The Grand Jury was discharged this

There are seven prisoners confined in the County Jail.

We hear that Mr. Octavius M. Wiggins qualified as a member of the Board of Audit and Finance from the First Ward in this city, and immediately thereafter tendered his resignation.

Gerret Walker, Esq., of Harnett township, has tendered his resignation as a Justice of the Peace.

Mr. Van Amringe, Clerk of the Su perior Court, says he will not appoint Mr. Walker's successor until next week

There is a very general complaint among fishermen relative to the run of shad this season. They say that the seines and nets are not making expenses Possibly the light run of shad this seacon is owing to the fact that nearly all the spawning fish last season were caught.

The stockholders of the Cape Fear & Yadkin Valley Railroad, met at Fayetteville vesterday to consider a proposition for the purchase of the State's stock in the road by General Imboden and those whom he represents as attorney. We have not yet heard the result of their deliberation.

N: w to Us

We have been told that the salt water herring which are caught at this season of the year are equal, as a pan fish to the delicious pig fish which are caught during the summer. An epicure has told us that the proper way to prepare them is to gash them closely on the side and then fry them brown. By thus gashing them the bones are gotten rid

We Don't Understand. We agree with the sentiment expressed in the resolutions of the Democratic Executive Committee of the city published in the Star this morning, and we think with the Committee, that displacing such good and efficient men and Democrats as Messrs. W. D. Mahn and Jno. S. McEachern of the First and Fifth Wards from the Board of Audit and Finance, is to be sincersly deplored, no matter who their successors may have been. These gentlemen have given en, tire satisfaction to those whom they represent, and have performed their duties well and faithfully as far as the public know. We cannot understand therefore why they should have been removed, any more than we can unnerstand why Mr. F. H. Darby, Chairman of the Democratic City Executive Committee and Mr. Jas. W. King, Secretary of the same, should withhold from publication the resolutions of this Committee supposed to have been drafted on the 6th inst. and furnish them to the Star on the 7th for publication on the 8th inst., (two days after the meeting of the Committee), when another Democratic paper called the DAILY REVIEW, which is widely known for its uncompromising Democratic principles as well as for its outspoken sentiments on all questions of public polity, and especially where the interests of this city are concerned, was published in the afternoon of the . very day upon which these resolutions were furnished the Star for publication.

Narrow Escape From Death by A phyxla.

On Wednesday last Messrs. H. Smith and M. B. Smith, father and son, from Columbus county, registered at the Purcell, and retired about the usual hour, blowing out the gas before getting in bed. Yesterday morning about 9 o'clock the chambermaid went to the room occupied by the Messrs. Smith, but thinking they didn't wish to be disturbed went to other rooms in the house and attended to her daties. About 4 o'clock yesterday afternoon she went back to the room and detected a smell of gas. She called assistance and had the door forced Go to JACOBI's for Doors, Sash and open. The father and son were found prostrated in separate beds and life was apparently extinct. Dr. Thos. F. Wood was sent for and administered restoratives and after considerable trouble succeeded in recussitating them. When the physician arrived, respiration in the almost dead men was very feeble Mr. H. C. Smith, the father, was first to regain consciousness, though he suffered greatly from the effects of the gas poison afterwards. Mr. M. B. Smith, in conversation, after he had been snatched from the jaws of death, stated that before he lost his consciousness he was aware of what was the cause of the oppression which he suffered, but was powerless to use any exertion to prevent his impending doom. The Messrs. Smith were both aware of what effect the gas would have on them, but thoughtlessly and through force of habit, blew out the light. It is a miracle that both were not dead when the door was forced open in the afternoon. There was no transom over the door or fire-place through which the gas could escape, and the window in the room was lowered.

Mustard Plasters.

How many people are there who really know how to make a mustard plaster? Not one in a hundred, at the most, perhaps, and yet mustard plasters are used in every family. The ordinary way is to mix the mustard with water, tempering ter the patient, and leaves him finally produced far less effect in a beneficial way than was intended. Now, a mustard plaster should never make a blister at all. If a blister is wanted, there are other plasters far better than mustard for the purpose. When you make mustard plaster, then, use no water whatever, but mix the mustard with the white of an egg, and the result will "draw perfectly, but will not produce a blister even upon the skin of an infant, no matter how long it is allowed to remain upon the part.

North Carolina Soldiers.

(Extract from a letter from President Davis to Col. John R. Winsten.)

Brauvoir, Harrison Co., Miss. "I am very glad to know that you are preparing a history of the military service of the North Carolina treeps. I do not think they have generally received their due meed of praise. Without making invidious comparison it may be said of them, that few great battles were fought and fewer victories won to which North Carolina valer did not materially contribute. I trust that your associates in arms will freely and fully give you those minor details which cannot be found in official reports, but which best illustrate the deeds and men we should give us examples to future generations.

