No City Court to-day.
The neatest thing in silks—Pretty women
The market is well supplied with vegetables.
No interments in Bellevue Cemetery this week.

You can now buy Improved Heating and Cook Stoves at factory prices at JACOBI'S.

There were two interments in Oakdale this week, one adult and one child.

When a man bestows his love on a widow, it is certainly not a case of misplaced affection.

The Register of Deeds issued marriage licenses to one white and five colored couples during the week.

There were seven interments in Pine Forest Cemetery (colored) during the week, six children and one adult.

The distress of a child who cannot go to a picnic is only equaled by the misery of the tired one who has been.

We advise our friends to call at JACOBI'S for Household Hardware of every description. There you get the lowest prices.

The Fayetteville Examiner has entered upon the second year of its existence. It is a well edited and ably conducted newspaper. We wish it long life and prosperity.

We regret to learn, as we go to press that Mr. W. D. Mahu's condition is much worse, and his death looked for at any moment. We are glad to report Mr. Megiey's condition much improved.

The Board of Aldermen of Charlotte have ordered the Treasurer of that city to publish by advertisement in the Charlotte Observer his regular annual report of the financial condition of the city. When will our city fathers exhibit a like enterprise and liberality?

The fifth annual meeting of the Stockholders of Bellevue Cemetery will be held at 8 o'clock on Monday evening, the 25th inst., at the law office of Mr. John D. Bellamy, Jr., on Princess between Front and Second streets. See advertisement published in another column.

More Bad Weather to Come.
Venor predicts cold rains, possibly with sleet or snow at the latter portion of the week, followed by warmer and sultry weather during the early part of the last week of the month. The month will end cool and wet, with probably snow fall.

Anniversary Celebration.
The sixty-second anniversary of American Odd Fellowship will be celebrated in this city by Cape Fear and Orion Lodges on Tuesday evening next at Odd Fellows Hall on Third Street. Mr. Chas. M. Busbee, of Raleigh, one of the most graceful and finished speakers in the State, will deliver an address before the Lodge. The public are invited to attend.

How to be your own painter. Buy the N. Y. Enamel Paint, ready mixed and warranted at JACOBI'S.

Cure on Monday Night.
Mr. Robt. H. McKoy will lecture at the room of the Library Association on Monday night at 8:30 o'clock, on "Wilmington as it is and Wilmington as it should be." The public are invited to attend.

Mr. McKoy is a graceful speaker and will no doubt be greeted by a large audience.

Indications.
For the South Atlantic States partly cloudy weather and possibly occasional rain, westerly winds, stationary or higher barometer and stationary temperature.

My Good Woman.
Why are you so out of sorts, never able to tell folks that you are well? Ten to one its all caused in the first place by habitual constipation, which no doubt finally caused deranged kidneys and liver. The sure cure for constipation is the celebrated Kidney-Wort. It is also a specific remedy for all kidney and liver diseases. Thousands are cured by it every month. Try it at once.—*Wilmington Blade.*

The work of laying the water-pipes on Market street is being rapidly pushed and in a few days there will be no excavating done on the lower streets. We understand that it is the intention of the contractor to more than treble his present force and complete the work for summer.

Complimentary to Mrs. Taylor.
Our citizens have a treat in store for them on Tuesday night. The "Doctor of Alcantara" will be repeated complimentary to Mrs. M. P. Taylor, and to add to the attractiveness of the evening's engagement Mrs. D. Kahnweiler has consented to sing some select and favorite airs.

Reported Suicide.
There was a rumor on the streets today to the effect that some man in the city had committed suicide by taking laudanum. We have traced the report to the store from which Madame Rumor says that the laudanum was purchased but can ascertain nothing in regard to the matter.

Fire on Masonboro Sound.
A small store on Masonboro Sound owned by Mr. Louis Todd was destroyed together with its contents by fire on Wednesday night. The origin of the fire was accidental. There was an insurance of \$100 on the building and \$200 on the stock in companies represented by Messrs Atkinson & Manning. Mr. Todd states that at the time of the fire he had only about \$100 worth of stock in the store.

Vessel Ashore.
From the signal office in this city we learn that the Norwegian barque Dictator, Captain Christensen, from Boston, England, bound to Baltimore, on Ballast, stranded on the 21st, at 11:50 a. m., half way between life-saving stations No. 4 and 5, (between Cape Henry Va., and Kitty Hawk, N. C.) all hands are safe on board of the vessel, crew refused to leave her. The wrecking steamer Baker of Norfolk, took hold of her yesterday and tried to pull her off, but with what success we did not learn.

