The Lecture Season.
We are glad to be able to announce to the readers of the Review that the lecture season will soon be inaugurated in this city under the auspices of the Wilmington Library Association. Dr. Eugene Grissom, of Raleigh, will be the first to lecture, and has chosen as the theme of his lecture King David, of biblical fame. The next in order will be the Rev. Dr. Jos. R. Wilson, of this city, who has chosen for his subject "Courage." The precise date of these two lectures we have not been able to ascertain. But the third lecture, from Rev. Chas. F. Deems, D. D. L. D., will be delivered on the 21st of April. Mr. Charles H. Robinson, President of the Library Association, is in receipt of a letter of a recent date from Dr. Deems in which he accepts the invitation to lecture, and announced the above named date as the time when he will be at the disposal of the Association. His theme, the Reverend gentleman writes, will be "Nature and the Bible," and further adds that he will endeavor to make the discourse both popular and interesting as well as instructive. All of these gentlemen are well-known in the world of letters and are finished scholars besides. We may therefore anticipate a rich treat in a literary way. We did hear something about the Rev. Dr. Yates, of this city, having been invited also, but of this we have no certain information yet.

As It Stands Now.
We published yesterday a telegram from Maj. C. M. Stedman to the REVIEW, stating that the market bill had been supplemented by another which forbade any interference with the operations of the Board of Health and that by it the butchers were not exempt from taxation. This morning we find in the Star a bill which was received at 12 o'clock last night, which shows some other modifications. By it the objections to the bill as affecting the financial receipts of the city have been removed and this is, beyond question, an improvement. As the bill formerly stood it was simply intolerable, but the only restrictions which remain now are those which affect the authority of the police. Had the framers of the supplement gone still further and removed these restrictions, and simply allowed the sale of produce from carts they would have presented a bill which might have been acceptable to the majority of our people. As it is, the modifications which have been made will be found, if the bill is really to be enforced, to have removed the most seriously objectionable features. Of course our friends will understand that we have been actuated in all that we have said, first and last, and all the time, solely by what we have thought to be the best interest of the city. We have deplored, and do deplore, the differences which have arisen among our people on this point, and we would be glad to see them adjusted satisfactorily to all concerned. We have not hesitated to characterize the bill as it first stood as we thought it deserved, and we are glad to see that some modifications have been made. The most serious evil, that of a threatened financial embarrassment, has been removed. We append herewith the supplement to the bill, as it appeared in this morning's Star:

An act supplemental to an act entitled "An act to provide for the better protection of farmers and fishermen."
WHEREAS, The sole purpose and aim of an act entitled "An act for the better protection of farmers and fishermen," passed during the present session of the General Assembly, was to prevent oppression and extortion, and to enable vendors of fresh meats, beef, pork, mutton, game, fish, oysters, clams, garden truck, and all farm products, to sell the same upon any of the streets of the cities of Wilmington, Tarboro and New Berne, or from wagons, carts, snops or stores, and not be forced to sell the same from the stalls of the Wilmington Market House Company, or to pay tribute to said corporation, therefore be it enacted: I. That section first of said act shall not be construed to interfere with proper sanitary regulations adopted by the Mayor and Board of Aldermen of the cities of Wilmington, Tarboro and New Berne, under the direction of City Physicians and Boards of Health; and shall not be construed to exempt dealers in such articles from the payment of the usual license tax to said cities and towns, but no dealer shall be forced to pay any tax whatever for the benefit of the Wilmington Market House Company. II. Section second of said act shall be amended by substituting the word "or" in the place of "and" in the fifth line of said section before the word "imprisoned" and after the word "dollars." III. All laws and clauses of laws in conflict with this act are hereby repealed. IV. This act shall be in force from the date of its ratification.

Telegram from Maj. Stedman.
RALEIGH, N. C., March 8.
EDITOR REVIEW:
My attention has been called to a petition signed by about twenty-five gentlemen protesting against the provisions of Scott's bill. I myself drafted a supplemental bill which certainly cures any real or imaginary evils published in today's Star. I call upon any lawyer of respectability to point out where, under the supplemental bill, the municipal authorities are divested of any single chartered or common law right. Where, under the supplemental bill, is there any discrimination against any class? I challenge all of the advocates of the Wilmington Market House Company under the supplemental bill. Carts can not be forced into a market house for the benefit of a few and the public taxed and oppressed that a few may grow rich, and that is all that is in the supplemental bill, which I can defend anywhere.