Respectfully, Yours, JEFFERSON DAVIS. The above we clip from the Farmer

Mechanic of Thursday. We desire to call the attention of North Carolina soldiers, resident in this city, to the esteem and respect with which the soldiers of this State were held by ex-President Davis, and to ask of them if it is not a pity that the data of a war record, at once so neble and patrictic, should perish and be lost to their posterity? The last Legislature of North Carolina appointed Major Jno. W. Moore to the task of writing the history of North Carolina troops. Will not our friends then who served in the war, for the sake of their children and the truth of history, furnish what data they have or can command, in duplicates, to Maj. Moore, at Raleigh, and Col. Winston at Greensbore? The latter named gentleman has made the duty of writing the history of North Carolina soldiers, a self-imposed task, and sught therefore to be encouraged in his noble effort. But do not neglect at the same time, to furnish Major Moore with all the historical facts which you have or can gather.

What is the Meaning of This?

We make the following extract from a Fayetteville telegram to the Richhond, va., Dispatch, which was pub-lished in yesterday's issue of the above Call at 9 A. M. and 6 P. M. mond, Va., Dispatch, which was pubnamed paper:

FAYETTEVILLE, N. C., April 6 .- At a conference of the directors of the Cape Fear and Yadkin Valley railway and Fayetteville and Flerence railroad held here to-day the two roads were consolidated-the Fayetteville and Florence transferring all rights to the other company, subject to the approval of the stockhoiders of both companies, which will undoubtedly be given. Mortgage bonds to the amount of \$180,000 will be issued, and in thirty days work will begin on the extension of the Florence road to Florence, where it will connect with roads to Columbia, Charlesten, and the whole southern country. It is also hoped that eventually the present Cape Fear and Yadkin Valley road will find a northern connection which will make it a great through freight and passenger route. The completion of the Florence road will open up a new and desirable trade for Fayetteville, making it a great trade centre for the Yadkin Valley, Cape Fear, and Pee Doe sections.

Meeting of the Democratic City Executive Committee.

At a meeting of the Democratic City Executive Committee, held on Wednesday, the 6th inst., the following resolutions were unanimously adopted:

Resolved, That this committee has learned with regret that His Excellency. Governor Jarvis, has seen fit, without consulting the Democratic voters in the First and Fifth Wards, and without ac cording to this committee the right to have the sentiments of the said wards in that regard expressed, to displace from their positions as members of the Board An old and eminent physician says: of Audit and Finance, Messrs. W. D. Mahn, of the First Ward, and John S. McEachern, of the Fifth Ward.

Resolved further. That this committee, after consulting Democratic voters of the different wards, were of the epinion that it was in accordance with the wishes of a large majority of the Democrats in all the wards that the Board of it with a little flour; but such a plaster Audit and Finance should remain as as that is simply abominable. Before it constituted before the 1st of March ult., has half done its work, it begins to blis- excepting such changes as migh be necessary to fill vacancies, and hence this committee did not embody in the recent call with a painful, flayed spot, after having for primary meetings the request to name members of the Board of Audit and Finance, and that the Democrats in the First and Fifth Wards especially refused in their sovereign capacity, in those primary meetings to make or request any change in their representatives on the said board, and therefore we feel called upon to say that we consider the action of the Governor ill-advised (no matter from what source the advice emanated) and his discrimination in making changes in the First and Fifth Wards only, unnecessary and calculated to produce that dissatisfaction and disaffection which this committee has ever labored to discourage and destroy by insisting that in all matters under its charge the will of the Democratic veters should have the fullest and freest expression.

Resolved, That Messrs W. D. Make and J. S. McEachern having faithfully and efficiently discharged the duties and \$2.50,to \$3 per day.

responsibilities of their position, and having ably represented the interests of their respective wards on the said board, An Act to Extend the Time to Rethis committee feels called upon, and does hereby tender to them the thanks of the Democratic citizens of Wilmington and of this committee.

Resolved, That in passing these resolutions, it is not the intent or meaning of this committee to in any way reflect apon the gentlemen who have been appointed by the (vernor to represent the First and Fifth Wards, as we fare well are hereby extended to the first day of Jansatisfied that they will make officials uary, A. D., 1883, and the Secretary of faithful and perfectly satisfactory to their respective wards, but the purpose of these resolutions is simply to express our sentiments, and those we believe of the citizens at large, that the displacement of Messrs. Mahn and McEachern was unnecessary, ill-advised, and without reason
