Try Mrs. Joe Person's Indian Tonic Bitters.

DR. JACOBS' OIL, Cancer in its early stages, Rheumatism, Heart Disease, Gravel, Gout, and all kinds of eruptions and skin diseases arising from impurity of the blood. As an Alternative, Tonic and Purifier it has proven itself unequalled.

SEE GOV. HOLDEN'S OPINION.
 BALTIMORE, N. C., Dec. 24, 1880
 I take pleasure in stating that a member of my family has used Mrs. Joe Person's Indian Tonic with good results. I believe it to be an excellent for the purposes for which it is intended.
W. W. HOLDEN.

SEE JUDGE STRONG'S OPINION.
 BALTIMORE, N. C., Dec. 1st, 1880
 Mrs. Joe Person—Madam: Some months ago I was in bad health, suffering from debility, indigestion and loss of appetite. When a friend induced me to try your Tonic, I great pleasure in recommending it as a valuable and fit for medicinal purposes. I take it with me everywhere. I am, very respectfully,
W. W. HOLDEN.

No City Court to-day.
 You can now buy Improved Heating and Cook Stoves at factory prices at JACOBS'.

We regret to learn that Mr. W. D. Mahn's condition is considered alarmingly dangerous.

We regret to learn of the sickness of Mr. John McEvoy, but are pleased to state that he is improving.

All of the material for the water works has arrived. The last of it was brought by the steamship *Benefactor* on yesterday.

It is a singular fact that none of the old offenders before the police court have been on a breeze since Mayor Smith qualified.

Go to JACOBS' for Doors, Sash and Blinds, pure White Lead, Oils, Varnishes, Window Glass, all sizes. All at the lowest prices.

The side-wheel steam yacht *Syvester* bound from Jacksonville, Florida, for New York, put in at Smithville this morning for a harbor.

The market was bountifully supplied with whittings, Virginia mollets, jimmies, trout, herring, sturgeon and shad this afternoon.

Mr. L. Megianey is said to be desperately ill. He has been quite sick for some time. It is to be hoped that his condition is not as alarming as his friends fear.

The pipe of the street sewer running down Second, between Market and Princess streets, burst on yesterday and caused the earth above it to sink. Street hands were engaged to-day in remedying the evil.

Dr. J. A. Cloud, the contractor who has charge of the work of putting in the water works in this city, left this morning for Jacksonville, Florida, for his wife. Dr. Cloud will return in a few days accompanied by his wife.

How to be your own painter: Buy the *N. Y. Enamel Paint*, ready mixed and warranted at JACOBS'.

Messrs. Brown & Reddick are to establish a branch of their dry goods and novelty establishment in Charlotte. Mr. Reddick and Mr. John S. Price will leave for Charlotte on Saturday.

The new machine and paint shops at the W. & W. R. B., in this city, have been completed and the transfer table between them was put in working order to-day. The work of removing the paints, tools and implements of the old paint shop to the new one was done this morning.

We learn that the Executive Committee of the State Prohibitory Association requested Dr. S. S. Satchwell, President of the State Board of Health, to deliver an address upon the relations of intemperance and its evils at the meeting in Raleigh on the 27th inst., before the State Prohibitory Convention. We also learn that Dr. Satchwell has accepted the invitation.

A Flight Change.
 Yesterday we had Spring, to-day we have —, well the Frenchman's suicidal weather, damp, cloudy, threatening rain, with easterly wind. At 3 o'clock on yesterday the thermometer stood 77° in this office—one degree above Summer heat. To-day at the same hour it was 71° five degrees below summer heat.

The Festival
 The festival given by the ladies of St. Thomas' Church for the benefit of the Sisters of Mercy, came to a close last evening. We are glad to know that the ladies were well patronized and sustained in their laudable object. The articles which were to be disposed of by raffling were thrown for last evening and the lucky winners were notified of their success. Little Miss Mary Hinsdale Matthews, of Fayetteville, won "Mary and her little Lamb" which was on exhibition at Capt. McIntire's several days last week, and Mr. Michael Corbett was the winner of the gold watch. The festival was an exceedingly pleasant one and will long be remembered by those who attended it.

Dr. Deems.

The Rev. Chas. F. Deems, DD. LL.D., arrived in this city this morning and is the guest of Mr. B. G. Worth. Time has borne lightly on Dr. Deems, and he looks as fresh and bright as he did fifteen years ago. He will leave to-morrow night for Augusta where he goes on a visit to his daughter who resides there.

The Water Works
 The pipe of the water works company are being rapidly laid. Pipe will be laid first on the low streets, viz: Water, Front, Market and Second streets and afterwards in the higher ones. This is done in order to get out of the damp earth before the sun's rays become hot. Hydrants will be put at the corners of each street through which the pipes run. Seventy-five hydrants for the use of the city, in case of fire, will be erected.

We advise our friends to call at JACOBS' for Household Hardware of every description. There you get the lowest prices.

