Have you registered? Hey?
Do you intend to register? If not, why?

Vandyke red is the latest color—a shade darker than cardinal.

Clear medium French blues are revived as the latest rival of navy blue.
For ladies at church, the correct thing now is to remove the glove from the right hand.

Some people think it an excess of magnanimity to forgive those whom they have injured.
Mr. J. I. Macks has removed his office to a suite of rooms on the first floor of the old National Bank building.

A gentleman the other evening objected to playing cards with a lady, because she had such a winning way about her.
How to be your own painter: Buy the N. Y. Enamel Paint, ready mixed and warranted at JACOBI'S.

It is a curious fact that from vice to virtue the road is a long and hard one, while from virtue to vice the road is very short.

We make solemn promises to be awfully good when we are in danger of death but when we begin to get well we forget all about them.

The couple that wrangle incessantly at home are as loving as turtle doves in the railroad car. Advertised affection is generally bogus.

It is not safe to have too many irons on the fire. When a man tries to catch two rabbits he must needs leave one and is apt to lose the other.

The number of croquet sets sold in the United States during the past five years is estimated at 8,000,000, and still we continue to send missionaries to Asia.

Do you call yourself a Democrat? then act like one, register and go to your Ward meeting prepared to abide the decision of the voice of the majority. A minority must not and cannot dictate to a majority.

Chief of Police Brock is improving the sidewalks on the west side of Seventh street, between Mulberry and Walnut, and on the north side of Mulberry, between Sixth and Seventh streets, with a plentiful supply of ballast.

We advise our friends to call at JACOBI'S for Household Hardware of every description. There you get the lowest prices.

Picked Up on the Street.
William Dabney, colored, the filthy, diseased, horrible specimen of humanity, picked up on the streets one night during the severe weather of last winter by the police and afterwards sent to the Poor House, was to day found drunk and down on the streets and taken to the Guard House. The authorities are at a loss to know what to do with the creature or where to put him.

Reflect on What You are Doing.
What is one man, or two men, or any set of men to the important issues at stake in this campaign? The credit of the city has been raised since a Democratic Board of Audit and Board of Aldermen came into power from far below par, where the Radicals left it, to par. The bonds of the city have been raised from 58 cents on the dollar to 100 cents. Would you exchange this state of things for another Radical mis-administration?

Go to JACOBI'S for Doors, Sash and Blinds, pure White Lead, Oils, Varnishes Window Glass, all sizes. All at the lowest prices.

Snuff or dust of any kind, and strong, caustic or poisonous solutions aggravate catarrh and drive it to the lungs. Dr. Sage's Catarrh Remedy cures catarrh by its mild, soothing, cleansing and healing properties. Each package prepares one pint of the Remedy ready for use, and costs only fifty cents. Sold by druggists. So positively certain is it in its result that its former proprietor used to offer a standing reward of \$500 for a case it would not cure.

We appreciate no pleasures unless we are occasionally deprived of them.

struck He.
Those gentlemen who were in the woods Sunday afternoon looking for flowering moss struck "He," i. e., they found some money, which they pocketed and came back to town with both moss and money. Talk about your mineral resources! What can beat a country where silver, ready coined, is found on the surface of the ground?

Humpty Dumpty.
Mr. B. H. Grover, Business Manager of Rial's New Humpty Dumpty, is in the city arranging for the appearance of Rial's Novelty Combination here on Wednesday evening next. The company come well endorsed and have taken a new departure in the way of prices of admission. The prices charged are 25 and 35 cents each, and only 50 cents for reserved seats. Mr. Grover's stands of bills are very fine and are enough in themselves to start one's risibles.

A Cheering Prospect.
We understand that an official opinion has been expressed to the effect that the probabilities, not the possibilities, are that there will be 22 feet of water on Main Bar within a few years and that perhaps more than that can be obtained by a liberal expenditure of money. In other words you can have plenty of water if you will but pay for it. This is cheering news in view of the fact that it will all be utilized in a few years when the iron horse comes thundering down over one continuous line of railway from the Blue Ridge to Wilmington.

Improvements.
The improvements recently made on the South side of Princess street, between Front and Second, have added very greatly to the appearance of things in that locality. Mr. D. O'Connor's residence and office have undergone a wonderful transformation and one would scarcely recognize in the property next East of his the buildings which have been so familiar to the eye for years past. These last are owned by Mr. E. T. Hancock, who by altering the arrangements for entrance to the various offices and by a liberal use of paint has made a wonderful change for the better. The locality is a very attractive one now.

City Court.
Julia Ford, colored, and Charles Richardson, colored, were arrested last night on Front street for engaging in an affray. This morning they were both arraigned upon the foregoing charge. Julia Ford being an old offender and having been on two previous occasions brought before the Mayor upon very serious charges was fined \$10 or given the alternative of ten days in the C. P. Being short of the necessary spondulicks to liquidate the fine defendant was sent below. It being the first offence of the other defendant, or at least his first appearance before Mayor Fishblate, he was discharged and the Court adjourned.

Cape Fear Tobacco Works.
We visited yesterday the Cape Fear Tobacco Works, Factory No. 210, situated on the old Camp Lamb site, on Sixth, between Campbell and Ha-aver streets. The new building is 94 by 40 feet and is two stories and a jump high. It is situated on the line of the railroad and has many conveniences over the old one. The capacity of the factory has been doubled. One hundred hands will be employed and the machinery run by steam. Additional machinery will be added, including a lump machine for plug tobacco. The proprietors will use 2,500 pounds of unmanufactured tobacco a day in the manufacture of their plug and smoking tobaccos, on which they will pay the Government 16 cents per pound, or \$400 a day, or \$135,200 a year as revenue.