Board of Aldermen.
The Board of Aldermen met in regular monthly session yesterday evening, at the City Hall, present, Mayor Fishplate, and Aldermen Myers, Bowden, Divine, Vollers, VonGlahn and Foster. Several committees were granted further time to report. The Mayor stated that the law authorizing the establishment of a City Hospital required the Board to elect two of its members as managers. On motion, the Mayor was authorized to appoint two managers on the part of the Board, and thereupon Aldermen Myers and Divine were so appointed. On motion, the places of registration and voting as published in the city papers were ratified by the Board. A petition for a gas lamp on Nun, between Sixth and Seventh streets, was referred to the committee on Lights. Reports of the Chief of the Fire Department and the Superintendent of Health were received and ordered on file. The following petition was presented and read:

To the Honorable, the Mayor and the Board of Aldermen:
The undersigned, citizens of Wilmington, respectfully represent that whereas the General Assembly of North Carolina, upon which we have been so long accustomed confidently to rely for protection in our rights, has just passed the most infamous law that was ever imposed upon the people and authorities of this or any other city in this country; divesting the municipal authorities of chartered and common law rights, common to and necessary for the well being of every city, and giving to non-residents and the hucksters' class immunities and privileges detrimental to the peace, harmony, health and pecuniary interest and prosperity of the whole people, with the most unjust discrimination against those who furnish the principal financial support of the city, we therefore earnestly appeal to your honorable body to adopt resolutions condemnatory of that act; setting forth in detail the horrors that will be entailed on the citizens by its operations, and to adopt any and all measures that may seem practicable for our protection, and to call a meeting of the citizens, that the outrage committed by the passage of that iniquitous measure termed the "Farmers' and Fishermen's Bill" may be characterized as it should be in resolutions of remonstrance and solemn protest by an outraged community, and for the purpose of considering what, under the circumstances, could best be done for the interest and general welfare of the community.

Very respectfully,
(Signed)
Preston Gunning & Co., Sol. Bear & Bros., E. Lilly, Jno. D. Woody, D. McKee, C. L. Griffin, Geo. Harris, W. A. Patterson, Jno. T. Rankin, Harding Johnson, Kenan & Forshee, G. Boney & Sons, A. A. C., March 7th, 1881.
Mr. W. P. Oldham stated, by permission, that he received the petition to get signatures thereto only an hour and a half before sundown, and had time only to get the signatures annexed, many persons being absent from their places of business whom he was satisfied would have signed. Alderman Myers moved that the petition be received and append the following:
Resolved, by the Mayor and Board of Aldermen, That we earnestly deplore the situation in which the citizens are placed, and hereby denounce, in the name of the people we represent, the bill, with its odious features. The yeas and nays were ordered on the above resolution with the following result: Yeas—the Mayor, Aldermen Myers, Von Glahn, Divine and Foster. Nays—Aldermen Bowden and Vollers. Aldermen Bowden and Vollers stated that not having the bill before them they voted "no;" but if the conditions of the bill were as published they would vote "aye."
On motion, the Board adjourned.

Arrested for Larceny.
Joseph Lambert, a white sailor, was arrested upon a warrant from Justice McQuigg, this afternoon, upon the charge of larceny in two cases, said charges being that defendant purloined from Mary Warner and Carrie Walker, two of Paddy's Hollow's soiled doves, bed clothing and wearing apparel. Defendant, in default of bond, was committed for trial until to-morrow morning at 10 o'clock.

Upon the application of Jno F Garrell the Board appointed Roderick McRae County Surveyor, to act in conjunction with the Surveyor to be appointed by Mr. Garrell, to survey the line between certain property and report at the next meeting of the Board. The application for re-establishing the road leading from Hilton to the Negro Head road and Brunswick Ferry, was, on motion, referred to a future meeting of the Board.

The Board proceeded to elect three managers for the proposed City Hospital, which resulted in the selection of Messrs. W L Smith, H A Bagg and B G Worth. Applications for licenses to retail spirituous liquors were granted to R L Dixon & Co., B L Perry and Mattha Adams. The Board adjourned.
