**Try Mrs. Joe Person's Indian Tonic Bitters.**

IT CURES SCROFULA, Cancer in its early stages, Rheumatism, Heart Disease, Chronic Bilious Colic, and all kinds of eruptions & skin diseases arising from impurity of the blood. As an Alterative, Tonic and Blood Purifier it has proven itself unequalled.

**SEE GOV. HOLDEN'S OPINION.**  
I take pleasure in stating that a member of my family has used Mrs. Joe Person's Indian Tonic with good results. I believe her remedy to be excellent for the purposes for which it is intended.

**SEE JUDGE STRONG'S OPINION.**  
Wm. Joe Person—Madam: Some months ago I was in bad health, suffering from debility, indigestion and loss of appetite. When a friend induced me to try your Tonic, I did so with the most happy results. I take great pleasure in recommending it as a valuable and most effective Tonic, and wish you much success. Very respectfully, GEO. V. STRONG.

There was no City Court to-day. The Guard House is M. T. again.

New moon this evening at 18 minutes past 3 o'clock.

The storm signal is flying again to-day and so are whole acres of dust.

**Blind Tom**

Blind Tom, the unfathomable musical phenomenon of the age, will give two of his concerts in this city, Friday and Saturday evenings next. He is said to possess an ill-balanced mind on all matters and subjects, save the one of music, which has given him a world-wide reputation and a reputation never gained by a person endowed with the sense of sight and blessed with an evenly balanced mind.

**The Moon in Conjunction.**

The moon was in conjunction with Mars last Saturday. The new moon of this evening is near Jupiter and Saturn on Thursday. The March full moon holds the honor of determining when Easter shall be celebrated. As the moon fulfills five days before the vernal equinox she fixes the time for the Easter festival upon the Sunday following the next full moon. As this occurs on the 14th of April, Easter Sunday will follow on the 17th.

We advise our friends to call at JACOBI'S for Household Hardware of every description. There you get the lowest prices.

**Columbus Superior Court.**

The Spring term of the Superior Court of Columbus county convened at Whiteville yesterday morning. His Honor, Judge Gudger, presided and Mr. Solicitor McIver, of Carthage, Moore county, represented the interest of the State as prosecuting officer. The bar was represented by Messrs. Ellis, Cantwell, McDaniel and Stanley, of Columbus, Norman, of Robeson, the brothers Lyon and Ballantine, of Bladen, and London and Strange, of New Hanover.

The charge of His Honor to the Grand Jury was able, instructive and exhaustive, and was so considered by every member of the bar with whom we conversed upon the subject.

There are two capital cases, one for murder and the other rape, to be tried at this term, the particulars of which we hope to lay before our readers to-morrow.

Go to JACOBI'S for Doors, Sash and Blinds, pure White Lead, Oils, Varnishes Window Glass, all sizes. All at the lowest prices.

**The Hermitage in Ashes.**

The dwelling at the "Hermitage," about 8 miles from this city, occupied by Mrs. Margaret Johnston and owned by her brother, Mr. Hill W. Burgwyn, now a resident of Pittsburg, Penn., was destroyed by fire on Sunday about 2 o'clock while the family were at dinner. Mr. Iredell Johnston discovered the roof of the old dwelling to be on fire. The wind was blowing very fresh and the house burned like tinder. An effort was made to save some of the furniture, wearing apparel, etc. Most of the family clothing and some of the furniture was gotten out of the building and placed in the yard some distance from the house, when those who were at hand returned to the house to try and move out a piano. The fire gained on them so rapidly that they were forced to leave the piano, which was by the way a new one, to the devouring elements and fled for their lives. Upon gaining the yard the clothing, furniture, etc., which had been taken out were in a light blaze. It is thought they were ignited by a piece of burning shingle which was blown from the house.

Mrs. Johnston and family lost everything, including their family records, silver, heir looms, etc. Not an article of furniture was saved, and coupled with the loss was Mr. Iredell Johnston's year's provisions, farming implements, etc. Mr. and Mrs. Johnston had no insurance. The buildings were insured in a company represented in Pittsburg, Pennsylvania.

## Proceedings of the Board of Aldermen.

The Board of Aldermen met in called session at the City Hall at 8 o'clock, last evening present His Honor, the Mayor, Wm. L. Smith, Aldermen Alderman, Bowden, Huggins, Northrop, Worth, Chadbourne, Telfair, Willis and Sampson. The proceedings of the meetings held March 25 and 26 were read and approved.

Several petitions for lights were referred to the Committee on Lights.