Their conveniences for loading and unloading the cars will be very fine. A platform will be built on a level with the car doors, and the goods will be raised up to the street, which is about 20 feet above the railroad tracks, by an elevator, or derrick. The dry-house is built of brick, and will be used in drying out the tobacco in bad weather. The engine, which will be the motive power of the hydraulic presses, lump machines, etc., will be in a brick building near the East end of the factory. The work on the building is very nearly completed and the operators will be put to work manufacturing during the early part of next week.

Miss E. Karrer has gone North for the purpose of laying in a full supply of Spring and Summer millinery and on her return will notify her lady customers of the arrival of the new goods, through the columns of the REVIEW.

THE MARKET Muddle.
Opinion of Messrs Kerriman & Fuller—They Think The Laws Constitutional.

Our opinion is required in response to the following stated questions, viz:
1. Does the act entitled "An Act for the Better Protection of Farmers and Fishermen," ratified on the 5th day of March, A. D. 1881, and the act entitled "An Act Supplemental to an Act to Provide for the Better Protection of Farmers and Fishermen," ratified the 7th day of March, A. D. 1881, abolish the police and sanitary powers of the city authorities of the city of Wilmington?
2. Does the fact that thirty days' notice of the application to pass said acts was not given render them void?
3. If the said acts were not read in the General Assembly on three different days are they therefore void?

1. We cannot doubt that the police and sanitary powers of the city authorities of the city of Wilmington are unaffected by said act, except in the respect that the authorities cannot compel farmers and fishermen to sell the things specified in the acts mentioned at particular places. They may make all reasonable regulations in respect of the sale of such articles consistent with the rights of the farmers and fishermen to sell from their vehicles on the streets and alleys of the city. This is manifest from the terms, spirits and purpose of the acts. The plain purpose of the acts is to prevent monopoly, and to let the sale of such articles be free on the street and alleys of the city, subject, nevertheless to the reasonable regulations authorized by law.

2. We are of opinion, in reply to the second question propounded, that it may well be questioned whether these acts are private laws in the sense of section 12 of Article 2 of the Constitution. They are probably local public laws. But if they are private laws, the question of notice of application to pass them is one for the Legislature, and upon which the courts cannot act, unless perhaps if it appeared by the acts themselves or by the journals of the General Assembly, the courts might in such case declare them void. The courts must take it—the presumption is—that the acts were duly passed, and it could not be proven by parol, or by admission of parties interested, that notice was not given. See Gatling vs. Town of Tarboro, 78 N. C. R. 119.

3. As to the third question propounded to us above, we are of the opinion that the acts mentioned do not allow "cities or towns," and particularly the city of Wilmington, to raise money on the credit of, or pledge the faith of, or impose any tax upon the people of the city of Wilmington, otherwise than as provided by law at the time of the passage of the acts under consideration. These acts do not exempt farmers and fishermen from taxes properly laid; they do not impose taxes—they leave the law in respect of imposing taxes, the pledging of the faith of the city, and raising money on its faith and credit as at and next before the time they were passed.

But if the acts impose taxes, &c., (as they plainly do not), then the presumption is that they were duly passed by the General Assembly. On reading the acts mentioned, we cannot see that they, in any respect whatever, come in conflict with the Constitution of the State.

WILMINGTON, March 16th, 1881.
EDITOR REVIEW.
Dear Sir:—I see by the Morning Star that I have been announced as a candidate for Alderman from the Second Ward, and the REVIEW has been requested to copy the advertisement. Will you do me the kindness to say for me that I have persistently declined to allow my name to be used in this connection, and while thanking my friends for expressing preference for me that I most unqualifiedly refuse the use of my name, and if elected will not serve.

Yours respectfully,
ROGER MOORE.

Indian Tonic Bitters.
We invite attention to the advertisement elsewhere of Mrs. Joe Person. This is a home remedy which has been used for years past with much success, and we can conscientiously commend it. Mrs. Person is a North Carolina lady and this remedy was discovered by her. There are some strong testimonials as to the benefit it has conferred and when such a man as Judge Strong is willing to testify as to its curative powers, as illustrated in his own person, then it can be confidently tried by others. The medicine is for sale by Dr. W. H. Green, druggist.

Miss E. Karrer has gone North for the purpose of laying in a full supply of Spring and Summer millinery and on her return will notify her lady customers of the arrival of the new goods, through the columns of the REVIEW.

Ratification.
Mr. W. M. Hays, Jr., has had a little sport at his butcher shop—on the corner of Sixth and Chestnut streets. During the last three days he has killed 97 rats, killing 56 of that number this morning. As there are no Chinamen in town he was compelled to send for the city carts to haul them away.

Shippers Foreign.
The exports foreign thus far this week foot up 11,799 barrels rosin, 50 casks spirits, 235,170 feet lumber and 41,150 shingles. The shippers are Messrs Williams & Murchison, J. R. Blossom & Evans, E. Kidder & Sons, Paterson, Downing & Co., and E. G. Barker & Co.

Complications.
If the thousands that now have their rest and comfort destroyed by complication of liver and kidney complaints would give nature's remedy, Kidney-Wort, a trial they would be speedily cured. It acts on both organs at the same time and therefore completely fills the bill for a perfect remedy. If you have a lame back and distorted kidney use it at once. Don't neglect them.—Mirror and Farmer.

SEE GOV. HOLDEN'S OPINION.
I take pleasure in stating that a member of my family has used Mrs. Joe Person's Indian Tonic with good results. I believe her remedy to be excellent for the purposes for which it is intended. W. W. HOLDEN, Raleigh, N. C., Dec 2d, 1880.
