Try
Mrs. Joe Person's Indian
Tonic Bitters.
IT CURES SCROFULA, Cancer in its ear-
ly stages, Rheumatism, Heart Disease,
Chronic Bilious Colic, and all kinds of cur-
able and intractable diseases arising from impurity
of the blood. As an Alternative, Tonic and
Blood Purifier it has proven itself unequalled.
SEE GOV. HOLDEN'S OPINION.
Raleigh, N. C., Dec. 2d, 1880
I take pleasure in stating that a member
of my family has used Mrs. Joe Person's
Indian Tonic with good results. I believe
it to be a remedy to be excellent for the purposes
for which it is intended.
W. W. HOLDEN.
SEE JUDGE STRONG'S OPINION.
Raleigh, N. C., Dec. 1st, 1883
Mrs. Joe Person—Madam: Some months
ago I was in bad health, suffering from dis-
tended stomach and loss of appetite. I be-
came so weak that I could not walk. I
decided to try your Tonic. I
took it with the most happy results. I take
great pleasure in recommending it as a val-
uable and efficient medicine. Very respect-
fully,
GEO. V. STRONG.

We have received from Mr. Samuel

our time.
Stephen Howard, a colored man who
was sent to the Poor House on Satur-

of the deceased was somewhat affected,
though it is thought that his death was
the result of exposure and hunger prior
to his entrance to the Alms House.
We advise our friends to call at JACOBS'S

tion. There you get the lowest prices.
The gifted and popular Dr. Deems,
will no doubt have a crowded audience
at the Opera House to-morrow night.
This distinguished and eloquent divine
has many friends in North Carolina and
particularly in this city, who will be
glad to hear his voice once more in pub-
lic.
The Steam Fire Engine Company No.
1 (*Little Giant*) will soon have their
annual dinner. By the way, this excel-
lent company has, we understand, order-
ed new uniform shirts, their present ones
being in many instances rather the worse
for wear, showing evidence of the many
conflicts which the owners and wearers
have made with the fire fiend.

The thermometer was 77° in this office
at 3 o'clock this afternoon. One degree
above Summer heat. Now the roses
and hyacinths will sprout, put forth and
bloom, and all vegetation laugh merrily
in the genial Spring sunshine.

Cannot Mayor Smith enforce the va-
grant act in this city? There is a splen-
did field to operate in around the site of
the old Market, where busy and indus-
trious men are hard at work making ex-
cavations and laying the new pipe for
the water works company and crowds of
idlers stand looking on the better part of
the whole day.

Wilmington is much in need of a recog-
nized city time. The time of the jewel-
ers differ from four to ten minutes and
each claim to have the correct time.
The city clock seldom runs and the need
of some regular city time is much
felt. There are hardly any two watches
in the city keeping the same time. Can-
not something be done to remedy the
trouble?

To Night.
Do not forget the entertainment at
the Opera House to night. A charming
evening may be spent there at little ex-
pense. A chaste and refined perfor-
mance with the best musical talent of the
city will greet the visitor. Go by all
means.

Clerical—so to Speak.
The Rev. T. D. Pitts, Rector of St.
John's Church, having departed for
Florida on Monday night to be absent
two weeks, his place will be filled by
the Rev. Dr. George Patterson, who is
expected in the city this week, until Mr.
Pitts's return.

A New Argument from the Stump.
Reference was made at the close of a
mass meeting, noted in a La Grange
paper, of the phenomenal efficacy of St.
Jacobs Oil in the many painful diseases
to which mankind is subject. We men-
tion the above as showing how strong a
hold the Old German Remedy for Rheu-
matism has on the experience and good
wishes of the great public.

What Was It?
Yesterday morning, about day break,
persons living on Front, between Market
and Orange streets, were awakened by the
cries of "Help! Help!" which proceed-
ed from a woman who was being driven
hurriedly down the street in a carriage.
What occasioned the cries we could not
ascertain, nor were we able to discover
who the woman was. We have heard of
no one being kidnapped and can give no
cause for the singular behaviour.

St. James' Delegates.
At a meeting of the Vestry of St.
James' Church, held last evening, the
following delegates to the Diocesan Con-
vention was elected: Dr. A. J. DeRoset-
ter, A. H. Van Bokkelen, Col. J. G.
Barr, Col. W. L. DeRosset. Alternates
—Dr. T. F. Wood, Dr. S. S. Everitt, R.
E. Calder, Clayton Giles.
The election of delegates by St. John's
Church has, by unanimous consent of the
vestry, been postponed until the return
of Rev. Mr. Pitts.

Off for Sea.
Mr. J. McRee Lane leaves to-morrow
for New York as Mate of the schooner
E. H. Drummond. Captain Higgins,
of the *Drummond*, and his Mate have
been bound over to the U. S. District
Court, which convenes in this city next
month, to answer to the charge of brutal
treatment to one of the crew. The
man who is said to have been brutally
treated died and was buried at sea.—
Capt. Easdel takes Capt. Higgins' place
and Mr. Lane that of the Mate.