The Committee on Fire Department was granted further time to report on application of Edward Howard and Lewis Bryant to erect a wooden shed on South Water street between Market and Dock streets.

Application of Cape Fear Engine Company, asking that the city feed the horse used for pulling their hose reel was referred to the Committee on Fire Department.

The matter of removing the portico of the First National Bank on Front street was referred to the Committee on Streets and Wharves.

By the consent of Aldermen Alderman and Telfair, Aldermen Bowden and Chadbourne were substituted for them on the Committee on Streets and Wharves.

The matter of opening Chestnut street dock was referred to the committee on Streets and Wharves, with instructions to confer with the Commissioners of Navigation, and at all times to confer with said Commissioners of Navigation in all matters concerning the opening or closing of docks or repairs of wharves.

The Mayor announced that it was incumbent on this Board to appoint two managers on the part of the city for the county and city Hospital. Aldermen Northrop and Chadbourne were placed in nomination and elected.

The sealed bids for the different contracts were then opened. The contract for furnishing the city with gas for the street lamps was awarded to the Wilmington Gas Light Co., for one year at the rate of two dollars (\$2) per month for each lamp.

The contract for lighting all street lamps, keeping them in repair, furnishing oil, new posts and lamps, where oil is used, and putting them up, and doing everything necessary for the same, was awarded to Robert Sweat at ninety (90) dollars per month.

Alderman Worth moved, and it was carried, that the contractor furnish and put up the posts and lamps for all new lamps ordered where oil is used, for a sum not to exceed three dollars for each lamp.

Alderman Chadbourne moved and it was carried that the Clerk and Treasurer make out a schedule for all printing to be done for twelve months in all of the departments, and to submit the same to all of the job printing offices in the city for bids, which bids are to be referred to the Finance Committee, who are empowered to act upon them.

The contract for furnishing lumber was awarded to Parsley & Wiggins for \$13.75 per thousand feet.

The contract for feeding and shoeing the mules, keeping the carts in repairs and furnishing drivers, was awarded to T. J. Southerland, at \$30 per month for each mule and cart.

Alderman Chadbourne moved that a Committee on Water Works be appointed, inasmuch as it was a new enterprise, started since the formation of the standing committees. Deferred until next regular meeting.

The Clerk was directed to refer all contracts to the Board of Audit and Finance for their action.

The first Monday in each month was fixed as the day for regular meetings of the Board.

On motion the meeting adjourned.

You can now buy Improved Heating and Cook Stoves at factory prices at JACOBI'S.

**River News.**

We learn from boatmen that the work of raising the sunken steamer Governor Worth is still progressing slowly. The chains which were first used in girting around and under the hull of the steamer in order to raise her were found to be too weak and unstable; this delayed the work temporarily until stronger and more durable chains could be procured and now, we understand, one side of the remains of the steamer is high and dry out of the water. From the same source we learn that there is still about 6 1/2 feet of water on the shoals, but the river is falling very rapidly.

## Sam'l of Posen.

One of the best, perhaps the best character impersonations ever presented in this city was rendered last evening by Mr. M. B. Curtis in his character of Sam'l of Posen. Of the play in itself we were not too favorably impressed, for the reason that it is a one-man-play and the other characters are but feeders to the hero. Sam'l of Posen has sufficient body, if rewritten, to make a first-class drama and allow most of the characters an opportunity to show up to greater advantage. Mr. Curtis' troupe gets all out of it that it contains and the performance gives satisfaction even now. Mr. Curtis' impersonation of the Jew is a refined comedy effort. There is no grotesqueness, either in his make-up or in his acting, and his dialect is as nearly perfect as any one could desire. He presented the part in all the broadness of humor necessary to make it attractive to the upper tier of the house, and yet so nicely shaded and so equally rounded that it was not recognized as anything approaching a caricature. The push, cheek, rough-and-ready wit of the drummer were made prominent, and the dialogue abounded in many humorisms that were as genteel as they were striking. Miss Albina DeMer, as Celeste, gave the character she personated its fullest scope, and brought out all of the points in the character in fine style.

As Rebecca Dreyfus Miss Girtie Granville sustained the character admirably and pleased the audience very much, not only by her fine acting, but by her song. Miss Ethel Gray as Ellen, while she had a part that did not give her much scope, still when the proper time came she gave the audience an opportunity of noting there was merit in her. The other characters were fully and well personated.

Mr. Curtis will close his engagement to-night and we would advise those who wish to spend a pleasant evening to see the performance.

