Rumors float with the current of opinion. He who never commits a folly is not human. January has left us but the trees leave not. When it is necessary to yield do so gracefully. From vexation and taxation there is no relaxation. Muddy weather tries one's soles; cold weather, one's coals. Walking is the "sole" occupation of pedestrians. The blunt talker doesn't try to get his words in edgewise. Codfish balls this season are by no means numerous. Great mashers usually try themselves on small potatoes. "Burlesque butter" is the popular trade name for oleomargarine. A counterfeited ten cent piece is being circulated in the South. Yellow corn is said to be more prolific and sweeter than the white. To keep sweet potatoes over winter they must be kept warm and dry. It is far better to engage in small affairs than to utterly waste one's time. No man can be utterly an infidel who has enough to eat, a good appetite and a good digestion. How to be your own painter: Buy the N. Y. Enamel Paint, ready mixed and warranted at JACOBI'S.

Fishermen say that shad will be more abundant this season than for many years. Love is blind, yet the average young American doesn't object to that kind of blindness. The display of grotesque valentines in shop windows is larger this season than for many years. Ada Gray and her company, who appeared here a few weeks ago in Lucretia Borgia, L'Article 47, and East Lynne will probably give us another performance on her way north before Lent.

Indications
For the South Atlantic States, clear weather, followed by increasing cloudiness, possibly by rain areas, variable winds shifting to southeast, stationary or higher temperature, falling barometer in southern portions. The exports foreign to-day foot up 667 bales cotton, 3,857 barrels rosin, 466,901 feet lumber and 135,457 shingles. The shippers are Messrs. E. Kidder & Sons, Robinson & King, and Alex. Sprunt & Son.

We understand that "The Old Folks and the Trial by Jury" party who gave us such a very pleasant entertainment in the Opera House a few nights ago, have been invited to play in Charlotte and that the ladies and gentlemen are thinking seriously of accepting the invitation. Between Fayetteville and Wilmington. We received some days since from Mr. Jno. H. Murphy, at Point Caswell, a map of the district of country lying between Wilmington and Fayetteville to the East of the Cape Fear, Black and South rivers, showing the route which an extension of the Cape Fear and Yadin Valley R. R. could take. It would pass through an excellent country, as yet unopened except by river communication to Point Caswell, and could be built, we think, at a comparative slight expense, with the exception of the bridge at Fayetteville. The distance, in all, between Fayetteville and Wilmington is but 80 miles, an item very much in its favor. In accordance with the request of Mr. Murphy the map has been forwarded to Gen. Imboden at Bristol, Va.

THE SUPREME COURT

Dillard Resigns and Ruffin is Appointed.
[SPECIAL TO DAILY REVIEW.]
RALEIGH, February 11, 1881.
Hon. Thos. Ruffin has been appointed to the Supreme Court Bench, Vice Judge Dillard resigned.

Miraculous Escape.
This morning a little son of Mr. J. A. Hankins, about 15 years of age, was run over by a heavy grocery wagon. The little fellow was sitting in the wagon of Messrs. Hankins & Bates, and as it ran down in a crossing he fell from the seat to the ground and the front wheel passed directly across his head. Fortunately the little fellow escaped with but a slight cut on his ear.

Personal.
Gov. Holliday and Col. Thos. H. Carter, of Virginia, arrived here this morning, en route for Florida, and stopped at the Purcell House. They have passed the day in the city and will spend the evening with Hon. George Davis at his residence. They leave to-morrow and will stop a day at Charleston and a day in Savannah. Maj. Jno. Hughes, of Newbern, and Col. S. L. Fremont are also in the city on a short visit.

Patience and gentleness are useful and powerful, but they cannot cure a cough, which however Dr. Bull's Cough Syrup will always do.
Bank of New Hanover
The annual meeting of the stockholders of the Bank of New Hanover was held at their Banking House yesterday afternoon. The meeting was organized by Mr. DuBratz Cutlar being called to the chair and Mr. Thos. W. Strange being requested to act as secretary. Messrs. T. W. Strange and Isaac Bates were appointed a committee to verify proxies and there were found to be represented 5,172 shares in person and 1,941 by proxy. The President of the Bank made his report and submitted a detailed statement of the condition of the principal Bank and its branches when, upon motion, the report was adopted. His statement showed the net earnings of the Bank for the last year to be over 12 per cent., and for the last six months a fraction over 7 per cent.

The following gentlemen were elected Directors: John Dawson, Donald McRae, G. W. Williams, H. Vickers, E. B. Borden, Fred. H. Rheinstein, J. A. Leak, R. E. Bridgers, Chas. M. Stedman, J. W. Atkinson, Isaac Bates. On motion, the meeting adjourned.

County Board of Health.
At the regular monthly meeting of the Board of Health for this county, held on the evening of the 9th in the Commissioner's room, the following reasonable and sensible suggestions, resolutions, or advice, whatever head it may be classed under—was offered by Dr. Thomas F. Wood and adopted as a part of the proceedings of the meeting: In consideration of the dangers resulting from carelessness and ignorance of householders as regards the scarlet fever, the New Hanover Board of Health presents this warning: Children taken sick with scarlet fever should be isolated from the rest of the family in a room with such furniture as is not too valuable to destroy, no one having access to the room but physicians and nurses. It is earnestly urged that funerals of persons dying with scarlet fever should be attended by the fewest number of persons necessary to perform the rite decently. Funerals from churches should not be permitted as they tend to spread the disease. Pamphlets on the subject of the limitation of the spread of diphtheria and scarlet fever can be had on application to the Secretary of the Board of Health.