The Fortunate Men.
 Mr. Frank H. Darby was voted the handsomest and most popular gentleman in the city, at the Bazaar which has been in progress at the City Hall for the past three days. The h. and m. p. g. was awarded a handsome ebony cane last evening in token of his popularity.
 Friend Hamme called on and congratulated this morning the second handsomest man in town. After comparing canes, they separated having a fellow feeling for each other.

Testing Condemned Hose.
 The steam fire engine *Little Giant* was testing yesterday afternoon, the old leather hose, which was formerly used by the fire department to ascertain if there was any of it suitable for use. Ten sections were found which will be placed at Messrs. Hart, Bailey & Co's. foundry to be used in case of fire in that vicinity. Alderman Huggins, one of the committee on fire department, was present at the testing of the hose and was incited by a good ducking, caused by the bursting of the hose.

Opera House.
 The operatic performance given last night at the Opera House complimentary to Mrs. Jno. W. Cameron, was by far the best amateur performance we have ever seen on the Boards. The stage was admirably set and the costumes were elegant and appropriate. The characters were as finely conceived as they were appropriately dressed by the ladies and gentlemen assuming them. Mrs. McFarland, Mrs. Cameron and Mrs. Jno. E. Lippitt took the principle female parts, and Messrs. Clark, Welsh, Dyer and Bradley were the leading male characters. The efforts of the ladies and gentlemen must have surpassed the most sanguine expectations of their friends and should be a source of great gratification to them. The choruses were fine and were well received. Sullivan's Comic Opera, Cox and Box, was pleasingly rendered by Messrs Chase, Bradley and Welsh. Mr. Chase's imitation of a banjo was very fine and exceedingly amusing. The very large audience which greeted the performers last evening were delighted and many expressed a desire for a repetition.
 One of the principal features of the evening's entertainment was the performance of Mrs. M. P. Taylor on the piano. This lady who is a musician of the highest order of merit even surpassed herself in the execution of the difficult music of the two operas.

Three for Luck!
 Mr. Louis Glauch, 325 Twenty-fifth street, New York, observes: Having heard a great deal about the healing powers of the St. Jacobs Oil, and being a sufferer from Neuralgia, I concluded to make a trial. It was crowned with the best success. After the third application, the pain disappeared. I cheerfully and conscientiously recommend the St. Jacobs Oil to all subject to Neuralgia.

Seven corn laden schooners sailed up the river this afternoon and moved abreast of each other opposite the Custom House.

Personal.
 We were glad to meet on the street yesterday our former young townsman Mr. Alfred V. Wood, son of Mr. R. E. Wood, of this city, who is on a short visit to his relatives here. Mr. Wood like some other wise young Wilmingtonians we know of, determined to seek his fortune elsewhere than at home, and with that object and end in view our young friend migrated to Brunswick, Georgia, where we hope and believe he has established himself in a comfortable business.

The Lecture To-night.
 We again remind our readers of the rare opportunity they will have of enjoying an intellectual treat by attending the Opera House to listen to the Rev. Dr. Deems to-night. The subjects which the distinguished lecturer will discourse upon to-night are those upon which there is ample field for thought and we know of no one who is more apt to bestow the proper thought upon these two subjects or who probably has given more thought to them, than the eloquent divine who under the auspices of the Library Association will address the audience at the Opera House this evening. In this connection we will state that we heard it whispered around some days ago that possibly the Hon. Geo. Davis would introduce Dr. Deems to-night. But we do not know that this is at all reliable, we only give the rumor, however, for what it is worth.

Only for the Ladies
 We are going to get up a corner in the court plaster market and our citizens generally need not be alarmed to hear of supposed gaping wounds on the faces of their female friends snugly covered by pieces of court plaster. The following simple receipt for the prevention and prevention of wrinkles will be the cause: Put pieces of court plaster on the face where the wrinkles are inclined to come, just before going to bed and remove in the morning. The plaster contracts the skin and prevents its sinking into creases and lines. Warm water should always be used to wash the face in, as it keeps off wrinkles.

Lemons as a System Renovator.
 The way to get the better of a bilious system without blue pill or quinine is to take the juice of one, two or three or more lemons, as the appetite craves, in as much ice-water as makes it pleasant to drink without sugar, before going to bed. In the morning on rising or at least half an hour before breakfast, take the juice of one lemon in a goblet of water. This will clear the system of humors and bile, with mild efficacy, without any of the weakening effects of calomel or Congress water. People should not irritate the stomach by eating lemons clear; the powerful acid of the juice, which is almost corrosive, infallibly produces inflammation after a while, but properly diluted, so that it does not draw or burn the throat, it does its full medicinal work without harm, and when the stomach is clear of food, has abundant opportunity to work on the system thoroughly.

The Greatest Blessing.
 A simple, pure, harmless remedy, that cures every time, and prevents disease by keeping the blood pure, stomach regular, kidneys and liver active, is the greatest blessing ever conferred upon man. Hop Bitters is that remedy, and its proprietors are being blessed by thousands who have been saved and cured by it. Will you try it? See another column.—*Eagle.*