We have received from Messrs. Nanz & Neuner, of Louisville, Ky., whose advertisement will be found elsewhere, a lot of fine flowering plants. They came to us by mail but so nicely were they packed that they were opened in excellent condition, not one of the plants being injured.

**Home Again.**

Miss E. Karrer has returned from her Spring visit to the Northern markets and has secured a very handsome assortment of the newest and prettiest and most stylish goods which will be opened and displayed for the benefit of the ladies in a few days. Due and timely notice of the opening will appear in the columns of the REVIEW as soon as the new stock can be made ready for inspection.

**Fire this Morning.**

The alarm of fire this morning about 4 o'clock was caused by the burning of a small frame house in Fire district No. 4, on the corner of Second and Marsteller streets, owned by Martha Campbell and occupied by York Elkins. The origin of the fire is not known. Elkins states that he first discovered the fire in his room but when he got outside the building was pretty well enveloped in flames. He saved part of his household effects. We could not ascertain whether or not there was any insurance on the house or contents. It is said that two unsuccessful attempts have been made to fire the house.

**Personal.**

We were pleased to receive a call yesterday from Mr. Minott E. Osborne, of the New Haven Register, who is on a visit of a week or two to our little city. Mr. Geo. C. Kelley, of Alabama, one of our Wilmington boys, who two years ago left for Alabama to carve out his fortunes, is here for a few days on a visit to his father and family. Mr. Kelley has resided in Montgomery since he left Wilmington, but is about to remove to Birmingham, the new mining and manufacturing town in that State which has sprung forward so rapidly within the past ten years, and is now on his way to the Northern markets to purchase a stock of goods.

Two carrees, aggregating 2,570 bbls. tar and 4,060 bbls. rosin, were shipped foreign to-day, both by Messrs. Patterson, Downing & Co.

The receipts of cotton at this port to-day foot up 91 bales.

## Run Over by a Freight Train.

We learn that an accident occurred on the W. & W. Railroad to-day at 12 o'clock on the trestle at Smith's Creek, just outside of the limits of the city, by which a colored man named Albert Fink will, in all probability, lose his life. From what we can gather at this writing the unfortunate man was walking on the trestle, coming into the city, just about the time that the through freight train from Weldon, which was due, came thundering along. Why the wounded man did not attempt to escape by jumping into the creek, or whether he heard the train or not, owing to the velocity of the wind which was blowing something of a gale at the time, we are not informed, but certain it is that the poor creature is badly mangled, having both thighs broken and one of his hands and arms crushed, besides being otherwise injured. Capt. James Knight, Master of Transportation, had a special engine sent up as soon as the accident was reported to him, and had the injured man brought to the city. He was conveyed to his house on Mulberry, between Seventh and Eighth streets, from the railroad depot after his arrival on the engine which had been sent for him, and medical assistance summoned at once.

Since the above was in type we learn that the man died at 4:30 o'clock this afternoon.

Unavailable matter, directed as follows, remains in the Postoffice in this city: Sandy Bell, Pender county, N. C.; Alice Ellis, Newark, N. J.; Adams & Sholer, New York.

**For the Review.**

**The Election of a County Commissioner.**

The Chairman of the Board of Magistrates for this county, having called a meeting of the Board on Monday next, for the purpose of electing a Commissioner to fill the vacancy occasioned by the resignation of Col. Smith, I respectfully suggest the name of Col. Roger Moore as a person every way competent to fill the position. A man of sterling worth and uncompromising honor, he is a gentleman whom all classes in our community, we are inclined to believe, would delight to honor. He has served the city for many years past at a great personal sacrifice in a very thankless office, which he would long ago have resigned but for the desire on the part of the majority of the citizens, and especially those who were subordinate to him in the position which he occupied, that he should continue as the Chief of the Fire Department. It is well known to many of our citizens that Col. Moore is looked upon by the members of the different organizations of that department in this city with an admiration and regard that any man might well be proud of.

I have no authority from any source for suggesting Col. Moore's name as a candidate for Commissioner, but am actuated only by a desire for the public good and a wish to get a good man to fill a responsible position.

**What it Does:**

Kidney-Wort moves the bowels regularly, cleanses the blood, and radically cures kidney disease, gravel, piles, bilious headache, and pains which are caused by disordered liver and kidneys. Thousands have been cured—why should you not try it? Your druggist will tell you that it is one of the most successful medicines ever known. It is sold in both Dry and Liquid form, and its action is positive and sure in either form.—Dallas, Tex., Herald.