"I Don't Want a Plaster," said a sick man to a druggist, "can't you give me something to cure me?" His symptoms were lumbago and disordered urine and were a sure indication of kidney disease. The druggist told him to use Kidney-Wort and in a short time it effected a complete cure. Have you these symptoms? Then get a box or bottle to-day—before you become incurable. It is the cure; safe and pure.—*Knowlton's Republic.*

City Court.

Five white men, all tramps, applied for and secured lodging at the Guard House last night, and were placed in the large room bordering on the cells, and there locked in. This morning they were arraigned before the Mayor. His Honor told them that considerable complaint had been made to him recently about the number of tramps annoying the citizens in this community, and he would give them fair notice now that they must not be caught in the city again. One of the members of the bar who was present in Court waiting to appear in a case next on docket, stated that the manner of entering the private premises unannounced, which these tramps are practising lately is getting to be very annoying and called for some action on the part of the authorities. Another member of the legal fraternity then present joined his brother of the profession in declaring the tramps a great nuisance and stated that one of the tramps then before the bar of the Court had been in his back lot three times recently. The Mayor then gave orders to the Chief of Police if any of the five persons were caught in this city after to-day to arrest them on the spot and lock them up. Captain Brock detailed two policemen to give the defendants safe escort beyond the city limits, and they were accordingly marched out.

The next case was that of C. H. Gilbert, charged with violating the City Ordinance relating to and prohibiting the sale of butchers' meats within certain limits. The case was continued from Wednesday last, at which time the defendant was arrested upon a warrant issued by the Mayor. Since that time however, two other warrants (one on the 9th and the other on the 10th,) were also issued against defendant for alleged violations of the same offence on the dates above mentioned. Messrs. M. Bellamy, DuBratz Cutlar and Jno. D. Bellamy, Jr., appeared for the defence and Messrs. Janius Davis and F. H. Darby, City Attorney, for the city. Mr. Lewis M. Williams, Clerk of the Market, was put upon the stand, and in answer to questions by counsel, stated that defendant had his store open in violation of City Ordinance passed Jan. 8th, 1881, on Second, between Market and Princess streets, within the prescribed limits of said Ordinance, and offered for sale butchers' meats—beef and pork—to all who would buy. In answer to a question by counsel for defendant, witness said he did not see Mr. Gilbert make an actual sale, but that he had his store open and offered the meat for sale, and had told witness that he had sold a quantity of beef. The city rested their case there, and the counsel for defence merely waited the judgment of the Court. The Mayor said he found the defendant guilty and would reserve sentence until to-morrow morning at 9:30 o'clock. Mr. Cutlar and the Messrs. Bellamy, counsel for defendant, each addressed the Court in turn, and stated that they desired to make a regular bona fide contest case of this, to test the validity of the Ordinance. Mr. Cutlar stated that they regarded the Ordinance as null and void, in consequence of an alleged contract made on the part of the city which this Ordinance was intended to carry out.

Mr. Junius Davis, counsel for the city, stated that the Ordinance was separate and distinct from the contract and quoted the law from Battle's Revised of the laws of North Carolina to prove the power and authority of the city to enact ordinances regulating markets. This opinion of his associate Mr. Darby concurred in. In answer to a question propounded by Mr. Cutlar, counsel for the defence, His Honor stated that he would issue warrants for Mr. Gilbert's arrest every day that he kept his store open in violation of and in defiance of the City Ordinance, and added further that if defendant continued this open violation of the City Ordinance he would close him up and lock him up. The counsel for defence made no secret of their intention to appeal "from the judgment of the Court if pronounced adversely to their client, whenever the decision is so rendered. The Court having previously announced its intention of deferring sentence in the case until to-morrow morning, Mr. Gilbert was recognized in the sum of \$100 for his appearance at that time, after which the court adjourned.

Meeting at the Exchange.
In accordance with a call from the Presidents of the two bodies, the Chamber of Commerce and Produce Exchange, met at the Rooms of the Exchange today, at 12 o'clock, to take into consideration the Regan bill to regulate Interstate Commerce, Hon. A. H. VanBokelen, President of the Chamber of Commerce, in the chair. After a lengthy discussion pro and con the meeting adjourned without final action, subject to the call of the two Presidents.

The Highway Robbery Case.
The case of highway robbery mentioned in the REVIEW on Wednesday last has been continued by Justice Gardner until Tuesday or Wednesday of next week, in order to allow the prosecuting witness, Mr. Henry Clogr, to go to his home in Brunswick and return.

Bob Shepard, the colored drayman arrested for complicity with the colored woman, Julia Pierson, in the crime, has been discharged. As there was no evidence whatever against him. But the real culprit and accomplice in the crime and the man who is said to have struck the blow which felled Mr. Clogr to the ground is said to be one George Vann, colored, who escaped from here the morning after the crime had been committed to Laurinburg. All of which we knew when we penned our previous article in regard to this affair, but which we withheld at that time for prudential reasons—Mayor Bizzell, of Laurinburg, was telegraphed by the officers of the law here and notified of the facts in the case and acted very promptly in this matter and this morning the prisoner George Vann, arrived here by the C. C. Railroad in charge of Officer W. B. Hatton, Marshal of the town of Laurinburg. Vann was committed to Jail where he will await his trial at the time above specified.

Hundreds of men, women and children rescued from beds of pain, sickness and almost death and made strong and hearty by Parker's Ginger Tonic are the best evidences in the world of its sterling worth. You can find these in every community.—*Post.* See advertisement.
