The Registrar of Deeds issued five marriage licenses, all to colored couples, during the week.
Rev. T. M. Pritchard, D. D., President of Wake Forest College, will occupy the pulpit of the First Baptist Church to-morrow morning and evening at the usual hours.

Mr. Wilkes Morris, one of the newly appointed members of the Board of Audit and Finance, has returned his commission to Governor Jarvis and declines the appointment.

We advise our friends to call at Jacob's for Household Hardware of every description. There you get the lowest prices.

There was at least one inch thickness of ice visible to early risers in this city this morning. Countrymen coming to town with their carts early this morning report the small ponds along the roads all frozen over. Good bye fruit.

Gone Foreign.
The Danish barque *Lovisa* cleared to-day for Montevideo with a cargo of 167,526 feet lumber, shipped by Messrs. E. Kidder & Sons.
The Nor. barque *Stanley* was cleared from the Custom House to-day with 4,113 bbls. rosin which were shipped by Messrs. Alex. Sprunt & Son.

A Lively Ghost.
Some time ago a rumor was current on the streets that Delafate Towers, colored, had died in Raleigh, and we so stated. This morning we saw Towers end came to the conclusion that he was as lively a ghost as we ever saw. 'Tis seldom a man had the pleasure of reading the announcement of his own death but Towers had done so and thinks it a good joke.

Board of Audit.
Governor Jarvis, on Wednesday, appointed the following named gentlemen on the Board of Audit and Finance for this city: Octavius A. Wiggins, First Ward; Wm. Calder, Second Ward; Richard J. Jones, Third Ward; Norwood Giles, Fourth Ward, and Wilkes Morris, Fifth Ward.

A Terrible Tornado
A tornado of excessive severity passed over the town of Clinton on Tuesday. It was of short duration but the Episcopal Church was demolished, together with several carriage shops. The citizens were terrified and stood imperiled of their lives. Fences, trees and small houses were blown down and other damages of a less serious nature were sustained.

Marine Notes
The whaling schooner *E. H. Hartfield* which was reported by us as dragging her anchor on yesterday went ashore on the flats opposite Caswell later yesterday afternoon but floated off on the high tide this morning.

The steam yacht *Glean*, bound from Jacksonville, Florida, for Baltimore, which put in to the bay at Smithville for a harbor on Tuesday last, proceeded on her journey this morning.

Painful Humor
A painful humor obtained credence here late yesterday afternoon to the effect that Col. W. N. Peden, formerly of this city but for many years since the war a resident of Clinton, in Sampson county, had been stricken with paralysis. We have made diligent inquiry among Col. Peden's most intimate friends to obtain more information in regard to the complaint, but have been unable to get any thing more definite than the same.

A large audience greeted Blind Tom
at his matinee this afternoon. The audience was highly pleased with the entertainment and expressed themselves as highly gratified with the musical phenomenon.

Pat down in one corner of your memory
the future on the fact that in the year 1900 February will have but twenty-eight days, although a leap year. This phenomenon occurs once only in 200 years, and always in the odd hundred.

Body Not Yet Found.

Coroner Hewlett on yesterday sent a boats crew in search of the body of the drowned man who was reported floating in the river about six miles below the city on Thursday. Nothing was seen of the body but it has since been ascertained that the boat did not go far enough down the river. No one seems to know who the man is, as no one is missing about here.

Opera House.

Blind Tom opened his engagement at the Opera House last evening and was greeted by a fair sized audience. Tom was remarkable in his performances and wrapt his audience in wonderment and surprise. He has improved considerably since his last visit and has learned several plantation melodies which he renders with considerable effect. At the request of the audience Professor Goodman performed a very difficult piece of music while Tom listened. After the Professor had finished Tom was seated at the piano and executed the piece with faultless precision. He gave other tests of his musical ability and wonderful powers of mind.

All Fool's Day

Yesterday was all fool's day and a great many—ahem!—persons were taken in by various tricks—etc. Reporters are frequently sent on aimless errands, as was the case yesterday when we were sent to hunt up a fire which didn't occur. Every one on all fool's day is on the *qui vive* for his unwary fellow-being, and to get the laugh on him. Our little joke created quite a sensation and sold many of the "wise acres who never bite and are never caught."

According to an old English custom, which has long since been Americanized, the first day of April of every year is set apart as All Fool's Day, and people who are sent on aimless errands, and such little practical jokes, must not complain. It is said that the custom prevails all over Europe, and wherever European races have fixed a residence in America. Two accounts are given of its origin. The oriental scholars say that it is derived from the *Holi* feast among the Hindoos, where a similar custom prevails. The other opinion is that it comes from a celebration of Christ's being sent about to the Jews between Herod, a Pilate, and a Samaritan. In France, the fooled man is called *poisson d'avril*, meaning a silly fish, like a mackerel, easily caught. In Scotland he is called a gowk, which means a cuckoo.

Danger of Keeping Flowers and Fruits in Sleeping Rooms.

The Chicago *Medical Journal* and *Examiner* cautions its readers as to the danger of keeping flowers and fruits in sleeping rooms. It mentions several instances, reported by Dr. Breiter, illustrating the fatal results of the practice, which, as a precaution to our readers, we publish:

"A gentleman had the unhappy idea of making of the branches of an oleander some sort of an alcove in which to sleep next morning he was found dead. A grocer and his clerk went to sleep in a room in which three boxes of oranges stood, and they were dead by the next morning. A clerk in a store, who was to watch at night, laid down with a bag of saffrander under his head; he, likewise, was found dead in the morning. Another gentleman, having some hyacinths in his room, got the most violent headache and felt so drowsy that he could hardly restrain from sleeping. As at once put the flowers out of the room, opened the windows, and soon after felt easier."

A Good Housewife

The good housewife, when she is giving her house its spring renovating, should bear in mind that the dear inmates of her house are more precious than many houses, and that their systems need cleansing by purifying the blood, regulating the stomach and bowels to prevent and cure the diseases arising from spring malaria and miasma, and she must know that there is nothing that will do it so perfectly and surely as Hop Bitters, the purest and best of medicines.—*Concord N. H., Patriot.*
