it is stated, no insurance on the mills which were quite valuable. The machinery, which was all new, was all consumed with the building.

News and Observer:

The revenue collections in this district last week were \$18,841.15.—Rev. A. B. Earle, the distinguished evangelist, began his duties

at the First Baptist church, in this city, on Sunday morning last. The building was crowded to its utmost capacity, many members of the General Assembly being present.—There was collected from all sources for public schools in this State last year \$391,289. The number of white children in the State of school age is 291,770. Number of colored children 167,584. Aggregate 459,354. The sum of \$17,575.99 was paid for county examiners, commissioners, etc., which, deducted from amount received as above, leaves a net to pay teachers and build houses of \$373,713.64, and only \$318,453.15 of this was expended, leaving in the hands of county treasurers on the 30th of September, 1880, \$170,672.57. The unexpended balance at the end of the previous school year was \$132,265.59. Deducting expenses, the amount of public school money apportioned was \$373,713.64, which, being divided among 459,325 children, gives a per capita of 81 cents and a fraction. These 459,325 children are scattered over a territory covering more than 50,700 square miles. The Auditor's report shows the number of acres of land in the State to be 26,823,511, which is 583 acres to each child.

No Cure, No Pay.

Dr. Pierce's Family Medicines are guaranteed to cure; for particulars see wrappers and pamphlets. They are reliable, have not sprung into popularity in a week or month and gone out of favor as rapidly, but being sustained by merit, have won a world-wide reputation, necessitating a branch in London, to supply foreign countries, while the home sales are enormous throughout the United States. Golden Medical Discovery purifies and enriches the blood, preventing fevers, and curing all skin and scrofulous affections, stimulating the liver to action, relieving biliousness, and curing consumption, which is scrofula of the lungs. If the bowels are costive take Pierce's Pellets (little pills). Both sold by druggists.

CHICAGO, Ill., May 5th, 1879.

World's Dispensary Medical Association: Gentlemen—For years I have been a great sufferer. My trouble first started with terrible acute chills and constipations. This left me in 1878 with a racking cough and frequent bleedings from the lungs. Since this time I have been continually doctoring, consulting physicians without number. From them I received no benefit or encouragement. The most noted physicians of our city who last visited me expressed their opinions in the brief but hopeless words, "Take good care of yourself the few days you have to live, we cannot help you." I grew steadily worse under their treatment. One day, through reading your Memorandum Book, I learned of the Golden Medical Discovery. With but little hope of relief, I purchased a bottle and took it. To my surprise and satisfaction it did me more good than all the drugs I had taken the year around. I am now steadily using it with benefit and recommend it to all to be just what it is advertised.

Sincerely yours, JAMES P. McGRATH, 50 Wight Street.

TWO ORGANS.

Regulate first the stomach, second the liver; especially the first, so as to perform their functions perfectly and you will remove at least nineteen-twentieths of all the ills that mankind is heir to, in this or any other climate. Hop Bitters is the only thing that will give perfectly healthy action to these two organs.—Maine Farmer.

EARS FOR THE MILLION!

Positively restores the hearing and is the Only Absolute Cure for Deafness Known. This Oil is extracted from a peculiar species of small WHITE WORM, caught in the Yellow Sea, known as Caroharodon Kondelet. Every Chinese Fisherman knows it. Its virtues as a restorative of hearing were discovered by a Buddhist Priest about the year 1410. His cures were so numerous and many so seemingly miraculous, that the remedy was officially proclaimed over the entire Empire. Its use became so universal that for over 300 years no Deafness has existed among the Chinese people. Sent, charges prepaid, to any address at \$1 per bottle. Only imported by HAYLOCK & CO., 7 Dey St. New York. Sole Agents for America.