The Bazaar.
There was a good attendance at the
festival and bazaar last evening. To-
night it will close and all articles remain-
ing unsold will be disposed of by auction.
Refreshments will be served and persons
who attend after the performance at the
Opera House can be furnished with a
substantial supper or ice cream and
sweets. The young folks will be allow-
ed to indulge in the dance. The harpers
will furnish music for the occasion.

Indications.
For the South Atlantic States fair
weather, stationary or higher barometer
and temperature, northerly to easterly
winds
An old lady writes us: "I am 65 years
old and was feeble and nervous all the
time, when I bought a bottle of Park-
er's Ginger Tonic. I have used a little
more than one bottle and feel as well as
at 30, and am sure that hundreds need
just such a medicine." See advertise-
ment.

Buried Alive.
While one of the workmen was down
in the ditch on Front street connecting
the joints of the water works pipe a
crowd of eager-lookers on gathered on the
bank of the ditch, causing a small land
slide which buried the laborer and came
near frightening him to death, so to
speak. He was quickly pulled out and
was found to be unharmed, but badly fright-
ened and somewhat mad.

The Johnson Brothers.
Zachariah Johnson and his brother,
John H. Johnson, who were a few days
ago up before his Honor Mayor Smith,
are still at large in this city. These two
little rascals were let off by His Honor
with the proviso that their mother would
send them out of town. She stated at the
time that she could send them to
some one in the country who wanted
them and seemed so anxious to get them
out of the city that his Honor suspended
judgment in their cases.

Zach Johnson is the little scoundrel
who was seen about two weeks ago as-
saulting a little white girl on Chestnut
street. Why these little rascals are not
in the country or in jail we do not know,
but suppose that Mayor Smith will find
out the reason why their mother did not
fulfill her promise.

A Coroner Suing for Fees.
Mr. E. D. Hewlett, Coroner of this
county, has brought suit against the
Board of County Commissioners to force
them to pay two claims he has against
the county for holding inquests over two
bodies. Mr. H. A. Bagg, Chairman of
the Board, holds the opinion that the
Coroner is appointed only to detect
crime and to hold inquests over murder-
ed or drowned persons or persons who
come to a violent end. The cases for
which the Coroner claims fees are those
of two men who had received medical
attention and was under the care of phy-
sicians at the time of their death.—
Chairman Bagg claims that as there
was no suspicion of foul play there
was no necessity of holding an inquest,
and that the Coroner is not entitled to
the fees which amount to \$20.50. Mr.
Hewlett holds that as the cases were re-
ported to him "as sudden deaths" he
summoned jurors and held the inquest ac-
cording to law, and is consequently en-
titled to his fees. The case was tried
this morning before Justice Gardner.
Mr. M. Bellamy representing the pro-
secution and Mr. F. H. Darby acting for
the County Attorney, Col. E. R. Moore,
who is confined to his house by sickness.
Justice Gardner gave a verdict in favor
of the defendant, whereupon Mr. Chair-
man Bagg, through his Attorney, took
an appeal to the Superior Court.

Lippincott's Magazine.
Besides the usual variety of light and
entertaining reading, Lippincott's Mag-
azine for May has some articles full of in-
formation on subjects of general interest.
Thus, in a paper on the "House of Com-
mons," the well-known magazineist, W.
H. Rideing, describes the general ap-
pearance and arrangements, the forms of
procedure, and other details that require
to be understood before we can have a
vivid notion of the great debates and
characteristic scenes of that ancient as-
sembly, the prototype of all existing leg-
islative bodies. In an article on "Oyster
Culture," W. F. G. Shands, who has
made a thorough study of the subject,
shows the necessity for the speedy adop-
tion in America of methods for preserv-
ing or renewing the oyster-beds along
our coast, such as are extensively prac-
tised in France, which are here described
with the aid of illustrations. "The Truth
about Florida," by Louise Seymour
Houghton, holds the balance between
opposite views in regard to the climate
and advantages of that State, both as a
health resort and a field for agricultural
enterprise and investment. Dr. Oswald
continues his account of "Zoological Cur-
iosities" with an anecdotal and finely
illustrated paper on that "step-child of
Nature," the sloth; and "Granada and
the Alhambra" forms the subject of a
well-written article, historical and des-
criptive, by S. P. Scott, with many strik-
ing illustrations. "The Indiscretions of
Madame Joubert" skims the cream of a
newly published French book containing
remembrances of Alfred de Musset, Hein-
rich Heine, and other celebrities of the
last generation. "Craque-o-Doom," the
new serial, keeps well up to the mark;
and among the short stories, one entitled
"In Search of a Soul" is remarkable for
its originality and for its charming de-
scriptions of Italian scenes and life, while
"Pringle's Flat," by David Lowry, is a
noble picture, and shows much merit in
the way of vivid word-painting.

Yesterday we were crowded with news
for our local columns; to-day there is a
perfect famine in the way of itizens. We
cannot even find a dog fight to report.