Go to JACOBI'S for Doors, Sash and Blinds, pure White Lead, Oils, Varnishes Window Glass, all sizes. All at the lowest prices.

The Difference.
Tennyson can take a worthless sheet of paper and, by writing a poem on it, make it worth \$5,000. That's Genius. Mr. Vanderbilt can write fewer words on a similar sheet and make it worth \$50,000,000. That's Capital. And the United States can take an ounce and a quarter of gold and stamp upon it an "Eaglebird," and "Twenty Dollars." That's Money. The mechanic can take the material worth fifty dollars and make it into a watch worth \$100. That's skill. The merchant can take an article worth twenty-five cents and sell it to you for \$100. That's Business. A lady can purchase a comfortable bonnet for \$10, but prefers to pay \$100 for one, because it is more stylish. That's Foolishness. The ditch-digger works ten hours a day, and shovels out three or four tons of earth for one dollar. That's labor.

Don't tell your sufferings to everybody but use St. Jacobs Oil, and speak of its results.

Saturday as a Trade's Day.
A busy scene is presented on our streets each Saturday evening, and the rush frequently reminds one of the remark made by a rural friend who had just returned from New York and stated that "it was court week there." If there is one day more than another that smacks of "court week" it is Saturday. Many of the citizens in the neighborhood of the city come in on Saturday, and the mechanics, factory operatives, and those who are closely confined through the week, generally quit their work earlier on Saturday in order to make their purchases for the incoming week. It is thus that Saturday is one of the best trade days that many of our merchants have through the week. The stores are often thronged until 10 or 11 o'clock at night.

In view of these facts it behooves our merchants to take advantage of the best opportunity to secure the trade, and advertise in the columns of THE DAILY REVIEW. This paper is read largely by all those who select Saturday to make their purchases, and it is frequently that they consult its columns to find where they can best be suited.

Marshals For Memorial Day.
Major James Reilly, Chief Marshal for Memorial Day, has kindly furnished us with the following list of Assistant Marshals, all of whom we have been informed, have agreed to serve, viz: Assistant Surgeon Thomas F. Wood, Maj. Jno. W. Dunham, Capt. Walter G. MacRae, Capt. N. F. Thompson, Lieutenant A. D. Brown, Lieutenant O. C. Redd, and Messrs. Junius Davis, Jno. G. Darden, Jno. E. Hanby, Abraham Cook, Frank H. Mitchell and Preston Cammings.

Venus as an Evening Star.
This brilliant planet, which has brightened the western heavens for the last nine months, will soon cease to be an evening star, as during the first half of May it will go down before the sun. This star has given astronomers much food for thought and study during the last year, and has been watched by the general eye with no little interest, because of its splendid brilliancy. Yet few think for a moment of the distance it has traveled during this time and of the difference in its present distance from the earth and that it occupied when general attention was first drawn to it. Nine months ago Venus was on the opposite side of the sun and was in round figures 160,000,000 miles from the earth. It has since been traveling at the rate of 70,000 miles (or a distance of nearly three times around the earth) per minute, and is at present only 22,000,000 miles from the earth, being now between us and the sun. As it disappears from view its brilliancy is but little more than it was when at its greatest distance from us, owing to the fact that its dark side is presented to the earth.

The average thinker can but wonder what the result would have been if this mover, in its passage around the sun, at the lightning speed it has been making, had taken the earth in its course? The wicked would not have had the time to flee to the mountains.

Joe Person's Indian Tonic Bitter

COUGES SOROFULA, Cancer in its early stages, Rheumatism, Heart Disease, Bilious Colic, and all kinds of eruptions of a skin disease arising from impurity of the blood. An alternative, Tonic and Blood Purifier it has proven itself unequalled.

DR. W. W. GOLDEN'S OPINION.
KANSAS, N. O., Dec. 2d, 1880
I have pleasure in stating that a member of my family has used Mrs. Joe Person's Tonic with good results. I believe it to be an excellent for a purpose which is intended.

JUDGE STRONG'S OPINION.
WILMINGTON, N. C., Dec. 1st, 1880
I was in bed with rheumatism, suffering from indigestion and loss of sleep. I then used Mrs. Joe Person's Tonic, and when I was able to get up I found my bowels regular and my appetite improved. I am now in perfect health and wish to say that Mrs. Joe Person's Tonic is a most valuable medicine for all kinds of ailments. Very respectfully,
W. W. GOLDEN.
